Program: Actuarial Science  
Major: Actuarial Science  
Degree: Bachelor of Science (B.S.)

University Core  (Total Listed 42-44)

For a full list of courses see University Core.  
• Courses from the major may apply to the areas marked in the University Core.

Written and Oral Communication ................................. 9
Quantitative Reasoning/Scientific Method .......................... 10-11
• Math .................................................. 3
Life Science ............................................. 4
Physical Science ........................................... 3-4
critical Inquiry and Aesthetic Analysis ............................. 6
Aesthetic Analysis ............................................ 3
Critical Inquiry ............................................... 3

Prerequisite Courses

Prerequisite Courses ............................................0-6
Required courses:
* MATH 1533 Precalculus-Algebra OR
  MATH 1513 College Algebra OR Placement Score AND
* MATH 1593 Plane Trigonometry OR Placement Score

*A grade of ‘C’ or better is required for either MATH 1513 or MATH 1533 and MATH 1593 to take MATH 2313.

Upon completion of the above courses, corresponding university core requirements will be satisfied. (These courses are required for this major regardless of previous degrees conferred.)

Major Requirements

Actuarial Science .................................................. 66

Mathematics Core .................................................. 18
Required courses:
MATH 2313 Calculus 1
MATH 2323 Calculus 2
MATH 2333 Calculus 3
MATH 2343 Calculus 4
MATH 2753 Technology for Professional Math and Statistics
MATH 3143 Linear Algebra

Actuarial Core ....................................................... 12
Required courses:
# MATH 3133 Theory of Interest 1
# MATH 4133 Theory of Interest 2
# MATH 4223 Mathematics of Life Contingencies 1
# MATH 4233 Mathematics of Life Contingencies 2

Statistics Core ...................................................... 15
Required courses:
STAT 2113 Statistical Methods
# STAT 4113 Mathematical Statistics 1
*# STAT 4123 Mathematical Statistics 2
# STAT 4213 Applied Regression Analysis
# STAT 4533 Data Mining & Statistical Learning

Finance and Insurance Electives .................................. 15
Select from the following:
* ACCT 2113 Accounting I

Electives to bring total to ......................................... 124

Minimum Grade Requirements

1. Average in (a) all college course work, (b) course work at UCO, and (c) major courses ........................................ 2.50
2. A minimum grade of “C” must be earned in all courses in the major to count toward meeting degree requirements.

For other regulations pertaining to graduation, see Academic Degree Requirements.

* These courses are accredited by the Society of Actuaries to earn Validation by Educational Experience (VEE) credits.

# These courses will help prepare students for the professional examinations administered by the Society of Actuaries. See the Director of Actuarial Studies in MCS 108 for more details.

American Historical and Political Analysis .......................... 6
American National Government ....................................... 3
American History ..................................................... 3

Cultural and Language Analysis ..................................... 3-4
Second Language ....................................................... 4
OR
Cultural Analysis ........................................................ 3

Social and Behavioral Analysis ........................................ 3

Life Skills ................................................................. 5
Required Health Course ................................................ 2
Elective Life Skills ....................................................... 3

Minimum
Required Hours

* ECON 2103 Principles of Microeconomics
* ECON 2203 Principles of Macroeconomics
FIN 3523 Foundations of Insurance and Risk Management
FIN 3533 Property and Liability Insurance for the Firm
FIN 3563 Fundamentals of Business Finance
FIN 3613 Life and Health Insurance
* FIN 4253 Intermediate Business Finance
FIN 4213 Investments

Area of Application .................................................... 6
Select from the following:
MATH 3103 Differential Equations
MATH 4113 Operations Research 1
MATH 4123 Operations Research 2
MATH 4263 Numerical Linear Algebra
MATH 4363 Applied Numerical Analysis
MATH 4950 Internship (3 hours)
STAT 4103 Applied Experimental Design
STAT 4313 Nonparametric Statistics

UCO’s P.S.M. (Professional Science Master’s) in Computational Sci-
ence has partnered with the B.S. in Actuarial Science so that approved students may take up to nine credit hours of 5000-level MATH or STAT courses during their senior year of the B.S. program. These courses will count toward both the B.S. and P.S.M. degrees. A formal application to the P.S.M. Computational Science program and an approval from the Department of Mathematics and Statistics are required. Requirements are located in the UCO Graduate Catalog under Computational Science - Computational Mathematics, P.S.M.

Up to nine credit hours of the following courses can be used to satisfy both the B.S. Actuarial Science and the P.S.M. Computational Science - Computational Mathematics:

- MATH 5113 Operations Research I
- MATH 5263 Numerical Linear Algebra
- MATH 5373 Applied Numerical Analysis
- STAT 5263 Computer Applications in Statistics
- STAT 5213 Applied Regression Analysis
