Program: Mathematics
Major: Mathematics
Degree: Bachelor of Science (B.S.)

Dept: Mathematics and Statistics
College: Mathematics and Science
Major Code: 6160

University of Central Oklahoma Undergraduate Catalog 2020-2021

University Core  (Total Listed 42-44)

For a full list of courses see University Core.

- Courses from the major may apply to the areas marked in the University Core.

Written and Oral Communication .................................................... 9

Quantitative Reasoning/Scientific Method ........................................ 10-11

- Math ........................................................................................ 3
- Life Science ................................................................. 4
- Physical Science.................................................................. 3-4

Critical Inquiry and Aesthetic Analysis ........................................... 6

- Aesthetic Analysis .............................................................. 3
- Critical Inquiry ................................................................. 3

Prerequisite Courses

MATH 1533 Precalculus-Algebra OR
MATH 1513 College Algebra OR Placement Score AND
MATH 1593 Plane Trigonometry OR Placement Score

* A grade of ‘C’ or better is required for either MATH 1513 or MATH 1533 and MATH 1593 to take MATH 2313.

Upon completion of the above courses, corresponding general education requirements will be satisfied. (These courses are required for this major regardless of previous degrees conferred.)

Major Requirements

Mathematics ................................................................. 47

Required ............................................................................. 30

- MATH 2313 Calculus 1
- MATH 2323 Calculus 2
- MATH 2333 Calculus 3
- MATH 2343 Calculus 4
- MATH 2753 Technology for Professional Math and Statistics
- MATH 3113 Foundations of Advanced Math
- MATH 3143 Linear Algebra
- MATH 3183 Introduction to Modern Algebra
- MATH 4143 Introduction to Analysis 1
- STAT 4113 Mathematical Statistics 1

Electives ............................................................................ 17

At least nine (9) hours must be selected from the following:

- MATH 3103 Differential Equations
- MATH 3163 Elementary Number Theory
- MATH 4153 Introduction to Analysis 2
- MATH 4483 History of Mathematics
- STAT 4123 Mathematical Statistics 2

All other elective courses must be selected from 3000 and 4000 level MATH courses (including those MATH courses listed above).

Electives to bring total to ............................................... 124

American Historical and Political Analysis .................................... 6
American National Government .............................................. 3
American History.................................................................... 3

Cultural and Language Analysis ............................................. 3-4

- Second Language ............................................................ 4
- OR
- Cultural Analysis ............................................................ 3

Social and Behavioral Analysis ............................................. 3

Life Skills .............................................................................. 5

Required Health Course ......................................................... 2

Elective Life Skills ................................................................ 3

It is strongly recommended that PHY 1114 General Physics I and Lab be taken in the general education core.

Minimum Grade Requirements

1. Average in (a) all college course work, (b) course work at UCO, and (c) major courses ................................................. 2.50
2. A minimum grade of “C” must be earned in all courses in the major to count toward meeting degree requirements.

For other regulations pertaining to graduation, see Academic Degree Requirements.
