Edmond, OK 73034-5209
Phone: (405) 974-2727

Applying for Aid

Students may apply for Federal Financial Aid by completing the Free Application for Federal Student Aid (FAFSA) at: fafsa.gov. The annual application process for each upcoming school year is available beginning October 1. Students seeking financial aid for summer enrollment must complete a separate UCO summer application in addition to the current year FAFSA. Summer aid applications are available when summer enrollment begins each spring. Oklahoma Promise eligible students are required to submit a FAFSA each year.

Important Dates and Deadlines

Applicants are advised to apply as soon as possible after January 1st of each year for best consideration for all aid programs including the Oklahoma Tuition Aid Grant, OTAG. May 31 - UCO Priority Processing Deadline (Applicants whose FAFSA is processed by this deadline will receive an award notification prior to the end of June.)

Cost of Attendance

The cost of attendance figures listed below represent a full academic year's cost, based on an average full-time enrollment for two semesters, therefore these figures should be divided in half to reflect one semester cost and allowances for averaged expenses to include tuition and fees, room and board, books, miscellaneous and personal expenses. The cost of attendance is used to determine the maximum amount of funding a student is eligible to receive. These costs may vary from school to school. Allowances for room and board will vary depending on living arrangements (Off-Campus, On-Campus, or with parents). Financial Aid disbursements will be based upon enrollment status (full, three-quarter, or half-time). For planning purposes, the following cost figures are offered as estimates of reasonable expected expenses for average credits of full-time undergraduate Oklahoma resident students:

**Living Status	On-Campus	Off-Campus	With Parents
Tuition & Fees	\$7,654	\$7,654	\$7,654
Loan Fees	66	66	66

Room & Board	8,292	11,724	3,946
Books	1,600	1,600	1,600
Miscellaneous	5,600	5,600	5,600
Transportation	1,600	3,200	3,200
Total	\$24,812	\$29,844	\$22,066

**Variables: Cost of education for non-resident students will add approximately \$9,000.

Changes in enrollment or living arrangements can significantly affect eligibility, and may require funds to be repaid. Enrollment changes can be identified; however it is the student's responsibility to notify UCO of changes in living arrangements.

Enrollment Changes

During the semester students may drop courses without a grade notation on their transcript, or change a course for credit to audit. If federal funds have already been issued to the student or credited to the student's account, this action would constitute a re-evaluation of eligibility resulting in a repayment. Federal aid recipients who completely withdraw after school begins, up through 60% of the semester will have to repay some portion of the federal funds received which will be debited to the student's UCO account.

Types of Aid Programs

UCO participates in the following Federal and State Programs: Federal Pell Grant (FPELL), Federal Supplemental Educational Opportunity Grant (FSEOG), William D. Ford Federal Direct Loan Program, Federal Work-Study (FWS), Oklahoma Tuition Aid Grant (OTAG), the Teacher Education Assistance for College & Higher Education (TEACH) and the Oklahoma Promise Program.

UCO Public Safety

The UCO Department of Public Safety is comprised of three operational units. These include Police Services, Emergency Management, and Life/Fire Safety. The more than 3 full and part-time employees working within these areas are dedicated to the safety and security of all members of the university community and campus guests. Information about campus safety and security activities can be obtained by calling (405)974-2345 or via the internet (www.uco.edu). Each fall an Annual Security and Fire Safety report is prepared and disseminated through various means to members of the community as well as prospective students, their families and the general public. This report (also available via the UCO web site) contains information on safety and security activities, crime statistics and contact information for individual offices.

UCO is the safest campus in Oklahoma based on reported crime statistics for institutions with more than 5,000 students. Despite this fact, we understand that our campus is not immune from crime and other incidents that could cause risk to our community members. Our mission is to help you be and feel safe to ensure that you are able to pursue your academic interests. Together we will continue to keep UCO safe and secure for everyone.

University Police

Police patrol services are provided by commissioned, armed and state-certified police officers. University police officers are responsible for building security, response to emergencies, investigation of crimes that occur on campus, crime prevention activities and a myriad of other activities that help support the educational mission of UCO. University Police also employs students through the Community Service Officer program to perform general safety and security services. These include building security, Safe-Walk escorts and motorist assistance.

Police officers and students are supported by full-time certified police communications officers who operate the police radio and telephone systems as well as the Oklahoma Law Enforcement Telecommunication System. Using the National Crime Information System, UCO police have immediate computer access to nearly all law enforcement agencies in the United States.

The University Police building is located immediately northwest of Old North, next to University Drive. They operate twenty-four hours a day, seven days a week year round. For non-emergency matters, call (405)974-2345. Emergencies may be reported via 9-1-1 from any campus telephone or cell phone. Students, faculty and staff are also encouraged to download the UCO Safety App from Google Play or the Apple App store. This app allows community members to receive information about a safety

or security challenge in a timely fashion as well as communicate directly to University Police in the event of a problem.

Students interested in completing an internship within Police Services or any unit of Public Safety should contact their professor first to coordinate and approve the concept, then call (405)974-2345. Students engaged in internships are able to observe and gain practical exposure to any and all elements of campus public safety operations on a large college campus.

Emergency Management

UCO was one of only a handful of campuses nationwide to be awarded a planning grant from FEMA under their Disaster Resistant University program. The results of that comprehensive planning process have helped UCO design a long-term plan to make the campus community more resistant to emergency situations. In addition, UCO was the first college campus in the region to appoint a full-time staff person charged with coordinating and planning the campus emergency management activities.

Emergency Management is continually engaged with other campus departments and external agencies to review and update UCO's emergency response plan. Emergency response guideline booklets and/or emergency exit placards have been installed in classrooms, labs and common areas throughout campus.

UCO has adopted the A.L.I.C.E. (Alert, Lockdown, Inform, Counter, Evacuate) program to aid community members. Emergency Management and University Police personnel conduct training regularly and upon request for campus groups, departments, and organizations. The purpose of A.L.I.C.E. is to empower community members with knowledge and confidence in response to a crisis such as an active shooter on campus. For more information on A.L.I.C.E. please call Emergency Management at (405)974-2219.

Central Alert is one of UCO's primary emergency communication tools. All UCO community members can receive emergency information from UCO via e-mail, cell phone, text message and home or office phones. Text messaging may result in a charge to the recipient. Parents can have their students add their home phone number or cell number to the notification list if they desire. This system will only be used to communicate emergency information. This includes circumstances where notification of a campus closure is necessary and there is not adequate time for students to get this information via normal channels such as local media, web site and campus closing telephone information number. The Central Alert system is maintained by the UCO Information Technology Office and operated by Public Safety.

For more information on emergency management activities at UCO please call (405)974-2219 or visit the UCO [web site](#).

Life/Fire Safety

UCO has a state-of-the-art fire detection and alarm network across most buildings on campus. The Life/Fire Safety unit maintain this networked system through normal repairs and upgrades and annualized inspections in partnership with a professional vendor. These systems incorporate a voice-addressable component that allows Public Safety to play pre-recorded messages such as evacuation and shelter instructions and can speak live-voice when this is the best option.

UCO's Fire Marshal is an expert in life safety and building code compliance and works with campus departments to ensure

that our facilities are safe, accessible and properly maintained. These efforts are supported by staff who inspect and maintain more than 1,000 fire extinguishers installed in every building on campus. For more information on life/fire safety activities on campus please call (405)974-2345 or visit our web site.

Access Control

The Access Control unit manages thousands of campus locks and keys and is an integral component of UCO's overall security activities. Students are not issued keys to University non-residential buildings or individual offices except in rare circumstances. UCO is embarking on a program to install electronic locking devices on all primary building entrances. The system will drastically increase security and convenience for students, faculty and staff. The new system will use the UCO identification card to allow access to authorized users, which includes residential facility access and other locations to aid students as may be appropriate. This program will require several years to complete and in the transition, Access Control will work to ensure that our facilities remain secure but accessible by our community members.

Environmental Health and Safety

Environmental Health & Safety (EHS) compliance at the University of Central Oklahoma is the responsibility of all faculty, staff and students. The EHS is a division of the Department of Public Safety. It is responsible for coordinating health and safety efforts campus-wide. These efforts include life and fire safety code compliance. Students are expected to honor all university environmental and safety requirements and policies. Students should follow the guidance of faculty and staff working in their respective areas to ensure that the academic and residential environments are as safe as possible in terms of EHS issues. Safety questions should be addressed to (405) 974-2216. The EHS division has five full-time safety professionals to assist UCO departments in meeting their safety and environmental needs, including:

- Environmental & Safety Compliance
- Life Safety Monitoring (Fire Systems)
- Asbestos Management
- Hazardous Materials Management
- Assistance with Material Safety Data Sheets
- EHS Awareness Training
- Determination of training needs and requirements in EHS matters campus-wide
- Development of EHS systems for UCO Departments
- Other assistance as required or requested

Students who have a safety question or concern related to class activities should first address it to the faculty member of the specific class. If the faculty member cannot answer the question or concern, the issue should be brought to EHS. Some classes require a safety component within the class framework. If a student feels that the safety aspect of any class is not being properly addressed by the instructor, that student should contact EHS. Unsafe conditions or environmental problems can be reported on the UCO Safety Line, (405) 974-3000, or simply 3000 from any campus telephone. Students who work at UCO are expected to follow all EHS compliance rules and regulations just as full-time employees are expected to do. Every fire alarm in a UCO residential unit or academic building should be treated as a real alarm and the facility evacuated. New students who reside in UCO

Residence Halls should request Fire Safety training from their Resident Life Assistant. When the University has construction projects underway, students should obey signs and directions and stay out of areas under construction. Emergency help is available from any campus telephone by dialing 911.

Risk Management

UCO is insured through the Office of State Risk Management. The UCO Risk Manager, located in UCO's Office of Environmental Health and Safety, coordinates all insurance activities for the University in partnership with UCO Legal Counsel.

Students desiring insurance coverage for their personal property must provide their own. UCO is not responsible for stolen or lost property or damaged personal property on the University campus. UCO is not liable for personal injuries sustained by students in classes, laboratory settings, residence facilities, grounds, events, etc., unless State Risk Management, working with the State Attorney General Office, determines that the cause of the incident leading to the injury is due to negligence on the part of UCO. Student's are encouraged to have full insurance coverage on motor vehicles, as the university does not indemnify against losses to vehicles operated or parked on university property.

Transportation and Parking Services

The mission of Transportation and Parking Services is to provide the UCO community a safe environment and access to campus facilities by efficiently and cost-effectively managing all available transportation and parking resources in support of the university's mission. TPS is responsible for campus parking rules and regulations, distribution of parking permits, the use of e-scooters on campus and management of parking facilities. Alternative transportation efforts are also overseen by TPS and include the free Broncholing bus services, carpool program, and Central Cycle..
