The CFAD Student Success in the Arts and Design Fund was created to help students studying the fine and performing arts or design overcome the constraints of financial need through flexible student financial aid. Students may apply for regular or emergency aid for textbooks, tuition and fees and other related expenses not funded by traditional student support. The deadline for applications each semester is one week prior to the start of the semester, however, under extenuating circumstances, applications may be accepted and reviewed after the deadline. Students may apply for funds no more than one time per semester. Amounts of awards will vary based on demonstrated need and the number of awards granted each semester is subject to the availability of funds.

Criteria: Applicants must be students within the College of Fine Arts and Design. Preference may be given to students who have completed at least one semester at UCO.

- You must provide a brief statement explaining your financial need, any special circumstances and additional information or comments
  - You should explain lack of access to traditional financial aid funding or why those funds are insufficient
  - You should demonstrate that all or part of your financial need cannot be covered through regular financial aid

  - You must be enrolled in a minimum of 6 hours in the semester for which you apply for funds
  - Recipients will be required to write a thank you letter to the Student Success in the Arts and Design fund donors
