University Core  (Total Listed 42-44)

- Critical Inquiry and Aesthetic Analysis ........................................ 6
  - Aesthetic Analysis .................................................................. 3
  - Critical Inquiry ...................................................................... 3

Minimum Required Hours

**Major Requirements**

**Forensic Science - Digital Forensics .................. 36**

- Required Courses .....................................................................
  - FRSC 2503 Intro to Forensic Science
  - FRSC 2713 Digital Evidence
  - FRSC 3043 Crime Scene Processing
  - FRSC 3123 Criminal Procedure for Forensic Science
  - FRSC 4253 Forensic Science Analysis & Lab
  - FRSC 4463 Digital Forensics & Lab
  - FRSC 4633 Digital Forensics Tools and Analysis & Lab
  - FRSC 4653 Mobile Device Forensics & Lab
  - FRSC 4673 Network Forensics & Lab
  - ISOM 3343 IT Security and Risk Management OR
  - CMSC 4323 Computer and Network Security
  - CJ 4523 Cyber Crime
  - FRSC 4900 Practicum in Forensic Science (3 hours) OR
  - FRSC 4930 Individual Study (3 hours) OR
  - FRSC 4950 Internship in Forensic Science (3 hours)

**Additional Degree**

All students completing a B.S. in Forensic Science-Digital Forensics must complete an additional degree in one of five majors. The B.S. in Forensic Science-Digital Forensics must be combined with the B.B.A. in Information and Operations Management - Management Information System (MIS degree), B.S. in Computer Science, B.S. in Computer Science-Applied, B.S. in Computer Science-Information Science, or B.S. in Software Engineering.

The Forensic Science-Digital Forensics undergraduate degree program is not a stand-alone program. There are two mechanisms for earning the Forensic Science-Digital Forensics degree: (A) Earn a concurrent degree by completing requirements in one of the five majors above and the additional 36 hours in the Forensic Science-Digital Forensics program; (B) Earn a second bachelor’s degree after possessing an appropriate MIS, Computer Science or Software Engineering degree by completing 36 hours in the Forensic Science-Digital Forensics program.

At least two courses from the following list, each with an associated laboratory, must be completed by all students:

- MOD 1000 Introduction to Forensic Science
- MOD 4900 Practicum in Forensic Science
- MOD 4930 Individual Study
- MOD 4950 Internship in Forensic Science

**American Historical and Political Analysis .................................... 6**
- American National Government ................................................. 3
- American History ..................................................................... 3

**Cultural and Language Analysis .............................................. 3-4**
- Second Language ..................................................................... 4
  - OR
- Cultural Analysis .................................................................... 3

**Social and Behavioral Analysis ................................................ 3**

**Elective Life Skills ................................................................. 3**

**Life Skills ................................................................. 5**
- Required Health Course ......................................................... 2

The number of credits needed to meet degree requirements exceeds 124 hours and will vary according to course selection.

**Minimum Grade Requirements**

1. Average in all college course work and course work at UCO ................................................................. 2.25
2. A minimum grade of “C” must be earned in all courses in the major to count toward meeting degree requirements.

For other regulations pertaining to graduation, see Academic Degree Requirements.
