Statement of Administrative Policy

The president and staff of the University of Central Oklahoma reaffirm the policy as set forth in the previous statements of Compliance with Title VI and Title VII of The Civil Rights Act of 1964, Executive Order 11246 as amended, Title IX of The Education Amendments of 1972, Sections 503 and 504 of The Rehabilitation Act of 1973, the Americans With Disabilities Act of 1990, the Family & Medical Leave Act of 1993, the Civil Rights Act of 1991, and other Federal Laws and Regulations, that no discrimination on the grounds of race, color, religion, sex, age, national origin, handicap, disability, or status as a veteran will exist in any area of the university.

The policy statement further reaffirms commitment of continuing and expanding positive programs which will assure the strengthening of this policy not only to the legal requirements of compliance but also to further employment opportunities and promotions for all ages, minorities, veterans, handicapped individuals, and women. The president of the University of Central Oklahoma assures that this commitment will embrace the development and maintenance of our Affirmative Action Compliance Program which will involve necessary additional efforts with respect to the recruitment, selection, placement, termination, training, and promotions of all employees and with respect to personnel action such as compensation, benefits, transfers, layoffs, return from layoffs, education, tuition assistance, recreation programs, and other appropriate programs.

No institutional policies are in effect at the University of Central Oklahoma that knowingly deviate, in wording or intent, from the above stated administrative policy. The University’s Legal Counsel/Affirmative Action Officer is responsible for compliance. For further information, contact the department at (405) 974-3377, or visit the office in the Lillard Administration Building, Room 114D.

Beliefs, Values and Mission

Beliefs and Values of the University

UCO’s Mission
UCO helps students learn through transformative educational experiences, growing productive, creative, ethical and engaged citizens and leaders.

UCO’s Vision
UCO will be one of the nation’s top metropolitan universities, serving our community while providing our students the opportunities to achieve their highest level of leadership potential.

Central Six
Students will be transformed through:
• Discipline Knowledge
• Leadership
• Research, Scholarly and Creative Activities
• Service Learning and Civic Engagement
• Global and Cultural Competencies
• Health and Wellness.

UCO requires and encourages a free flow of information, ideas and opinions in a community which fosters social justice and values diversity and which demands the highest standards of ethical conduct, mutual respect and civility.

UCO as an institution, and all its constituents, are committed to continuous processes of self-examination and self-improvement to encourage innovation, receptiveness and adaptation to change.

UCO maintains open and mutually beneficial relationships with its surrounding communities and views itself and its graduates as part of an increasingly interdependent global society.

Mission of the Jackson College of Graduate Studies
The Jackson College of Graduate Studies provides access to graduate education for culturally-diverse students locally, nationally, and internationally, while supporting UCO’s mission of transformative learning through processes which maintain and enhance quality.

A UCO master’s degree signifies that its recipient possesses the disciplinary knowledge, analytical skills and mature judgment of an advanced professional and a well-educated person. Completion of this degree brings the satisfaction of in depth mastery of a chosen field and confidence needed for the discovery and application of that new knowledge.

About the Jackson College of Graduate Studies
The University of Central Oklahoma has been authorized to grant masters degrees since 1954 when it was Central State College. The University offers 36 graduate programs with 59 majors under seven degree designations: Master of Arts, Master of Science, Master of Business Administration, Master of Education, Master of Fine Arts, Master of Public Administration, and Master of Music.

The Jackson College of Graduate Studies (JCGS) was established in 1954 to coordinate and promote graduate education at UCO. In 2004 the College acquired its present name in honor of Joe C. Jackson, who served the University for over 28 years including 25 years as Vice President for Academic Affairs.

Accreditation
The University of Central Oklahoma is accredited by the Higher Learning Commission, a commission of the North Central Association of Colleges and Schools.

The College of Education and Professional Studies is accredited by the National Council for the Accreditation of Teacher Education (NCATE), National Association for the Education of Young Children and Oklahoma Commission for Teacher Preparation.

The College of Business is accredited by the Association of Collegiate Business Schools and Programs (ACBSP).

In addition, where appropriate, several of UCO’s graduate degree programs hold accreditation or similar certification from disciplinary associations and agencies as follows:
- Family and Child Studies-Family Life Educator, MS: National Council on Family Relations.
- Athletic Training Commission on Accreditation of Athletic Training Education (CAATE)
- Engineering Physics, MS: Accreditation Board for Engineering and Technology.

About Edmond, Oklahoma
The University of Central Oklahoma is located in Edmond, a vibrant suburban city of 82,000 population. It is one of the nation’s most desirable places to live with its thriving historic downtown, excellent school system and fantastic cultural offerings. The community enjoys year-round music, art, theater, and sporting events. Known worldwide for its outstanding golf courses, Edmond hosts some of the most exciting PGA and celebrity events. Edmond tennis courts have a history of hosting USTA tournaments. Also available are competitive soccer and lacrosse fields and competitive ice skating.

Near to Edmond are many other points of interest and activities. The Lazy E Arena, about 15 miles north of town,
provides a full calendar of rodeo events. Just minutes east of the campus is Lake Arcadia, offering a UCO meeting facility, hiking trails, fishing, water skiing, outdoor recreational and research opportunities. Fifteen minutes south is Oklahoma City with Bricktown, the NBA Thunder, international rowing, and other attractions, Oklahoma’s State Capitol, the Oklahoma City Zoo, the Omniplex, and a surrounding complex of museums. Edmond’s July 4 LibertyFest celebration has been selected as one of the top 10 holiday places in America by CNN and USA Today.

**History of UCO**

The University of Central Oklahoma is the oldest institution of higher learning in Oklahoma, dating back to December 24, 1890, when it was established as the Territorial Normal School.

The first class, a group of 23 students, met Nov. 9, 1891, in the Epworth League Room, in the unfurnished First Methodist Church on Hurd Street.

Work started in the summer of 1892 on Old North Tower, the first building on campus. Occupancy began Jan. 3, 1893.

At first, the school offered two years of college work and a complete preparatory school. In 1897, the first graduating class — two men and three women — received their Normal School diplomas preparing them as teachers. In 1904, Territorial Normal became Central State Normal School. Statehood was still three years away.

On December 29, 1919, the State Board of Education transformed Central into a four-year teachers’ college conferring bachelor’s degrees and renamed it Central State Teachers’ College. Two years later, the Class of 1921 had nine members, the first graduates to receive four-year degrees.

In 1939, the state legislature again changed the name of the institution to Central State College and authorized it to grant degrees without teaching certificates.

In 1954, the Oklahoma State Regents for Higher Education gave Central permission to offer the Master of Teaching Degree, which became the Master of Education in 1969. In 1971, the college added the Master of Arts in English and the Master of Business Administration degrees. Other undergraduate and graduate degrees followed.

On April 13, 1971, the state legislature officially changed the institution’s name to Central State University. On May 18, 1990, during the institution’s Centennial Year, the name became the University of Central Oklahoma.

Today, UCO has grown from 23 frontier students seeking teaching certificates in a local church to a metropolitan, four-year university with an enrollment of about 16,000 studying on a 200-acre campus.

**Academic Buildings**

- **The Art and Design Building** was originally constructed in 1952 as the Student Union. Following completion of the Nigh University Center in 1967, the building was completely renovated to include classrooms, studios, and the Central Museum of Art.
- **Buddy’s**, originally designated as the Central Cafeteria, can serve a capacity of 1,200 students.
- **The Business Building**, opened in 1962, houses the offices and classrooms of the College of Business Administration. A second building was added in 1983 and the two were connected in 1996.
- **The Center for Transformative Learning** is designed to move students away from lecture and place them at the “center of learning.” The facility includes eleven new classrooms, additional faculty and adjunct offices, breakout rooms for students, informal seating spaces, a one-hundred-seventy-five to two-hundred seat recital hall, and an outdoor classroom.
- **The Communications Building**, formerly the Max Chambers library, was renovated after the completion of the new library in 1968. It supplies offices, classrooms, and labs for the department of Mass Communication, and the offices of KCSC Radio, KUCO Radio, Vista, and KCSU-TV television studios.
- **The Coyner Health Sciences Building** opened in the spring of 1984. It houses the offices and classrooms of the departments of Nursing and Funeral Service. The building was dedicated in honor of the family of Dr. Wallace Coyner on October 13, 1989.
- **The Education Building**, with its post-modern architecture, was completed and occupied in 1996. It houses the College of Education and Professional Studies.
- **Evans Hall** was completed and occupied in 1916 and housed the University library until 1957. It underwent a major renovation in 1989 and now provides offices for the UCO Foundation, and the dean of the College of Fine Arts and Design.
- **The W. Roger Webb Forensic Science Institute** is a comprehensive training and research organization in all aspects
of evidence collection, preservation, analysis, reporting and testimony. The building contains administrative and faculty offices, high tech classrooms, the AT&T Digital Evidence and Cyber Security Laboratory, a crime scene bay, and an auditorium which will seat 165 people.

**Hamilton Field House**, first occupied in the spring semester of 1965, has a basketball court with a seating capacity of 4,000. The athletic complex contains a classroom building, a swimming pool, exercise rooms, and locker rooms for varsity athletes. The name was changed from Broncho Field House in 1993.

The **Health and Physical Education Building**, adjacent to Wantland Hall, was completed in the fall of 1958. It contains offices, classrooms, and a dance studio for the Kinesiology and Health Studies Department.

**Howell Hall**, first occupied in 1948, was extensively modernized by a 1997 addition to the building that more than doubled its floor space. Housed in the hall are offices, labs and classrooms for the Chemistry, Engineering and Physics, and Biology Departments.

The **Human Environmental Science Building** was dedicated in the spring of 1969. It contains the offices and classrooms of the Human Environmental Sciences Department, a modern food laboratory, a living room for receptions, and a laboratory school for pre-school children.

The **Liberal Arts Building** was completed during the summer of 1969 and houses most of the departments of the College of Liberal Arts. Complete with faculty offices and classrooms, it has two language laboratories and the Pegasus Theatre.

The **Lillard Administration Building**, occupied in the spring of 1963, contains the main administrative offices of the University including those of the President, Provost/Vice President for Academic Affairs, the Executive Vice President for Administration, the Vice Presidents for Information Technology, Student Affairs, University Relations and Government Relations.

The **Max Chambers Library** opened its doors to students in January 1969. This four-story building is one of the most modern libraries in the Southwest. It includes convenient computer stations, seminar rooms, conference and study rooms, a document room, and offices. A major addition was completed in 1997.

**Mitchell Hall Theatre** was dedicated June 29, 1926 and remodeled in 2009.

The **Music Building** was first occupied in the fall of 1952. It houses vocal and instrumental music, together with a number of private practice studios and a recital hall. The building was enlarged in 1968.

The **Nigh University Center** was renamed in the fall of 2001 to honor former President George Nigh. Originally built in 1967, an addition in 1997 doubled the floor space. It is a center for campus and community activities and includes such student facilities as the University Bookstore, convenience store, post office, food court, restaurant, and recreation area.

The building provides a centralized location for student admissions, registration, advisement, financial aid, international, and graduate services. Also included in the building are a large ballroom, meeting rooms, and offices for Campus Life, Student Senate, Counseling Services, Career Services, and the Dr. Joe C. Jackson College for Graduate Studies.

**Old North**, the first campus building, is built of native sandstone quarried near Edmond, and it is the center of the University of Central Oklahoma traditions. The University clock is located in its tower with faces in all four directions. Old North is listed in the National Historical Register.

**Thatcher Hall**, a former residence hall named after the first president, Richard Thatcher, celebrated its “re-grand opening” in the fall of 1995. The building now houses the Edmond Language Institute, the Assessment Office, the Academic Support Center, the Testing Center, Correspondence Studies, Planning and Analysis Office, and the ROTC program.

The **UCO Jazz Lab**, constructed with cooperative funding from Edmond Economic Development Authority, adds to the sense of community for both our campus population and citizens of Edmond by providing quality entertainment. The Jazz Lab is located at 5th and Littler. It includes several offices, a recording studio, a performance club, and a restaurant.

**Wantland Field and Stadium** is home for the Bronchos football team. Opened in its present location in 1965, Wantland Stadium underwent a $16 million renovation in 2005, which increased seating capacity to 10,000.

**Wantland Hall**, officially dedicated February 7, 1928, serves the Kinesiology and Health Studies Department and includes a gymnasium, basketball court, locker rooms, and offices.

The **Wellness Center** exists to provide students, faculty, staff, and community members with a premier facility that promotes health and wellness. The Wellness Center strives to link positive healthy lifestyles and intellectual growth, so that participants can reach their full potential.

A multi-purpose recreational facility totaling 57,140 square feet, the Center includes two indoor basketball/volleyball courts; one outdoor basketball court; group fitness rooms; walking/running track; 65 pieces of cardiovascular equipment; strength training area including free weights and selectorized equipment; classrooms, a rock climbing wall and a vending area.

The **Y Chapel of Song** construction began in 1941 and was completed in 1949 through the services and gifts of hundreds of students, faculty, alumni, friends, and through the efforts of the Y.M.C.A. and Y.W.C.A. The chapel was placed on the National Register of Historic Places in 2001 because of the significance of its design in art. It is used today for initiation ceremonies, weddings, meetings and meditation.

Admission to Graduate Studies
Admission to Graduate Studies

1. How to Apply for Graduate Admission at UCO
   Apply for admission to graduate study at UCO is convenient and simple. The first item is to decide on an intended program he or she wishes to pursue, the applicant should read the appropriate section of this catalog to find out if letters of recommendation, test score reports, or other documents are required for admission. When all required documents are received, our office will send the submitted documents to the respective program advisor for review and acceptance. Applicants are welcome to call the office of the Jackson College of Graduate Studies (405.974.3341), or access the JCGS Website at: www.uco.edu/graduate/.

2. When to Apply
   Applicants who have already completed bachelor degrees may apply up to one year in advance of intended enrollment.
   Applicants who are currently enrolled as undergraduates and who plan to go directly to graduate school are encouraged to submit their application materials prior to bachelor’s degree graduation. The Jackson College of Graduate Studies and the specific graduate programs may make tentative graduate admission decisions based on grades posted one semester before graduation. Admission (or rejection) of an individual applicant will not be finalized, however, until the undergraduate degree is completed and all grades and the degree are posted on the official transcript.
   For all programs, applicants are advised to apply well in advance of the semester in which they intend to begin classes. Certain programs have specific application deadlines as indicated in the program sections of this catalog. In addition, there are specific application deadlines for international students. (See the International Graduate Students heading later in this chapter.)
   Some programs accept students for any semester, and others confine acceptance to specific times because of curriculum sequencing and/or capacity considerations. Check the specific program section of this catalog to determine the admission cycle for the program in which you are interested.
   Students who have not yet received their bachelor’s degree must submit a letter from the university Registrar’s office verifying graduation.

3. Application Materials
   All materials for admission to graduate studies must be mailed or hand delivered to the admission desk of the Jackson College of Graduate Studies. Nigh University Center, Room 404

4. Immunizations
   Oklahoma state law requires that all new students who attend Oklahoma colleges and universities for the first time provide proof of immunization for certain diseases. Contact UCO Health Services for more information, either by phone at (405) 974-3150 or on the Web at: www.ucowellnesscenter.com
5. **Admission Examinations**

Some UCO graduate programs require students to submit GMAT or GRE scores for admission. It is the applicant's responsibility to complete the exam, pay fees, and have scores forwarded to UCO. (Scores more than five years old are not acceptable.) Information about how to take the examinations follows:

### A. Graduate Management Admission Test (GMAT)

The GMAT is required for all students seeking an MBA degree at UCO. Test scores must be submitted before the student will be admitted to the program. The computer version of the GMAT is offered every day except Sunday, holidays and the first two days of the month at the Pearson Professional Center of Oklahoma, 5100 N. Brookline Ave., Ste. 282, Oklahoma City, OK 73112. Phone 405-917-7325 for appointment. For regularly updated information about the availability of test centers, call 405-917-7325 or 1-800-247-8731. UCO School code for testing purposes is 6091.

Test bulletins for the GMAT are available in the University Testing Service, Room 302, Thatcher Hall. See the website at: www.mba.com for GMAT information, sample questions and testing sites.

### B. Graduate Record Exam (GRE)

The GRE is required for students seeking several graduate degrees at UCO (see list below). Examination scores must be sent to the Jackson College of Graduate Studies. Examination schedules and expenses are the responsibility of the student. No scores more than five years old will be accepted. The computer version of the GRE is offered every day except Sundays and holidays at the Prometric Learning Center, 2224 NW 50th, Suite 196, Oklahoma City, OK 73112 (www.gre.com). For regularly updated information about the availability of test centers, call Prometric at 405-843-8378 or 1-800-473-2255. UCO school code for testing purposes is 6091. Test bulletins are available in the University Testing Service office, Room 302, Thatcher Hall.

### C. Changes to the GRE

The scoring standards for the Graduate Record Examination (GRE) changed on August 1, 2011. Any applicant/student sitting for the examination after that date who has questions, should contact the intended program’s coordinator, director or graduate advisor to learn the minimum scoring standards for that degree program.

### D. Degrees Requiring GRE

The degrees requiring the Graduate Record Exam and the means by which they use the results are as follows:

1) **Biology** (M.S.) GRE scores with a preferred minimum overall (quantitative + verbal sections) score of 297 (new scoring system) or 1000 (old scoring system).

2) **Business Administration (M.B.A.)** See pages 37-42 for additional information on GRE requirements.

3) **Family and Child Studies** (M.S.) LMFT major, Minimum score of 300 (verbal and quantitative sections) or 3.5 on the writing portion.

4) **Forensic Science** (M.S.) Minimum score of 300 on the combined verbal reasoning and quantitative sections and a minimum of 3.0 on the analytical writing section.

5) **Engineering Physics** (M.S.) There is no minimum required for admission, but a combined verbal and quantitative score of 305 is recommended.

6) **Nutrition and Food Management, Dietetic Internship** - (M.S.) Minimum combined score of 900 on the verbal and quantitative tests or 4.0 or greater on the written assessment (Pending Regent approval).

7) **Psychology** (M.A.) Minimum score of at least 290 on the combined verbal reasoning and quantitative sections (900 combined on the previous scale) and a minimum of 3.5 on the writing section.

6. **Admission Standards**

All master’s degree programs at UCO require that students hold a regionally accredited bachelor’s degree (or equivalent for international students). Usually, the undergraduate major will be in a field directly relevant to the master’s degree major. Some programs may, however, choose to admit students holding less directly relevant bachelor’s degrees if, in the discretion of the program, the student is prepared, or can become prepared by prerequisite coursework or other activity, for work in the graduate field.

Each program has established a minimum grade point average (GPA) standard for regular admission (see p.16.) In addition, some programs have also established minimum GMAT or GRE scores and/or specified a minimum index computed using GRE and GPA. If a program requires letters of recommendation and/or other documents, the submission of such is a minimum requirement for program admission.

A completed post baccalaureate degree from an appropriately accredited institution with at least a 3.00 GPA may also be used to determine eligibility for admission.

### Categories of Admission

#### Regular Admission:

Most students admitted to graduate study at UCO will be classified as “regular” graduate students. This means they have completed a bachelor’s degree or post baccalaureate degree and they face no further admission requirements as long as they remain in good academic standing and in continuous enrollment (i.e., no break longer than one-year).

#### Conditional Admission:

Selected graduate programs allow conditional admission. Conditional admission relates to undergraduate grade point
Admission to Graduate Studies

Categories of Admission cont’d

average (GPA) only. The rules for conditional admission are as follows:

If the graduate program advisor determines that there is good reason to believe that an applicant will be successful despite the applicant’s lower than minimum GPA, the program may, at its discretion, admit the student on a “conditional” basis provided that the applicant’s undergraduate GPA was no lower than 2.50 (if graduation within five years) or 2.25 (if graduation more than five years previous to application), or the applicant has completed at least 6 graduate hours at another regionally-accredited institution(s) and earned a minimum 3.00 GPA for all graduate hours attempted. To be considered for conditional admission, the student must meet all program requirements other than minimum GPA. (Some programs do not admit students on a conditional basis.)

1. Conditionally admitted students remain on conditional status for three semesters, beginning with their first UCO graduate enrollment and counting one summer as one semester, or until they complete twelve graduate hours at UCO, whichever comes first. As long as their status is conditional, they may take no more than a total of 12 graduate hours. Once conditional students have completed 12 hours, JCGS will review their grades. They must have a cumulative 3.00 GPA for all graduate hours attempted and no grade lower than “B” for graduate courses taken. Those with cumulative GPA of 3.00 or higher then become regular students. Those with GPA below 3.00 will be dismissed.

2. The College will monitor conditionally-admitted students. If a conditionally-admitted student does not meet the 3.00 GPA requirements, then the college will administratively withdraw and dismiss the student. Students so dismissed will not be considered for admission to any other graduate program at UCO.

3. Students on Conditional Admission status must meet all other criteria for all students.

Provisional Admission:

If the graduate program advisor determines that there is good reason to believe that an applicant will be successful despite the fact that the student has not completed some specified program prerequisites, the program may, at its discretion, admit the student on a “provisional” basis. At the time of admission, the program will specify the student’s deficiencies which must be removed within one full year of enrollment. In some cases, all deficiencies must be completed before any program courses can be taken. In other cases, prerequisites and certain program courses can be taken at the same time. If all prerequisites are satisfactorily completed in a timely manner, the student will be shifted to regular admission status. If the prerequisites are not completed by the deadline, the student will be suspended from the program.

Deferring Admission

Students are admitted for the semester in which they apply. A student, who has been accepted, may defer admission for 12 months from the start date of the semester for which he or she was admitted, provided that the student still meets all admission requirements at the time of UCO enrollment and has reported all credit hours attempted at other higher education institutions since the time of UCO graduate admission. Students seeking deferrals must make their requests to JCGS by email. UCO will not charge a second application fee to students so deferred. Students may gain a deferment for their admissions only once. Beyond the deferral’s deadline, they must reapply for admissions and again pay an application fee.

Readmission

Students who have not enrolled and completed a graduate course at UCO for a minimum period of one year must apply for readmission as graduate students to the Jackson College of Graduate Studies, must meet the requirements for the program at that time, and must pay a $50.00 non-refundable application fee.

Non-Degree Seeking Students

Non-Degree students are those who wish to take graduate-level courses, and are not seeking admission to a graduate program at the University of Central Oklahoma. To be admitted as a non-degree graduate student at UCO, the student’s undergraduate transcripts must show a minimum 2.50 overall GPA or 2.75 in the last 60 hours of course work.

Non-degree students may enroll for a maximum of twelve graduate hours per semester. Taking a course as a non-degree student does not constitute admission to a program or guarantee later applicability of these courses toward a program.

If non-degree students subsequently achieve admission to a graduate degree program, courses taken in “non-degree” status will be evaluated by the graduate program advisor to determine their applicability to the degree. A maximum of ten graduate hours taken as a non-degree candidate may be applied toward a master’s degree. These rules apply unless UCO has a Memorandum of Understanding and/or a Transfer Agreement with the sending institution or its agents providing for an exception to this rule.

Graduate students will be allowed to change their status from non-degree to degree seeking or vice versa at the beginning of each semester. Exception: programs which admit students only once a year. In those cases, student status changes are limited to the programs’ admission periods. Those seeking to become degree-seeking would still have to meet all regulations, including graduate program advisor approval.

Admission Prior to Posted Bachelor’s Degree

1. Until the degree is posted, the student may only enroll in a total of ten (10) graduate hours. If the student completed 10 graduate hours as a part of mixed enrollments, the student will not be able to enroll until bachelor’s degree is posted.

2. If the bachelor’s degree is not posted within the first 10 graduate hours, the student will not be allowed to enroll in future graduate courses.
International Graduate Students
The University of Central Oklahoma welcomes international students and encourages them to enroll in graduate programs for which they are qualified. International individuals wishing to attend UCO should first contact the University’s Office of International Services. This office will assist international applicants with the application process and advise them regarding visa requirements.

Office of International Services
North University Center, Room 137
University of Central Oklahoma, Box 163
100 N. University Drive
Edmond, OK 73034 USA
Telephone: 405-974-2390
E-mail: international@uco.edu

The following special regulations apply to international students.

A. Deadlines for International Students
Due to the amount of time needed to process an international admission application, the Office of International Services has in place the following deadlines:

<table>
<thead>
<tr>
<th>Semester</th>
<th>Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall semester</td>
<td>July 1</td>
</tr>
<tr>
<td>Spring semester</td>
<td>November 1</td>
</tr>
<tr>
<td>Summer semester</td>
<td>April 1</td>
</tr>
</tbody>
</table>

Deadlines for applications to specific graduate programs vary. If the graduate program application deadline precedes the international application deadline, the program deadline will apply. If the international graduate student application deadline precedes the program deadline, the international graduate student application deadline will apply.

B. Enrollment and the F-1 Visa
While studying at the University of Central Oklahoma, an international graduate student on F-1 visa status must maintain full-time enrollment each semester to preserve his/her US Citizenship and Immigration Services (USCIS) status.

C. Undergraduate Degree and Transcripts
Admission to graduate study at UCO requires the completion of a bachelor’s degree or a post baccalaureate degree from a regionally-accredited institution in the U.S. or the equivalent degree from another country. The determination of equivalence is made by UCO using generally accepted academic resources.

All graduate school applicants, including international students, must submit official copies of transcripts before their admissions can be finalized. UCO recognizes that obtaining official file copies of international transcripts can sometimes be difficult and time consuming. Accordingly, in some cases the Jackson College of Graduate Studies (JCGS) may grant admission based on examination and photocopying of documents, including a certified document from the student’s institution stating that all requirements for the bachelor’s degree have been satisfied, in the applicant’s possession pending receipt of official documents. Official documents must be received by the JCGS before the student’s admission can be finalized.

D. International Grades
For the purpose of calculating Grade Point Averages (GPAs), UCO converts grades listed on the transcripts of other institutions to UCO’s 4.0 grading scale. Because UCO does not grant grades of “plus” or “minus,” a grade of “B+” from another institution, as an example, is recorded at UCO as a grade of “B,” and given the value of 3.0.

E. English Language Proficiency
All students for whom English is a second language must present evidence of proficiency in the English language as required by the Oklahoma State Regents for Higher Education (OSRHE). The following are acceptable ways for potential graduate students to present such evidence of English proficiency:

1. Test of English as a Foreign Language (TOEFL)
   a. Score of 550 or higher on the paper exam
   b. Score of 213 or higher on the computer exam
   c. Score of 79 or higher on the internet exam

2. International English Language Testing System (IELTS) score of 6.5

3. Oklahoma State Regents for Higher Education (OSRHE) Approved English Language School

Students in limited categories may present evidence of completion of a minimum 12-week course of study at an OSRHE-approved English language school, with at least two-thirds of the 12 weeks of instruction at an advanced level. The categories include those who score as follows on the TOEFL exam:

   a. Score between 500 - 549 on the paper exam
   b. Score between 173 - 212 on the computer exam
   c. Score between 61 - 78 on the internet exam
   d. Score of 6.0 on International English Language Testing System (IELTS)

4. Complete a baccalaureate or graduate degree from an appropriately accredited college or university where English is the primary teaching language in a country where English is a primary language and that is recognized by professional organizations in the U.S. involved in admissions and international education.

5. Attend an appropriately accredited US college or university for a minimum of three full-time semesters of satisfactory graduate work.

F. International Internships
Qualified international juniors, seniors, and graduate students are eligible for International Student Internships both on and off campus. The U.S. Bureau of Citizenship and Immigration Service has approved internships as “Curricular Practical Training.” That means that interns may earn money working off-campus as well as on campus. Intern wage rates vary, but they are never lower than $7.25 per hour. For complete information, access the Office of International Services website at: http://www.uco.edu/ioffice/

Academic Regulations & Graduation Requirements
Graduate Catalog, 2013-2014

Academic Regulations & Graduation Requirements

Academic Regulations

Changes in Degree Requirements

Graduate degree requirements in effect at the time of a graduate student's first enrollment will remain in effect for six years. In no case shall the University of Central Oklahoma be obligated to make such required courses or activities available for more than six years.

Individual plans of study, once approved, will remain in force regardless of succeeding changes in degree programs.

Students who have not enrolled for one year or longer will be required to meet the standards in force at the time of readmission.

Types of Graduate Courses

Traditional Courses

A traditional course is a 16-week class conducted in a classroom setting where the instructor meets face-to-face with the students. The course may have lectures, discussions, activities, or demonstrations with or without web requirement.

Intersession

An intersession course is one offered in the time period between the end of one term and the start of another. Students may take a maximum of 5 credit hours per intersession.

Electronic and Hybrid Courses

Internet and other electronic courses are offered beyond the classroom setting. Hybrid courses require both electronic and in-class activities. UCO accepts these classes for credit, whether the students take them from UCO or transfer them to UCO (subject to the same restrictions on other transfer courses). Students taking UCO electronic or hybrid courses earn residential credit.

Correspondence Courses

Correspondence courses are offered via paper mail and email. With the approval of his/her graduate program advisor, a student may obtain a maximum of six credit hours through traditional correspondence courses. This limitation does not apply to courses taken via the internet or other electronic transmission mechanisms.

Categories of Graduate Credit

Graduate Credit from Graduate Courses

A student granted regular admission to the Jackson College of Graduate Studies at the University of Central Oklahoma may enroll in any courses offered for graduate credit for which he/she has completed the prerequisites.

Graduate level courses will not count toward graduate degree requirements if the student previously enrolled in the course for undergraduate credit.

Graduate Credit Earned While Still an Undergraduate (Mixed Enrollment)

Seniors at UCO who plan to go on to graduate school are eligible to take a maximum of 10 graduate credit hours (i.e. 5000-level courses) before receiving their bachelor’s degree. If the student completes 10 graduate hours as a part of mixed enrollments, the student will not be able to enroll until the bachelor’s degree is posted. They may take these hours during their last two undergraduate semesters however, if the bachelor’s degree is not posted within the first 10 graduate hours taken, the student will not be allowed to enroll in future graduate courses.

This provision allows a student to get a head start on his or her graduate program if the student does not need a full load of undergraduate courses to complete baccalaureate requirements. The student seeking mixed enrollment must submit the following to the Jackson College of Graduate Studies (JCGS):

1. an application for admission to graduate studies
2. a Mixed Enrollment form
3. certification from the undergraduate advisor that the student is in his/her last two semesters prior to completion of the bachelor’s degree.

Acceptance for mixed enrollment is subject to the following criteria:

1. The student must have an overall undergraduate GPA of 3.00 or higher.
2. The student’s total course load for the semester (graduate and undergraduate) must not exceed 16 hours with a maximum of 9 hours for graduate credit.
3. The maximum number of mixed enrollment in the summer is 12 hours with 8 of those hours in graduate courses.
4. A course may NOT count for both graduate and undergraduate credit.
5. Only two semesters of a mixed enrollment are allowed until the bachelor’s degree is granted.

Mixed Enrollment for non-UCO students

Seniors at other universities who plan to go to graduate school at UCO are eligible for mixed enrollment provided that they are within thirty hours of undergraduate graduation, as long as they meet the standards listed above and under the following conditions:

1. Be admitted to UCO as an undergraduate student;
2. Provide an undergraduate transcript to the Jackson College of Graduate Studies showing an overall undergraduate GPA of 3.0 or higher, and at least junior standing from home institution;
3. Provide a letter from the home institution’s registrar indicating the student has 30 or fewer hours remaining to complete the baccalaureate degree.

Although listed as item #4, above, it should be emphasized that graduate credit earned at UCO while an undergraduate student and applied toward an undergraduate degree may not be used to satisfy graduate degree requirements at the University of Central Oklahoma.
Transfer Credit

A maximum of 10 (ten) semester hours of graduate credit from an appropriately accredited, degree-granting institution may be transferred to a graduate degree program at the University of Central Oklahoma, unless UCO has a Memorandum of Understanding and/or a Transfer Agreement with the sending institution or its agents. These 10 hours must carry grades of “B-” or higher, must apply to the student’s UCO program and must appear on a UCO Plan of Study. Courses must be approved by the graduate program advisor and the Dean of the Jackson College of Graduate Studies.

Some programs require that a transfer student present a letter to the graduate program advisor, prior to enrollment, indicating that the student is in good academic standing with his/her former institutions.

If the courses have been used to satisfy degree requirements at other universities, they cannot count toward degrees at UCO, unless UCO has a Memorandum of Understanding and/or a Transfer Agreement with the sending institution or its agents providing for an exception to this rule. Only those courses approved by graduate program advisors for credit toward UCO degrees will count toward GPA calculations. All provisions for transfer to UCO are subject to modifications in cases where UCO has a Memorandum of Understanding and/or a Transfer Agreement with the sending institution or its agents providing exceptions to the transfer rules.

Internship Credit

Internship credit may not exceed 8 credit hours.

Credit for In-Service Training

In-service courses will be counted toward a degree only when offered through a fully-accredited institution of higher education and listed on a certified transcript from that institution. Such credit is subject to the transfer credit regulations above.

Workshop Credit

No more than six hours may be earned by the participation in workshops. No more than three hours may be earned by participation in the Oklahoma Scholar-Leadership Enrichment Program (OSLEP), 2007-2009. Graduate program advisors must approve all hours earned through workshops.

Auditing Courses for No Credit

On a space-available basis, students may audit graduate courses if they obtain written permission from the instructors. The instructors of audited courses are not obligated to grade or evaluate the course work or performance of auditing students. Students receive no credit for audited classes. These courses neither meet degree requirements nor count toward the GPA. Fees are the same for audited and credit courses. Students may not drop audited courses and subsequently pick them up for credit.

Extrainstitutional Examinations

Extrainstitutional examinations may not be taken as graduate credit.

Credit for Individual Study

Graduate credit may be earned through individual study or directed reading. A student is limited to 12 hours of individual study/directed reading with no more than 6 hours in any one discipline.

Other Enrollment Regulations

Enrollment Periods

Enrollment at the University of Central Oklahoma begins in April for the Summer and Fall Semester, and in November for the Spring Semester.

Enrollment Status

A full-time graduate student is one enrolled in a minimum of nine credit hours per semester in a fall or spring semester or at least five graduate hours in the summer.

Enrollment Status and Assistantships

Full-time graduate students with teaching assistantships, research assistantships, or graduate assistantships (a graduate assistantship is a graduate intern employed in a non-academic department) must enroll in at least five graduate hours, except that in their final semester, full-time graduate students working as TAs, RAs, or GAs may take a minimum of three hours. The summer minimum for TAs, RAs, and GAs is three graduate hours, or a commitment to enrollment as a full-time graduate student in the fall.

Enrollment Status and Financial Aid

Enrolling in fewer than nine hours in any fall, spring, or summer term even if receiving a teaching assistantship, research assistantship or graduate assistantship may affect a student’s eligibility for financial aid. Students should direct questions about their own financial aid to the Financial Aid Office.

Advisement

The graduate program advisors for graduate degree programs advise students on enrollments and program requirements. After admission, a student meets with his/her graduate program advisor to develop his/her individual plan of study. It is important that the student work closely with his/her advisor to ensure that all program requirements are met.

Graduate program advisors are not always on campus during semester breaks. Students should make appointments to ensure their availability.
Course-Load Limits
Without advance written approval, graduate students may enroll in no more than 12 graduate hours during the fall or spring semester (16 weeks) or 9 hours during the summer. With written approval from the graduate dean, a student may enroll in 15 graduate hours during spring or fall semesters or 12 graduate hours during the summer term. Overload permission forms are available in the Jackson College of Graduate Studies. Traditional courses, workshops, intersessions, institutes, and course work taken electronically or at other institutions are included in this total. Up to five hours of intersession credit are allowed immediately following each semester. Graduate enrollments above maximums will not be applied toward a master’s degree at the University of Central Oklahoma.

Students may enroll in sixteen (16) or fewer hours of mixed-enrollment (graduate and undergraduate) credits in a regular semester, including no more than 10 hours of graduate credit. The maximum number of mixed-enrollment in the summer is 12 hours with 8 of those hours in graduate courses.

Graduate students on academic probation may only enroll for a maximum of 10 (ten) graduate hours in the fall and spring and 6 (six) graduate hours in the summer.

Changing Programs
Students who wish to change from one graduate program to another must meet all admission requirements for the new degree program, meet with their new graduate program advisor to complete the Graduate Program Change Request form (available in the Jackson College of Graduate Studies) and submit the request along with a formal plan of study for their new program, to the Jackson College of Graduate Studies. Students must meet all admission requirements for their new programs, including those involving the undergraduate GPAs.

Adds, Drops and Withdrawals

Adds
Students may add classes anytime before the end of the first week of classes. Please refer to the Class Schedule online under Web Registration Deadlines for specific deadline dates at: www.uco.edu/registrar/admit/enrollinfo.asp

Drops
Pre-Semester Drops: Students may drop a class before the first day of the semester either at the Enrollment Management Office or online. No records of courses dropped before the start of the semester will appear on transcripts. There are no financial penalties for such drops.

Early Semester Drops: As long as they do not withdraw from all classes, students may drop classes before the end of the second week of classes of the fall and spring semesters by completing the appropriate forms either at the Enrollment Management Office or online. No record of courses will show on transcripts. There are no financial penalties for such drops.

Late Semester Drops with Permission: As long as the student does not withdraw from all classes, students may under unusual circumstances, as defined by the university, drop classes after the end of the second week of classes of the fall and spring semesters. Examples of unusual circumstances include emergencies, hospitalization, military deployments, and moving to out-of-state jobs. Poor academic performance or lack of deadline compliance does not merit approval. Requests to drop in this manner require documentation, instructor confirmation of relevant information, and permission of the Director of Admissions and Records. All approved drops show on transcripts as either “withdraw” if the student is passing the course or “F’s” if not passing. The student is responsible for full payment of tuition and fees.

Students who abandon their studies without formally dropping their courses will receive grades of “F.”

Note: A late drop can have a significant negative impact on financial aid.

Please refer to the Class Schedule online under Web Registration Deadlines for specific deadline dates at: www.uco.edu/registrar/admit/enrollinfo.htm

Withdrawals from All Courses
Pre-Semester Withdrawals: Students may withdraw from all of their classes before the first day of the semester at the Enrollment Management Office. No records of courses withdrawn before the start of the semester will appear on transcripts. There are no financial penalties for such withdrawals.

Early Semester Withdrawals: Students may withdraw from all classes before the end of the second week of classes of the fall and spring semesters by completing the appropriate forms at the Enrollment Management Office. No record of courses will show on transcripts. There are no financial penalties for such withdrawals. Withdraws are not official until processed by Enrollment Services.

Late Withdrawals with Permission: Under unusual circumstances, as defined by the university, students may withdraw from their classes after the end of the second week of classes of fall and spring semesters. Examples of unusual circumstances include emergencies, hospitalization, and moving to out-of-state jobs. Poor academic performance or lack of deadline compliance does not merit approval. Requests to withdraw in this manner require documentation, instructor confirmation of good standing, and permission of the Director of Admissions and Records. All approved withdrawals show on transcripts as either “withdraw” if the student is passing the course or “F’s” if not passing. Withdrawals are not official until processed by Enrollment Services. Students who abandon their studies without formally withdrawing will receive grades of “F.” The student is responsible for full payment of tuition and fees.

Note: A late withdrawal can have a significant negative impact on financial aid.

Summer Semester Drops and Withdrawals:
1. Regular Summer Semester (8 weeks) - financial penalties will apply after the first week of class.
2. Block I and Block II Semester (4 weeks) - financial penalties will apply after the first three days of class.

Please refer to the Class Schedule online under Web Registration Deadlines for specific deadline dates at: www.uco.edu/registrar/admit/enrollinfo.htm
Academic Regulations & Graduation Requirements

Administrative Withdrawals from Courses for Non-Attendance: The university may withdraw students for failure to attend between the end of the second week and the end of the eleventh week of class. The university charges students who withdraw in this manner an amount equal to 25 percent of the courses’ original costs for tuition and fees. Withdrawals are not official until processed by Enrollment Services.

Grading System
The following system of grading is used at the University of Central Oklahoma.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Note</th>
<th>Points/ Hour</th>

</tr>
<tr>
<td>*F</td>
<td>FAILURE</td>
<td>0</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

*Failure - given when students fail to meet minimum standards for passing. Also given when students discontinue class attendance and do not formally drop or withdraw. An “F” grade is also assigned by the instructor when a student is failing the course but is allowed to drop or withdraw after the established deadlines.

Note: For the purpose of calculating grade point average (GPA) UCO converts grades listed on the transcripts of other institutions to UCO’s 4.0 grading scale. UCO does not recognize “plus” or “minus” grades, so, for example, transferred grades of B+ or B- would be recorded at UCO as B with a point value of 3.0.

P Passing - given for workshops, student teaching, physical education activity courses, and extrainstitutional credits.

S Satisfactory - given for 0-level (non-collegiate/developmental) courses.

U Unsatisfactory - given for 0-level (non-collegiate/developmental) and physical education activity courses and indicates the student’s level of understanding is not sufficient to take the next level of course work.

I Incomplete - given at the instructor’s discretion to indicate that additional work is necessary to complete a course. It is not a substitute for an “F” grade and no student may be failing a course at the time an “I” grade is awarded. To receive an “I” grade, the student should have satisfactorily completed a substantial portion of the required course work for the semester. Students have one year to resolve incomplete grades. In extenuating circumstances, the instructor may grant exceptions. “I” grades not changed by the instructor to a letter grade, within one year, will remain as a permanent “I” and not contribute to the student’s GPA. “F” grades cannot be changed to “I” grades.

W Withdrawal - given when a student initiates a withdrawal by the established procedures and deadlines.

N Not Reported - given when an instructor fails to submit grades by the established deadline.

AUDIT—given when students formally audit classes.

AUD-U—given when a student enrolled for audit but did not meet the instructor’s attendance and/or participation requirements for auditors.

X Thesis in Progress

Grade Appeals
In cases where graduate students wish to appeal a final grade, they must follow the Academic Appeal Policy located online under the UCO Academic Affairs Website at: http://www.uco.edu/academic-affairs/students/grade-appeals.asp.

Prerequisites and Corequisites
A prerequisite is a course, skill, or knowledge required to be completed PRIOR to taking another course. Prerequisites are established for courses requiring a specific background knowledge or skill level for successful completion. Many courses have more than one prerequisite.

Corequisites are complementary courses which require concurrent enrollment and which together comprise a body of knowledge or skills for the student.

Prerequisites and corequisites are established for the benefit of students. Insufficient background knowledge is an obstacle to success and often results in frustration, lower grades, and withdrawal.

Meeting prerequisites and corequisites is the responsibility of the student. (Exceptions must be cleared by the appropriate department or instructor.) Prerequisites and corequisites are listed in the catalog and on the Web class listings. Some prerequisites may be taken concurrently, and are listed as such in the course descriptions.

Students who pre-enroll in a course which requires a prerequisite or corequisite in which the student is currently enrolled may be dropped from that course by the university if they subsequently fail or drop the prerequisite/corequisite course.

Repeating Courses
If a graduate course is repeated to enhance the grade, both grades will be used in calculating the graduate grade point average. No course may be counted toward more than one degree unless the transfer of these courses to UCO falls under a Memorandum of Understanding and/or a Transfer Agreement between UCO and another institution. See “Transfer Credit.”
Academic Regulations &
Graduation Requirements

Academic Probation and Suspension
Graduate students must maintain an overall graduate grade point average of 3.00 or higher to remain in “good academic standing” with the University and the Jackson College of Graduate Studies.

A. Academic Probation
1. A student, regardless of admission status, will be placed on academic probation if:
   a. The student has completed nine graduate hours; and
   b. The student’s cumulative graduate grade point average (GPA) falls below 3.00.
2. While a student is on academic probation, the student may not enroll in more than ten (10) graduate credit hours in regular semesters and six (6) graduate credit hours in the summer semester.

B. Academic Suspension
1. A student will be placed on academic suspension if:
   a. The student’s cumulative graduate GPA falls below 2.00 in any semester; or
   b. The student fails to achieve a minimum graduate GPA of 3.00 in any semester while on probation.
2. A suspended student may not take graduate courses for at least 16 weeks while awaiting adjudication from the Graduate Council.

C. Readmission After Suspension
1. A student who wishes to be considered for readmission must submit a written appeal for readmission to the dean of the Jackson College of Graduate Studies within 30 days of issuance of their suspension. This is the only opportunity for the student to provide information relating to the substance of his/her appeal, thus, the student must include all information which he/she wants to have considered. The Admissions and Retention Committee of the Graduate Council will review the appeal and recommend readmission or dismissal to the Graduate Council.
2. The graduate dean will notify the student of the Council’s decision regarding dismissal or readmission.
3. If the Graduate Council approves readmission, the student must fill out a new application to graduate school, pay the $50.00 non-refundable application fee, and will continue on academic probation. The student must maintain a graduate GPA of 3.00 each semester.
4. Failure to achieve a graduate GPA of 3.00 or above during any semester after readmission will result in immediate dismissal from graduate studies at UCO with no reprieve for further graduate work.
5. Within 30 days of issuance of the notification, the student may appeal the decision in writing to the graduate dean but only on a claim that a university official had failed to follow proper procedures or laws.

Honors and Awards

Graduation with Honors
The University of Central Oklahoma grants degrees “with honors” to students who complete the master’s degree with grade-point averages of 4.00 for all graduate work attempted. Recognition of graduation with honors at the commencement ceremony is based on the student’s current retention GPA and will not include pending courses during the last semester of enrollment.

President’s Honor Roll
Graduate students who earn all “A’s” in a Spring or Fall semester in which they complete at least nine hours of residence graduate work, are listed on the President’s Honor Roll.

The E.C. Hall Graduate Scholar Award
The E.C. Hall Award, named in honor of the first graduate dean, goes each year to the graduate student with the highest academic record. In the case of a tie, the award goes to the student who completed the most total graduate credit hours and after that, to the student who completed the most UCO graduate credit hours. If two or more students are still tied, each receives the award.

Exceptions and Waivers
Exceptions or waivers to any graduate studies requirement must be formally requested in writing and approved by the graduate program advisor, the Chair of the Department, Dean of the College, and the Graduate Dean.

Graduation Requirements
The University of Central Oklahoma offers the following graduate degrees:
- Master of Arts
- Master of Fine Arts
- Master of Business Administration
- Master of Music
- Master of Education
- Master of Science
- Master of Public Administration
**Formal Application for Graduation**

In order to graduate with a master’s degree, a student must submit a formal Graduation Application to the Jackson College of Graduate Studies (JCGS) by the deadline established for the term (fall, spring, or summer) that the student intends to graduate.

**DEADLINES FOR GRADUATION APPLICATION**
- Fall Semester Graduation: Sept. 15
- Spring Semester Graduation: Feb. 15
- Summer Term Graduation: Feb. 15

**GRADUATION FEE**

There is a non-refundable $35 graduation fee that must be paid to the Bursar’s Office in person (NUC 134) or electronically (see below). There is an additional $25 fee for processing late applications. Please note, the University will process late applications as time allows, but students who apply late are NOT guaranteed to have their applications fully processed prior to the end of the semester or summer term.

**PROCEDURES FOR GRADUATION APPLICATION**

**Option 1:** Apply in person by paying the graduation fee at the Bursar’s Office and then presenting the receipt and completed form to the JCGS (NUC 404).

**Option 2:** Apply online by going to: [www.uco.edu/graduate/graduation/mgradapp.asp](http://www.uco.edu/graduate/graduation/mgradapp.asp) and clicking the link to Graduation Information. The fee will be charged electronically to the UCO student account.

Once the Graduation Application has been submitted, a final degree check will ascertain if all requirements have been met. This process will normally take one to four weeks depending on workload after which the student will be notified in writing of the results of the degree check. Call the Graduate Program Specialist at 974-2527 with any questions.

If a student fails to complete requirements during the semester for which he or she applied for graduation, the student must contact the JCGS to have his or her application rolled forward to a subsequent term. There is an additional fee for such changes (except for change from Spring to Summer of the same calendar year).

**Commencement Ceremonies**

Recipients of master’s degrees are strongly encouraged to participate in the University’s formal commencement ceremonies, which are held at the end of fall and spring semesters. Students who graduate at the end of the summer term are eligible to participate in the previous spring ceremony. The dates for commencement exercises are announced on campus well in advance so that students may order invitations and invite friends and family.

Several weeks in advance of the ceremony specific information regarding academic regalia (caps & gowns) and the particulars of the exercises (times, place, marching order, etc.) will be provided to students who have applied for graduation.

**Diplomas**

Students who complete degree requirements will receive diplomas by mail approximately six weeks following the last day of the semester in which they graduated.

**Requirements for All Master’s Degrees**

**Program Requirements: Courses and Credit Hours**

To graduate, a student must meet the course and total hour requirements specified in the catalog at the time that the student first enrolled in the program. All master’s degree programs contain at least 32 graduate hours, and some require more.

In some cases because of transfer-hour calculation, change in course hours at UCO, substitution, or other factors a student may meet a course requirement with a course that carries fewer hours than the one specified in the program curriculum. In such cases the student must obtain credit for additional hours in order to reach the program minimum.

In certain cases as recommended by the student’s graduate program advisor, a student who is deficient in certain areas may have additional course work mandated.

**Changes in Requirements**

To graduate, a student must meet the specific requirements specified in the catalog at the time that the student first enrolled in the program unless either the university or program requirements change before he or she completes all requirements. In that case, the student may choose to meet either the requirements specified in the catalog at the time that the student first enrolled in the program or the requirements in the newest catalog. The student must meet the entire set of requirements in one catalog or the other, not a mixture of requirements from the two catalogs. With the approval of the program’s graduate advisor and the graduate dean, however, some requirement substitutions may be allowed. Students whose enrollment is not continuous must meet the requirements in effect at the time of readmission.

**Grade Point Average**

JCGS requires a cumulative grade-point average of 3.00 or “B”, or better in all graduate work. No grade below “C” is acceptable for graduate credit, and no more than six semester hours of “C” shall be applied toward the degree. Grades of “S” and “X” are neutral grades and do not affect the grade point average, but grades of “C”, “D” and “F” are included in the calculation of GPAs.

**Time to Degrees**

UCO awards full credit for graduate hours completed within six years of completion of the student’s first graduate courses. Courses seven to ten years old will satisfy program course requirements but will count as one-half credit towards minimum program requirements. Credit hours more than 10 years old at the time of graduation will not be applied toward the master’s degree.

**Additional Master’s Degree**

A student who already holds a master’s degree from UCO or another regionally, appropriately accredited institution is welcome to obtain one or more additional master’s degrees from UCO by meeting all admission and program requirements.
for the additional degree(s) subject to the following additional considerations:

1. The subsequent degree cannot be in the same specific area as the first degree. In the case of dispute regarding similarity, the dean of the Jackson College of Graduate Studies will make the determination.

2. The student must complete a minimum of 32 additional graduate hours not included in any previous degree; i.e., a specific course may not be used to complete the course or hour requirements for more than one degree unless the transfer of these courses to UCO fall under a Memorandum of Understanding and/or Transfer Agreement between UCO and another institution. See “Transfer Credit.”

3. The Graduate Advisor may waive a research methods course if the student has already taken such a course in another master’s degree program in the same or in a related field. Students must still complete the same number of hours required for the current degree program by substituting another course approved by the advisor.

An official transcript from an appropriately accredited institution with a master’s degree posted is required for admission.

Requirements for Certain Degrees

Comprehensive Exams

Comprehensive exams, required for certain master’s degrees, must be scheduled no later than three weeks before the beginning of the final examination week for the fall and spring semesters and no later than 10 days prior to the beginning of the final examination week for the summer semester.

Continuous Enrollment Required for Thesis or Project

All programs involving a master’s thesis or special project (Creative Writing, Applied Math, etc.) require the student to be in continuous enrollment (fall and spring semesters) in a 5990 course (thesis) or 5980 course (project) until all requirements for the degree are completed.

NOTE: Students must submit their completed thesis and projects to their instructors in a timely manner. If a student submits his or her thesis or project too late for the instructor and/or committee to evaluate it and meet the deadline for submitting grades for that term, the student must enroll in at least one additional hour of thesis credit in the following term even though the thesis or project has been completed and submitted. This will delay the student’s graduation by one semester.

Thesis

Some graduate programs require a master’s thesis. Students completing a thesis must follow the instructions of their thesis committee concerning the development and preparation of their thesis. Additionally, thesis students must comply with the JCGS and the Chambers Library requirements as explained below.

Thesis Committee

Students should consult their graduate program advisors early in their master’s programs for requirements regarding thesis committee and thesis preparation.

Once a student’s thesis committee has been formed, the student must submit a signed copy of the Graduate Thesis Committee Form to the JCGS. Students can obtain the forms from their program department.

Thesis Hours

The maximum number of thesis hours which may be applied toward any graduate program is six (6) except that the maximum for the MFA in Design is twelve (12).

Once enrolled in thesis hours, a student must remain continuously enrolled in thesis hours during each fall and spring semester until full completion of all thesis requirements have been met.

Thesis Grading

Thesis hours completed during the development and preparation of a thesis but prior to its final completion will be assigned an “X” grade and will contribute to the “Hours Attempted” and “Hours Earned” sections of the student’s transcript. The “X” grade will not, however, contribute to the graduate GPA.

Once the thesis is completed, the thesis committee chair will assign a Passing or Failing grade (“P” or “F”). While a grade of “P” will not contribute to the graduate GPA, an “F” grade will contribute to the overall graduate GPA and will prevent student from graduating.

Timing of Thesis

Any student who has completed all course work must complete his/her thesis within two academic years (two fall and two spring semesters) beginning with enrollment in the first thesis course. The terminal MFA degree is the one standard exception to this thesis timing rule. Any other exception request to extend beyond two years must be made in writing to the graduate dean.

Public Thesis Defense

A graduate student who submits a thesis must publicly defend his/her thesis with a representative from the Graduate Council and a thesis defense committee present. The Thesis Defense Scheduling Form may be obtained on the JCGS website and should be completed and submitted by the Thesis Committee Chair. JCGS policy requires two weeks to schedule a Graduate Council Representative. Thesis defense deadlines are December 6th, 2013 for Fall 2013 and April 25th, 2014 for Spring 2014.

Thesis Summary Document

The student is required to prepare a Thesis Summary Document for faculty use in his/her thesis defense. The intent is to cause the thesis student to verbalize his/her rationale for key research decisions and thus to assist him/her in defending those rationales before his/her committee. The document must include:

1. Statement of the Problem or Issue (one paragraph)
2. Brief Summary of the Literature (one or two paragraphs)
3. Thesis Statement (one or two sentences)
4. Statement of the Research Methodology (one sentence)
Academic Regulations & Graduation Requirements

Examples of Qualitative Analysis, most applicable to studies of small groups, whole populations, or non-repetitive or non-repeatable phenomena include but are not limited to: Case study, participant observation, narrative, biography, focus group, textual and contextual, qualitative theory, philosophical and artistic.

Examples of Quantitative Analysis, most applicable to studies of population samples and to repetitive or repeatable phenomena include but are not limited to: Scientific, survey, quantitative theory, statistical, and predictive.

1. Description of the Form or Genre of the Creative Project (one paragraph)
2. Brief Summary of Relevant Creative Work by Other Artists in the Genre of the Creative Project (one or two paragraphs)
3. Statement of the Objectives of the Creative Project (one or two paragraphs)
4. Identification of Major Creative, Conceptual, or Technical Challenges Posed by the Creative Project (one or two paragraphs)
5. Description of Strategies Employed to Meet the Major Creative, Conceptual, or Technical Challenges Posed by the Creative Project (one or two paragraphs)
6. Statement of the Significance of the Creative Project and of Its Implications for the Field (one or two paragraphs)

Thesis Format Requirements

A candidate completing his/her thesis for his/her master's degree must submit the original title page, signature page, abstract page and summary to the JCGS no later than the last day of classes in the same term they plan to graduate. These documents must be on file to graduate. For additional information, contact the Graduate Program Specialist at:

Submission Requirements for Thesis

Following successful public defense of the thesis, students must submit the thesis in both paper and electronic formats. For additional information, visit Chambers Library website at http://library.uco.edu/services/thesis.cfm or call Special Collections at 405.974.2882.

1. Paper Submission Process
   a. Each student completing a thesis for the master's degree program must submit two (2) copies of his/her thesis for binding to Archives & Special Collections in the Max Chambers Library.
   b. The primary responsibility for content, form and style of the thesis rests with the student and the student's thesis committee members. The student is responsible for the complete and accurate collation of the thesis before submitting it to the library for binding.
   c. Both copies of the thesis must be presented with an original signature page signed by all members of the thesis committee, on white 25%-100% cotton or rag paper and not bound or punched.
   d. After the thesis returns from the bindery, one copy will be placed in the Archives Thesis Collection for reference only, and the second copy will be forwarded to the academic department which supervised the work. A full text, electronic version of your thesis will be made available through the UCO Chambers Library online catalog.
   e. It takes approximately two months for the binding process to be completed. Students may pick-up their additional copies in the Archives & Special Collections Monday through Friday from 8:30am to 4:30pm.

2. Electronic Submission Processes

After a successful public defense of the thesis, students must submit one (1) electronic copy of the thesis to: http://dissertations.umi.com/uco. The electronic copy must be the same, content and pagination as the paper copy for Academic Regulations & Graduation Requirements
submitted for binding. Instructions are available at: http://dissertations.umi.com/uco. For questions regarding the electronic thesis submission process, please contact:

Financial & Student Services Information
Financial Information

Tuition and Fees for Graduate Courses

Graduate courses at UCO are charged based on a combination of mandatory tuition and fees for all courses plus specific fees which vary by course and the college offering the course. (Graduate students who take undergraduate courses to meet prerequisites or for general preparation pay undergraduate tuition and fees for those courses. See the undergraduate catalog for details.) See the Registrar Website for the latest detailed information on tuition and fees at: http://www.uco.edu/em/registrar/financial-aid/index.asp

Estimated Costs for International Students

International graduate students on F-1 visa status should contact the Office of International Services to determine the current cost of attendance estimate including fees, tuition, books, housing, meals, and other living expenses. Visit Nigh University Center, Room 137; call 405-974-2390; e-mail international@uco.edu; or go to http://www.uco.edu/student-affairs/international/.

Residence Status

A uniform policy concerning resident status exists for all state-supported institutions of higher education in Oklahoma. Information and a petition to determine residency are available in the Office of Admissions and Records, first floor, Nigh University Center.

Financial Aid for Graduate Students

There are numerous sources of financial aid for UCO graduate students including:

- Teaching Assistantships
- Research Assistantships
- On-Campus Employment including Federal Work-Study
- General Scholarships
- Program-Specific Scholarships
- Veterans and Senior Citizen Programs
- Research Grants

It is the student’s personal responsibility to take the initiative to find out about financial aid and scholarships. The Office of Financial Aid (see contact information below) is the best source of information. In addition, the offices of the academic colleges and departments can often make helpful suggestions about scholarship opportunities and sources of financial aid specific to the programs they offer.

On the university web site, students will find a number of privately funded scholarships available to them associated with their specific academic degree. Applications can be downloaded by visiting the following college websites. These websites will carry the latest information and important deadlines.

Teaching and Research Assistantships

Assistantships at UCO are intended to be awarded only to the best students. The requirements to be granted assistantship status are intentionally rigorous and, as a result, the awarding of an assistantship is not always automatic.

For information on Teaching Assistantships, contact the graduate advisor or deans’ office over your program. Nearly all teaching assistantships are in the College of Liberal Arts. For information on Research Assistantships, contact the Office of Research and Grants, ADM 216, 974-2526 or visit their website at: www.uco.edu/facres/

Enrollment Changes and Financial Aid

During the semester, a student may drop a course(s). If federal funds have already been issued to the student or credited to the student’s account, the student may be liable for repay-
ment of these funds. Federal aid recipients who completely withdraw after school begins, but prior to completing at least 60% of the semester will have to repay some portion of the federal funds received.

Veterans Assistance Programs
UCO maintains a full-time Veterans Affairs Office. It is located in Room 121B of the Nigh University Center. The phone number is (405) 974-2578. The staff can assist students in completing requirements to receive VA entitlements.

Senior Citizens Programs
Residents of Oklahoma, 65 years of age or older, may request a fee waiver to audit up to six semester hours of academic work per semester contingent upon available classroom and laboratory space. Permission to audit must be obtained from the instructor. Students auditing a class are expected to have the same prerequisites completed as students enrolled for credit. After enrollment, senior citizens requesting a fee waiver should take their processed class schedule printout and proof of age to the Office of Student Financial Aid, Nigh University Center, Room 141.

Vocational Rehabilitation
The Vocational Rehabilitation office is located at 1701 E. 2nd Street, Suite C, Edmond, OK, (405) 341-1400. All students seeking vocational rehabilitation assistance must be processed and cleared through this office each term. Please contact this office directly about eligibility requirements.

Student Research, Creative and Scholarly Activities (RCSA) Grants
Research is an inquiry or investigation that makes an original, intellectual, or creative contribution to the discipline. At UCO this definition includes significant faculty mentoring in research, creative, and scholarly activities (RCSA) that have the potential for peer-reviewed dissemination in the form of presentations, publications, creative projects, exhibitions, or performances.

Engaging students in RCSA is one of the academic goals of UCO. RCSA opportunities contribute to the production of well-rounded, better-educated students who will have a greater probability of becoming productive, creative, ethical, and engaged citizens in a post-graduate environment. While UCO encourages and supports RCSA at all levels across the UCO campus, it is especially encouraging and supportive when students are involved. Students of all disciplines can engage in the benefits and excitement of student-focused RCSA.

Some of the initiatives available to graduate students in research, creative and scholarly activities are the Student RCSA Presentation Grant Program, which supports up to $500 of air travel expenses for the presentation of student research, creative and scholarly activities. In addition, students can submit proposals to the Student RCSA Research Grant program.

Students who are selected for the Student RCSA Research Grant program will receive an award of up to $500 per se-

Student Testing Services
The University of Central Oklahoma’s Testing Center is a national test center for Educational Testing Services (ETS), The College Board, and the American College Testing Program (ACT). Testing Services administers national college entrance exams such as the ACT, SAT, GRE Subject Exam, and the PPST; visit those web sites for schedule and registration information. Testing Services also offers residual ACT and institutional TOEFL exams to prospective UCO students on a weekly basis (results of residual and institutional exams cannot be transferred to other institutions). Moreover, Testing Services offers two types of “challenge” examinations designed to evaluate learning for the purpose of awarding college credit: 1) Nationally Standardized tests CLEP, Dantes, Advanced Placement (AP); and 2) Departmental tests based specifically on UCO curriculum which may be objective, essay, and/or performance based. For more information, visit Thatcher 301; call (405) 974-2388; or visit: www.uco.edu/testing_services.

Technology Assistance
Call Technology Support: 974-2255; or go online to: www.uco.edu/technology/

The Office of Information Technology (OIT) is responsible for all technology-related applications and systems which cross two or more departmental or functional areas. It offers students, faculty, and staff a wide range of technology services in support of their educational experience. OIT comprises Technology Resource Center, Support and Operations, Technology Applications, Enterprise Service Professionals, and Telecommunications departments.

OIT has negotiated reduced pricing for software and hardware available through the UCO Techstore. For more information visit www.uco.edu/techstore.

General purpose microcomputer labs are located in the Chambers Library Microcomputer Lab Room 107 and the Cyber Café located on the second floor of the Nigh University Center. The microcomputer labs provide students with access to microcomputers utilizing campus standard software, including Internet browsers, UCONNECT, WebCt, Microsoft Office, Adobe and SPSS. UCO is a completely wireless campus. For connection settings visit: www.uco.edu/technology/wireless/index.asp

The Language Company - Edmond
As UCO continues to expand globally, The Language Company - Edmond, a privately-owned school located on campus, is reaching out to international students by providing English as a Second Language programs on nine levels of instruction in addition to special private courses. International students participate in twelve-week classes designed to give them English skills necessary to succeed and to exhibit requirements for admission into U.S. colleges and universities. For more information contact, (405) 341-2125. See the Admission to Graduate Studies section of this catalog for information on English proficiency requirements.

Disability and Rehabilitative Support Services
The Office of Disability Support Services (DSS) aims to assist students with qualifying disabilities achieve access to educational opportunities that are on par with those enjoyed by their peers without disabilities. Students with disabilities who require accommodations may contact the Disability Support Services Office where they will be given an opportunity to identify specific academic needs. Additionally, students will be asked to provide documentation regarding their disability and request for accommodation prior to receiving services. Reasonable accommodations are based on the individual need of the student. Services such as note takers, sign language interpreters, and alternative testing procedures are some examples of the kinds of accommodations that may be granted to qualifying students.

The Disability Support Services Office can assist the student in removing architectural or attitudinal barriers on campus. A student who believes he/she has been treated inappropriately because of his/her disability is encouraged to report the incident to the Disability Support Services Office.

For further information on services provided, visit the Disability Support Services Office, Room 309, Nigh University Center, call (405) 974-2549 or visit us on the Web at: www.uco.edu/disability_support/

Sections 503 and 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 require the University to make reasonable accommodations in providing students with disabilities access to equal educational opportunity.

Residential Accommodations
The University of Central Oklahoma offers unique living environments designed to meet the needs of UCO’s diverse student body. For information go to: www.uco.edu/residence_life/. To reach them via e-mail use the following address: housing@uco.edu

Student Conduct
The mission of the Student Conduct Office is to enlighten the campus citizenry regarding conduct regulations and responsibilities, and enforce the social guidelines necessary to maintain a comfortable atmosphere of living and learning in the University community. The Student Conduct Office determines responsibility in referred cases and decides how to develop and/or restore character, community, and civility to those students who have made mistakes, as well as others who may have been impacted. The Student Conduct Office may develop and restore students and the affected community through a variety of appropriate developmental sanctions and/or programming. The Student Conduct Office communicates expected standards of behavior through the publication of the Code of Student Conduct.

The Student Conduct Office also serves as a channel of communication between instructors and those students unable
to attend class because of an emergency, which may include
death of a family member, extreme illness/hospitalization,
jury duty, military leave, or victimization by a natural disaster.
Authentic documentation is required.

For more information about the services and publications of the Student Conduct Office, contact the Director of Student Conduct in Lillard Administration 213, (405) 974-2361, or visit www.uco.edu/ssvp/conduct/.

Student Support Offices

Alumni Services
The UCO Alumni Relations Office serves as the voice and
link for all graduates and former students to the university. Its
goal is to maintain a close relationship with alumni through
specialized events and communication pieces. The office also
helps alumni (graduates and former students) reconnect with
former classmates and faculty. The UCO Alumni Relations
Office also works in tandem with the non-profit UCO Alumni
Association. Membership is open to any graduate, former
student or friend of the university. For more information call,
(405)974-2421, visit the Alumni Website at www.uco.edu/
alumni or stop by the Alumni House on 320 East Hurd.

Student Affairs Services
Student Affairs Services provides a challenging and support-
ive community for students by fostering their understanding
of self, appreciation of diversity, and commitment to service.
These goals are achieved by providing progressive and in-
clusive programs and services that enhance student learning
and well being.

The departments within Student Affairs Services offer sup-
port for personal enrichment and development of leadership
skills. All departments aim to assist students in achieving their
personal and academic goals.

The departments reporting to the Vice President for Student
Affairs include:

Career Support Services
UCO Career Services assists students with academic/
course planning and career development. The staff and ser-
vice are available to help students choose plans of study
(i.e. majors), to find internships, and to ultimately find full-time
employment upon graduation.

The UCO Career Services counseling staff meets with
students Mondays-Fridays through scheduled appointments
and during specific non-appointment hours on certain days,
which are considered walk-in counseling sessions. To learn
current walk-in counseling hours, please call or visit online.

Four assessments help students understand themselves
better and assist them in choosing majors or careers to pur-
sue, the most popular being eDISCOVER (which is free to
students).

There is also a seminar series each semester to discuss
topics such as resume writing, interviewing skills, job and
internship searching, and handling a first post-college salary.
The Career Resource Lab within Career Services also offers
hundreds of degree and career resources, from Major Con-
nections to employer literature to sample resumes to books
and videos to internet access for specialized career software.

Those seeking internship or full-time employment oppor-
tunities will find the online program especially helpful. It is
a resume database, from which resumes are electronically
referred upon employers’ requests. It also serves as the in-
terview scheduling program when recruiters come to campus.

UCO Career Services also hosts the Fall Career & Intern-
ship Fair, Summer Camp Job Fair, Spring Career & Internship
Fair and Teacher Job Fair. See www.careers.uco.edu for the
latest information, visit Nigh University Center, Room 338
(above the Express Food Court), or call (405) 974-3346 for
more information.

I.D. Cards
All entering students must have an identification (I.D.) card
issued the first semester of enrollment and used while the
student is enrolled in classes at UCO. Students must show
the I.D. card when conducting business on campus. The card
also entitles the bearer to discounts at area movie theaters
and other community businesses. Students are charged the
$10.00 I.D. fee at first enrollment, to be paid at the Bursar’s
counter. I.D. Cards may be obtained in the Nigh University
Center, Room 128.

International Services
The Office of International Services, Nigh University Center,
Room 137, is the international student’s home away from
home, and the first place an international student should go
when arriving on campus. The International Services Office
is responsible for all international recruitment and admission
procedures, both graduate and undergraduate. The office has
Immigration and Customs Enforcement (ICE) advisors and
activity coordinators who provide an array of both on-campus
and off-campus activities. Admissions counselors are also
available. Information on scholarship opportunities specifically
designed for international students is also available.
Financial & Student Services Information

Additionally, the offices of the NCN (National Collegiate Network) advisors are located in the International Student Services Office. These advisors assist students from Japan who were admitted through this program.

For more information on the International Student Services Office, call (405) 974-2390, or visit the Website at: www.uco.edu/ioffice/.

Academic Support

Tutoring Central located on the Northeast corner of West Hall houses the UCO English and Writing Lab and provides some math and science tutoring for lower level courses. The TC also provides students with scheduling for and/or information about free tutoring services and academic support programs on campus. In addition, Tutoring Central sponsors Conversation Groups designed to help UCO International students improve conversation skills with activities to engage and promote understanding and practice of the English language. For more information on Tutoring Central call (405) 974-2487, or visit the website http://tc.uc.edu.

Multicultural Programs

The Office of Multicultural Student Services is here to help students succeed and accomplish all of their goals at the University of Central Oklahoma. The office offers several services and programs for minority students. The Multicultural Student Services Office is located in Nigh University Center, Room 211. The phone number is (405) 974-5946.

The program design includes peer counseling, student skills workshops, and cultural awareness programs. The office serves as a resource for the rest of the campus on issues surrounding minority students. Student staff members help their peers adjust socially and academically to university life, learn basic college survival skills, and explore the myriad opportunities the university community has to offer.

Parking

Student cars parked on campus must display parking permits. Current license plate numbers are required to purchase parking permits. Students may purchase permits annually from the Transportation and Parking Services Office, located in the Nigh University Center, Room 309.

Postal Service

Postal services are available including post office box rental. The Broncho Stamp N Post is located in the Nigh University Center on the first floor. There are three mail deposit centers on campus. One is located in the Nigh University Center, one in the lobby of the University Suites, and one in the lobby of Central Plaza.

Public Safety and Security

The mission of the University of Central Oklahoma’s Department of Public Safety (DPS) is to provide a safe and secure environment to further educational activities within the confines of the campus, its buildings, facilities and service areas. To accomplish this mission, DPS delivers a variety of services through its Police Operations Division, Environmental Health and Safety Division, Access Control (Key Control) Division and Transportation & Parking Services Division.

Police patrol services are provided by commissioned, armed and state-certified police officers. DPS police officers are responsible for building security, response to emergencies, investigation of crimes that occur on campus, crime prevention activities and a myriad of other activities that help support the educational mission of UCO. DPS also employs students through the Student Public Safety Officer program to perform general safety and security services. These include building security, Safe-Walk escorts and motorist assistance.

The UCO DPS building is located immediately northwest of Old North, next to University Drive. They operate twenty-four hours a day, seven days a week year round. For non-emergency matters, call (405)974-2345. Emergencies may be reported via 9-1-1 from any campus telephone.

The Environmental Health and Safety Division manages a number of programs and training initiatives including fire alarm system management and fire safety programs, asbestos abatement, mold remediation, occupational safety programming, chemical disposal programs and a number of other programs engineered to ensure that UCO remains a safe environment for everyone. They can be reached at (405) 974-2216 or (405) 974-3000. Students should report any environmental health or safety concerns to this office.

Transportation and Parking Services

The Transportation and Parking Services unit manages the maintenance and care of university parking facilities, permit sales, violation enforcement and special event management. They can be reached at (405) 974-2780.

The Access Control Division can be reached at (405) 974-2944. This unit maintains all entry door and locking/exit hardware as well as lock core changes and key issuance for all faculty and staff.

For more information about the Department of Public Safety or campus security and safety initiatives, please visit the DPS Website at: uco.edu/administration/safety-transportation/transportation-parking-services/index.asp

Risk Management

UCO is insured through the Office of State Risk Management. The Risk and Insurance Management Program Coordinator in UCO’s Office of Legal Counsel, coordinates all insurance activities for the University.

Students desiring insurance coverage for their properties must provide their own. UCO is not responsible for stolen or lost property on the University campus. UCO is not liable for personal injuries sustained by students in classes or laboratory settings unless the State Risk Management, working with the State Attorney General Office, determines that the cause of the incident leading to the injury is due to negligence on the part of UCO. A student motor vehicle must have full insurance coverage, as the university does not indemnify against losses to vehicles operated or parked on university property.

Student Counseling Center

The University of Central Oklahoma’s Student Counseling Center is a place where students can learn to deal more effectively with personal concerns or situations, such as coping

32
with friendships, divorce or a break-up, anxiety, depression, academic difficulties, career change, and adjustment to college life. Services are available to currently enrolled students of UCO only. The Student Counseling Center is located in Nigh University Center, Room 402, and is open between the hours of 8 a.m. to 5 p.m., Monday through Friday, excluding university holidays. Call (405) 974-2215 or visit online at: www.uco.edu/scc for more information.

The Alcohol and Drug Abuse Prevention Office

Our goal in the Alcohol and Drug Abuse Prevention Office is to develop prevention strategies to help students decrease the likelihood of alcohol or drug abuse. We provide on-line and comprehensive self-assessments, treatment recommendations, structured support groups and short-term individual therapy services. Visit us at www.uco.edu/adap or call 405 974-2215.

The Violence Prevention Project

The Violence Prevention Project (VPP) provides awareness education and intervention services with issues related to sexual assault or rape, domestic or dating violence, or stalking. Our office is located in the Nigh University Center, Room 406. For more details, call 405-974-2224 or check our UCO website, www.uco.edu/vpp.

University Health Services

University Health Services serves as a convenient and affordable source of health care for UCO faculty, staff, and enrolled students. Available services include immunizations and TB testing, women’s health care, routine physicals, care of minor injuries and sudden illness, pharmaceuticals, nutritional counseling, allergy injections, health education and counseling, psychiatric services, and laboratory testing.

University Health Services is open according to the University calendar, Monday through Friday, 8:00 am to 5:00 pm. To schedule an appointment with the medical doctor or the nurse practitioners, please call (405) 974-2317. The UCO Student Health Center accepts most health insurance plans, as well as other forms of payment.

Patients can also be seen without an appointment. Walk-in patients are accommodated on a first-come, first-served basis.

University Health Services is in the Wellness Center, Room 105 on the northwest corner of campus on University Drive. For more information about University Health Services, please visit mercyok.net/mhn/uco/default.asp.

Health Insurance

Information on hospitalization and accident insurance is available in the brochure rack near the Center for Undergraduate Academic Advisement, Nigh University Center, Room 121. Information is also available through the Student Health Center, Wellness Center Room 105, (405) 973-2317, or student-health-insurance-plan.com/?source=msn. International students should contact the Office of International Services, Nigh University Center Room 137, (405) 974-2390.

The names of graduate program advisors appear with their programs on the following pages.

At the graduate level, the College of Business awards the Master of Business Administration (MBA) with majors in General Business Administration and Accounting.

The College of Business and its programs are accredited by the Association of Collegiate Business Schools and Programs (ACBSP).
The mission of the MBA Program at the University of Central Oklahoma is to provide a unique learning experience that will give each graduate the managerial and leadership skills to be productive, creative, ethical, and engaged, excelling in everyday decision-making in varied business environments. The Master of Business Administration (MBA) degree at the University of Central Oklahoma (UCO) is designed for students who desire broad preparation for managerial and executive positions in business, industry, government, and education. Courses in the innovative, integrated curriculum focus on the knowledge and expertise that today’s managers need to solve everyday problems.

The MBA is intended to provide students with a 21st Century MBA education using integrated learning strategies for teaching integrated organizational functions. The UCO MBA student will learn to combine the theoretical and practical knowledge necessary to develop the leadership and management skills required in today’s business world.

The College of Business is accredited by the Association of Collegiate Business Schools and Programs (ACBSP) as well as by the Higher Learning Commission.

Admission Policy and Procedure

The University of Central Oklahoma and the College of Business are committed to a qualified and diverse student population and encourage applications from individuals who hold bachelors’ degrees in any field from accredited colleges or universities. Admission decisions are recommended to the Jackson College of Graduate Studies by the MBA Admissions Committee upon review of the complete application.

Applicants are evaluated based on academic ability, as evidenced by a strong undergraduate record and performance on the Graduate Management Admission Test (GMAT) or the Graduate Record Examination (GRE) and on maturity, motivation, leadership, communication skills, and interest in professional management. These admission standards ensure that applicants admitted to the Jackson College of Graduate Studies are well qualified to study at the University of Central Oklahoma and have a reasonable expectation of successfully completing the program.

Admission Requirements

Submit the following items to the Jackson College of Graduate Studies (JCGS), Nigh University Center, Room 404, University of Central Oklahoma, 100 N. University Drive, Edmond, OK 73034.

Application deadlines: July 15 for Fall and November 15 for Spring Semesters. Applications completed after those deadlines will be considered on a space-available basis.

Admission Requirements (All Applicants)

1. Paper or online application for admission (www.uco.edu/graduate/admissions.html).
2. Official copies of undergraduate and graduate transcripts from each institution attended with all degrees posted. All transcripts must be from appropriately accredited institutions.
4. Two completed recommendation forms or letters of recommendation from former instructors, employers, or other professionals who can evaluate the applicant’s potential to complete graduate study.
5. Evidence of English language proficiency, if not a native speaker. See Graduate Admissions Information – English Language Proficiency.

Upon notification of acceptance from the Jackson College of Graduate Studies, a student must schedule an appointment with the Director of MBA Enrollment to complete the admission process.

Minimum Requirements for Mixed Undergraduate and Graduate Enrollment

The MBA Admissions Committee may admit to graduate classes UCO seniors who show evidence of having the following:
1. Capability of graduating with a bachelor’s degree at the end of the semester of mixed enrollment, and
2. Overall undergraduate GPA of 3.0 or higher, and
3. GMAT score of at least 450, OR a 980 combined verbal and quantitative score for GRE exams taken before August 1, 2011, OR a 295 combined verbal and quantitative score for tests taken on or after August 1, 2011, and
4. GMAT verbal or GRE verbal component score at or above the 20th percentile.
During the mixed enrollment, a student may enroll in no more than 16 hours. The student may enroll in only one semester of mixed enrollment (maximum of ten graduate hours) until the undergraduate degree is posted on the student's transcript.

**Requirements for Regular Admission**
As long as there is available capacity, the MBA Office will admit applicants who show evidence of having the following:

Business Administration - Accounting, M.B.A.

The MBA – Accounting Major Program provides a transformative learning experience that will give each graduate the specialized accounting, managerial, and leadership skills to be productive, engaged, and ethically aware professionals, excelling in everyday decision-making in varied business environments. MBA – Accounting Major students will demonstrate: knowledge in overall Business topic areas, the ability to perform research in the field of accounting, technical writing skills for the accounting field, theoretical, statistical and practical accounting knowledge, and an awareness of the ethical issues in the field of accounting.

The College of Business is accredited by the Association of Collegiate Business Schools and Programs (ACBSP) as well as by the Higher Learning Commission.

Admission Policy and Procedure

The University of Central Oklahoma and the College of Business are committed to a qualified and diverse student population and encourage applications from individuals who hold a bachelor’s degree and at least 21 hours of upper-division accounting from an appropriately accredited institution. Admission decisions are recommended to the Jackson College of Graduate Studies by the MBA Admissions Committee upon review of the complete application.

Applicants are evaluated based on academic ability, as evidenced by a strong undergraduate record and performance on the Graduate Management Admission Test (GMAT) or the Graduate Record Examination (GRE) and on maturity, motivation, leadership, communication skills, and interest in professional management. These admission standards ensure that applicants admitted to the Jackson College of Graduate Studies are well qualified to study at the University of Central Oklahoma and have a reasonable expectation of successfully completing the program.

Admission Requirements

Submit the following items to the Jackson College of Graduate Studies, Nigh University Center, Room 404, University of Central Oklahoma, 100 N. University Drive, Edmond, OK 73034.

Application deadlines: July 15 for Fall and November 15 for Spring Semesters. Applications completed after those deadlines will be considered on a space-available basis.

Admission Requirements (All Applicants)

Also see below for additional requirements based on type of admission.

1. Paper or online application for admission (www.uco.edu/graduate/admissions.html).

2. Officials copies of undergraduate and graduate transcripts from each institution attended with all degrees posted. All transcripts must be from appropriately accredited institutions.

4. Two completed recommendation forms or letters of recommendation from former instructors, employers, or other professionals who can evaluate the applicant’s potential to complete graduate study.

5. Evidence of English language proficiency, if not a native speaker. See Graduate Admissions Information – English Language Proficiency.

Upon notification of acceptance from the Jackson College of Graduate Studies, a student must schedule an appointment with the Director of MBA Enrollment to complete the admission process.

Minimum Requirements for Mixed Undergraduate and Graduate Enrollment

The MBA Admissions Committee may admit to graduate classes UCO seniors who show evidence of having the following:

1. Capability of graduating with a bachelor’s degree and at least 21 hours of upper-division accounting from an appropriately accredited institution at the end of the semester of mixed enrollment, and

2. Overall undergraduate GPA of 3.0 or higher, and

3. GMAT score of at least 450, OR a 980 combined verbal and quantitative score for GRE exams taken before August 1, 2011, OR a 295 combined verbal and quantitative score for tests taken on or after August 1, 2011.

4. GMAT verbal or GRE verbal component score at or above the 20th percentile.

During the mixed enrollment, a student may enroll in no more than 16 hours. The student may enroll in only one semester of mixed enrollment (maximum of ten graduate hours) until the undergraduate degree is posted on the student’s transcript.

Requirements for Regular Admission
As long as there is available capacity, the MBA Office will admit applicants who show evidence of having the following:

1. GMAT score of at least 450, OR a 980 combined verbal and quantitative score for GRE exams taken before August 1, 2011, OR a 295 combined verbal and quantitative score for tests taken on or after August 1, 2011, and

2. GMAT verbal or GRE verbal component score at or above the 20th percentile, and

3. Last 60 hours GPA of at least 3.25 or an overall UG GPA of at least 3.00

4. Bachelor’s degree in accounting or a bachelor’s degree and at least 21 hours of upper-division accounting, from an appropriately accredited institution, and

5. Completion of at least 3 hours in Intermediate Finance with a grade of B or better.

Minimum Requirements for Alternative Admission Consideration
The MBA Admissions Committee may admit applicants who show evidence of meeting all requirements in one of these two categories:

Category A
1. See 4 and 5 in Regular Admission section above and

2. GMAT & GPA Index score of 1000 or higher [(Overall UG GPA x 200) + GMAT], OR GRE (post 8/1/2011) & GPA Index score of 888 or higher [(Overall UG GPA x200) + GRE (post 8/1/2011)], OR GRE (pre 8/1/2011) & GPA Index score of 1440 or higher [(Overall UG GPA x 200) + GRE (on or post 8/1/2011)].

3. GMAT verbal or GRE verbal component score at or above the 20th percentile, and

4. Undergraduate GPA of at least 2.50.

Category B
1. See 4 and 5 in Regular Admission section above

2. 5 years of exempt-level work experience since UG degree completion date, and

3. GMAT score of at least 500, OR a 1050 combined verbal and quantitative score for GRE exams taken before August 1, 2011, OR a 300 combined verbal and quantitative score for tests taken on or after August 1, 2011, and

4. GMAT verbal or GRE verbal component score at or above the 20th percentile, and

5. Overall UG GPA of at least 2.25.

Minimum Requirements for Provisional Admission Consideration
The MBA Admissions Committee may admit applicants who show evidence of having the following:

1. Bachelor’s degree in accounting or a bachelor’s degree and at least 21 hours of upper-division accounting, from an appropriately accredited institution, and

2. Last 60 hours GPA of at least 3.25 or an overall UG GPA of at least 3.00, and

3. No GMAT score or a GMAT score of less than 450, OR a 980 combined verbal and quantitative score for GRE exams taken before August 1, 2011, OR a 295 combined verbal and quantitative score for tests taken on or after August 1, 2011, and

4. TOEFL score of 500 or Higher (Requirement applies only to Non-Native English Speaking Students).

Students granted Provisional Admission must within one year of their notification date score at least 450 on the GMAT, OR a 295 combined verbal and quantitative score for GRE exams, with a verbal component score at or above the 20th percentile, and complete either nine or more hours in graduate non-MBA courses or 12 or more hours in undergraduate business or related courses with a cumulative average of 3.0 or higher GPA for these courses, as approved by the MBA Office. Non-Native English Speaking Students with TOEFL scores of 500-549 must also achieve graduate level English proficiency. Coursework taken as a provisional student does not count towards MBA degree requirements.

**Adult and Higher Education, M.Ed.**

This major provides students with preparation to work in teaching positions in higher education institutions, such as community colleges and four-year colleges.

Anticipated interest groups for Adult and Higher Education are persons wanting to teach as their major responsibilities and who have approximately 18 credit hours in the subject area and/or licensure they want to teach (e.g., business, sociology, foreign language, etc.).

This program is also geared to act as a spring board into similar doctoral programs at terminal degree granting institutions.

**Admission Requirements**

Submit the following items to the Jackson College of Graduate Studies (JCGS), 100 N. University Dr., Nigh University Center, Rm. 404, Edmond, OK 73034.

1. Paper or online application for admission (www.uco.edu/graduate/admissions.html).
2. Official copies of undergraduate and graduate transcripts from each institution attended with all degrees posted. All transcripts must be from accredited institutions. Undergraduate transcripts must show a minimum 2.75 GPA overall or 2.75 GPA in the last 60 hours attempted.
3. Students falling below this standard may qualify for conditional or provisional admission. See Admission to Graduate Studies section.
4. Students with a native language other than English must submit evidence of English language proficiency. See Admission to Graduate Studies section - English Language Proficiency.

The goals of the Graduate Athletic Training Education Program are:

1. To provide students the opportunity to complete an accredited program of study that will provide them with the knowledge and clinical skills to become Certified Athletic Trainers.

2. To provide students the opportunity to learn, develop and apply critical thinking, decision-making skills necessary to become an allied-health care provider.

3. To provide students the opportunity to learn, develop and demonstrate ethical leadership and professional behaviors as they relate to health care in a global society.

Detailed information about the program can be found on the Graduate Athletic Training Education Program Web page, [http://uco.edu/ceps/dept/khs/athletic-training/index.asp](http://uco.edu/ceps/dept/khs/athletic-training/index.asp) or in the application materials under Documents > Application Packet on the same page. Contact the program director regarding information and requirements. All applications are incomplete until official transcripts are received by the Jackson College of Graduate Studies that indicate the completion of an undergraduate degree.

### Admission Requirements

Admission to the Graduate Athletic Training Education Program is competitive. (See: [http://uco.edu/ceps/dept/khs/athletic-training/index.asp](http://uco.edu/ceps/dept/khs/athletic-training/index.asp). Applicants will not be admitted to the Jackson College of Graduate Studies until they have been accepted to the Graduate Athletic Training Education Program. International students must first meet the university’s international admission requirements before applying for program admission. These students should first talk with an advisor in the International Services Office.

Applicants may obtain application forms and instructions from the program’s web page at [http://uco.edu/ceps/dept/khs/athletic-training/index.asp](http://uco.edu/ceps/dept/khs/athletic-training/index.asp) or the program director. Students wishing to transfer into the program from other graduate programs must be aware of the program’s transfer policies. Submit the following directly to the Program Director in one envelope to: Graduate Athletic Training Education Program, Box 189, 100 N. University Dr., Edmond, OK 73034. (Fax: 405.974.3805). Application deadlines: December 15 for early summer admissions; March 1 for regular summer admissions.

1. A Graduate Athletic Training Education Program application by advertised date.

2. A Jackson College of Graduate Studies (JCGS), paper or online, application for admission. ([www.uco.edu/graduate/admissions.html](http://www.uco.edu/graduate/admissions.html))

3. Official copies of undergraduate and graduate transcripts in sealed envelopes from each institution attended with all
degrees posted. All transcripts must be from accredited institutions. Transcripts must show:

a. A minimum 2.75 GPA overall or 2.75 GPA in the last 60 hours attempted.
b. Completion of at least 19 hours from the following: HLTH 3493, BIO 2504, BIO 2604, PHED 3503, PHED 3333, and HLTH 3412. Applicants must have completed these courses within the last 10 years and must have earned a grade of "C" or better for course.
c. A candidate with a deficient prerequisite course may still gain provisional admission, if otherwise qualified. See Admission to Graduate Studies section.

4. A completed application reviewed by the selection committee and meeting competitive admission requirements.

5. Two letters of recommendation: One letter each from: professor/instructor and one from an athletic trainer, physician or allied-health provider, (http://ceps.uco.edu/dept/khs/programs/athletic-training/index.asp.)

6. A Statement of Goals regarding your athletic training future or philosophy

7. A signed Technical Standards document verifying that the student can meet or exceed the minimum mental, physical, emotional, communicative and intellectual abilities necessary for athletic training.

8. A completed GATEP Physical Form, which requires a signed report from a physical examination by a licensed medical physician (or designee) and a signed release form.

9. Immunization records with HBV information.

10. Professional Rescuer CPR and First Aid certification or equivalent (submit copies of both sides of cards).

Once all application materials are received and reviewed by the program, the program director will notify the candidates and invite the successful ones to interviews. Selected applicants must then complete an on-campus or phone interview with the selection committee. (http://uco.edu/ceps/dept/khs/athletic-training/index.asp).

Only after being accepted and admitted to Graduate Athletic Training Education Program will the Jackson College of Graduate Studies consider the student for admission as a graduate student. This step completes the admission process.

Immediate Post-Admission Requirements

Once accepted to both the program and the Jackson College of Graduate Studies, students must participate in the July semester academic program and complete clinical requirements of the GATEP between the first summer and fall semester. Pre-professional level requirement completion is mandatory for participation in the professional level clinical program. Students will be required to participate in the July semester academic program as well as completing a clinical orientation between the second summer session and fall semester. Students that have been accepted, admitted and enrolled in the July semester but fails to complete the pre-professional requirements because of some unforeseeable circumstance, will be placed on probation for one semester or until the requirements are met. (See Probation Procedure) There are costs involved to complete these requirements as well as the need for transportation to and from clinical sites.

Requirements:

1. Pass KINS 5313 and KINS 5623 with a “B” or better.
   a. Bloodborne Pathogen Training completed in KINS 5623

2. Complete all psychomotor skill proficiencies. If all proficiencies are not completed, a grade of “I” – Incomplete will be given and the students will not be allowed to enroll in the professional level courses.

3. Reviewed with program director the program’s policy and procedure manual, academic advisement and graduation requirements.

4. Pay $150.00 annual clinical program fee
   a. Uniform and program badge
   b. Personal clinical equipment

5. Submit application for Apprentice Athletic Trainer License with the Oklahoma State Board of Medical License and Supervision, $25.00-$35.00.
   a. www.okmedicalboard.org
   b. Criminal background check, $15.00 - 35.00.

6. Purchase Student Liability Insurance through the University's Bursar Office - $15.00 - 25.00 and provide receipt to the program director.

7. TB Test - $20.00.

8. Drug testing that may be required for certain clinical sites, approximately $40.00.

It is the student's responsibility to provide transportation to off-campus clinical sites, doctor offices, hospitals, outreach, observations and educational seminars related to the clinical education. Access to transportation is required to complete the clinical courses. Transportation costs are estimated at approximately $150.00 per semester.

The above requirements must be met during the July semester. Each student will then be required to complete approximately two weeks of Clinical Orientation during fall preseason sports as a program requirement. This clinical field experience is tied to KINS 5413, Clinical Education – Assessment of Athletic Injuries. A grade will be given upon completion. Transportation and travel costs will be the responsibility of the student. The following must be completed. See clinical coordinator for details.
Program: Athletic Training continued

Retention/Progression Requirements

1. Must be in "Good Standing" with the GATEP, Graduate College and University.
2. Must meet all GATEP clinical requirements.
3. Must maintain a cumulative GPA of 3.0 in athletic training major courses.
4. Must earn a "B" or better in major courses.
5. Must take required courses in sequence to ensure "Learning Over Time."
6. Must be enrolled in 9 semester hours during fall and spring semesters.
7. Must demonstrate ability to continue to meet Technical Standards.

Clinical Standards: Students must meet the following standards.

a. Attendance at all clinical field experience and rotations assignments. Attendance will be measured by hours, days, weeks and semesters completed as well as clinical site rotations, sports and events participation. Clinical participation information will be recorded on the program's forms which will be used for retention/progression and graduation requirement documentation.

b. Adherence to the GATEP and each clinical site's dress code, behavior and facility protocols. Failure to do so may result in removal from the clinical site. Travel costs and transportation are the responsibility of the student and will be needed to complete clinical requirements.

Note: The amounts of all fees are subject to change. In preparation for graduation, students must obtain correct fee amounts from their graduate program advisor.
Graduation Requirements

1. Meet all University and Graduate College requirements.
2. Complete all Graduate Athletic Training Education Program academic requirements.
3. Earn a “B” or better in each Graduate Athletic Training Education Program major course.
4. Overall GPA of 3.00 or higher with no more than 6 hours of “C” and no more than six advisor-approved hours from traditional correspondence courses.
5. Meet all clinical program requirements of Graduate Athletic Training Education Program.

Other Requirements

1. Plan of Study. Each student must file a plan of study with his/her graduate program advisor and the Jackson College of Graduate Studies by the end of the first semester of Graduate work. The plan must be signed and dated by the student and the graduate program advisor before it can be considered official.
2. Final Requirements. Apply for graduation through the JCGS by advertised deadline.

Grievance Policy

Specific policies regarding the GATEP can be found on the program’s Web page and manual at: http://uco.edu/ceps/dept/khs/athletic-training/index.asp. If a policy is not specifically stated in the GATEP documents, University and Graduate Colleges policies are in effect. Policies can be found in the Student Code of Conduct (www.uco.edu/ssvp/conduct/) and the Graduate Catalog.

Bilingual Education/TESL, M.Ed.

The Masters of Education degree in Bilingual Education/Teaching English as a Second Language (TESL) major is designed to prepare teachers to work with the ever increasing number of non- and limited-English-proficient students in Oklahoma's schools. The program provides already-certified teachers the training to better assist K-12 English language learners who are struggling to survive and succeed academically. Graduates of the UCO bilingual Education/TESL Program are expected to become leaders who can apply their knowledge, skills, and dispositions in the classroom setting, professional settings, and the community. The focus of the program coursework includes foundations of research, second language acquisition theory, cultural influences, historical and philosophical foundations of educational practices related to language minorities, current instructional and assessment practices across the curriculum, and grounding in English language structure and usage. Graduate students not holding Oklahoma teaching certification, but otherwise eligible for admission, will be required to complete alternative prerequisites.

Nationally accredited by the Teachers of English for Speakers of Other Languages (TESOL) and aligned with the TESOL P-12 Standards for Teacher Preparation, the UCO Bilingual Education/TESL Program objectives are designed to develop the following areas of competency:

1. Understanding of language as a system, including phonology, morphology, syntax, pragmatics, and semantics in support of ELLs language and literacy development.
2. Understanding and application of theory and research in language acquisition and development, and the application to academic proficiency for ELLs.
3. Knowledge, understanding, and use of major concepts, principles, theories and research related to the nature and role of culture as it affects English language learning.
4. Planning for effective, standards-based ESL and content instruction.
5. Implementing and managing effective, standards-based ESL and content instruction.
6. Using resources and technology effectively in ESL and content instruction.
7. Understanding of issues of assessment for English language learners.
8. Understanding of issues and practices in language proficiency assessment.
9. Understanding and application of effective and appropriate classroom-based assessment for ESL.
10. Understanding and application of ESL research and history.
11. Understanding of the importance of engagement and commitment to continuous professional development, building of collegial partnerships, and advocacy for the benefit of ELLs and their community.

Early Childhood Education, M.Ed.
The Early Childhood Education program is designed to provide an advanced program of study focusing on the developmentally appropriate care and education of children from birth through age eight within various early childhood and elementary school settings both within and outside of public schools.

The student will be given the opportunity to demonstrate a basic knowledge of educational research including: research procedures and methods; sources and formats utilized for presenting education research; critical review of research reports; and the preparation and defense of a research proposal.

The Early Childhood Education program emphasizes the whole child and exposes the student to the scientific knowledge bases regarding: 1) development of children, 2) learning theory, and 3) appropriate educational practices as well as the opportunity to develop competence in working with parents of young children.

The scientific and theoretical foundation for the program is the study of the Constructivist Theory as it relates to cognitive and affective development and the implications for the care and education of young children. The curriculum is designed to provide an individualized program of study based on the student’s experience and professional goals.

Other areas addressed include: assessment issues and techniques, sociocultural aspects related to diverse backgrounds, principles of play in child development, and principles of guidance, professionalism and advocacy.

Note: A master’s degree in Early Childhood Education does not fulfill the requirements for initial certification/licensure by the Oklahoma State Department of Education. Additional coursework will be included in the master’s degree plan of study for those who desire to obtain certification through UCO’s teacher preparation program or those who do not have a background in Early Childhood Education.

Educational Leadership, M.Ed.
The Master of Education in Educational Leadership offers a degree in school administration PK-12. The degree program is based on requirements for the Elementary and/or Secondary School Principal Standard Certificate as set forth by the Oklahoma State Department of Education.
The Educational Leadership degree program prepares school leaders who demonstrate the knowledge and skills required of future administrators. The curriculum is designed in an integrated problem-based mode to promote an understanding of the relationships between the various knowledge and skill areas in education leadership. Clinical internship tasks and field experiences provide the necessary transition from the study of content areas toward a more realistic workplace experience.

In Curriculum Enhancement or Elementary Education

TOTAL HOURS REQUIRED.................................36 HOURS

Other Requirements

1. Plan of Study. Each student must file a plan of study with his/her graduate program advisor and the Jackson College of Graduate Studies by the end of the first semester of graduate work. The plan must be signed and dated by the student and the graduate program advisor before it can be considered official.

2. Academic Standards. Meet the following course work standards:

(a) overall GPA of 3.00 or higher.  
(b) no more than 6 hours of “C”.

3. Certification Examination. Completion of all requirements for taking the Elementary Education certification examination.

4. Final Requirements. Apply for graduation through the JCGS by advertised deadline.
Elementary Education Certification

Students who hold a current teaching certification in Elementary Education will select enough curriculum enhancement elective courses from the list below to give them a total of at least 36 hours in this program.

a. Seminars, workshops or institutes in elementary education
b. Content support courses in liberal arts, mathematics, or the sciences
c. Courses approved by a graduate program advisor

Students who do not hold a current teaching certificate do not take courses from the above areas and instead complete 12 hours in 5000-level courses as a preparation for taking the Elementary Education certification examination.

Additional coursework will be included in the master’s degree plan of study for those who desire to obtain certification through UCO’s teacher preparation pathway or for those who do not have a background in Elementary Education.

Library Media Education, M.Ed.

The Master of Education in Library Media Education meets the requirements set forth by the Oklahoma State Department of Education for standard certification as a School Library Media Specialist for grades PK-12.

Upon completion of this specialized program, students will have developed a theoretical, philosophical and practical knowledge base and prescribed competencies upon which to enter the common school, private school, and other institutional job markets in school librarianship.

The major serves a twofold purpose: it enables students to earn an M.Ed. in Library Media Education that includes all the components for Oklahoma School Library Media Specialist Certification; and students already holding an M.Ed. must complete 24 hours of specialized course work for Library Media Specialist certification.

Completion of these degree requirements alone will not satisfy certification requirements for the Standard Library Specialist Certificate. For additional certification information see: Media Specialist Certification Preparation section of this catalog.

Psychology - Counseling, M.A.
Counseling Psychology prepares graduates to provide services in diverse settings including community mental health centers, youth and family service agencies, marriage and family counseling centers, child guidance clinics, university counseling centers, psychiatric hospitals, drug and alcohol treatment centers, shelters and centers for child abuse and domestic violence, and private practice. Some graduates complete additional training at the doctoral level. Students in the counseling program are typically working towards Licensure as a Professional Counselor (LPC) or Behavioral Practitioner (LBP). Each license requires that applicants complete a Master’s degree with at least sixty (60) hours of counseling related coursework. Further information concerning licensure may be obtained from the Oklahoma State Department of Health at www.ok.gov/health/Protective_Health/Professional_Counselor_Licensing_Division

Students in the program are expected to:

- Develop and demonstrate skills in working with individuals who are culturally diverse.
- Demonstrate a science-based understanding of the development, diagnosis and treatment of psychopathology.

The Counseling major requires a minimum of 60 graduate hours. In addition to the core courses required for all M.A. students, the program also requires that students complete coursework in counseling, psychological assessment, legal and ethical aspects of counseling, psychopathology, and other counseling-related courses.

Admission Requirements
Submit the following items to the Jackson College of Graduate Studies (JCGS), Nigh University Center, Room 404, University of Central Oklahoma, 100 N. University Drive, Edmond, OK 73034. Application deadline: January 15 for fall admission.

1. Paper or online application for admission to the JCGS (www.uco.edu/graduate/admissions.html.)
2. Official copies of undergraduate and graduate transcripts from each institution attended with all degrees posted. All transcripts must be from accredited institutions. Undergraduate transcripts must show:
   a. A minimum 3.00 GPA overall or 3.00 GPA in the last 60 hours attempted.
   b. Completion of 21 undergraduate hours as follows: PSY 1103, PSY 2753, PSY 3713, PSY 3833, PSY 3903, PSY 4753, and PSY 4763
3. Evidence of English language proficiency, if not a native speaker. See Admission to Graduate Studies section - English Language Proficiency.
4. A GRE score of at least 290 on the combined verbal reasoning and quantitative sections (900 combined on the previous scale) and a minimum of 3.5 on the writing section. Please consult www.ets.org/gre/general/scores for recent changes to the GRE test and scoring procedure.
5. A completed Counseling Psychology application which is available online at www.uco.edu/ceps/Files/psy/psychology-counseling-application.pdf

Note: Please note that the Counseling Application has additional required materials. Also, note that admission to the JCGS does not guarantee admission to the Counseling Program. These are two separate application processes: 1) one to the JCGS, and 2) one to the Counseling Psychology program.

Other Requirements

1. Plan of Study. Before the first enrollment/semester in the program, each student must meet with the Program Coordinator to complete a Plan of Study (POS). The POS must be signed and dated by both the student and the Program Coordinator and then submitted to the Administrative Assistant in the Department of Psychology. Each student must then file it immediately with the Jackson College of Graduate Studies. The POS must be signed and dated by the student and the graduate program advisor before it can be considered official. www.uco.edu/ceps/dept/psy/psychology-ma.asp#counseling

2. Advisor Meeting: Meet with graduate program advisor in group or individual advisement session before enrolling second semester.

3. Practicum. Training in the Counseling program culminates in a two consecutive semester practicum. During practicum, students provide supervised services to a diverse clientele in faculty-approved settings. Pre-practicum meetings are held prior to each semester’s practicum placement to provide information to students about the applications that will be submitted to the Counseling Training Committee (CTC; the Counseling faculty). Each student must submit an application, an official transcript, and a curriculum vita. In addition to submitting the required materials, students must have completed all of the specified counseling and assessment courses and have no more than nine hours of coursework (not including practicum) remaining. Once each application has been submitted and minimum requirements have been met, the CTC will review the application and notify the applicant of his/her status. Students’ performance during their courses of study will be used to assess whether they have acquired the minimum counseling and assessment skills necessary for practicum placement. Concerns about students’ readiness will be addressed by the CTC and students will be notified concerning any remediation necessary. Due to the serious nature of providing counseling and assessment services, students in the Counseling Program will be reviewed periodically by the CTC regarding their personal and professional readiness to apply for practicum.

4. Academic Standards. Meet the following course work standards:
(a) overall GPA of 3.00 or higher.
(b) no more than 6 hours of “C” in general core classes.
(c) no more than six advisor-approved hours from traditional correspondence courses.

5. Final Requirements. Apply for graduation through the JCGS by advertised deadline.
Psychology - Experimental, M.A.

The Experimental Psychology major is a flexible, multipurpose degree program. One of its major strengths is in preparing students to pursue the doctoral degree in psychology. The program is also structured to provide the knowledge and skills necessary to qualify students for specialized employment opportunities.

The Experimental major requires a minimum of 40 graduate credit hours. In addition to the core courses required for all M.A. students, students exercising the Experimental major must also enroll in PSY 5343 Psychology as Science; and PSY 5383 Multivariate Analysis in Psychology, and additional course work as required by the advisory committee.

Students enrolled in this major must submit a thesis in partial fulfillment of their degree requirements. The student's advisory committee, with the addition of one faculty member from outside the department, will constitute the reading committee for the master's thesis. The member from outside the department, will, at the request of the student, be appointed by the graduate dean along with confirmation of the total committee as the thesis is begun.

The master's thesis is a research project which has the potential for publication in a psychological journal. For clarification of what qualifies as research in the field of psychology and for matters of concern regarding the design and reporting of research, the student is referred to the publication manual of the American Psychological Association.

Psychology - Forensic Psychology, M.A.

The Forensic Psychology major prepares students for careers in intelligence analysis and criminal investigation at the local, state, and federal levels of law enforcement. The program emphasizes scientific research in experimental psychology and applications to forensics issues. This is a non-clinical program that trains students in quantitative methods of scientific inquiry.

The Forensic Psychology major requires a minimum of 49 graduate credit hours. In addition to the core courses required for all Psychology M.A. students, a student exercising the Forensic Psychology major must also enroll in the Forensic Psychology course work and additional course work as required by the advisory committee. A student enrolled in this major must submit a thesis in partial fulfillment of their degree requirements. **Psychology - General Psychology, M.A.**

The Master of Arts in General Psychology is a 32-hour degree that is designed to meet the needs of a wide variety of students. This degree would be ideal for the student who desires a graduate degree for career advancement in the business world, or for the student who already has a master’s degree but is returning to take additional hours for certification or licensure in the mental health or school services fields. The 32-hour M.A. would also be appropriate for those who wish to obtain more advanced knowledge in psychology but do not necessarily want to become a counselor or complete a thesis.

The General Psychology major requires the same core courses as the other options yet has more opportunity for elective coursework and course substitutions.

The School Psychology Program at the University of Central Oklahoma (UCO) is a NASP accredited program leading to state and national certification as a specialist-level school psychologist. There are two options. The M.A. in School Psychology option leads to a master's degree and culminates in a post-graduate 6 credit hour [1,200 clock hour] internship and awarding of the College of Education Advanced Studies in School Psychology certificate and eligibility to sit for the national exam leading to credentialing as an NCSP. The Advanced Studies option is available to those currently holding an earned graduate degree in a related field who wish to pursue state and/or national certification in school psychology. Both M.A. in School Psychology and Advanced Studies candidates complete the same 60 credit hour program and the culminating 6 credit hour internship. Advanced Studies candidates may apply to have courses from their previous graduate degree substitute for coursework in the 60 credit hour school psychology program if the course meets the equivalency and recency requirements set by the UCO school psychology board. Courses submitted for equivalency must be accompanied by a catalog description and a syllabus from the institution where the course was taken.

The School Psychology Program at the University of Central Oklahoma is designed to prepare school psychologists who work at the specialist level with children, youth, and families to prevent and solve individual, school and family-related problems. At UCO, school psychology is viewed as a specialty within the area of psychology. Our philosophy is that all children and youth have a right to maximize their personal potential, gain social competencies, and accomplish meaningful goals. We believe that prevention is the best intervention; however, when problems arise, we believe that problem solving must occur in the full light of cultural, ethnic, and family diversity with particular attention given the culture of the school in which the problem exists.

The program emphasizes utilizing the full range of psychological services in schools and school-related mental health settings. The school psychologist's role is viewed as one that includes the prevention, assessment, and remediation of child and adolescent learning and behavior problems through direct and indirect services. Training is broad and provided in the context of research and highest ethical standards and adheres to the conceptual framework of the College of Education. (Program objectives are based on the NASP domains National Association of School Psychologists standards for training and practice.) School Psychology is accredited by NASP.

Program Objectives

1. Use several models and methods of assessment in order to identify individual and group strengths and needs and use these models and methods as part of a systematic data collection system for evidence-based decision making.

2. Collaborate effectively with others in planning and making decisions at the individual, group, and system levels using consultation and collaboration models best suited to the situation at hand.

3. Work collaboratively with others in developing appropriate cognitive and academic goals for students with different abilities, disabilities, strengths, and needs and evaluate the effectiveness of selected interventions.

4. Use knowledge of human developmental processes to collaboratively assess and design services that will enhance the behavioral, affective, adaptive, and social skill development of students of varying abilities, disabilities, strengths, and needs as well as implement and evaluate those services.

5. Demonstrate the sensitivity and skills needed to work within various school cultures and with individuals of diverse characteristics and implement strategies selected and/or adapted based on individual characteristics, strengths, and needs.

6. Integrate knowledge of schools, regular, and special education services as well as other service delivery systems to facilitate policies and practices that create and maintain safe, supportive, and effective learning environments for children and others.

7. Use knowledge of human development, psychopathology, and associated biological, cultural, and social influences on human behavior to provide or contribute to prevention and intervention programs that promote the mental health and physical well-being of all students.

8. Work effectively with families, educators, and others in the community to promote and provide comprehensive services to children and families by using knowledge of family systems and service delivery methods that combine home, school, and community resources.

   (a) overall GPA of 3.00 or higher.
   (b) no more than 6 hours of "C".
   (c) no more than six advisor-approved hours from traditional correspondence courses.

3. Final Requirements. Apply for graduation through the JCGS by advertised deadline.

4. Prior to internship, the student must take and pass either the Oklahoma school psychology exam or the National (NCSP) school psychology exam.

5. A 6 credit hour Post-Graduate Internship PSY 5952-4 (variable credit) is required for program completion. Degree completion is a step toward program completion. Program completion is defined as earning the degree plus successfully passing state or national tests and successfully completing the post-degree 1 yr. (1200 clock hour internship). You must enroll in internship hours to receive credit. 1200 clock hours = 6 credit hours (3 per semester of the internship year).

6. For school psychology students completing the coursework requirements for national credentialing as a Board Certified Behavior Analyst, 1500 clock hours of supervision are required prior to eligibility to sit for the national BCBA exam. State Licensure requires course completion, passing the national exam, and completing the State of Oklahoma application for licensure (through the Department of Human Services).

School Counseling, M.Ed.
The primary mission of the Masters of Education in School Counseling is to prepare professional counselors who specialize in the school environment. The program prepares both master’s students and post-master’s for the School Counselor Certification examination. This is a PK-12 certification. For information on Preparation for School Counselor Certification, see the Certification Programs section of this catalog.

The UCO School Counseling Program adheres to the national standards of the American Counseling Association and the American School Counselors Association and standards of the Oklahoma State Department of Education. These standards are linked to the criteria set forth by the National Board for Certified Counselors. Meeting these standards will enable students to pursue the National Certified Counselor and the National Certified School Counselor designations. In order to promote professionalism, students are encouraged to obtain these certificates and to actively participate in professional organizations.

Secondary Education, M.Ed.

The Secondary Education major is designed for professional educators who seek a broader cultural and professional learning experience than is possible on the undergraduate level. The curricular program enhances knowledge of content-areas and specific pedagogical techniques and skills which will be required in professional work.

Students have the opportunity to study a specific curricular area; to explore the American educational system; to demonstrate their knowledge of educational research procedures and methods, sources and formats, and critical reviews of research reports; and to prepare and defend a research proposal and its results.

Other areas of advanced learning include: The development of adolescence and social forces on adolescence and their implications for the classroom; student learning styles and behavior both individually and in classroom settings; and, professional relationships with students, parents, teachers, administrators, and other pertinent individuals.

The program is aligned to the National Board of Professional Teaching Standards (NBPTS), and program assignments simulate activities which teachers complete while pursuing National Board Certification. In fact, program students may be granted elective credit, under certain conditions, for successful completion of National Board Certification.

The program accommodates both traditionally trained and certified teachers with undergraduate education degrees and others holding bachelors degrees and seeking alternative certification. For this latter group, the program offers courses in managing classrooms, designing instruction, meeting students' needs, and assessing students' performances.

Special Education, Mild-Moderate Disabilities, M.Ed
The specific goal of the Special Education Program is to provide specialized training in the areas of mild-moderate disabilities and severe-profound/multiple disabilities. This goal includes the following objectives:

1. The program will provide training that meets academic and practicum competencies required by the Oklahoma Commission on Teacher Preparation and the National Council for Exceptional Children.

2. The program will provide graduate students opportunities to become reflective, responsive, and resourceful in meeting the academic, behavioral, emotional, and social needs of the specific area of specialization selected.

3. The program will provide experiences for graduate students to develop in them the ability to facilitate learning through implementation of various teaching strategies, manage classrooms and behavior, assess academic levels, plan individualized education programs, provide service to the community, and conduct relevant research.

The graduate program in mild-moderate disabilities is designed to offer advanced study to those students interested in infants, early childhood, elementary, middle, secondary, and adult education of students with mild/moderate needs.

(c) no more than six advisor-approved hours from traditional correspondence courses.

3. Final Requirements. Apply for graduation through the JCGS by advertised deadline.

Certification Requirements

Teacher certification is not a graduation requirement, but it is a requirement to teach in the public schools and many private schools. The Special Education, M.Ed. Mild/Moderate program recommends its graduates for certification examinations once they have completed their major support courses and professional education courses and pass the OGET, the OPTE, and the Oklahoma Subject Area Test in Mild-Moderate Disabilities.

Certified special education graduates wishing to teach in any of the core academic subjects, must become “highly qualified” in their core academic subject area within two years of the date of employment. These areas include: Early Childhood or Elementary Education or Middle or Secondary Education in Math or Science or Language Arts. To obtain highly-qualified status, teachers must pass an examination in the appropriate subject area. Special educators may choose to co-teach or teach non-core courses instead of obtaining highly-qualified status.
The specific goal of the Special Education Program is to provide specialized training in the areas of mild-moderate disabilities and severe-profound/multiple disabilities. This goal includes the following objectives:

1. The program will provide training that meets academic and practicum competencies required by the Oklahoma Commission on Teacher Preparation and the National Council for Exceptional Children.

3. The program will provide experiences for graduate students to develop the ability to facilitate learning through implementation of various teaching strategies, manage classrooms and behavior, assess academic levels, plan individualized education programs, provide service to the community, and conduct relevant research.

The graduate program in severe-profound/multiple disabilities is designed to offer advanced study to those students interested in infants, early childhood, elementary, middle, secondary, and adult education of students with severe-profound/multiple needs. The program provides practicum experiences with children with disabilities in various settings.

Special educators may choose to co-teach or teach non-core courses instead of obtaining highly-qualified status.
Speech-Language Pathology, M.S.

The Master’s degree in Speech-Language Pathology is designed to complete the academic and practical preparation of individuals seeking the professional credentials for working with persons who exhibit disordered communication. The program is designed to prepare individuals to serve in a variety of professional settings and with a variety of populations. Completion of the program satisfies requirements for the Oklahoma State Department teaching certificate, the Oklahoma Board of Examiners license, and the American Speech-Language-Hearing Association Certificate of Clinical Competence in Speech-Language Pathology. This program is accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association.

Basic courses in normal and disordered human communication, completed either as part of the undergraduate major or as graduate prerequisites, must precede application for admission to the graduate program. Upon admission to the graduate program, students complete graduate level courses to further their understanding of normal and disordered human communication. Ultimately, students apply this knowledge in accumulating a minimum number of practicum clock hours representing experiences with a variety of disorders, settings and populations.

Application Deadline: January 31 to be considered for the following summer semester. In order for an application to be considered, all items must be received by or postmarked no later than January 31. This program begins in the summer semester.

Wellness Management - Health Studies, M.S.

The Master of Science in Wellness Management program provides the student with a working knowledge to address wellness issues within multiple populations. Students will gain skills in grant writing and interpretation of statistics as well as experience in research and leadership centered on issues of health and wellness. Aspects of legal and ethical principles within wellness programs will be addressed. The student will be able to optimize their learning through elective courses in Adult Education, Family and Child Development, Gerontology, and Substance Abuse Studies. These electives will provide students with an important knowledge base that is helpful in working with diverse populations without creating the appearance of expertise in these areas.

Certification Overview and Requirements

Special Note: Certification requirements established by the Oklahoma State Department of Education and the Oklahoma Commission for Teacher Preparation changed beginning November 1, 2009. Individuals who obtain certification after that date are subject to the new regulations.

Compliance with certification requirements is the responsibility of the individual seeking certification. Advisors can assist in the process, but compliance with all rules and regulations pertaining to certification is the responsibility of the candidate.

The individual seeking certification is responsible for following all guidelines presented in the University of Central Oklahoma undergraduate or graduate catalog, depending upon the academic level of the certificate sought. Graduate level certificates require graduate level coursework and completion of a Master’s degree for standard certification. Bachelor level programs require the completion of a bachelor’s degree for certification. Please refer to the current undergraduate catalog for details.

Periodically the program guidelines, coursework, and state regulations change. It is the responsibility of the individual seeking certification to meet the revised standards. An individual should therefore periodically review the most recent UCO catalog, certification course lists, and state regulations, particularly when an extended period of time has elapsed during the completion of a program.

Certification Definitions

A. License – The class of certification for entry-level teachers is a license. Application for licensure is made through UCO. The license is valid for five (5) years and is renewable. The license program was suspended by Oklahoma House Bill 3027 for a minimum of two years (7/1/2010 through 7/1/2012).

B. Certificate – Due to Oklahoma House Bill 3029 (effective 7/1/2010 through 7/1/2011), a certificate will be issued for entry-level teachers upon completion of a teacher preparation program. Licenses and the Residency-Year Program have been suspended for these two consecutive years. Application is made to the Teacher Education Services. Certificates are valid for five (5) years.

C. Emergency Certificate – This certificate is issued only in emergency cases upon request and recommendation from a local school superintendent, who shall state the school’s intention to employ the applicant if the certificate is granted. All emergency certificates are valid only within the school district upon whose request they are granted.

To complete a teacher certification program at UCO and to be recommended for teacher certification by UCO, the indi-
vidual must have been admitted to the University of Central Oklahoma Professional Teacher Education program.

**Individuals who hold teacher certification via the State Department of Education’s Alternative Certification method will need to be recommended for adding advanced certification area(s) by UCO. However, the individual will remain part of the State Department of Education’s Alternative Certification Placement Program.**

**Program Procedures and Guidelines for Certification**

**NOTE:** For certification at any level, the applicant must hold a bachelor’s degree. For advanced certification, the applicant must hold a Master’s degree.

The UCO Teacher Education Services office is located in the Education Building, room 207, telephone (405) 974-5447. Information regarding certification may be obtained from this office. Applications for initial license and adding additional certification(s) may be obtained from http://www.sde.state.ok.us. Certification is based on the completion of the University of Central Oklahoma approved programs. Applications are processed through the Teacher Education Services Office. To apply for initial license or advanced certification, the individual should:

A. For initial certification, complete all courses identified for general education and the respective professional education and specialization areas. For advanced certification complete all courses listed on the Plan of Study developed by Director of Graduate Advisement for the College of Education and Professional Studies;

B. Contact the appropriate Program Coordinator regarding the coursework for the respective program, particularly if it seems likely that some courses previously completed could substitute for required courses in the program. Official substitution forms should be completed where courses, based on their titles, do not seem to match;

C. For individuals pursuing initial certification, apply for admission to teacher education following the procedures and guidelines enumerated in “Admission to Teacher Education.” Guidelines are also found online at http://ceps.uc.edu/dept/tes/admission-teacher-education;

D. For individuals pursuing initial certification, apply to student teaching following the procedures and guidelines enumerated in the section entitled “Admission to Student Teaching.” Guidelines are also located online at http://ceps.uc.edu/dept/tes/admission-student-teachingcurrent;

E. Apply to take the appropriate state certification examination. Application is made online with Certification Examination for Oklahoma Educators (CEOE) at http://www.ceoe.nesinc.com;

F. For recommendation for the initial license or certification, the applicant is required to meet all academic standards mandated by degree requirements;

G. After completing the certification requirements, obtain an application for initial license or for adding additional certification online at http://www.sde.state.ok.us;

H. After all applicable coursework has been posted on the UCO transcript, including degree, if appropriate; candidates must submit a completed UCO official transcript along with the completed application for initial certification or adding additional certification(s) to the UCO Teacher Education Services Office for review and recommendation. If courses needed for certification were completed at an institution other than UCO, official copies of those transcripts MUST be submitted with the application form for certification. UCO will not supply official copies of transcripts from other universities. Applications cannot be processed without official transcripts which reflect all required coursework;

I. Effective November 1, 2001, Oklahoma requires applicants for initial teacher certification to have on file with the Oklahoma State Board of Education a current OSBI and FBI fingerprint-based criminal record;

J. When the Teacher Certification Officer at UCO completes the review of coursework with respect to the appropriate UCO approved program requirements and certifies that those requirements have been completed, and the Dean concurs, the application is then forwarded to the Teacher Certification Section of the State Department of Education.

**Residence Requirement**

In order for the University of Central Oklahoma to recommend candidates for certification, in addition to meeting certification requirements, candidates must meet UCO’s residency requirement. As such, candidates must complete at least their last 24 semester hours in the area of specialization (teaching field) and professional education at UCO. These 24 semester hours must include the following:

**PTE 4901** Practicum in Professional Teacher Education (if Educational Psychology was taken elsewhere)

**PTE 4583** Classroom Management & Instruction

**PTE 4811** Contemporary Issues

**PTE 4828, 4838, or 4848** Directed Observation and Student Teaching

**CLEP** tests, advanced standing tests, nor teaching experience may be used to meet the UCO residency requirements.

**Admission Requirements to Teacher Education**

Students at the University of Central Oklahoma who expect to become candidates for the Bachelor of Arts in Education, the Bachelor of Science in Education, Bachelor of Fine Arts in Education, or the Bachelor of Music Education degrees (or otherwise qualify to teach) are required to make formal application during their sophomore year (after completing 40 semester hours and meeting criteria below) to the Council
on Teacher Education. Application must be made according to published dates. There are two rounds of applications in the fall and spring semesters. Candidates must be admitted to the teacher education program to enroll in restricted, professional courses. No late applications will be accepted. Periodically, admission guidelines and requirements change. It is the responsibility of the individual seeking admission to meet requirements that are in place at the time of application to teacher education. Individuals should review the most recent UCO catalog and teacher education handbook to determine the most current admission requirements. The conditions for admission to teacher education effective fall 2009 are:

A. Have already successfully completed 40 semester hours of college credit;

B. Continue to meet the standard prerequisite for admission to teacher education. For those enrolled as entering freshmen, transfer students, or those seeking certification beginning fall 2000

1. Achieve a minimum overall GPA of 2.75 in all subjects completed at UCO and at other colleges or universities at the time of application. Students not meeting the minimum GPA of 2.75 may contact Teacher Education Services for alternative admission criteria.

2. All coursework taken in degree certification major or common courses required for majors must be completed with no grade lower than “C” after August 15, 1990;

3. All coursework taken in Professional Teacher Education must be completed with no grade lower than “C.” Those enrolled prior to fall 2000 and maintaining continuous enrollment should contact Teacher Education Services (EDU 207) for more information regarding admission standards.

C. Demonstrate proficiency in written and oral English as indicated by having a grade of “C” or better in 6 hours of English composition;

D. Pass the Oklahoma General Education test (OGET);

E. Interview with a departmental advisor;

F. Receive formal approval by the Council on Teacher Education.

Students transferring to UCO from other institutions will be expected to meet the above conditions before beginning teacher education training.

All students will be required to compile a Teacher Education Passport. The passport is checked periodically and will need to be up-to-date for Admission to Student Teaching.

Students of junior standing who come to UCO for a summer term only and plan to transfer back to the school from which they came may be permitted to enroll in teacher education courses provided they bring a letter from an appropriate official, i.e., advisor, registrar, or dean stating they would be permitted to enroll in such courses at their home college.

Certification Examinations

Individuals seeking certification must satisfactorily complete the Certification Examinations for Oklahoma Educators before applying for certification and before a certificate can be issued by the state. The state curriculum examinations are administered at least four times each year on a set schedule with advanced registration required. Three different exams are required:

1. Oklahoma General Education Test (OGET) must be passed for admission to teacher education;

2. Oklahoma Subject Area Tests (OSAT) must be passed prior to the completion of the first week of the student teaching semester;

3. Oklahoma Professional Teaching Examination (OPTE) specific to the teaching level of the certificate sought must be passed prior to issuance of recommendation for license. Applications for the state competency examinations are available online at www.ceoe.nesinc.com. Study guides can be obtained on line from National Evaluation Systems.

College Credit

Only work completed in state and regionally accredited colleges and universities, or transfer credit validated by accredited colleges, will be accepted as a basis for meeting requirements for certification. In order for the applicant to be eligible for certification, the grade point average of the applicant on all work submitted in qualifying for teacher certification shall be equal to or greater than that required for admission to the teacher education program at the University of Central Oklahoma.

Candidates transferring credit from out-of-state colleges or from Oklahoma colleges not having an approved program for a specific certificate area to an Oklahoma college or university having an approved program in that certificate area shall have their work evaluated by the Program Coordinator at the receiving institution. Transferring candidates shall expect to satisfy all requirements imposed by the approved program of the receiving institution in qualifying for a standard certificate.

The amount of college credit earned during one year, including correspondence and extension work, which can be used to meet certification requirements, will be controlled by the rules and regulations of the college or university. However, not more than one-fourth of the work completed in specialist requirements in any area of preparation (general education, professional education, specialization) nor more than one-fourth of the total academic work completed may be taken by correspondence and/or extension study.

Coursework Completed in Community or Junior Colleges

Only sixty-four (64) semester hours of credit taken in an accredited community or junior college may be counted toward satisfying the general education and specialized education requirements of an approved certificate program. Work taken in an accredited community college after achieving sixty-four
(64) or more semester hours may count toward certification in the areas of general education and specialized education, providing the following guidelines are met:

A. The coursework is lower division work as determined by the course level assigned to the course by the four-year institution that will make recommendation for certification. If UCO designates a course as a junior or senior level course (3000 or 4000 level), then a comparable course completed at a community or junior college will NOT substitute for the course in the UCO approved teacher certification program;

B. The coursework is applicable in meeting the approved program of certification at the recommending institution;

C. The coursework CANNOT include any early childhood or elementary specialization area courses (this refers to the 40 hours of specialization);

D. The coursework CANNOT include any teacher education courses (this refers to the courses in the 28-33 hours in Professional Teacher Education);

E. The coursework is counted in lieu of an equal number of hours of the 64 already taken at a junior college so that no more than 64 semester hours, in total (including all general education), are being counted from a community or junior college;

F. The last nine (9) semester hours of credit in the area of specialization were completed in an institution having an approved teacher certification program in the area of concern. Community and junior colleges do not have state approved teacher certification programs.

Issuance of an Initial License

Issuance of an Initial License and Residency Year has been suspended until July 1, 2012, due to passage of Oklahoma HB 3029.

Issuance of Standard Certificates

The State Board of Education shall issue a certificate to any person who meets all of the following requirements:

A. Has successfully completed all training and courses required by the State Board of Education based on the guidelines and programs in effect at the time of application for certification;

B. Has graduated from an accredited four-year college or university and holds the standard baccalaureate degree. (Those seeking career-technical certificate should verify requirements with the Oklahoma Department of Career and Technology Education);

C. Has registered to complete necessary application for the certification exams;

D. Has received a passing score on the certification exam;

E. Has applied to the State Department of Education on the appropriate State of Oklahoma form and paid the appropriate application fee for certificate sought.

F. Has received recommendation from the preparing institution for the certificate desired if the teacher preparation work was completed in Oklahoma. The State of Oklahoma certificate application form must be signed by the Dean and Teacher Certification Coordinator. (If the individual completed his/her initial teacher education program prior to February 1, 1982, he/she should contact the State Department of Education regarding certification requirements.)

Issuance of a License or Certificate for Additional Certification Areas, and Teaching Certificate

Individuals who currently hold a valid Oklahoma license or certificate at the standard certification level and who desire UCO’s recommendation to obtain certification in another specialization area, must completed the following:

A. Complete the specialization area courses based on the UCO state approved program. Other criteria may be required for those individuals who want to obtain additional certification in Elementary Education, Early Childhood Education, or Special Education. Check with the Teacher Education Services office for specific information.

B. Complete a minimum of the last nine (9) semester hours toward the new certification area through the University of Central Oklahoma;

C. Pass the appropriate state certification examination(s);

D. Complete the appropriate developmental psychology course (e.g. child, adolescent, or developmental) for the level of the new certification area if the course was not completed previously;

E. Complete the course SPED 4123 Teaching Individuals with Disabilities, if not previously completed;

F. Make application for the additional license/certificate through the Teacher Education Services office (EDU 207) following the procedures listed under Program Procedures and Guidelines for Certification.
Preparation for Library Media Specialist Certification

Library Media Specialist Certification
Completion of the required courses will enable the student to apply for official certification as a Library Media Specialist. This certificate authorizes the holder to supervise and/or administer Library Media services in grades PK-12 in any accredited school in Oklahoma and to teach Library Media skills in grades PK-12. A list of required courses may be obtained from the Director of Graduate Advisement or Program Coordinator.

Website: http://www.uco.edu/ceps/dept/apss/instructional-media/index.asp

Standard Library Media Specialist Certificate
A Master’s degree is required for standard certification.

A. For applicants who hold a baccalaureate degree, but do not have a Master’s degree
1. Applicants may qualify if they hold and maintain a valid certification credential in early childhood education, elementary education, elementary – secondary education, secondary education, or vocational-technical education.
2. Applicants must complete the required courses for a Master’s degree in Library Media Education.

B. For applicants already holding a Master’s degree:
1. Applicants may qualify if they hold and maintain a valid certification credential in early childhood education, elementary education, elementary – secondary education, secondary education, or vocational-technical education.
2. Applicants who hold a Master’s degree and are seeking Library Media Specialist Certification are required to twenty-four (24) hours of required course work.

Required courses:
IME 5053 School Library Administration
IME 5063 School Library Foundations
IME 5013 Young Adult Library Resources
IME 5223 Collaborative Instructional Processes
IME 5233 Children’s Library Resources
IME 5453 Collection Management
IME 5863 School Library Technology
IME 5883 Capstone in Library Media

Elective courses:
(Choose two courses for a total of 6 credit hours)
IME 5133 Production in School Libraries
IME 5863 School Library Technology

IME 5063 School Library Foundations
IME 5243 Effective Writing for School Libraries

C. For applicants already holding a Master’s degree in library science:
Alternative certification is available with a Master’s degree in Library Science and 6-18 hours of teacher education courses, depending on work experience.

General Guidelines
1. The applicant must satisfy all requirements related to formal admission to the Jackson College of Graduate Studies at the University of Central Oklahoma. Applications may be completed online at http://www.uco.edu/graduate/admissions.html.
2. All courses applicable to the Master of Education in Instructional Media degree must be taken at the graduate level AND the applicant must maintain a 3.0 GPA in all Library Media Education courses.
3. At least a minimum of twelve (12) hours must be completed at the University of Central Oklahoma for certificate recommendation by UCO.
4. The applicant shall satisfactorily complete the state curriculum examination in the area of Library Media Specialist prior to being issued a standard license/certificate.
5. The applicant shall hold a Bachelor’s degree from an accredited institution.
6. The applicant shall satisfy all general regulations of eligibility including, for the standard certificate, completion of the course SPED 4123 Teaching Individuals with Disabilities or its equivalent.
7. Applicants must hold a valid Oklahoma teaching license/certification prior to complete of the program.
8. For recommendation for certification, applicants must maintain a 3.0 in all Library Media Education courses and have no more than six (6) hours of “C.”
9. Applicants must successfully complete all portfolio requirements as designated by the program.

Individuals who hold teacher certification via the State Department of Education’s Alternative Certification method will need to be recommended for adding advanced certification area(s) by UCO. However, the individual will remain part of the State Department of Education’s Alternative Certification Placement Program.
Preparation for School Psychometrist Certification

College: Education and Professional Studies

School Psychometrist Certification

Completion of the required courses will enable the student to apply for official certification. This certification authorizes the holder to serve as a School Psychometrist/Educational Diagnostician in any accredited school in Oklahoma.

Board Certified Behavior Analyst

A BCBA is an individual who is certified by the nationally accredited Board and is licensed by OKDHS DDSD to provide applied behavior analysis services in Oklahoma. Applied behavior analysts assess, design, implement and evaluate instructional and environmental modifications to produce socially significant improvements in human behavior through skill acquisition and the reduction of problem behavior. Many BCBAs specialize in working with individuals with autism, developmental disabilities, or other disabilities and may work in schools, clinics, homes and other settings.

The Behavior Analyst Certification Board, Inc. has approved the following course sequence as meeting the course work requirements for eligibility to take the Board Certified Behavior analyst Examination. Applicants will have to meet additional requirements to qualify. In addition to the course sequence and passing the national exam, successful completion of a 1600 clock hour supervised internship is required. This course sequence is available only to those with earned Master’s degrees in related fields or those currently enrolled in Master’s degree programs in related fields (i.e. Psychology, Special Education, Speech-Language Pathology, Guidance and Counseling, Infant/Child Specialist).

General Guidelines

1. The applicant must satisfy all requirements related to formal admission to the Jackson College of Graduate Studies at the University of Central Oklahoma. Applications may be completed online at http://www.uco.edu/graduate/admissions.html.

2. A Master’s degree and the Behavior Analyst course sequence (including internship) must be earned before the student can apply to take the Board Certified Behavioral Analyst Examination.

3. A grade of B or higher in each course must be earned in course in this program.

4. The 1500 clock hour internship must be completed under supervision as prescribed by the National Board.

5. Acceptance into the Behavior Analyst program is based on the submission of an application, a copy of the applicant’s transcript(s) and recommendations from two (2) people familiar with the applicant’s suitability for serving as a Behavior Analyst. Applications for the program are available online at http://ceps.uco.edu/dept/psy/programs/board-certified-behavior-analyst. Applications due by January 1.

6. Admission to the program will be by cohort group. Each cohort group begins in a summer semester and takes one (1) to two (2) courses per semester for two years. One (1) course is taken during the summer between year one and two.

7. A portion of the internship may be earned during the course sequence as long as activities supervised are within the scope of the course(s) taken.

Preparation for Speech-Language Pathology Certification

College: Education and Professional Studies

Speech-Language Pathology Certification

Completion of the required courses will enable the student to apply for official certification. This certification authorizes the holder to provide speech-language pathology services in any accredited school in Oklahoma. A list of required courses may be obtained from the program advisor.

The speech-language pathologist is a professional concerned with clinical diagnosis, evaluation and remediation of communication handicaps which impair an individual’s ability to appropriately access social and academic learning experiences.

This program consists of an approved curriculum at the undergraduate level and at the graduate level.

General Guidelines for the Standard Speech-Language Pathology Certificate

1. The applicant must satisfy all criteria for elementary-secondary school certificate programs, including admission to teaching education standards.
2. Individuals who have not previously completed a teacher education program must apply for and be admitted to teacher education at the University of Central Oklahoma before certification will be recommended.
3. The applicant must hold a Master’s degree for the standard certificate.
4. The applicant shall pass the ETS Praxis Series Speech-Language Pathology test or the state curriculum examination in Speech-Language Pathology prior to being issued a standard certificate/license.
5. The applicant shall have completed at least nine semester hours within the five years immediately preceding the date of application in order to apply for certification. Evidence of speech-language pathology experience in a hospital, other agency, or private practice may be substituted at a rate of three (3) semester hours for each year of experience. If employment is used in lieu of course completion, official verification of employment must accompany the application for certification.
6. For recommendation from the University of Central Oklahoma, a minimum of the last nine semester hours of course work must be completed at the University of Central Oklahoma.
7. Applicants must successfully complete all portfolio requirements as designated by the program.

Standard Speech-Language Pathology Certificate (Additional Guidelines)

1. The applicant must satisfy all requirements related to formal admission to the Jackson College of Graduate Studies at the University of Central Oklahoma. Applications may be completed online at http://www.uco.edu/graduate/admissions.html.
2. The applicant must satisfy all requirements and be admitted to the Speech-Language Pathology program at the University of Central Oklahoma. Applications may be found online at http://ceps.uco.edu/dept/sps/programs/speech-language-pathology/enrollment-admissions.
3. The applicant must complete an approved program for the Speech-Language Pathology Certificate, which consists of a minimum of forty-six (46) semester hours of graduate course work culminating in a Master’s degree.
4. The academic and practicum requirements of the ASHA C.C.C. must be met before an individual can receive a Master’s degree in speech-language pathology (SLP) and before standard certification can be recommended.
5. If an individual holds a bachelor degree in an area other than speech-language pathology, a number of prerequisites will be required in the specialization area. The standard requirements for ASHA C.C.C. and the Master’s degree combined are greater than the forty-six (46) semester hours required for the Master’s degree alone. Again, the Master’s degree will not be conferred unless ALL academic and practicum requirements for national certification (ASHA C.C.C) have been met. The individual seeking a certificate/degree in speech-language pathology will need to contact an advisor in that area for specifics.
Preparation for School Superintendent Certification

College: Education and Professional Studies

School Superintendent Certification
Completion of the required courses will enable the student to apply for official certification as a School Superintendent. This certification authorizes the holder to serve as a school superintendent in any accredited school in Oklahoma.

General Guidelines

2. To pursue the superintendent sequence, individuals must submit the following documents to the Program Coordinator, 100 North University Drive, Box 193, Edmond, OK, 73034.
   a. Application to the program. Applications may be found online at http://ceps.uco.edu/dept/aps
   b. Letter of application outlining the applicant’s prior academic and professional accomplishments
   c. Personal statement discussing the applicant’s desire to pursue a career as a school district leader
   d. Copy of graduate transcript with master’s degree posted. A graduate GPA of 3.0 or higher is required for admission to the program

Questions regarding the application may be directed to the Program Coordinator at (405) 974-5448.

3. Admission decisions are made by the Program Coordinator in consultation with program faculty members.

4. The applicant shall hold and maintain a valid Oklahoma standard teaching certificate in one of the following areas: early childhood education, elementary education, elementary-secondary education, secondary education, or career-technical education.

5. The applicant shall hold a Master’s degree granted by an institution accredited by a regional accrediting association.

6. The applicant must hold a current principal certification.

7. The applicant must have a minimum of five (5) years experience as a teacher and/or administrator in an Oklahoma public or private school accredited by the Oklahoma State Board of Education. Of those five years, at least two years must have been completed as a school administrator.

8. The applicant must pass the superintendent curriculum examinations.

9. All courses taken for superintendent certification must be completed at the graduate level.

10. The applicant shall satisfy all general regulations of eligibility including, for the standard certificate, completion of the course SPED 4123 Teaching Individuals with Disabilities or its equivalent.

11. At least a minimum of nine (9) hours must be completed at the University of Central Oklahoma for certificate recommendation by UCO.

12. Maintain a minimum GPA of 3.0 in superintendent course work.

13. For recommendation for certification applicants must not have more than six (6) hours of ‘C’ in specialized coursework.

Design, M.F.A.
The MFA in Design is a terminal degree that provides opportunities for students who are interested in design education, research, and proficiency.

Designers are innovative problem solvers who process information and user needs to improve communication and environments. The Department of Design at UCO offers coursework in Graphic Design and Interior Design.

In the State of Oklahoma, Interior Design professionals need to register if they wish to be designated as Interior Designers. The Oklahoma Board of Architects, Landscape Architects and Interior Designers requires a degree from a program accredited by CIDA (formerly FIDER) for registration. At UCO the BFA in Interior Design is an accredited program.

Admission Requirements
Submit the following items to the Jackson College of Graduate Studies (JCGS), Nigh University Center, Room 404, University of Central Oklahoma, 100 N. University Drive, Edmond, OK 73034.

1. Paper or online application for admission (www.uco.edu/graduate/admissions.html). Application deadlines: April 1 for fall; October 1 for spring, and March 1 for summer.

2. Official copies of undergraduate and graduate transcripts from each institution attended with all degrees posted. All transcripts must be from accredited institutions. Undergraduate transcripts must show a minimum 2.50 GPA overall or 2.50 GPA in the last 60 hours attempted.

3. Evidence of English language proficiency, if not a native speaker. See Admission to Graduate Studies section - English Language Proficiency.

4. An essay that includes the following:
   a. Why you wish to pursue a Master of Fine Arts degree in Design at UCO.
   b. Your professional career plan and objectives.

5. Three (3) letters of recommendation. At least one letter must be written by a design professional. Letters from UCO faculty are not acceptable.

6. A design portfolio that includes 10 – 15 examples of your design work with project titles, dates, descriptions and other relevant information.

7. A current resume.

8. Evidence of completion of all prerequisites (if any), as determined by the graduate advisor.

Students falling below these standards may qualify for provisional admission. See Admission to Graduate Studies section.

To be selected in consultation with the graduate advisor according to the student’s program emphasis.

TOTAL HOURS REQUIRED ......................................32 HOURS

Other Requirements

1. Entrance Advisory Examination. Complete the written Entrance Advisory Examination in music history, music theory, and writing skills after admission to the graduate program and prior to attending classes. A passing grade of 70% is required. Students falling below 70% may make up any deficiency through a course of study determined in consultation with the graduate advisor and with a grade no less than B in any of the courses determined.

2. Plan of Study. Each student must file a plan of study with his/her graduate program advisor and the Jackson College of Graduate Studies by the end of the first semester of graduate work. The plan must be signed and dated by the student and the graduate program advisor before it can be considered official.

3. Academic Standards. Meet the following course work standards:
   (a) overall GPA of 3.00 or higher.
   (b) no more than 6 hours of “C”.
   (c) no more than six advisor-approved hours from traditional correspondence courses

4. Comprehensive Examination. At the end of study achieve a minimum score of “pass” on a comprehensive examina-
tion representative of the student’s work as a graduate student. The student must notify the graduate advisor no later than the first week of the semester in which the Comprehensive Examination is to be taken. At that time an examination committee will be selected. For further details and procedure consult the Graduate Student Handbook or the graduate Advisor.

5. Complete a successful major project representative of professional level work in the field. The nature of the project may vary according to the student’s professional interest, with approval by the graduate advisor and the student’s project advisor. The project should be formulated no later than the end of the semester prior to the execution of the project. Upon submission of a project proposal a faculty review committee will be formed. The project should be completed and submitted no later than the second week prior to the end of the semester.

6. Final Requirements. Apply for graduation through the JCGS by the advertised deadline.
Music, M.M. - Performance Emphasis

The Master of Music is a flexible program that allows the student to concentrate in his/her area of specialization in a program that develops performing and creative skills while providing the student with a deeper and more comprehensive understanding of his/her area than can be obtained on the undergraduate level.

The Master of Music with an emphasis in performance includes two main areas of specialization; applied performance and conducting. Those students with a particular interest in Music Theatre can be accommodated within either the applied or the conducting emphasis.

Criminal Justice Management & Administration, M.A.

The Master of Arts in Criminal Justice Management and Administration degree program is designed to meet Oklahoma's needs for graduate education in the area of criminal justice management and administration. The curriculum provides those individuals who have a bachelor's degree in criminal justice or a related field, are presently employed in a criminal justice environment, or want to work in the field of criminal justice an opportunity to advance their skills and knowledge to qualify them for specialized job opportunities in the area of criminal justice. The curriculum also encourages the development of the student's critical, analytical, and creative abilities related to the subject area. This is accomplished by the development of research skills, class work, and out-of-class projects and practicums.

Gerontology, M.A.

The Adult Education – Gerontology major provides the student with a base of information and experiences, in and out of the classroom, for dealing with the many aspects of aging. Many of today's concerns with a more mature population are explored. The emphasis in the Gerontology major is on the "humanistic" approach, recognizing that aging is a developmental state.

Anticipated interest groups for Gerontology major:
- Students interested in working with the elderly
- Nursing home personnel, including administrators, activity directors, and nurses
- People in health occupations
- Directors, outreach workers, etc., involved with senior citizen centers, retirement homes, mobile meals programs, agencies currently working with the elderly, (e.g., Area Wide Agency on Aging)

Other Requirements

1. Plan of Study. Each student must file a plan of study with the Director of Graduate Studies and the Jackson College of Graduate Studies by the end of the first semester of graduate work. The plan must be signed and dated by the graduate student and the graduate program director before it can be considered official.

2. Advisory Committee. Create an advisory committee before the second semester of enrollment. An advisory committee of four faculty members will direct the program of each student. Three of the members will be from the content areas, and one member will be from the Depart-
Program: History continued

Major: History - Social Studies Teaching - Pending Deletion

ment of Professional Teacher Education. One member of the Advisory Committee will serve as chairperson and will assume the major responsibility for advising the student. The department’s Director of Graduate Studies will maintain all student records and will serve as an advisor in supervising the student’s progress toward a degree.

3. Academic Standards. Meet the following course work standards:
   (a) overall GPA of 3.00 or higher.
   (b) no more than 6 hours of “C”.
   (c) no more than six director-approved hours from traditional correspondence courses.
   (d) a minimum of six hours of graduate-level seminars within the Social Studies courses described above.

4. Language Requirement. Demonstrate reading knowledge of a second language in one of the following ways:
   (a) Pass a language reading examination administered by the Department of Modern Languages, Literatures, and Cultural Studies.
   (b) Earn a “C” or better in two sequenced courses in the one language (6 to 10 credit hours). These hours will not count toward the M.A. degree.
   (c) Produce evidence of having earned a “C” or better in two sequenced courses in the one language (6 to 10 credit hours) at an accredited college or university. These hours will not count toward the M.A. degree.

5. Portfolio. Submit a portfolio at the end of the course work. The portfolio will include select artifacts of the graduate student’s work in both the content and education courses. A copy of the portfolio guidelines will be provided by the Director of Graduate Studies when the student is admitted to the program.

6. Oral Examination. Achieve a minimum score of “pass” on an oral examination created and administered by the student’s advisory committee. With the approval of the Director of Graduate Studies, a student who fails the comprehensive examination may petition to be reexamined in the graduate examination period the following semester.

7. Final Requirements. Apply for graduation through the JCGS by advertised deadline.

Master of Public Administration, M.P.A.

This Master of Public Administration program is an applied management and policy degree that prepares students for careers and positions of leadership in local, state, tribal, and federal governments, private firms doing business with governments, and nonprofit organizations.

The objectives of this MPA program are to help students develop their abilities to (1) lead and manage in public governance and nonprofit administration in order to improve the quality of life of communities, states, and regions within the context of a globalized environment, (2) make substantive contributions to the public policy process through active and meaningful participation, (3) make effective and timely administrative decisions based on sound critical analysis, (4) articulate and apply ethically sound public service ideals and perspectives informed by credible theory and evidence-based research, and (5) communicate and engage productively with a diverse and changing citizenry and public workforce.

Admission Requirements

Submit the following items to the Jackson College of Graduate Studies (JCGS), Nigh University Center, 100 N. University Dr., Nigh University Center, Rm. 404, Edmond, OK 73034;

1. Paper or online application for admission (www.uco.edu/graduate/admissions.html).
2. Official copies of undergraduate and graduate transcripts from each institution attended with all degrees posted. All transcripts must be from accredited institutions.
3. A student may be admitted by one of the three following methods.
   a. A minimum 2.75 GPA overall or 3.00 GPA in the last 60 hours attempted.
   b. GRE scores. The student must obtain a score of 150 on the Verbal portion of the GRE, 145 on the Quantitative portion of the GRE, and 4.5 on the Writing portion of the GRE (pending Regent approval).
   c. Possess a master’s degree from an accredited university/college with an overall GPA of 3.00.

Substance Abuse Studies, M.A.

The Oklahoma state legislature created a license for substance abuse counselors in 2004. Among the innovations contained in this law was the requirement that a licensed alcohol and drug counselor (LADC) not only have a master’s degree but that the degree shall be in “...alcohol and substance abuse counseling...” or a master’s degree in a behavioral science or counseling related field which is “content-equivalent” to a graduate degree in alcohol and substance abuse counseling. The law also specifies knowledge areas known as the “the twelve core functions” as well as graduate hours (Title 59. Chapter 43B-Licensed Alcohol and Drug).

The graduate degree in substance abuse studies will assist students to develop their skills not only in the therapeutic areas, but also in the area of social advocacy for better treatment/facilities. Leadership/management skill development will be stressed in order to keep pace with the field’s quickly evolving standards of best practices and legal/political changes. Moreover, the graduate degree will promote sound research supporting proper advancements in the treatment of the debilitating diseases of substance abuse and dependency. Training students to be competent licensed professionals in their field supports both primary goals of the UCO Mission Statement: 1) to provide excellent education enabling students to achieve their intellectual, professional, personal, and creative potential; and 2) to contribute to the intellectual, cultural, economic and social advancement of the communities and individuals it serves.

Admission Requirements

Submit the following items to the Jackson College of Graduate Studies (JCGS), Nigh University Center, 100 N. University Dr., Nigh University Center, Rm. 404, Edmond, OK 73034.

1. Paper or online application for admission (www.uco.edu/graduate/admissions.html).
2. Official copies of undergraduate and graduate transcripts from each institution attended with all degrees posted. All transcripts must be from accredited institutions and show:
   a. A minimum 2.75 GPA overall or 3.00 GPA in the last 60 hours.
   b. Completion of 18 hours in Substance Abuse studies or behavioral science with a GPA of 3.00.
3. Application will be allowed for those candidates possessing a master’s degree from an appropriately accredited university/college in a behavioral science.
4. Evidence of English language proficiency, if not a native speaker. See admission to Graduate Studies - English Language Proficiency.
5. Applicants shall submit a one (1) page paper at the time of application stating, “Why I will be successful as a Licensed Alcohol and Drug Counselor.”
6. Three (3) letters of recommendation, one (1) must be from a Licensed Drug and Alcohol Counselor, or the equivalent licensure from another state, submitted at the time of application.

International Studies Program

The International Studies Program is not a departmental major which leads to a degree, but is an interdisciplinary program intended to complement a major, and can be taken in conjunction with any degree program. It includes courses having international content which are offered by various departments, such as history, political science, geography, foreign languages, economics, humanities, business, education, and others.

The International Studies Program is designed for students who wish to learn about foreign countries and cultures, as well as relations among nations. The program is helpful to students who wish to apply the skills learned in their master’s program in a foreign setting, such as:

1. Business majors who want to work for companies having international operations.
2. Education majors who wish to teach abroad.
3. Journalism majors who want to report on happenings in other countries.
4. Military science students who, as officers, may be given major assignments or become involved in defense planning.
5. Other majors who wish to broaden their knowledge to include international affairs.

The Graduate International Studies Program consists of twelve hours of graduate courses with significant international content including two one-hour International Studies Program workshops. The student must demonstrate a proficiency in two United Nations approved languages.

Completion of the program is recognized on the student’s transcript upon graduation by a statement indicating the area of specialization.

At the graduate level, the College of Mathematics and Science (CMS) awards the Master of Science: (M.S.) with majors in Applied Mathematics and Computer Science, Applied Mathematical Science-Mathematics, Applied Mathematical Science-Statistics, Applied Mathematical Science-Mathematics Teaching, Biology, Engineering Physics, and Nursing.
Applied Mathematics and Computer Science, M.S.
This major is designed to prepare students to meet the demands of industry, business, and government for individuals with expertise in advanced applications of mathematics and computer science. While ensuring sound mathematical training, the degree program also concentrates on widely applicable computer science principles and provides further development of problem-solving skills.

1. Plan of Study. Each student must file a plan of study with his/her graduate program advisor and the Jackson College of Graduate Studies by the end of the first semester of graduate work. The plan must be signed and dated by the student and the graduate program advisor before it can be considered official.

2. Academic Standards. Meet the following course work standards:
   (a) overall GPA of 3.00 or higher.
   (b) no more than 6 hours of "C".
   (c) no more than six advisor-approved hours from traditional correspondence courses.

3. Competency Examination. Achieve minimum score of "pass" on competency exams.

NOTE: Request for re-examination will not be granted more than one time.

4. Thesis (optional). If applicable, complete an acceptable thesis and successfully defend it in public, two paper copies of the thesis and one electronic copy to the library through Proquest and the thesis' title page, original signature page, summary and abstract page to the JCGS.

5. Final Requirements. Apply for graduation through the JCGS by advertised deadline.

Biology, M.S.

The M.S. Degree in Biology is designed to give students a breadth and depth of training in biology beyond that provided by the baccalaureate degree. The educational breadth that our students achieve through the Biology M.S. degree originates in the requirement that students complete upper level/graduate courses in six core areas: Plant Biology, Animal Biology, Microbiology, Genetics, Ecology, and Cell Biology.

All students choose one of two paths of study. The Field/Laboratory-Thesis Option and the Literature-Thesis Option both provide further educational depth through research and completion of specific courses selected for the students' personalized programs of study.

The Field/Laboratory-Thesis Option provides graduate students with experience in the design, execution, and reporting of scientific research based upon the collection of original data. Graduate students who plan to enter research professions and/or pursue a doctorate degree should enroll in the Field/Laboratory Thesis Option.

The Literature-Thesis option provides graduate students with more graduate coursework than the Field/Laboratory Thesis option. Graduate students who want to reinforce their knowledge of biology for a career as an educator at the secondary or two-year college levels may want to take advantage of this option.

Admission Requirements

Submit the following items to the Jackson College of Graduate Studies (JCGS), 100 N. University Dr., Nigh University Center, Rm. 404, Edmond, OK 73034.

1. Written statement of a graduate faculty member’s commitment to serve as mentor/advisor.

2. Paper or online application for admission (www.uco.edu/graduate/admissions.html).

3. Official copies of undergraduate and graduate transcripts from each institution attended with all degrees posted. All transcripts must be from accredited institutions. Undergraduate transcripts must show:
   a. A minimal 2.50 GPA overall and 3.00 GPA in the last 60 hours attempted.

   b. Completion of 18 undergraduate hours in Biology and other prerequisites (10 hrs chemistry including Organic Chemistry, one course in Physics, Calculus and Statistics with a minimum grade of "C").

4. GRE scores with a preferred minimum overall (quantitative + verbal sections) score of 297 (new scoring system) or 1000 (old scoring system).

5. Three letters of recommendation.

6. Students with a native language other than English must submit evidence of English language proficiency. See Admission to Graduate Studies section - English Language Proficiency.

Note: Students must meet with faculty mentor/advisor in group or individual advisement session before enrolling.

Guided Electives (5000 level courses only)........28 Hours
Courses chosen in consultation with Thesis Advisory Committee.

TOTAL HOURS REQUIRED......................................32 HOURS
NOTE: Each student must complete 32 hours of 5000 level coursework, which includes thesis hours. To ensure that students are broadly educated in biology, each student must have satisfactorily completed (during either their undergraduate or graduate work) at least one 3000, 4000 or 5000 level course in each of the following areas: Plant Biology, Animal Biology, Microbiology, Cellular Biology, Genetics and Environmental Biology. Students who enter the M.S. Biology Program without completing an upper-level course in each core area will be required to complete a 5000 level course in each area in which they are deficient. The Plan of Study should be designed based on this requirement and the student’s academic record.

Other Requirements

1. Thesis Advisory Committee. Form a Thesis Advisory Committee and meet with it each semester.

2. Plan of Study. Each student must file a plan of study with his/her graduate program advisor and the Jackson College of Graduate Studies by the end of the first semester of graduate work. The plan must be signed and dated by the student and the graduate program advisor before it can be considered official.

3. Academic Standards. Meet the following course work standards:
   (a) overall GPA of 3.00 or higher.
   (b) no more than 6 hours of “C”.
   (c) no more than six advisor-approved hours from traditional correspondence courses.

4. Comprehensive Exam. Complete a comprehensive exam with a minimum score of “pass” in all of the following areas: Animal Biology, Plant Biology, Cell Biology, Microbiology, Genetics, and Environmental Biology/Ecology. Note: With the approval of the graduate program advisor, a student who fails one or more of these exams may once, but only once, retake those exam(s).

5. Thesis. Complete an acceptable thesis, present it to the public, and defend it successfully before the Advisory Committee. Submit two paper copies of the thesis and one electronic copy to the library through Proquest and the thesis’ title page, original signature page, summary and abstract page to the JCGS.

6. Final Requirements. Apply for graduation through the JCGS by advertised deadline.
Program: Engineering Physics
Major: Engineering Physics

Major Code: 6630
Degree: Master of Science (M.S.)
Department: Engineering
College: Mathematics & Science

Graduate Advisor: Dr. Weldon Wilson
E-Mail Address: wwilson@uco.edu
Office Address: HOH 221E
Phone Number: 405-974-5470

Engineering Physics, M.S.
This program is designed so that its graduates can enter careers in diverse interdisciplinary fields in science and technology-related industries. The program also provides advanced study in physics and engineering for traditional students who intend to pursue the Ph.D. in Physics or Engineering.

Admission Requirements
Submit the following items to the Jackson College of Graduate Studies (JCGS), 100 N. University Dr., Nigh University Center, Rm. 404, Edmond, OK 73034.

1. Paper or online application for admission (www.uco.edu/graduate/admissions.html).
2. Official copies of undergraduate and graduate transcripts from each institution attended with all degrees posted. All transcripts must be from accredited institutions. Undergraduate transcripts must show:
   a. A minimal 2.75 GPA overall and 3.00 GPA in the last 60 hours attempted or a 3.00 overall GPA.
   b. Completion of 24 undergraduate hours in physics or the equivalent and mathematics through differential equations and other prerequisites (if any), as determined by the graduate program advisor.

3. Students falling below these standards may qualify for conditional or provisional admission. See Admission to Graduate Studies section.
4. Students with course deficiencies must complete 3000/4000 level courses in physics and engineering in addition to the program course requirements.
5. Graduate Record Examination scores. Submission of scores on the GRE General Test is required. There is no minimum required for admission, but a combined verbal and quantitative score of 305 is recommended (pending Regent approval).
6. Two letters of recommendation.
7. All applicants must receive approval for admission to the program from the Engineering Physics Admissions Committee.

Note: Students must meet with faculty mentor/advisor in group or individual advisement session before enrolling.

Accelerated BS/MS Degree Program
Students applying for a Master Degree through the Accelerated BS/MS Degree Program must submit the following items to the Engineering Physics Department Accelerated Program Admissions Committee:

1. Paper application for admission received by March 5 in the spring semester of the junior year.
2. Official copies of transcripts from each institution attended. Transcripts must show:
   a. The applicant is a UCO Engineering Physics major;
   b. A minimum overall GPA of 3.00;
   c. A minimum GPA of 3.00 in all Engineering and Physics courses specified in the junior year for their major.

   Grades for engineering courses taken in the spring semester of the junior year will be submitted when courses are completed at the end of junior year.
3. Two letters of recommendation from Engineering & Physics faculty.
4. A statement of purpose describing the applicant's:
   a. Plans and rationale for graduate study at UCO;
   b. Intentions toward and involvement in research activities.

Note: All applicants must receive approval for admission to the program from the Department’s Accelerated Program Admissions Committee. In this program three 5000-level ENGR or PHY courses (9 hours) taken during the senior year will count towards both the BS and MS degrees. The three courses are specified by the undergraduate major being sought.

Graduation Requirements
The student may select either the non-thesis option or the thesis option. The thesis option requires the submission and public defense of an acceptable thesis based on independent research activities.

Nursing, M.S.

The Nursing Master of Science degree will help to provide for the increasing global need of health care practitioners with expanded nursing knowledge. The degree directly addresses the University of Central Oklahoma's mission to contribute to the intellectual, cultural, economic and social advancement of the communities and individuals it serves. The inclusion of 100 clinical hours facilitates the participation of students in transformative educational experiences that directly benefit the Oklahoma City metro area community. The degree integrates each of the Central Six tenets of transformative learning including Health and Wellness, Discipline Knowledge, Leadership, Problem Solving (Research, Scholarly and Creative Activities), Service Learning and Civic Engagement.

Admission Requirements

Submit the following items to the Jackson College of Graduate Studies (JCGS), 100 N. University Dr., Nigh University Center, Rm. 404, Edmond, OK 73034.

1. Paper or online application for admission (www.uco.edu/graduate/admissions.html).

2. Official copies of undergraduate and graduate transcripts from each institution attended with all degrees posted. All transcripts must be from accredited institutions. Undergraduate transcripts must show:
   a. A minimum 3.00 GPA overall or 3.00 GPA in the last 60 hours attempted.
   b. Baccalaureate degree with a major in nursing from an NLNAC or AACN accredited program or its equivalent with at least a 3.00 GPA.
   c. Current unrestricted license to practice as a Registered Nurse in the state of Oklahoma or be in process of obtaining such licensure from the State of Oklahoma.
   d. Complete an undergraduate or graduate course in statistics.

3. Application may be made for conditional admission by students having an overall undergraduate GPA of at least 2.50 or at least 2.25 with five years having passed since the date of the first bachelor’s degree.

4. Students with a native language other than English must submit evidence of English language proficiency. See Admission to Graduate Studies section - English Language Proficiency.

5. Make formal application to the Chairperson of the Nursing Master’s Program and payment of application fee. Formal approval by the selection committee is required for admission.

The names of graduate program advisors appear with their programs on the following pages.

The Forensic Science Institute is devoted to academic excellence, through a unique multidisciplinary program, that provides outstanding educational, research, and professional training opportunities for practicing professionals and both undergraduate and graduate students. The Forensic Science Institute is a comprehensive training and research organization in all aspects of evidence collection, preservation, analysis, reporting and testimony. The Institute will promote leadership, character, and public service throughout all training events.

Forensic Science, M.S.
The M.S. Forensic Science degree is a research-oriented, thesis-required graduate degree program. Students must complete a minimum of 36 hours of graduate level work, including a core of 15 hours, 6 hours of thesis research and a minimum of 15 hours of electives in their major area.

Admission Requirements
Submit the following items to the Jackson College of Graduate Studies (JCGS), 100 N. University Dr., Nigh University Center, Rm. 404, Edmond, OK 73034.

Admission into the Graduate Forensic Science Program is for the Fall semester only. Application deadline is April 15.

1. Paper or online application for admission (www.uco.edu/graduate/admissions.html).

2. Official copies of undergraduate and graduate transcripts from each institution attended with all degrees posted. All transcripts must be from accredited institutions. Undergraduate transcripts must show:
   a. A minimum of 3.0 overall undergraduate GPA.
   b. Completion of nine undergraduate hours and other prerequisites (if any), as determined by the graduate program advisor: FRSC 3043, STAT 2103, and FRSC 2503.

3. Graduate Record Examination scores. A GRE score of at least 300 on the combined verbal reasoning and quantitative sections and a minimum of 3.0 on the analytical writing section.

4. Students falling below these standards may qualify for conditional or provisional admission. See Admission to Graduate Studies section.

5. A one-page description of an area of interest in Forensic Science research will be requested from the applicant following initial reviews of the application material.

TOTAL HOURS REQUIRED........................................36 HOURS

Other Requirements
1. Plan of Study. Each student must file a plan of study with his/her graduate program advisor and the Jackson College of Graduate Studies by the end of the first semester during which they complete their twelfth hour of graduate work. The plan must be signed and dated by the student and the graduate program advisor before it can be considered official.
2. Academic Standards. Meet the following course work standards:
   (a) overall GPA of 3.00 or higher.
   (b) no more than 6 hours of "C".
   (c) no more than six advisor-approved hours from traditional correspondence courses.

3. Thesis. Enroll in FRSC 5990 and complete an acceptable thesis and successfully defend it in public, two paper copies of the thesis and one electronic copy to the library through Proquest and the thesis’ title page, original signature page, summary and abstract page to the JCGS.

4. Final Requirements. Apply for graduation through the JCGS by advertising deadline.

The Graduate Faculty Handbook effective Spring 2013 articulates two membership levels in the Graduate Faculty: Full Member and Associate Members.

Full Members of the Graduate Faculty
The Graduate Council grants Full Graduate Faculty membership to all tenured UCO faculty. Faculty members who retire from UCO as Full Graduate Faculty remain their status after retirement.

Associate Members of the Graduate Faculty
The Graduate Council grants Associate Graduate Faculty membership to non-tenured faculty under the conditions listed below.

Non-tenured faculty members who hold terminal degrees are automatically Associate Members of the Graduate Faculty, with renewable five-year terms which begin on the first day of class of the first UCO graduate courses which they teach. Associate Graduate Faculty members automatically become Full Graduate Faculty members upon receiving tenure. Faculty members who retire from UCO as Associate Graduate Faculty and who have terminal degrees retain their status after retirement. The terms of those who retired prior to July 1, 2013, shall run until July 1, 2016. The terms of those who retire after July 1, 2013, shall run to the first July 1 which falls three years after their effective retirement dates.

Non-tenured faculty members who wish to be Associate Graduate Faculty members but do not hold terminal degrees must submit recommendations from their department chairs every five years, based on the following criteria:

1. Professional qualification, and
2. Superior teaching ability and innovation, and
3. Active participation in research leading to publications and/or other appropriate scholarly/artistic activities and/or activities, performances, or exhibits commended by professionals in the candidate’s field of study.

application to teaching multicultural design, or for personal expres-
sion. Prerequisite(s):  ART 3403 Weaving.

ART 5443 - Photo:  Special Projects
This course offers graduate study in a wide range of photographic 
techniques. Students will create original photographs with both silver 
and non-silver processes. Prerequisite(s):  Three hours photography 
including darkroom experience.

ART 5503 - Ceramic Techniques & Development
An extended study of creative experiences in a variety of materi-
als and methods used in the teaching of ceramics in art education.  
Prerequisite(s):  ART 4653.

ART 5522 - Art Presentation And Display
This class will explore a variety of basic art presentation and display 
techniques. Each student will learn about and experience various 
ways to present a variety of artwork. Techniques in mounting, matting, 
shrink wrapping, laminating, and framing will be covered. Each student 
will actually use these and other techniques to protect, preserve and 
display works of art. Each student must supply a variety of artwork 
for presentation preparation.

ART 5553 - Photographing Art
This course offers graduate study in photographing works of art.  
Topics include cameras, film, and lighting of 2D and 3D works of art. 
A variety of film types are used to ensure faithful color and exposure 
accuracy. Prerequisite(s):  Graduate standing.

ART 5573 - Celtic Art
This course is a chronological study of the visual arts of the Celts 
and their influence on later styles of art. It will start with a study of 
prehistoric European art through Celtic revivals in the 15th and 16th 
centuries. This will involve the study of art movements, medium and 
terminology in relation to the Celtic cultures and will require special-
ized research and writing on the subject matter.

ART 5600 - Studio Art
Credit varies from 1 to 4 hours. Prerequisite(s):  Written permission.

ART 5653 - Ceramics II
Advanced techniques in hand-built and wheel-thrown forms, lay 
body preparation and formulation. Development of glaze and ad-
vanced techniques in its application. Supervision in firing techniques.  
Prerequisite(s):  ART 3703.

ART 5703 - Art In America
A progress study of the cultural arts in America by surveying archi-
tecture, sculpture, painting, minor arts, and artists from America’s 
begning history throughout the years of growing American art.  
Prerequisite(s):  ART 1112.

ART 5833 - Exhibit Presentation
The goal of this course is to integrate exhibit design and project 
management into a practical medium with which the creative artist, 
historian, interior designer, marketer, and media specialist can impact 
their chosen audience. Exhibit design and its related presentation 
forms thereby become a vital medium for audience delivery and offer 
a unified context for these interdisciplinary skills to be developed into 
collaborative end product.

ART 5842 - Elementary Art Educational Methods/Art Majors
Students develop a sequential discipline-based Art Education cur-
riculum for elementary schools. Prerequisite(s):  Graduate standing.
ART 5853 - Secondary Art Educational Methods/Art Major
Curriculum materials for secondary school art will be developed and sequentially organized. Presentation techniques are practiced. Prerequisite(s): Graduate standing.

ART 5900 - Practicum In Art And Design
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

ART 5910 - Seminar / Special Topics
Credit varies from 1 to 4 hours. Directed intensive study on selected problems of special topics. Prerequisite(s): An undergraduate minor in the subject matter area and permission of graduate advisor.

ART 5920 - Workshop in Art
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

ART 5930 - Individual Study
Credit varies from 1 to 4 hours. Directed intensive study on definite problems or special subjects based on approved outlines of plan; conferences, oral and written reports. Prerequisite(s): An undergraduate major in the subject matter area to be studied, and permission of graduate advisor.

ART 5940 - Field Study in Art
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

ART 5950 - Internship In Art And Design
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

ART 5960 - Institute In Art And Design
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

ART 5970 - Study Tour In Art And Design
Credit will vary. Subject matter will vary within the department’s field of study.

ART 5990 - Thesis In Art And Design
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

BADM 5005 - Leading Global Competitive Environments
This course will help students develop effective communication and leadership skills and examines diversity and ethics in a variety of cultural contexts. Prerequisite(s): Enrollment open to MBA majors only.

BADM 5013 - MBA Foundation Skills
This course is designed for post-undergraduate, pre-MBA students and others in business looking to understand contemporary business. Topics include: the role of business in American society, its purposes and responsibilities, its structure, its practical operations and functions, and its most important asset - business people. The course also compares American business to its counterparts throughout the world. Finally, the course examines the evolution of business practice and thought.

BADM 5033 - Survey of Bus Disciplines
This course is designed for the post-undergraduate, pre-MBA students and others in business looking for an overview or refresher of essential topics in business. Topics include: accounting, business law, economics, finance and financial markets, information systems and technology, management basics, marketing fundamentals, and organizations. Integration of these topics is stressed throughout the course with a particular focus on business strategy.

BADM 5115 - Human Capital Management
This course identifies current issues in human capital management with emphasis on behavioral and legal aspects of the overall organization. Prerequisite(s): BADM 5005 with a minimum grade of “B”. Enrollment open to MBA majors only.

BADM 5125 - Accounting and Finance
This course introduces students to key functions of both finance and accounting in an organization. Emphasis is on how to analyze, interpret and communicate a variety of financial information to management, co-workers, employees, customers, and other interested stakeholders. Topics will be covered through lectures, discussion problems, cases, and a hands-on project assignment. Prerequisite(s): BADM 5005 with a minimum grade of “B”. Enrollment open to MBA majors only.

BADM 5135 - Prices Profits & Market Economy
This course examines the market economy from Economics and Marketing points of view. Special emphasis is placed on the economic constraints and opportunities marketing. Prerequisite(s): BADM 5005. Enrollment is open to MBA majors only.

BADM 5205 - Managing Business Processes w/Information Technology
This course provides a systems view of an organization and enables students to apply appropriate operations models and information technology concepts and applications. Prerequisite(s): BADM 5005 with a minimum grade of “B”. Enrollment open to MBA majors only.

BADM 5215 - Quantitative Modeling
Managerial/organizational decision methods and the role of statistics for the analysis of business modeling will be identified. The development and implementation of such analysis and modeling systems will be explored. Prerequisite(s): BADM 5005 with a minimum grade of “B” and BADM 5125 with a minimum grade of “C”. Enrollment open to MBA majors only.

BADM 5305 - Strategic Integration
This course is designed to enhance and assess the student’s cognitive skills in solving business problems. Prerequisite(s): BADM 5005 with a minimum grade of “B” and BADM 5115, 5125, 5135, 5205 and 5215 with a minimum grade of “C”. Enrollment open to MBA majors only with a Graduate GPA of 3.0 or higher.

BADM 5900 - Practicum
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

BADM 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Directed intensive study on selected problems or special topics.

BADM 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.
Graduate Course Descriptions

BADM 5930 - Individual Study
Credit will vary from 1 to 4 hours. Directed intensive study on definite problems or special subjects based on approved outlines or plans, conferences, oral and written reports.

BADM 5960 - Institute
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study.

BADM 5970 - Study Tour
Credit will vary. Subject matter will vary within the department’s field of study.

BADM 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

BUSINESS COMMUNICATION (BCOM)
Department of General Business

BCOM 5000 - Workshop
Credit will vary from 1 to 4 hours; subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given. No more than 2 hours of workshop may be counted on a master’s degree.

BCOM 5303 - Business Research Methods
Concepts and methods of the scientific research process: defining the problem; stating the hypothesis; designing the investigation; developing the proposal; collecting, organizing, presenting, analyzing, and interpreting the data; and reporting the results in both written and oral forms. Prerequisite(s): Completed all prerequisites for the MBA Program.

BCOM 5323 - Communication & Business Behavior
Application of contemporary management and behavioral theories to interpersonal group communication within business organizations. Prerequisite(s): Completed all prerequisites for the MBA Program.

BCOM 5900 - Practicum
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

BCOM 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Directed intensive study on selected problems or special topics.

BCOM 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

BCOM 5930 - Individual Study
Credit will vary from 1 to 4 hours. Directed intensive study on definite problems or special subjects based on approved outlines or plans, conferences, oral and written reports.

BCOM 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

BCOM 5950 - Internship
Credit will vary from 1 to 8 hours; subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

BCOM 5960 - Institute
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study.

BCOM 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

BCOM 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

BIOLOGY (BIO)
Department of Biology

BIO 5012 - Intro to Biological Research
This course guides students in designing a research project, writing a proposal, and conducting and reporting research. Additionally, students learn to search the biological literature and critically evaluate published research papers. Emphasis is also placed on the development of written and oral communication skills. An individual research project is required. Prerequisite(s): Minimum 18 hours of biological science and STAT 2103.

BIO 5024 - Freshwater Ecology
This course studies freshwater life with special emphasis on community relationships, ecological factors in different habitats and their influence on the distributions, abundances, and adaptations of freshwater organisms. It consists of three hours of lecture and three hours of laboratory per week. Extensive field work is required. Prerequisite(s): BIO 3543, BIO 3703 (or concurrent enrollment), and STAT 2103 all with a minimum grade of "C". Concurrent enrollment in BIO 5024L.

BIO 5024L - Freshwater Ecology Lab
This is a three-hour per week laboratory to accompany BIO 5024.

BIO 5103 - History and Nature of Science
The course surveys the history of the natural sciences beginning with the natural philosophers of ancient Greece and continuing through the Middle Ages, the Renaissance and into the Modern Era. Taught as a series of historical episodes, the course will include discussion of original literature about the scientific process, including the social and philosophical implications of that process. Prerequisite(s): Two of the following 3000 level courses (BIO 3054, BIO 3543, BIO 3703, and/or BIO 3303) and STAT 2103 all with a minimum grade of "C".

BIO 5113 - Biogeography
This course is a study of the distribution of organisms, both past and present. The course includes concepts from ecology, evolution, and geology. Prerequisite(s): 12 hours in Biology, including a course in Ecology, STAT 2103 and permission of instructor.

BIO 5124 - Herpetology
The morphology, ecology, physiology, behavior and evolution will be studied in extant and extinct Amphibians and Reptiles. General principles and functional processes will be illustrated using recent empirical findings. Prerequisite(s): BIO 3543, BIO 3703 and STAT 2103 all with a minimum grade of "C"; BIO 3454 is recommended.

BIO 5124L - Herpetology Lab
This is a laboratory for BIO 5124. Prerequisite(s): 12 hours of Biology and BIO 1404.

BIO 5204 - Plant Ecology
This course covers the principles of vegetation analysis and the interaction of plants with their environment. Characterization of important biomes (grass-land, deciduous forest, etc.) with investigations at the population, community and ecosystem levels. BIO 5204L, which includes field work, must be taken concurrently. Prerequisite(s): 12 hours of Biological Science, including BIO 2263 and STAT 2103.
**Graduate Course Descriptions**

**BIO 5204L - Plant Ecology Lab**  
This is the lab for BIO 5204.

**BIO 5254 - Animal Behavior**  
The behavior of animals will be studied emphasizing the ecological and evolutionary significance of behavior patterns in nature. General principles and processes will be illustrated using recent empirical findings. BIO 5254L, which includes field work, must be taken concurrently. Prerequisite(s): BIO 3154 or 3454, and and STAT 2103 with a minimum grade of "C".

**BIO 5254L - Animal Behavior Lab**  
This is a three-hour per week laboratory to accompany BIO 5254. Field work required.

**BIO 5264 - Mammalogy**  
This course is a survey of mammals; their taxonomy, anatomy, ecology, distribution, behavior and natural history. It consists of three hours lecture and three hours laboratory per week and participation on weekend field trips is recommended. Prerequisite(s): BIO 3703 or BIO 3303 and STAT 2103 all with a minimum grade of "C".

**BIO 5264L - Mammalogy Lab**  
This is a three-hour per week laboratory to accompany BIO 5264. Participation on weekend field trips is recommended.

**BIO 5294 - Plant Taxonomy**  
This course is a study of the classification of the vascular plants with emphasis on distribution and identification of local flowering plants. BIO 5294L, which includes field work, must be taken concurrently. Prerequisite(s): 12 hours of Biology including BIO 1304 and STAT 2103.

**BIO 5294L - Plant Taxonomy Lab**  
This is the laboratory for BIO 5294.

**BIO 5303 - Physiological And Biochemical Adaptation**  
This course is a comprehensive study of physiological and biochemical strategies which help organisms adapt to various environmental conditions. Prerequisite(s): One course in Organic Chemistry and 12 hours of Biological Science to include at least one advanced class in Cell Physiology, Cell Biology or Biochemistry; and STAT 2103.

**BIO 5324 - Marine Ecology and Laboratory**  
This course studies marine life with special emphasis on community relationship, ecological factors in different habitats and their influence on the distributions, abundances, and adaptations of marine organisms. It consists of three hours of lecture and three hours of laboratory per week. Extensive field work, including a one-week trip to the Texas Gulf Coast is required. Prerequisite(s): BIO 3543; BIO 3703 (or concurrent enrollment) or BIO 3154; and STAT 2103 all with minimum grade of "C" and written permission of instructor. Concurrent enrollment in BIO 5324L.

**BIO 5324L - Marine Ecology Lab**  
This is a three-hour per week laboratory to accompany BIO 5324.

**BIO 5334 - Environmental Microbiology & Lab**  
This course is an advanced study in microbiology dealing with the use of microorganisms to mineralize, detoxify and degrade environmental contaminants. This course will study the mechanisms and processes by which microorganisms are involved in the treatment of sewage, identification of waterborne microbial diseases. The course will investigate the remediation of heavy metal contaminated soils. Laboratory exercises will enable students to become familiar with and to use standard tests for the analysis of water and wastewater and the biodegradation of environmental pollutants. Prerequisite(s): Graduate standing and BIO 1404, 1304, 2314, 2263, CHEM 1103, 1223, 3303 and STAT 2103.

**BIO 5343 - Molecular Biology Techniques**  
This lecture and laboratory course presents advanced principles of DNA analysis techniques. Both human (forensic) and non-human applications will be discussed. Major topics covered in this course include DNA extraction, DNA quantification, polymerase chain reaction, DNA fragment analysis, DNA sequencing, and bioinformatic databases. Prerequisite(s): BIO 3303, one of the following (BIO 3054, 3543, or 3703) and STAT 2103 all with a minimum grade of "C". Credit may not be earned for both BIO 5343 and FRSC 5333. Concurrent enrollment in BIO 5343L.

**BIO 5343L - Molecular Biology Techniques Lab**  
This is a three-hour per week laboratory to accompany BIO 5343.

**BIO 5354 - Plant Anatomy**  
This course includes a study of external and internal structures of vascular plants with attention to correlating structure with function. Students will be required to complete an individual research project as part of the course. It consists of three hours of lecture and three hours of laboratory per week. Prerequisite(s): BIO 1304, BIO 2203, BIO 2314 and STAT 2103.

**BIO 5354L - Plant Anatomy Lab**  
This is a three-hour per week laboratory to accompany BIO 5354.

**BIO 5443 - Microtechnique**  
The course is an introduction to manual techniques of tissue processing and staining procedures along with microphotography, phase microscopy, and fluorescence microscopy. Student presentations of special projects are required. It consists of one hour lecture and six hours laboratory per week. Prerequisite(s): Minimum 12 hours of biological science and STAT 2103. BIO 5443L must be taken concurrently.

**BIO 5443L - Microtechnique Lab**  
This is the laboratory to accompany BIO 5443.

**BIO 5454 - Molecular Cell Phys and Lab**  
This course emphasizes a study of the molecular and physiological aspects of cell life. Topics include cell dynamics, protein structure and function, nucleic acids, recombinant DNA technology, sub-cellular organization, photosynthesis, respiration, integrated metabolism, transport, and differentiation. It consists of lecture and laboratory integrated into six hours per week; length of laboratory sessions varies with weekly topics. Prerequisite(s): BIO 3054, BIO 3303 and STAT 2103 all with a minimum grade of "C". Concurrent enrollment in BIO 5454L.

**BIO 5454L - Cell Physiology Lab**  
This is a three-hour per week laboratory to accompany BIO 5454.

**BIO 5504 - Mycology**  
This course is a general survey covering the morphology, reproduction, ecology and economic importance of fungi, including those of medical importance, with laboratory experience in their collection, cultivation, and identification. The course consists of three hours of lecture and three hours of laboratory. Prerequisite(s): BIO 3054 and (BIO 3543 or BIO 3703 or BIO 3303) and STAT 2103 all with a minimum grade of "C". Concurrent enrollment in BIO 5504L.

**BIO 5504L - Mycology Lab**  
This is a three-hour laboratory to accompany BIO 5504.

**BIO 5524 - Aquatic Entomology**  
This course studies of the taxonomy, morphology, ecology, and evolution of aquatic insects occurring in North America. The course consists of three hours of lecture and three hours of laboratory per week. A collection is required and additional laboratory time is often necessary. Prerequisite(s): 15 hours of Biological Science including
BIO 1404; and STAT 2103.

BIO 5524L - Aquatic Entomology Lab
This is a three-hour per week laboratory to accompany BIO 5524.

BIO 5622 - Methods Human Dissection & Prosection
This course includes instruction in techniques of dissection and prosection of the human body. All organ systems are studied with special reference to skeletal landmarks and to clinical significance. There are three laboratory hours and recitation hour per week. Prerequisite(s): STAT 2103 and (BIO 2504 or BIO 3254 or FNRL 2214) and (BIO 3054 or BIO 3543 or BIO 3703 or BIO 3303) all with a minimum grade of “C”.

BIO 5633 - Scanning Electron Microscopy & Lab
This course is a study of the theory and principles of Scanning Electron Microscopy. Topics include sample preparation, critical point drying, sputter coating, and operation of scanning electron microscope (SEM). Laboratory exercises will enable students to become proficient in the operation of the SEM and supporting instrumentation. Prerequisite(s): BIO 1304, 1404, 2314, STAT 2103 and 12 hours of Biology electives and graduate standing.

BIO 5703 - Evolution
This course is a study of the theory and processes of evolution with emphasis on the importance of evolution as a unifying concept to the field of biology. Both historical and the modern concepts are incorporated. Prerequisite(s): 12 hours of biology including BIO 2233, or BIO 3304; and STAT 2103. Ecological background recommended.

BIO 5723 - Biometrics
This course will focus on univariate and selected multivariate statistical techniques used in Biology. Emphasis will be on data collection, presentation, hypothesis formation and testing. Computer data analysis will also be introduced. Prerequisite(s): 15 hours of Biology, MATH 1513 and STAT 2103.

BIO 5734 - Ornithology and Laboratory
This course is a study of the birds of Oklahoma, their taxonomy, physiology, anatomy, ecology, distribution, behavior, and natural history. There is a three-hour per week laboratory. Field trips are required. Prerequisite(s): Graduate standing and 15 hours of biology, including BIO 3534 or BIO 3454 (or permission of the instructor); and STAT 2103.

BIO 5743 - Molecular And Population Genetics
This course is an advanced study of modern population genetic theory. Major topics covered in this course include: estimating genetic variation within populations; the effects of genetic drift, mutation, selection, and gene flow on genetic variation; inbreeding; estimation of population subdivision; quantitative genetics; and human population genetics. Prerequisite(s): BIO 3303, BIO 3703 and STAT 2103 all with a minimum grade of “C”.

BIO 5754 - General Entomology & Lab
This course is an introduction to insects emphasizing functional anatomy and identification of specimens to family level, and exploring both basic and applied aspects of the discipline. It consists of three hours of lecture and three hours of laboratory per week. Prerequisite(s): STAT 2103, BIO 1305, BIO 2203, and (BIO 3543 or BIO 3703) all with a minimum grade of “C”. Concurrent enrollment if BIO 5754L.

BIO 5754L - General Entomology Lab
This is the three-hour per week laboratory that accompanies BIO 5754.

BIO 5763 - Biology Of Cancer
This course is designed to develop students’ understanding of the structure, function and reproduction of normal cells and how cancer cells are different. Classification and naming of neoplasms (tumors and cancers) and spread of cancer (invasion and metastasis) will be discussed. Physical, chemical and biological agents responsible for transformation and mechanisms of oncogenesis will be examined. The clinical aspect so cancer will be characterized and methods of treatment will be included. Prerequisite(s): BIO 3303, BIO 3314 and STAT 2103 all with a minimum grade of “C”.

BIO 5773 - Parasitology and Lab
This course is a survey of animal parasites, including their taxonomy, life cycle, morphology, physiology, parasitic strategies, and distribution. It consists of two hours lecture and three hours laboratory per week. Prerequisite(s): STAT 2103, BIO 1305, BIO 2203, BIO 3054 and (BIO 3543 or BIO 3703) all with minimum grade of “C”. Concurrent enrollment in BIO 5773L.

BIO 5773L - Parasitology Lab
This is a three-hour per week laboratory to accompany BIO 5773.

BIO 5843 - Virology
This course is a detailed study of the nature and structure of viruses on host cells. Also included will be the viral genetics, molecular cloning, pathogenesis of viral diseases, mechanism of host resistance and a survey of tumor and cancer causing viruses. Concurrent enrollment in BIO 5843L is required. Prerequisite(s): 12 hours of Biology including BIO 2314; and STAT 2103.

BIO 5843L - Virology Lab
This is the laboratory to accompany BIO 5843.

BIO 5853 - General Methods Of Teaching Science
This course is a study of different methods/approaches of teaching science (life and physical, grades 6- 12) and current issues in science education for secondary science education majors. Curriculum includes individual experience involving application of methods and approaches learned in the course. It consists of two lecture hours and three laboratory hours per week. Prerequisite(s): Admission to teacher education is required plus 24 hours of Science courses and STAT 2103.

BIO 5853L - General Methods Of Teaching Science Lab
This is a three-hour laboratory to accompany BIO 5853.

BIO 5900 - Practicum In Biology
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

BIO 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Prerequisite(s): STAT 2103.

BIO 5920 - Workshop in Biology
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

BIO 5930 - Individual Study In Biology
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

BIO 5940 - Field Study in Biology
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

BIO 5950 - Internship In Biology
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study.

BIO 5960 - Institute In Biology
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

<td>CHEM 5103</td>
<td>Biochemistry II</td>
<td>Metabolic pathways and their regulation are studied, emphasizing enzyme reactions and regulation in mammalian systems. Topics include energy pathways, synthetic pathways, and the balancing of tissue needs via hormonal regulation. Each student will complete a paper on the use of enzymes or related proteins in forensic investigations. The instructor and the student will collaborate on the selection of the research topic; the approach may be historical, molecular biological, or biochemical, but the work must include a hypothesis originated and developed by the student. Prerequisite(s): CHEM 3403; CHEM 3323 and BIO 2203 are strongly recommended.</td>

CRIMINAL JUSTICE (CJ)  
School of Criminal Justice

CJ 5013 - Juvenile Justice Systems Management And Administration  
The juvenile justice system in America will be explored in depth from juvenile intake into the system to final disposition. Juvenile and police relations, the juvenile court process, juvenile law, juvenile rights, and the organizations, management and administration of juvenile bureaus will be covered. Operating juvenile systems will be studied and compared both on a national and international basis.

CJ 5023 - Community Oriented Policing  
This course examines police and community collaboration to solve and prevent crime with a focus on police/community relations.

CJ 5033 - Critical Issues In Criminal Justice  
The object of this course is to present to the student major critical issues facing the criminal justice system in America. Major emphasis will be placed on the making of criminal law, police power in a democratic society, problems within the court and the correctional process in America. The course intends to develop an understanding in depth on the part of the student concerning major critical issues in the area of criminal justice.

CJ 5043 - Modern Criminal Investigations  
This course is designed to combine the practical and theoretical aspects of criminal investigations; develop an analytical and practical understanding of the investigative process and explore future predictions of crime solving technology and techniques from a law enforcement perspective.

CJ 5053 - Principles Of Management In Criminal Justice Organizations  
The criminal justice process in America will be viewed in depth from a systems approach. Areas to be covered are: (1) criminal justice as a manageable system, (2) systems as an approach to management, (3) systems management modeling, (4) criminal justice organizational consideration, and (5) making the criminal justice model go systematically.

CJ 5063 - Innovation In Corrections And Penology  
This course will be designed to explain the needs for research and the interpretation of data in the criminal justice system. Emphasis will be placed on planning, interpretation, implementation, and evaluation of programs in corrections and penology. The remainder of the course will focus on new and innovative programs in corrections and penology.

CJ 5073 - Elements Of Criminal Offenses  
This course will examine the foundations of American jurisprudence and the enactments of criminal offense statutes. The elements of and defenses to inchoate offenses, offenses against persons, crimes against persons, crimes against morality, alcohol/drug offenses, white collar/organized crime, offenses against public health, offense against public order and offenses against justice and public order will be reviewed in detail as well as other miscellaneous crimes, statutes and important appellate court cases.

CJ 5093 - Police Systems Management And Administration  
The police process in America will be viewed from a systems approach. Police activity represents only one aspect of the total criminal justice process. Areas to be covered: (1) police systems management and administration, (2) behavioral science application to police management, (3) police management and administration tasks, (4) systems analysis for police, (5) organizational development and managerial functions, and (6) police productivity.

CJ 5113 - Research Methods In Criminal Justice  
Research Methods in Criminal Justice is designed to acquaint students with quantitative and qualitative research methodologies, including an in-depth analysis of the following: conceptualization of research, types of sampling strategies, data collection methods, research design and proposal writing. Prerequisite(s): CJ 3643 and SOC 3633 with a minimum grade of “C” or permission of the instructor.

CJ 5123 - The Jury System  
This course is designed to provide an in-depth study of the processes and procedures of a jury trial in the American criminal justice system. The course will cover: the origin of juries, how jury panels are developed, how juries are selected, the criminal trial court procedures during trial, the legal right of an accused during a trial, a brief overview of the appellate court system for criminal cases.

CJ 5133 - Correctional Systems Management & Administration  
The correctional process will be viewed from a systems approach since it represents one element in the total criminal justice process. Attention will be given to the correctional process and its relationship to other institutional and organizational elements within the total Criminal Justice system.

CJ 5143 - Family Violence Investigations  
This course will cover law enforcement/social service agency investigations of family violence and provide an overview of the many facets, characteristics and theories of family violence, including but not limited to, child abuse/neglect, elder abuse/neglect, domestic violence (spousal & non-spousal), dating violence and date rape.

CJ 5153 - Research and Planning  
This course will examine the development of criminal justice policy and procedures using secondary data analysis, crime mapping, and open source data to establish the criterion for change and allocation of resources.

CJ 5203 - Dangerous/Violent Offenders  
This course presents the characteristics, behaviors, and attitudes of violent offenders with particular emphasis on sex offenders. The areas of domestic violence, pedophilia, sexual assault, and mass and serial murder comprise separate sections of the course. Prerequisite(s): SOC 3633.

CJ 5213 - Drug Dependency & Crime  
This course examines major categories of drugs that are sold and abused in America. The history of drug use, legislation and enforcement, sociology and psychology of drug abuse and drug prevention/treatment will be included.

CJ 5223 - Design and Analy in CJ Res  
Design and Analysis in Criminal Justice Research will provide skills needed for advanced research and analysis of data related to crime and intelligence gathering. Mathematical and statistical models will be used to synthesize, evaluate, and determine limitations of data. Additional topics include ethical concerns and computer use in data analysis. Prerequisite(s): CJ 4113 or SOC 4043 or SOC 4773.

CJ 5233 - Writing & Evaluating Research  
This course examines advanced principles and procedures of scholarly research in the criminal justice field.

CJ 5323 - Victimology  
This course is designed to provide a complete and integrated study of victimization, including a comprehensive review of the history and theories of victimology, the interaction of crime victims with others in the criminal justice system, an in-depth examination of diverse types of victimization, an examination of current as well as classical works in the field and a focus on victim services. Prerequisite(s):
Graduate Course Descriptions

CJ 5333 - Comparative CJ Systems
Comparative Criminal Justice Systems will review the measure and nature of crime across nations, including law enforcement functions, criminal procedure, courts, sentencing and punishment, juvenile justice, transnational crime, terrorism and assessing the future of transnational crime and justice. Prerequisite(s): CJ 3643.

CJ 5353 - Environmental Criminology and Crime Analysis
Environmental Criminology and Crime Analysis involves the study of crime opportunities and criminal events as they relate to environmental design and the formal and informal social control of space. The course will explore physical and social characteristics of movement paths that bring offenders and victims together. Students will review the main environmental theories including situational crime prevention, routine activities theory, crime prevention through environmental design, and crime pattern theory. Prerequisite(s): CJ 4113 or SOC 4043 or SOC 4773

CJ 5413 - Delinquent Child Law
Delinquent Child Law is an in-depth study of the evolution of the laws affecting juveniles, Oklahoma and federal juvenile statutes, development of the juvenile legal system and processes and legal procedures of juvenile courts in Oklahoma and the United States. Prerequisite(s): Graduate standing.

CJ 5423 - Child Abuse And Neglect Law
This course is designed to give the student an overview of the development of unique terminology, laws, institutions, social service agencies, police units, procedures and courts to protect abused/neglected children in Oklahoma and the United States.

CJ 5433 - Oklahoma Juvenile Correctional System
This course is a comprehensive survey of the Oklahoma juvenile correction system. Included will be a review of the statutes creating, regulating and dictating the agency, institutions, infrastructure, processes, treatment procedures and personnel of various institutions and agencies. Prerequisite(s): CJ 4413, 4423, SOC 4573.

CJ 5443 - International Juvenile Systems
This course is designed to give the student an overview of various international juvenile systems and explore how those countries deal with juvenile delinquents and other juveniles in comparison to juvenile court procedures and laws in the United States. Prerequisite(s): CJ 4413, 4423, 4433, SOC 4573.

CJ 5523 - Cyber Crime
This course provides an introduction to the investigation of computer crime and the forensic examination of digital evidence.

CJ 5533 - White Collar Crime
This course emphasizes debates about white collar crime; different types of white collar crimes; theories and explanations of white collar crime; victimization and offender sentencing issues; and difficulties in the criminal justice system response to white collar crimes. Prerequisite(s): CJ 3643 with a minimum grade of “C”.

CJ 5543 - Technologies in Crime Analysis
Technologies in Crime Analysis explore the analytical procedures, software, and technologies, including Geographic Information Systems (GIS), used at every level of criminal justice in the development of patterns and trends essential to the decision making process and in determining the value of intelligence data gathered by various sources. Prerequisite(s): CJ 4113 or SOC 4043 or SOC 4773.

CJ 5633 - Terrorism & Homeland Security
This course provides an overview of the historical and current context of international and domestic terrorism using a criminological and criminal justice framework.

CJ 5643 - Advanced Crime Theory
This course examines a range of criminological theories pertaining to offending populations and the correlates of crime. Prerequisite(s): SOC 3633.

CJ 5713 - Community-Based Corrections
This course is designed to give the student an in-depth overview of probation, parole, halfway houses, work furlough programs and other comprehensive aspects of community-based corrections in Oklahoma and the United States. Prerequisite(s): CJ 4703.

CJ 5723 - Critical Issues In Corrections
This course is designed to give the student a comprehensive survey of the controversial issues in Oklahoma and American corrections, including but not limited to: rehabilitation, punishment, electronic monitoring, boot camps, privatization, community supervision, drug offender, incarceration v. treatment, white collar offenders, death penalty for adults and juveniles, coed institutions, incarceration of pregnant women, and other issues in the field of corrections. Prerequisite(s): CJ 4703.

CJ 5813 - Oklahoma Adult Correctional System
This course is a comprehensive survey of the Oklahoma adult correction system. Included will be a review of the statutes creating, regulating and mandating the infrastructure, processes, procedures and personnel of various institutions and agencies within the Oklahoma adult correction system. Prerequisite(s): CJ 4063, 4703, 4723.

CJ 5823 - International Correctional Continuum
This course is a survey of various correction systems in the world, including England, France, Sweden, Japan, Russia, China and will include a comparison to corrections in Oklahoma and the United States. The correction systems will be explored in the context of the political, historical, organizational and procedural context for the various countries. Prerequisite(s): CJ 4703, 4713, 4723, 4813.

CJ 5833 - Pro-seminar in Criminology
Pro-seminar in Criminal Justice provides an in-depth examination of criminological theories and the relationships between theory and crime. The course will focus primarily on the existing analysis of intelligence and crime data and culminate in a project selected in cooperation with field experts. Prerequisite(s): Graduate standing.

CJ 5900 - Practicum In Criminal Justice
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Supervised practical application of previously studied theory. Limited to four semester hours per enrollment.

CJ 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

CJ 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

CJ 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Study completed on an individual basis covering material specified by the instructor.

CJ 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.
CJ 5950 - Internship In Criminal Justice
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

CJ 5960 - Institute In Criminal Justice
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Assignments are given and students receive normal letter grades.

CJ 5970 - Study Tour In Criminal Justice
Credit will vary. Subject matter will vary within the department's field of study. An enrollment associated with educational travel organized through university faculty. Such enrollment may be for credit or audit.

CJ 5990 - Thesis In Criminal Justice
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

COMPUTER SCIENCE (CMSC)  
Department of Computer Science

CMSC 5023 - Programming Languages
This course provides a study of the underlying concepts of programming languages such as automata, grammars, translation, bindings, scope, data types, control, subprogramming, concurrency, and exception handling. Languages representing contrasting paradigms are studied. Prerequisite(s): CMSC 3613; admission to the graduate program.

CMSC 5033 - Concepts Of Artificial Intelligence
This course covers the basic concepts and techniques of artificial intelligence or intelligent systems. It includes an introduction to some of the software packages that are used to develop expert systems. Other issues of importance in this course are natural language, pattern recognition, search strategies, knowledge representation and logical inference. Prerequisite(s): CMSC 3613.

CMSC 5043 - Applications Of Database Management
This course covers the integration of theory and practice in the use of current database systems and the access of those systems. The course covers the relational and E-R models for database organization. Topics include in the course are query languages (e.g. SQL), database integrity and security, file access methods, query processing, transaction processing, and backup/recovery. Prerequisite(s): CMSC 2613 and MATH 2313 and (STAT 3103 or 4113) and graduate standing.

CMSC 5053 - Operating Systems
This course is a study of operating system concepts including concurrent processes, mutual exclusion techniques, deadlock, real and virtual memory management, job scheduling, auxiliary storage management, network operating systems and multiprocessing. Prerequisite(s): CMSC 3613.

CMSC 5063 - Networks
This course is a study of local and wide area networks and their implementations. Included is the theory governing layered networking architectures, the ISO-OSI communications interface, the TCP/IP protocol, packet transmission, error-correction techniques, addressing and routing, and the use of communications software. Prerequisite(s): CMSC 3613.

CMSC 5073 - Translator Design
Translator Design introduces students to the principles, tools and techniques used in designing a programming language compiler. Topics covered include lexical, syntax, and semantic analysis, finite automata, regular expressions, LL and LR grammars, type systems and checkers, code generation, interpreters, optimization, and code improvement. Prerequisite(s): CMSC 3613 and graduate standing.

CMSC 5113 - Structured Design
This course covers the elements of a discipline of program and systems design. Emphasis will be placed on the architecture of programs and systems rather than programming. Prerequisite(s): CMSC 3613.

CMSC 5123 - Advanced Microcomputer Applications
This course is a survey of the installation and programming of microcomputers using microcomputer based operating systems with emphasis on maintaining tree structured directories, programming batch files, controlling i/o redirection, working with serial and parallel ports, using internal operating system commands and utilities, and installing vendor provided software.

CMSC 5133 - Theory Of Data Base Systems
This course covers the concepts, principles, implementation practices, and guidelines for the selection and installation of data base systems. Topics include choosing a dictionary, the relational approach, the hierarchical approach, and the network approach. There will be some discussion of security and integrity comparison. Prerequisite(s): CMSC 4003 or CMSC 5043.

CMSC 5243 - Artificial Intelligence
This course is a study of the basic concepts and techniques of artificial intelligence or intelligent systems. Some of the topics covered are search techniques, heuristics, expert systems, systems of logical inference, methods of representing knowledge, and AI programming. Prerequisite(s): CMSC 4133 or 5033.

CMSC 5273 - Theory of Computing
Theory of Computing is a study of computation theory encompassing three broad categories: formal languages and automata theory, computability theory, and complexity theory. The topics covered include Turing machines, finite automata, nondeterminism, pushdown automata, decidability, and NP- completeness. Prerequisite(s): CMSC 3613 with a minimum grade of “C”.

CMSC 5283 - Software Engineering
Software Engineering is the application of engineering and management disciplines to computer software projects. Topics discussed are the software life cycle, CASE tools, requirement engineering, software models and architectures, software design and development, testing and validation, maintenance and evolution, project organization, management and cost estimation, and software quality assurance and risk analysis. Prerequisite(s): CMSC 2613 and MATH 2313 and (STAT 3103 or 4113).

CMSC 5303 - Mobile Application Programming
The theory and practice of mobile application programming are studied, which includes the study of mobile computing platforms, mobile user interfaces, animation, graphics, and the use of the media framework and telephony APIs. Extensive practice on a specific mobile development platform is included. Prerequisite(s): CMSC 3103 and graduate standing.

CMSC 5323 - Computer and Network Security
This course examines principles of computer and network security. Topics include security principles, application security, web security, cryptography and its applications, network security, and privacy issues. Students will learn practical knowledge and skills to identify and defend against security threats. Prerequisite(s): CMSC 3613.

CMSC 5373 - Web Server Programming
This course examines theory and practice of server-side programming for World Wide Web, including study on presentation logic, business logic, session control, and database management. The course also
includes extensive practice in a specific server-side programming language. Prerequisite(s): CMSC 3103.

CMSC 5900 - Practicum In Computing Science
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

CMSC 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

CMSC 5920 - Workshop in Computer Science
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

CMSC 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Prerequisite(s): Permission of instructor.

CMSC 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

CMSC 5960 - Institute In Computing Science
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study. Prerequisite(s): Permission of instructor.

CMSC 5970 - Study Tour
Credit will vary. Subject matter will vary within the department’s field of study.

CMSC 5980 - Graduate Project
A contemporary problem provided by business and industry and selected with consideration of the interests and abilities of the individual student. Prerequisite(s): Permission of instructor.

CMSC 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study. Prerequisite(s): Permission of instructor.

CREATIVE STUDIES (CSDY)
Department of English

CSDY 5113 - Pub Pro: Editing & Marketing
Publication Procedures: Editing and Marketing presents techniques for revising and editing creative work for publication and strategies for marketing this work. Over the course of the semester, students edit and revise their own work and report on the literary magazine, online literary, and book publishing markets. This course also covers the fundamentals of professional development, allowing students to prepare the necessary materials for both job searches and searches for agents and publishers.

CSDY 5123 - Short Story Writing I
The first course in an integrated, three-course sequence, Short Story Writing I will help students learn to write, edit, and submit their short stories to literary journals, magazines, and contests. By reading published stories, books and articles on the craft of writing short fiction, and by critiquing their colleagues’ writing, students will explore the basic components of the short story: narrative, conflict, theme, opening, progression, climax, closure and style, while producing no fewer than forty pages of original prose. Prerequisite(s): Graduate standing.

CSDY 5133 - Short Story Writing II
The second course in an integrated three-course sequence, Short Story Writing II provides practical workshop instruction for students who are continuing to train themselves as writers of the short story. Students will continue to improve their understanding of the basic components of the short story by studying examples of published stories, by critiquing their colleagues’ work, and by producing no fewer than sixty pages of original prose, in the form of at least three finished short stories in publishable form, which must be submitted to local or national publications. Students may not take Short Story Writing II until they have completed Short Story Writing I and earned a grade of B or higher in that class, unless they have received written permission from the office of the Director of Creative Writing. Prerequisite(s): CSDY 5123 with minimum grade of “B” and graduate standing.

CSDY 5143 - Short Story Writing III
The third course in an integrated, three-course sequence, Short Story Writing III provides practical workshop instruction for students who are in the process of completing a collection of short stories. Students will have at least 100 pages written prior to beginning the class and will write an additional 60 pages over the course of the term. Students will be stepping into their literary identities as writers of short stories that they will submit simultaneously to at least five markets or contests per story. (The necessary expense of postage and photocopying must be considered when taking this class.) Students will also present ten-minute oral reports accompanied by written evaluations of self-help books dealing with writing and publishing the short story, and they will read at least two complete collections of stories authored by other members of the class and will write a detailed critique of each of these collections. Finally, each student will discover at least one short story writer of international reputation and report on this writer to the class. Students not familiar with the Russian, French, or German traditions of the short story will be encouraged to select a writer from one of these traditions as the subject for their reports. Students may not take Short Story Writing III until they have completed Short Story Writing I and Short Story Writing II and earned a grade of B or higher in both classes, unless they have received written permission from the office.

CSDY 5253 - Advanced Genre Studies-Creative Writing
A conference course for the creative studies students and other special students who have chosen creative writing as their focus in a degree pattern. The student will continue work throughout the semester on a single fiction or nonfiction project begun in CSDY 3593. Another 100 polished pages output required.

CSDY 5273 - Writing The Novel
This is a continuation of CSDY 3593 and 4253, aiding the student in the final structuring and composition of his writing project. A third 100 pages of polished copy is required and student work is analyzed against exemplary materials for publication submissions.

CSDY 5313 - Writing Mystery/Adventure
The student will read popular and classic Mystery/Adventure stories and write creative papers in both genres. The student will research and compare historical and contemporary works, and prepare a scholarly paper analyzing additional works of a contemporary author. Prerequisite(s): CSDY 3573.

CSDY 5323 - Novel Writing I
The first course in an integrated, three-course sequence, Novel Writing I will help students to begin writing complete novels. Through reading published novels, books on writing fiction, and their colleagues’ drafts, students will explore the basic components of the novel—including plot, setting, character, pacing, and dialogue—as they begin to generate their own texts. Prerequisite(s): Graduate standing.

CSDY 5333 - Novel Writing II
The second course in an integrated, three-course sequence, Novel Writing II provides practical workshop instruction for students who
are continuing work on the original novel that they began writing in Novel Writing I. Students will continue to improve their understanding of the basic components of the novel by studying published novels, critiquing their colleagues’ drafts, and working on the middle section of their own drafts. Students may not take Novel Writing II until they have completed Novel Writing I and earned a grade of B or higher in that course, unless they have received written permission from the office of the Director of Creative Writing. Prerequisite(s): CSDY 5323 with a minimum grade of “B” and graduate standing.

CSDY 5343 - Novel Writing III
The final course in an integrated, three-course sequence, Novel Writing III provides practical workshop instruction for students who are completing work on the original novel that they began writing in Novel Writing I and continued developing in Novel Writing II. Students will continue to improve their understanding of the components of the novel by studying published novels, critiquing their colleagues’ drafts, and working on the final section of their own drafts. Students may not take Novel Writing III until they have completed Novel Writing I and Novel Writing II and earned a grade of B or higher in both courses, unless they have received written permission from the office of the Director of Creative Writing. Prerequisite(s): CSDY 5323, 5333 with a minimum grade of “B” and graduate standing.

CSDY 5353 - Creating The Poem
Students will learn to analyze poetry in terms of tone, persona, literal and figurative imagery, arrangement, symbolism, allusion, myth and archetype, sound and devices used to achieve the desired effect, poetic forms, and various styles. Students will write poetry in many different forms and styles.

CSDY 5413 - Writing For Children
Writing for children allows students to try writing for various age groups from infants through young adults. The course looks at the history of writing for children and the psychology of learning to read. Award winning books and authors will be studied, and the habits of successful writing will be explored.

CSDY 5423 - Writing Comedy and Satire
Writing Comedy and Satire provides students with a comprehensive overview of contemporary comic and satiric writing. Students enrolled in this course will read contemporary comic and satiric literature, will study and practice the techniques of effective comic and satiric writing, and will produce original comic and satiric works in a variety of genres.

CSDY 5443 - Writing The Contemporary Novel
The student will read popular and bestselling novels and write the first chapter of a novel. The student will read and prepare a report analyzing a contemporary novel. The graduate student will read and prepare two reports analyzing two contemporary novels. Prerequisite(s): CSDY 3573.

CSDY 5453 - Creative Nonfiction I
The first course in an integrated, three-course sequence, Creative Nonfiction I will introduce the student through practical exercises in a workshop setting to the broad range of creative nonfiction writing. Students will read a diversity of published works of creative nonfiction and will complete writing assignments that will guide them on the path to competence in this important genre. The categories and forms of creative nonfiction to be studied will include: The memoir, the ideologically charged advocacy piece, such as ecological, political, and polemical writing; the travel piece; the sociological sketch; and satiric or comic response to cultural icons. Students will produce at least forty typed pages, which will include drafts in at least five of these genres. Students will attend three approved local events and will write reports on them, to be submitted to local publications.

Prerequisite(s): Graduate standing.

CSDY 5463 - Creative Nonfiction II
The second course in an integrated, three-course sequence, Creative Nonfiction II will assist students in consolidating their mastery of several genres and types of creative nonfiction and, in a workshop setting, will help students to master a particular genre of creative nonfiction—such as the interview, the travel piece, the science piece, the sports piece, the performance review, the humorous piece, or the transformed autobiographical piece—by requiring them to write an original work of creative nonfiction of at least 45 pages in length. Students will also present ten-minute oral reports to the class based on approved representative pieces of contemporary creative nonfiction. Students may not take Creative Nonfiction II until they have completed Creative Nonfiction I and earned a grade of B or higher in that course, unless they have received written permission from the office of the Director of Creative Writing. Prerequisite(s): CSDY 5453 with a minimum grade of “B” and graduate standing.

CSDY 5473 - Creative Nonfiction III
The final course in an integrated, three-course sequence, Creative Nonfiction III will offer the student practical help in publishing his or her original creative nonfiction. Students will continue to produce professional-quality nonfiction for workshop discussion and eventual publication. Students will study current best-selling nonfiction works, such as books by Linda Ziff, George Plimpton, Annie Dillard, and Bailey White, and will write two-page analyses of two of these works. Students will complete a total of 65 pages of original, publishable nonfiction and will send out at least 30 of these pages for publication by the end of the semester. Students may not take Creative Nonfiction III until they have completed Creative Nonfiction I and Creative Nonfiction II and earned a grade of B or higher in both courses, unless they have received written permission from the office of the Director of Creative Writing. Prerequisite(s): CSDY 5453, 5463 with a minimum grade of “B” and graduate standing.

CSDY 5513 - Playwriting
The student will read popular play scripts, view live play productions, and write creatively in the dramatic genre. The graduate student will view additional live play productions and produce 50% more creative manuscript pages. Prerequisite(s): CSDY 3573.

CSDY 5523 - Screenwriting
The student will read contemporary screenplays, view popular movies, and write creatively in the screenplay genre. The graduate student will view and analyze additional movies and produce 50% more creative manuscript pages. Prerequisite(s): CSDY 3573.

CSDY 5533 - Writing For Television
The student will read popular television scripts, view and analyze television shows, and write creatively in the television genre. The graduate student will view additional live play productions and produce 50% more creative manuscript pages. Prerequisite(s): CSDY 3573.

CSDY 5543 - Poetry Writing I
The course in an integrated, three-course sequence, Poetry Writing I will help students learn to write, edit, and submit their poems for publication. Through reading published poems, books on the art of crafting poetry, and their colleagues’ drafts, students will explore the basic components of the poem, including voice, tone, progression, diction, transitions, and closing. Prerequisite(s): Graduate standing.

CSDY 5553 - Poetry Writing II
The second course in an integrated, three course sequence, Poetry Writing II provides practical workshop instruction for students who are continuing the work that they began as poets in Poetry Writing
**Graduate Course Descriptions**

**I. Students will continue to improve their understanding of the basic components of the poem by studying both contemporary published poetry and the published work of previous generations of poets, by critiquing their colleagues’ drafts, and by working to refine and adjust their own poetic skills by writing new poems and revising their existing collections of poems. Students will not take Poetry Writing II until they have completed Poetry Writing I and earned a grade of B or higher in that class, unless they have received written permission from the office of the Director of Creative Writing. Prerequisite(s): CSDY 5543 with a minimum grade of “B” and graduate standing.**

**CSDY 5563 - Poetry Writing III**
The final course in an integrated, three-course sequence, Poetry Writing III provides practical workshop instruction for students who are continuing the work as poets that they began in Poetry Writing I and II. Students entering this class are expected to have a portfolio of about twenty-five poems, several of which, it is hoped, will already have been published. Students will continue to improve their understanding of the basic components of the poem by studying both contemporary published poetry and the published work of previous generations of poets, by critiquing their colleagues’ drafts, and by working to refine and adjust their own poetic skills by writing new poems and revising their collections of previously written poems. Students in this course will be expected to introduce the writing of a chosen poet of note to the class and to demonstrate their ability to edit someone else’s work thoroughly and to suggest publications to which that work could be submitted. Students may not take Poetry Writing III until they have completed Poetry Writing I and Poetry Writing II and earned a grade of B or higher in both classes, unless they have received written permission from the office of the Director of Creative Writing. Prerequisite(s): CSDY 5543, 5553 with a minimum grade of “B” and graduate standing.

**CSDY 5613 - Playwriting I**
The first course in an integrated, three-course sequence, Playwriting I will help students to begin learning the basic components of writing a one-act and a three-act play. This course will present basic elements of writing drama, including generating a plot, setting up conflict, elaborating a theme, using a subplot, creating the set speech and dramatic monologue, moving towards a climax, and shaping a resolution. By writing short scenes and by learning to workshop scenes and to critique the work of others, students will gain mastery of the basic elements of the playwright’s craft. During the semester students will define a project—writing either multiple one-act plays or one three- or five-act play—to carry them through Playwriting II and Playwriting III. Some examples of plays from the tradition of drama will be studied in class; students will also be required to attend at least two locally produced dramatic performances and to write reviews of them. A minimum of 40 pages of original dramatic writing will be required. Prerequisite(s): Graduate standing.

**CSDY 5623 - Playwriting II**
The second course in an integrated, three-course sequence, Playwriting II will help students to develop their mastery of the basic components of writing a play. Continuing to improve their playwriting skills in a workshop environment, students will work on the project begun in Playwriting I (either three one-act plays or a single three- or five-act play), bringing the total number of original pages produced to approximately 80. Evaluating the scripts of their peers, studying seminal theoretical texts, and producing their own plays for class reading and evaluation will allow students to review such basic elements of drama as generating a plot, setting up conflict, elaborating a theme, developing a subplot, creating the set speech and the dramatic monologue, moving towards a climax, and shaping a resolution. In addition to studying successful plays from a range of historic and cultural environments, students will attend at least three locally produced dramatic productions and write reviews of them. Students may not take Playwriting II until they have completed Playwriting I and earned a grade of B or higher in that course, unless they have received written permission from the office of the Director of Creative Writing. Prerequisite(s): CSDY 5613 with a minimum grade of “B” and graduate standing.

**CSDY 5633 - Playwriting III**
The third course in an integrated, three-course sequence, Playwriting III provides practical workshop instruction as well as some theoretical perspectives for students who are completing projects begun and developed in Playwriting I and II and who are beginning to submit their dramatic work both to local theaters and to national contests. Working on either one the one-act plays or the three- or five-act plays developed in Playwriting I and II, students will bring the number of original pages of manuscript they have produced to at least 120. Students may not take Playwriting III until they have completed Playwriting I and Playwriting II and earned a grade of B or higher in both courses, unless they have received written permission from the office of the Director of Creative Writing. Prerequisite(s): CSDY 5613, 5623 with a minimum grade of “B” and graduate standing.

**CSDY 5643 - Screenwriting I**
The first course in an integrated, three-course sequence, Screenwriting I will help students to begin to master the components of writing a screenplay, including crafting the scene, writing dialogue, narrating through visual images, managing subplots, devising character, and setting up climax and closure. By studying published screenplays and viewing contemporary and traditional films, students will gain a sense of structure as well as an appreciation of the history and the art of film. Prerequisite(s): Graduate standing.

**CSDY 5653 - Screenwriting II**
The second course in an integrated, three-course sequence, Screenwriting II provides practical workshop instruction for students who are continuing work on the original screenplay that they began writing in Screenwriting I. Students will continue to improve their understanding of the basic components of the screenplay by studying published screenplays, critiquing their colleagues’ drafts, and working on the drafts of their original, full-length scripts. Students may not take Screenwriting II until they have completed Screenwriting I and earned a grade of B or higher in that class, unless they have received written permission from the office of the Director of Creative Writing. Prerequisite(s): CSDY 5643 with a minimum grade of “B” and graduate standing.

**CSDY 5663 - Screenwriting III**
The final course in an integrated, three-course sequence, Screenwriting III provides practical workshop instruction for students who are completing work on the original screenplay that they began writing in Screenwriting I and continued in Screenwriting II. Students will continue working to master the basics of the screenplay by studying published screenplays and critiquing their colleagues’ drafts. In addition, students will confront such practical considerations as finding an agent and a publisher for their work and submitting final, revised and corrected drafts of their screenplays to qualified agents chosen through a study of agent markets. Students may not take Screenwriting III until they have completed Screenwriting I and Screenwriting II and earned a grade of B or higher in both classes, unless they have received written permission from the office of the Director of Creative Writing. Prerequisite(s): CSDY 5643, 5653 with a minimum grade of “B” and graduate standing.
CSDY 5723 - Writing Comic Books and Graphic Novels
Writing Comic Books and Graphic Novels is an intensive, workshop-based creative writing course that provide students with a comprehensive overview of all aspects of the history, composition, revision, and marketing of comic books and graphic novels. This course may be taken three times for credit.

CSDY 5823 - Literary Criticism For Creative Writers
Literary Criticism for Creative Writers is an advanced course in the historical and contemporary theories of criticism. The student will examine poetry, fiction, and drama and respond using both scholarly and creative methodologies.

CSDY 5900 - Practicum In Creative Studies
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

CSDY 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

CSDY 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

CSDY 5930 - Individual Study
Credit will vary from 1 to 4 hours. Directed intensive study on selected problems or special topics.

CSDY 5940 - Field Study
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

CSDY 5950 - Internship In Creative Studies
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

CSDY 5960 - Institute In Creative Studies
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

CSDY 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

CSDY 5980 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

DANCE (DANC)
Department of Dance

DANC 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

DANC 5940 - Field Study in Dance
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

DANC 5960 - Institute In Dance
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

DESIGN (DES)
Department of Design

DES 5113 - History of Graphic Design I
This course is a survey of the history of art and graphic design and their shared histories from prehistoric to Victorian (1900's) including art and design movements, styles, artists, and designers. The student will present a major project in historical research to the Design Graduate Committee for review, guidance, and evaluation. Prerequisite(s): Permission of instructor.

DES 5123 - History of Graphic Design II
This course is a survey of the development of the history of art and graphic design and their shared histories from Victorian (1900's) to WWI (1945) including art and design movements, styles, furniture, artists, and designers. The student will present a major project in historical research to the Design Graduate Committee for review. Prerequisite(s): Permission of the instructor. Enrollment open to design majors only.

DES 5133 - History of Graphic Design III
This course is a survey of the development of the history of art and graphic design and their shared histories from 1945 to present day including art and design movements, styles, furniture, artists, and designers. The student will present a major project in historical research to the Design Graduate Committee for review, guidance, and evaluation. This course may be repeated two times for credit. Prerequisite(s): Permission of instructor.

DES 5211 - Summer Seminar
This course provides advanced study in a variety of special subjects in design. The course content will vary in each seminar. The student will present projects and solutions to the Design Graduate Committee for review, guidance, and evaluation. This course may be repeated two times for credit. Prerequisite(s): Permission of instructor.

DES 5233 - Psychology of Design
This course provides advanced study in the application of psychology, creativity thinking, and problem solving to develop effective design solutions. The student will present research, design projects, and presentations to the Design Graduate Committee for review, guidance, and evaluation. Prerequisite(s): Permission of instructor.

DES 5253 - Design in Global Cultures
This course provides advanced study of design principles, philosophies, materials, and production methods in ethnic cultures. The student will present research and projects to the Design Graduate Committee for review, guidance, and evaluation. Prerequisite(s): Permission of instructor.

DES 5273 - Business of Design
This course provides advanced study in establishing a design office, including naming, contracts, registrations, soliciting clients, invoicing, and promotion. The student will present a business plan and samples of promotions to the Design Graduate Committee for review, guidance, and evaluation. Prerequisite(s): Permission of instructor.

DES 5293 - Design Studio I
This course provides a study in the application of principles, philosophies, materials, and production of design. The student will present projects and solutions to the Design Graduate Committee for review, guidance, and evaluation. Prerequisite(s): Permission of graduate program advisor. Enrollment open to graduate design majors only.

DES 5313 - Typography
This course provides advanced study in the application of principles, philosophies, materials, and production of typographic design. The student will present projects and solutions to the Design Graduate Committee for review, guidance, and evaluation. This course may be repeated for credit. Prerequisite(s): Permission of Graduate Advisor. Enrollment is open to Graphic Design majors only.

EDUCATIONAL ADMINISTRATION (EADM)

Department of Advanced Professional Services

EADM 5353 - Technology for School Admin
This course is designed to provide an overview of software, hardware, and networking used in the management of schools with an emphasis on scheduling, record keeping and decision making. The course will include presentation software usage and technology issues such as planning, purchasing and leadership.

EADM 5363 - School Building And Grounds
This course is designed to give the prospective administrators the necessary abilities to administer the school plant services. Capital improvement, contracting, site selection, and school building construction will be a vital part of the course. Prerequisite(s): EADM 5543.

EADM 5453 - Interpersonal Relations In School Administration
The purpose of this course will be to help prospective administrators in the development of their human relations skills which broadly includes development in interpersonal relationships and group pro-

EADM 5543 - Fundamentals Of Public School Administration
Basic principles and practices in modern school administration.

EADM 5553 - Legal Aspects School Administration
This course is designed to give the student some knowledge of the general principles of school law. Consideration will be given to an understanding of the legal implications of the operation and administration of a public school system. School law as it relates to the state of Oklahoma, the state board of education, and the attorney general will be considered. Prerequisite(s): EADM 5543.

EADM 5583 - Public School Finance
Sources of school finance, control of expenditures, general principles of financial administration. Prerequisite(s): Admission to Education Administration and EADM 5543.

EADM 5623 - Supervision/Evaluation Of Instruction
The course will prepare school leaders to supervise and evaluate instructional programs, personnel, and curricular programs in public schools. Additionally, this course will examine the better practices in classroom supervision, the perspectives for supervision, and the foundations of supervisory leadership. Prerequisite(s): EADM 5543 AND 5553.

EADM 5673 - School Personnel Administration
A study of current personnel policies and practices that affect both certified and non-certified staff members. Prerequisite(s): EADM 5543 and admission to Education Administration.

EADM 5683 - Curriculum Leadership
This course will emphasize the supervision and evaluation of curriculum in public school systems. Additionally, it will include a study of current and instructional programs programs which require a principal’s support, guidance, and leadership as school personnel work to improve and enhance the delivery of the school’s curriculum. Prerequisite(s): EADM 5543, 5013, and admission to the School Administration program.

EADM 5713 - Sch District Direction Setting
School District Direction Setting is grounded Educational Leadership Constituent Council (ELCC) standard #1, and addresses the role of the school superintendent in promoting the success of all students by setting a direction for the district including the task of working with various stakeholders to develop a vision, mission and goals for the organization. Prerequisite(s): PTE 5013, 5153, EADM 5353, 5453, 5543, 5553, 5583, 5623, 5673, 5683 and 5814.

EADM 5723 - Sch District Instr Planning
School District Instructional Planning is grounded in Educational Leadership Constituent Council standard #2, and addresses the role of the school superintendent as instructional leader in promoting the success of all students including the tasks of promoting a positive school culture, providing an effective instructional program, applying best practice to student learning, and designing comprehensive professional growth plans for staff. Prerequisite(s): PTE 5013, 5153, EADM 5353, 5453, 5543, 5553, 5583, 5623, 5673, 5683, 5814.

EADM 5733 - Sch District Organization Mgmt
School District Organizational Management is grounded in Educational Leadership Constituent Council standard #3, and addresses the role of the school superintendent in promoting the success of all students by managing the organization, operations, and resources in a way that promotes a safe, efficient, and effective learning environment. Prerequisite(s): PTE 5013, 5153, EADM 5353, 5453, 5543, 5553, 5583, 5623, 5673, 5683, 5814.
**Graduate Course Descriptions**

**EADM 5743 - Sch District Community Collab**
School District Community Collaboration is grounded in Educational Leadership Constituent Council standard #4, and addresses the role of the school superintendent in promoting the success of all students by collaborating with families and other community members, responding to diverse community interests and needs, and mobilizing community resources. Prerequisite(s): PTE 5013, 5153, EADM 5353, 5453, 5543, 5553, 5583, 5623, 5673, 5683, 5814.

**EADM 5753 - Sch District Eth, Infl, & Pol**
School District Ethics, Influence and Politics is grounded in Educational Leadership Constituent Council standard #5 and #6, and addresses the role of the school superintendent in promoting the success of all students by acting with integrity, fairly and in an ethical manner and by understanding, responding to, and influencing the larger political, social, economic, legal, and cultural context. Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study. Prerequisite(s): EADM 5543, and admission to the School Administration program.

**EADM 5950 - Internship**
Credit will vary from 1 to 8 hours; subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

**EADM 5960 - Institute**
Credit will vary from 1 to 8 hours; subject matter will vary within the department’s field of study.

**EADM 5970 - Study Tour**
Credit will vary from 1 to 2 hours; subject matter will vary within the department’s field of study.

**EADM 5990 - Thesis**
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

**ECED 5042 - Empowerment Of Families/Communities**
This course focuses on the critical impact of the family-school community partnership on the educational progress of children. Theoretical perspectives on family and socio-cultural dynamics, research-based rationales for school and family engagement, and parent education will be emphasized. In addition, students will analyze effective leadership traits and assess their own unique leadership potential to empower families and communities. Prerequisite(s): Graduate standing or permission of instructor.

**ECED 5053 - Language Development & Emerging Literature**
A study of the theory, materials, methods and instructional techniques applicable to language development and emergent literacy experiences during the early childhood years - birth through age eight. This course examines developmentally appropriate, integrated and interdisciplinary language arts approaches to literacy development encompassing writing, reading, and oral language of young children in the home and school environment.

**ECED 5082 - Parent Education III**
(Cognitive and moral development, age five through age eight) An in-depth study of the cognitive and moral development of the child from prenatal life through age three; developmentally appropriate environments and experiences that promote learning for this age child; and the utilization of this knowledge to educate and involve all families in their children’s development and learning. Research on brain development, the impact of the early years on development and learning, guidance, and educational strategies are emphasized. A field component is included. Prerequisite(s): Graduate standing or permission of instructor.

**ECED 5103 - Development, Learning, & Family Involvement: The Child from 4 To 8**
This course is an in depth study of the development and learning of the young child from four to eight years of age. It includes analyses of the multiple influences on development and learning as well as developmentally appropriate environments and experiences that promote learning for children in this age range. The utilization of this knowledge to create healthy, respectful, supportive, and challenging learning environments and to educate and involve all families in their children’s development and learning is emphasized. Prerequisite(s): Graduate standing or permission of instructor.

**ECED 5133 - Science & Social Studies In Early Childhood**
This course focuses on the application of cognitive development and the constructivist theory in the selection of appropriate methods, materials, and learning experiences for preschool and primary-age children in science and social studies.

**ECED 5153 - Developmental Assessment Issues ECED**
Graduate students will study assessment issues currently impacting young children and their families birth to age eight. There is an emphasis on creating an authentic assessment system to use with a classroom of young children. A research component is included in the course.

**EARLY CHILDHOOD EDUCATION (ECED)**
Department of Curriculum and Instruction
**Graduate Course Descriptions**

**ECED 5223 - Educational Practices/Constructivist Techniques**
This course will provide an in-depth study of the constructivist psychology of learning. Emphasis will be on materials, classroom management, and curricular application commensurate with the theory of constructivism.

**ECED 5232 - Affirming Diversity: Multicultural Education**
A study of the needs of culturally diverse children, the factors of influence that characterize their environment, and an intensive examination of realistic approaches by parents, school and community to aid them in reaching their maximal potential in America's highly urbanized, technological society. The focus of the course content will be to affirm and respect culturally and linguistically diverse children, support home language preservation, and promote anti-bias approaches through the creation of appropriate learning environments and experiences.

**ECED 5313 - Creativity in Early Childhood**
This course provides an introduction to the diverse range and variability of creative development including creative thinking, creative processes, creative abilities, the aesthetic and performing arts, music, and movement for children and teachers of young children.

**ECED 5422 - Parent Community Relations**
This course is designed to acquaint the student with educational resources available to educators in the community and to enhance their effectiveness in relations with both parents and the community. Prerequisite(s): Admission to Teacher Education.

**ECED 5433 - Theoretical Perspective Learning & Practice**
This course focuses on the critical analysis of current research and theory from multiple disciplines in regard to learning and development and the implications for practice in early childhood settings. Play as a learning medium is emphasized. Students will engage in self-reflection and self-assessment as a means to examine professional practice and promote growth and development.

**ECED 5512 - Professionalism & Advocacy**
This course examines the professional landscape of the early childhood educator, including the knowledge and use of ethical guidelines and other professional standards related to early childhood practice. Special emphasis is placed on the various ways they can serve as advocates for young children and their families. Communication skills, as well as skills in identifying and using professional resources are included. It is recommended that this course be taken at the beginning of the ECED Master’s Program.

**ECED 5833 - Teachers as Researchers**
This course examines action research, an approach to research involving self-reflective, systematic inquiry by education practitioners for the purpose of studying and improving their own practice. Identification of problems to investigate, research design, data collection, data analysis, data interpretation and technical writing are presented. The ethics of action research with human subjects is addressed. Students plan and implement a practice-based action research project and report on the outcomes of their study. Students writing a thesis will complete the thesis proposal in place of the action research. Prerequisite(s): PTE 5013. Enrollment open to graduate students with 19 or more hours.

**ECED 5900 - Practicum**
Credit may vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

**ECED 5910 - Seminar / Special Topics**
Credit will vary from 1 to 4 hours. Directed intensive study on selected problems or special topics.

**ECED 5920 - Workshop**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

**ECED 5930 - Individual Study**
Credit will vary from 1 to 4 hours. Directed intensive study on definite problems or special subjects based on approved outlines or plans, conferences, oral and written reports.

**ECED 5940 - Field Study**
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

**ECED 5950 - Internship**
Credit will vary from 1 to 8 hours; subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

**ECED 5960 - Institute**
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

**ECED 5970 - Study Tour**
Credit will vary. Subject matter will vary within the department's field of study.

**ECED 5990 - Thesis**
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

**ECONOMICS (ECON)**
Department of Economics

**ECON 5103 - Microeconomic Analysis**
Use of economic theory and analysis in the solution of business and public policy problems using demand and cost estimation and analysis, economic forecasting, and cost/benefit analysis. Investigation of various forms of competitive and noncompetitive behavior. Prerequisite(s): Completed all prerequisites for the MBA Program.

**ECON 5203 - Economic Growth & Development**
A comprehensive study of the economic growth and development process in developing countries, including development strategies, industrialization, technical change, income distribution, migration, savings mobilization and investment and trade policies. Prerequisite(s): Completed all prerequisites for the MBA Program.

**ECON 5303 - Quantitative Economics**
The use of mathematical techniques in the development and verification of economic theory and economic models, including static (equilibrium) analysis, linear models, comparative static analysis, optimization techniques, and dynamic analysis. Prerequisite(s): Completed all prerequisites for the MBA Program with a minimum grade: C.

**ECON 5323 - Policy Analysis**
A comprehensive exposure to analytical tools used in evaluating investments, projects, and policies, with specific applications to federal, state, and local government policies and projects. Prerequisite(s): Completed all prerequisites for the MBA Program.

**ECON 5333 - Urban Economics**
A comprehensive study of the history, origin and evolution of cities, including an analysis of urban land use, public finance, transportation, pollution, crime, poverty, housing, and economic development issues. Prerequisite(s): Completed all prerequisites for the MBA Program.
ECON 5343 - Economic Analysis Of Law
An advanced investigation of the underlying economic basis of common law including the economics of property, contract, tort, criminal and family law. Prerequisite(s): Completed all prerequisites for the MBA Program.

ECON 5353 - Economics Of Education
An advanced study of issues surrounding the production and delivery of education, the impact of education on individual earnings, and the role of education in economic development. Prerequisite(s): Completed all prerequisites for the MBA Program.

ECON 5363 - Market Structure/Regulation/Antitrust
Use of theory, case studies and legal precedents to investigate alternative forms of industrial organization, with emphasis placed on underlying structure, market performance/conduct, social welfare implications, and policy alternatives such as regulation and antitrust. Prerequisite(s): Completed all prerequisites for the MBA Program.

ECON 5373 - Health Care Economics
A comprehensive examination of health care markets through analysis of market incentives and behavior of demanders and providers. Characteristics that prevent market forces from generating socially desirable outcomes are analyzed, including imperfect information, uncertainty, and externalities, as well as the inherent conflict arising from the desire to assure “equal access” for all individuals despite divergent incomes. Government interventions are examined and critiqued using economic theory. Prerequisite(s): Completed all prerequisites for the MBA Program.

ECON 5403 - International Economics
A comprehensive study of the theory of international trade, commercial policy, preferential trading arrangements, and topics on the balance of payments and the international adjustment mechanism. Prerequisite(s): Completed all prerequisites for the MBA Program.

ECON 5453 - Advanced Business Statistics
General linear models for estimating and testing, problem analysis, and interpretations of various statistical models. Topics treated include general linear and nonlinear regression models in matrix terms, inferences in regression analysis, multivariate analysis, analysis of covariance, discriminate analysis, analysis of categorical data, the Box-Jenkins approach to forecasting, and some topics in sampling techniques. Prerequisite(s): Completed all prerequisites for the MBA Program.

ECON 5483 - Microeconomic Theory
Advanced analysis of the theories of demand, supply production, cost, the firm, and market organizations. Prerequisite(s): Completed all prerequisites for the MBA Program.

ECON 5503 - Macroeconomics Analysis
A theoretical and applied analysis of national income, employment, interest rates, economic growth, exchange rates, fiscal and monetary policy, supply shock, and related topics, with emphasis on the impact of macroeconomic forces on the business community. Prerequisite(s): Completed all prerequisites for the MBA Program.

ECON 5523 - Policy Issues In Labor Economics
Applies labor economics to economic analysis and economic tools to the analysis of contemporary public policy issues in labor economics. Prerequisite(s): Completed all prerequisites for the MBA Program.

ECON 5603 - Comparative Economic Systems
A comprehensive study and comparison of major economic systems, including capitalism, socialism and mixed economic systems; an analysis of their relative efficiency; and a survey of the major problems faced by economies in transition. Prerequisite(s): Completed all prerequisites for the MBA Program.

ECON 5893 - Applied Research & Analysis Tools
Provides the applied knowledge, advanced technical and library skills, and hands-on experience necessary for performing economic research and analysis. Prerequisite(s): Completed all prerequisites for the MBA Program.

ECON 5900 - Practicum In Economics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

ECON 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

ECON 5920 - Workshop in Economics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

ECON 5930 - Individual Study In Economics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

ECON 5940 - Field Study In Economics
Credit will vary from 1 to 9 hours. Subject matter will vary within the Department’s field of study.

ECON 5950 - Internship In Economics
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

ECON 5960 - Institute In Economics
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study.

ECON 5970 - Study Tour
Credit will vary. Subject matter will vary within the department’s field of study.

ECON 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

ECON 5990 - Practicum In Economics
Advanced study of issues surrounding the production and delivery of education, the impact of education on individual earnings, and the role of education in economic development. Prerequisite(s): Completed all prerequisites for the MBA Program.

ELE 5523 - Literature-Based Language Arts Instruction
Through the use of quality children’s literature, focus of this course seeks to enable teachers and other school personnel to enhance elementary and middle school students’ performance in language arts, particularly listening, speaking, and writing. Prerequisite(s): ELED 4213 - Teaching Language Arts in Elementary/Middle School Grades.

ELED 5525 - Inquiry Science For Elementary Teachers
A study of inquiry methods for teaching children life, earth-space and physical science concepts. Emphasis is placed on national science and certification standards. Prerequisite(s): Valid elementary certificate or admitted to candidacy.

ELED 5527 - Teaching Mathematics In Preschool/Primary
The selection and organization of subject matter is designed to facilitate the teacher’s ability to meet the needs of preschool and primary children. Child development and mathematics curriculum will be studied including mathematics readiness, diagnosis, and placement. Activities for developing concepts in topics such as pre-number, number, geometry, measurement, and the collection and organization of data will be explored. Prerequisite(s): Admission to
ELED 5333 - Teaching Mathematics In Intermediate Grades
This course is designed to facilitate the prospective teacher’s ability to meet the needs of intermediate grade students in the study of mathematics. It includes the study of current trends in mathematics curriculum; instructional techniques and materials; assessment of student performance; and curriculum programs. Specific topics covered are patterns and relationships; organizing, analyzing and synthesizing data; communicating mathematically; strategies for problem solving; mathematical concepts and skills of whole numbers, rational numbers, geometry, and measurement; and the use of technology. Prerequisite(s): ELED 5323 and Admission to Teacher Education.

ELED 5463 - Social Studies in The Elementary School
This course will address the function of social studies in elementary education, and facilitate the development of procedures and techniques for teaching social studies in the elementary grades. Prerequisite(s): Admission to Teacher Education.

ELED 5483 - Children’s Literature
Prospective teachers will be exposed to a wide variety of literature appropriate for the preschool through the adolescent years. Literacy elements and skill will be examined as well as the shift from a basal series/skills approach of teaching reading and literature to a more language/literature based method framework. Application and modeling of instructional strategies will represent an integral part of the course. Prerequisite(s): Admission to Teacher Education.

ELED 5513 - Algebra & Mathematical Tasks PK-5
This course focuses on algebraic literacy of elementary teachers and the integration of algebraic reasoning throughout the elementary student experience as well as the creation and implementation of elementary level mathematical tasks.

ELED 5523 - Geometry and Spatial & Learning Trajectories PK-5
This course will focus on the content and complexities of teaching and learning geometry and spatial visualization in grades PreK-5. The course will also examine the learning trajectories that support developing mathematical concepts and skills. Course content will include geometric properties and relationships, visualization and spatial reasoning, transformational and coordinate geometries, and geometric constructions and modeling.

ELED 5533 - Number Concepts & Assessment PK-5
This course focuses on the analysis and construction of effective mathematical tasks in teaching number systems and operations at the PK-5 level. Attention is also given to the expansion of content knowledge and issues related to assessment.

ELED 5543 - Teaching Measurement & Data Analysis PK-5
This course focuses on statistical literacy of elementary teachers and the teaching of data analysis and measurement of K-5 students. Emphasis is placed on the use of technology to enhance student learning.

ELED 5553 - Rational Number, Proportional Reasoning & Classroom Interaction
Rational Number Concepts, Proportional Reasoning, and Classroom Interactions (PK-5) focuses on teaching rational number concepts and developing proportional reasoning skills for PK-5 classroom. Attention is also given to learning methods which facilitate appropriate classroom interactions.

ELED 5563 - Mathematics Leadership & Coaching PK-5
This course focuses on the development of skills and knowledge for school mathematics program design and leadership, and for coaching other teaching professionals in mathematics teaching.

ELED 5573 - Teaching Mathematics For Understanding
The focus of this course is on the use of instructional strategies that help learners achieve understanding of mathematics concepts in the elementary grades. Areas covered in the course include the selection of effective instructional materials and the planning and implementation of mathematics instruction as well as appropriate methods for evaluating student achievement in mathematics. Mathematics subject matter content and concepts will also be included.

ELED 5583 - Teachers as Researchers
This course examines action research, an approach to research involving self-reflective, systematic inquiry by education practitioners for the purpose of studying and improving their own practice. Identification of problems to investigate, research design, data collection, data analysis, data interpretation and technical writing are presented. The ethics of action research with human subjects is addressed. Students plan and implement a practice-based action research project and report on the outcomes of their study. Students writing a thesis will complete the thesis proposal in place of the action research. Prerequisite(s): PTE 5013.

ELED 5633 - Teaching Mathematics For Understanding
Prerequisite(s): 12 hours selected from the following (ELED 5513, 5523, 5533, 5543, 5553).

ELED 5733 - Teaching Mathematics For Understanding
The focus of this course is on the use of instructional strategies that help learners achieve understanding of mathematics concepts in the elementary grades. Areas covered in the course include the selection of effective instructional materials and the planning and implementation of mathematics instruction as well as appropriate methods for evaluating student achievement in mathematics. Mathematics subject matter content and concepts will also be included.

ELED 5772 - Improving Instruction In Literature Elementary Schools
Based upon children’s interests, needs, and learning ability, students will consider the evaluation, selection and use of all genre of literature currently being used in elementary and middle schools. Improving teaching techniques using literature will be interwoven throughout the course.

ELED 5883 - Teachers as Researchers
This course examines action research, an approach to research involving self-reflective, systematic inquiry by education practitioners for the purpose of studying and improving their own practice. Identification of problems to investigate, research design, data collection, data analysis, data interpretation and technical writing are presented. The ethics of action research with human subjects is addressed. Students plan and implement a practice-based action research project and report on the outcomes of their study. Students writing a thesis will complete the thesis proposal in place of the action research. Prerequisite(s): PTE 5013.

Prerequisite(s): Students must be accepted into the Teaching Assistant program. Written permission required.

ENG 5553 - History Rhetoric To 1700
This course surveys the history of rhetoric in western Europe from the fifth century B.C. through the seventeenth century. The first half of the course covers the major theories and pedagogics of classical rhetoric, from Homer through Quintilian, and the second half covers rhetoric in the Middle Ages and the Renaissance.

ENG 5563 - Modern British Poetry
This one-semester course examining the works of the major British poets from before World War I to the contemporary era.

ENG 5573 - British Novel Since WW II
This course examines the major British novelists and their work from approximately 1940 to 1990, focusing on "post-modernism" as a major literary movement in England following World War II.

ENG 5583 - 17th Century British Literature
This course surveys British literature of the seventeenth century, focusing on, among others, the prose writers Browne, Burton, Donne, and Walton, novelists Defoe and Behn, and the poets Donne, Herbert, Marvell, Vaughan, and Tchaerme. Prerequisite(s): 6 hours grammar and composition.

ENG 5593 - Fitzgerald & Hemingway
Fitzgerald and Hemingway provides an intensive study of the works of Ernest Hemingway and F. Scott Fitzgerald in the context of Jazz Age culture and the literary work of the Expatriates.

ENG 5601 - Composition and Rhetoric Portfolio
Composition and Rhetoric Portfolio, taken during the last semester of the graduate major in Composition and Rhetoric, will direct students in the compilation and final revision of artifacts for the portfolio and will help to prepare students for the oral portfolio examination. Prerequisite(s): Enrollment open to Composition and Rhetoric majors only.

ENG 5613 - 18th Century Poetry: Pope To Cowper
This course offers an in-depth survey of the works of the major poets of 18th -Century Britain, including Alexander Pope, Thomas Gray, Anna Laetitia Barbauld, and William Cowper. This course also provides an overview of the major genres and thematic concerns of the 18th-Century British Poetry and traces the development of British cultural attitudes and esthetic sensibilities from the Augustan age to the beginning of the Romantic Period.

ENG 5623 - Shakespeare Tragedies
This one-semester course offers an in-depth study of a selection of Shakespeare's tragedies.

ENG 5633 - Old English Literature
This course offers an in-depth survey of the major works of Old English literature, including heroic and religious poetry, homiletic prose, riddles, elegies, and saints' lives. This course also provides an overview of Anglo-Saxon history and culture and an introduction to Old English grammar, syntax, and vocabulary.

ENG 5643 - Young Adult Literature Before 1980
Young Adult Literature Before 1980 examines literature written before 1980 specifically for or taught to an adolescent audience.

ENG 5653 - History Rhetoric Since 1700
This course surveys the history of rhetoric in western Europe from 1700 to the Present. The first half of the course covers the rhetorics of The Enlightenment, 1700 to 1900, and the second half covers the rhetorics of the twentieth century.

ENG 5663 - The Beat Movement
This course examines the works of many of the most significant writers of the Beat Movement in American literature of the 1950s and 1960s, including Allen Ginsberg, Jace Kerouac, and William Burroughs.

ENG 5673 - Young Adult Literature After 1980
Young Adult Literature After 1980 examines literature written after 1980 specifically for or taught to an adolescent audience.

ENG 5683 - Women in Literature
Women in Literature examines literature written by women and highlights the importance of gender in evaluating English, American, and world literature and literary criticism by women writers.

ENG 5693 - Films of Akira Kurosawa
This course explores the works of Akira Kurosawa by examining his life, his films, and the impact of his greatest works on the world cinema. Prerequisite(s): Graduate standing.

ENG 5703 - Kung Fu Films & Literature
This course examines Asian martial arts films, focusing primarily on Hong Kong films, by exploring such film icons as Bruce Lee and Jackie Chan; by analyzing the works of directors such as Ang lee and Chang Cheh; and by evaluating the Chinese philosophies of Taoism, Buddhism and Confucianism in such films.

ENG 5713 - 19th Century American Women Writers
This course provides an introduction to the major American female writers of the nineteenth century. This course focuses on novels, but includes short stories and poetry.
ENG 5723 - Composition Pedagogies
This class examines practical strategies for helping students improve
their composition skills by exploring established and emerging
pedagogies.

ENG 5733 - TESL Pedagogy
Future teachers of English as a second language (TESL) examine
how creativity and research can help develop effective games and
simulations for pedagogical purposes. First, students investigate
methodologies for creating language games and simulations for the
classroom. Second, they develop knowledge into computer
assisted language exercises. Finally, students will present their re-
search and scholarly projects in a class symposium. Prerequisite(s):
Graduate standing.

ENG 5743 - Pre-Shakespearean Literature
Pre-Shakespearean Literature analyzes traditional English texts from
the point of view of the creativity of character and their relation to
narrative. This course offers an intensive study of different literary
forms and their effects on the reader.

ENG 5753 - Issues In Rhetoric
This course offers an intensive study of a specific topic within the
canon of rhetoric. Content will vary within the limits of the discipline.

ENG 5763 - American Literature 1800-1865
This course is a comprehensive study of the “flowering of American
literature” from the beginning of the 19th century to the close of the
Civil War. Special consideration is given to many important forms
other than novel, such as poetry, short fiction, and nonfiction prose.

ENG 5773 - American Literature 1865-1900
This course is a comprehensive study of American literature from the
close of the Civil War to the beginning of the 20th century. Special
consideration is given to many important forms other than the novel,
particularly the short fiction of the writers of regionalism, realism and
naturalism.

ENG 5783 - Composition Theory & Research
This course provides an in-depth study of the scope of composi-
tion theory, the methods of composition research, and the work of
individual theorists.

ENG 5793 - Character & Culture - 18th Century
Character and Culture in the Eighteenth Century examines repre-
sentative texts in eighteenth-century English literature that show
how human identity was conceived and presented through various
literary structures, with special emphasis on the novel and the drama.
The growth of the reading public and the rise of the middle class,
the invention of biographical writing, the exploration of friendships
between men and women, and the dialectic between the individual
and society are key issues to be covered in this course.

ENG 5803 - 20th-Century Spanish Literature in Translation
Twentieth-Century Spanish Literature in Translation examines
twentieth-century works (translated from Spanish into English) by
such writers as Unamuno, Lorca, Jimenez, Borges, Mistral, Neruda,
Garcia Lorca, Paz, Allende, Anaya, and others. This course explores
the interchange of influences between the old world and the new.

ENG 5813 - American Indian Youth Lit
American Indian Youth Literature studies American Indian children
and adolescent literature from a variety of perspectives including
traditional educational texts, contemporary texts, and challenged/
contentious texts.

ENG 5823 - Ethnic American Literature
This one-semester course focuses on the literature of African-Amer-
icans, Asian-Americans, Hispanic Americans, American Indians, and
European Americans.

ENG 5833 - Cyberpunk Film and Literature
In this course, students will explore the visual and literary sub-genre
of cyberpunk science fiction. Students will define the genre according
to the themes of the invasion of the mind, the ontology of cyborgs,
and the paranoia of oppressive politics. Students will also assess
the value this genre has in postmodern world fiction. Prerequisite(s):
Graduate standing.

ENG 5843 - Teaching Secondary English
This course is methodology course which links educational philosophy
or theory to the formulation of units, behavioral objectives, and daily
lesson planning relative to teaching grammar, composition, literature
in the secondary schools. Prerequisite(s): Bachelor in Education or
admitted to a certification program with graduate standing.

ENG 5853 - Shakespeare Comedies
This one-semester course offers an in-depth study of six of Shake-
spare’s comedies. In addition to studying the secondary criticism,
students will correlate films and stage productions with their reading of
the primary texts.

ENG 5863 - American Indian Film
American Indian Film offers a critical survey of early and contem-
porary American Indian films. Students will analyze diverse types
of American Indian cinematic contributions, including silent films,
documentaries, features, shorts, and animated films.

ENG 5883 - Asian American Literature
In this course, students will analyze and evaluate the contributions
that Asian Americans made to American literature. Students will
discuss the perceptions Euro-Americans have towards individual
Asian cultures due to historical events and how that affected the way
Asian Americans were treated and how they recorded this treatment
in the literature. Prerequisite(s): Graduate standing.

ENG 5891 - Comprehensive Examination
This course, taken during the student’s last semester in the program,
will prepare the student for and will assist the student in successfully
completing the Comprehensive Examination.

ENG 5900 - Practicum In English
Credit will vary from 1 to 4 hours. Subject matter will vary within the
department’s field of study.

ENG 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Directed intensive study on selected
problems or special topics.

ENG 5920 - Workshop in English
Credit will vary from 1 to 4 hours. Subject matter will vary within the
department’s field of study. Normally involves lecture, films, guest
speaker, etc. A grade of “P” or “F” is given.

ENG 5930 - Individual Study In English
Credit will vary from 1 to 4 hours. Directed intensive study on definite
problems or special subjects based on approved outlines or plans;
conferences, oral and written reports.

ENG 5940 - Field Study In English
Credit will vary from 1 to 9 hours. Subject matter will vary within the
department’s field of study.

ENG 5950 - Internship In English
Credit will vary from 1 to 8 hours. Subject matter will vary within the
department’s field of study. Supervised practical experience gained
Graduate Course Descriptions

in a professional field by an advanced or graduate student.

ENG 5960 - Institute In English
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

ENG 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

ENG 5990 - Thesis In English
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

ENGINEERING (ENGR)
Department of Engineering and Physics

ENGR 5023 - Heat Transfer
This course introduces basic thermal-energy transport processes, conduction, convection, radiation, and the mathematical analysis of systems involving these processes in both steady and time-dependent cases. Prerequisite(s): MATH 3103, ENGR 3443, 3703 or concurrent enrollment in ENGR 3703.

ENGR 5083 - Electromagnetic Fields II
This course presents the application of Maxwell's equations to time-varying electromagnetic fields, electromagnetic waves, radiation, diffraction, the electromagnetic theory of light, and antenna design. Prerequisite(s): ENGR 3183.

ENGR 5103 - Finite Element Analysis
This course will cover the advanced topics of finite element analysis (FEA) including FEA formula for tress, beam, 2D and 3D elasticity problems, general theory and applications of FEA. This course includes approximate solution methods, the RITZ method, interpolation, isoparametric finite elements, and displacement-based bending elements for solving complex engineering problems. The course incorporates the development of stand-alone finite element computer codes and the application of commercial finite element software packages to analyze advanced solid mechanics problems. Prerequisite(s): ENGR 2143, 3703 and PHY 3883. ENGR 5163 - Engineering Optics
The principles of geometrical and physical optics are applied to the analysis and design of optical systems including uniaxial and biaxial crystals, Gaussian-beam propagation, optical resonators, lasers, q-switching and mode locking, line broadening and electro-optic modulations. Prerequisite(s): Graduate standing and permission of instructor.

ENGR 5223 - Biomedical Imaging
This course will cover topics in physics related to medical instrumentation, image acquisition, and image processing methods used in biomedical imaging systems such as X-ray, X-ray computed tomography, ultrasound, and magnetic resonance imaging. Topics in medical imaging metrics used to evaluate the performance of the imaging systems will also be covered. Prerequisite(s): ENGR 3323 with a minimum grade of “C” and graduate standing.

ENGR 5233 - Biomedical Instrumentation
This course covers theories and techniques to detect, acquire, process, and display signals from living systems. Coverage of the principles, applications, and design of biomedical sensors/transducers, diagnostic and therapeutic devices will be provided. Electrical safety and FDA regulations will also be covered. Prerequisite(s): MATH 3103, ENGR 2303 and ENGR 2311 all with a minimum grade of “C” and graduate standing.

ENGR 5303 - Control Systems
This course focuses on linear, non-linear, and discrete automatic control systems; feedback control; system robustness and stability; and classical and modern control theories. Prerequisite(s): ENGR 3323.

ENGR 5323 - Digital & Analog Communication
This course addresses selected theoretical and practical aspects of digital and analog communications systems such as amplitude modulation, frequency modulation, phase modulation, pulse code modulation, PSK, ASK, probability of error, and multiplexing. It also covers the sampling theory and analog to digital conversion. This course develops the engineering mathematics and techniques to describe the physical transmission of information over band-limited channels, taking into account channel characteristics and the presence of noise and distortion. Prerequisite(s): ENGR 3323.

ENGR 5333 - Digital Signal Processing &Lab
The course discusses the representation, analysis, and design of digital signals and systems. Among the topics that will be covered are discrete signals and systems, signal sampling and reconstruction, z-transform, discrete Fourier transform, fast Fourier algorithms, also IIR and FIR filter structure and design. Prerequisite(s): ENGR3323. Concurrent enrollment in ENGR 5333L is required.

ENGR 5333L - Digital Signal Processing Lab
This course comprises the laboratory component of ENGR 5333. Labs are designed to facilitate and reinforce the understanding of the concepts covered in the lecture course, and equip students with the skills associated with digital signal processing. Prerequisite(s): Concurrent enrollment in ENGR 5333 is required.

ENGR 5343 - Biomechanics
This course applies engineering principles to biological systems. Topics in this course include circulatory system, lymphatic system, nervous and sensory systems, respiratory system, urinary system, muscular system, skeletal system, digestive system and immune system. Prerequisite(s): ENGR 3203.

ENGR 5443 - Fluid Dynamics
The fundamental equations and solution methods of fluid dynamics are presented with particular attention to solving the Navier-Stokes equation. Topics covered will include mass conservation, momentum and energy equations for continua, potential flow, incompressible and compressible flows, viscous flow, similarity and dimensional analysis, boundary-layer theory, vorticity, and turbulent flow. Prerequisite(s): ENGR 3203, 3443, MATH 3103.

ENGR 5533 - Thermal Systems Design
This course develops the concepts and methodology of advanced system design, energy analysis, and optimization applied to thermal-fluid systems. Topics include simulation and analysis to determine performance of existing systems; and design of thermal-fluid systems, including component selection, to meet specified requirements. A discussion of engineering economics relevant to design topics covered is included in this course. Prerequisite(s): ENGR 4123 or 5023.

ENGR 5553 - Applied Problems
The methods used to assess and solve applied problems commonly encountered in modern industry and technology are presented. Prerequisite(s): Graduate standing and permission of instructor.

ENGR 5613 - Photonics
The ray, wave, and photon-formulations of optics are developed and applied to engineering waveguides, fiber optics, and ultra-fast laser systems. Applications to nonlinear optics, laser holography, nanostructures, quantum statistics of photons, three- and four-wave mixing, near-field microscopy, advanced spectroscopy methods,
and light-scattering are covered. Prerequisite(s): ENGR 5163; or graduate standing and permission of instructor.

ENGR 5633 - Solid State Devices
The physical principles of operation of the p-n junction, metal semiconductor contact, bipolar junction transistor, MOS capacitor, MOS and junction field-effect transistors, and related electro-optical devices are presented. First-order device models reflecting the underlying physical principles are developed. Prerequisite(s): PHY 3103 and ENGR 3183 or permission of instructor.

ENGR 5803 - Mechatronics & Lab
This course will discuss high-level design, optimization, control of electromechanical and mechatronic systems, dynamic analysis, modeling, simulation of electric machines, power electronics, and sensors. Application of advanced software and hardware in mechatronic systems design and its optimization to complex system will also be discussed. Prerequisite(s): ENGR 2043 and 3323 with a minimum grade of "C". Concurrent enrollment in ENGR 5803L is required.

ENGR 5803L - Mechatronics Lab
This course comprises the laboratory component of ENGR 5803. Experiments and computer simulations are designed to reinforce the concepts covered in the lecture course and equip students with the basic skills associated with the design, simulation and analysis of electromechanical systems and mechatronics devices. Prerequisite(s): ENGR 3323 and 2043 with a minimum grade of "C". Concurrent enrollment in ENGR 5803 is required.

ENGR 5910 - Seminar/Special Topics
Credit will vary from 1 to 3 hours. Subject matter will vary within the department’s field of study.

ENGR 5930 - Individual Study in Engineering
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

ENGR 5940 - Field Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

ENGR 5950 - Seminar/Special Topics
Credit will vary from 1 to 3 hours. Subject matter will vary within the department’s field of study.

ENGR 5970 - Study Tour
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

ENGR 5980 - Thesis
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

ENGR 5990 - Thesis
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

ESFR 5413 - Foundations of Gifted Education
The purpose of this course is to introduce concepts and techniques for providing differentiated educational strategies for gifted and talented students. The historical and cultural foundation of gifted education programs provides a framework to examine different types of current-day gifted education programs, characteristics and identification procedures of gifted students, and gifted education theory and pedagogy. In addition, this course examines relevant state and federal policies related to gifted and talented education.

ESFR 5423 - Social Emotional Needs - Gifted Education
The purpose of this course is to focus on developing teachers’ professional knowledge bases, critical decision-making competencies and leadership skills, as well as professional dispositions related to the special social and emotional characteristics and needs of gifted learners. As such, students will develop their knowledge and understanding of gifted learners’ social and emotional needs in school, family and community contexts, consider the potential for using counseling and other social interactions to support the complex socio-emotional and developmental characteristics that distinguish gifted learners as they confront the challenges of developing their own knowledge and skills in academic and other settings.

ESFR 5433 - Program Development - Gifted Education
This course will introduce, reinforce, or review the teaching/learning techniques, strategies, methods and scope and sequence to enrich, expand, or accelerate curriculum. Major models for gifted education including the Integrated Curriculum Model, commonly used in gifted education, will be explored. Prerequisite(s): ESFR 5413 and graduate standing.

ESFR 5443 - Identification & Assessment for Gifted Education
This course examines broad concepts of intelligence and assessment and provides techniques to identify gifted, talented and creative students. Participants will develop a working knowledge of assessment techniques and will develop awareness of the influences of language, culture, ethnicity, gender, and exceptionality on recognition and subsequent identification of giftedness from multiple perspectives. Prerequisite(s): ESFR 5413 and graduate standing.

ESFR 5453 - Leadership for Gifted Education
This course examines public policy impact on gifted education as well as the skills required to implement communication, collaboration, and consultation in the area of gifted education. The development of leadership and communication skills in teachers of the gifted, talented, and creative are aligned with best practices in gifted education. Prerequisite(s): ESFR 5413 and 5433 and graduate standing.

ESFR 5900 - Practicum
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

ESFR 5910 - Seminar/Special Topics
Credit will vary from 1 to 3 hours. Subject matter will vary within the department’s field of study.

ESFR 5920 - Workshop
Credit will vary from 1 to 3 hours. Subject matter will vary within the department’s field of study.

ESFR 5930 - Independent Study
Credit will vary from 1 to 3 hours. Subject matter will vary within the department’s field of study.

ESFR 5940 - Field Study
Credit will vary from 1 to 3 hours. Subject matter will vary within the department’s field of study.

ESFR 5950 - Internship
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

ESFR 5960 - Institute
Credit will vary from 1 to 3 hours. Subject matter will vary within the department’s field of study.

ESFR 5970 - Study Tour
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

ESFR 5990 - Thesis
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

FAMILY AND CONSUMER SCIENCE EDUCATION
** Graduate Course Descriptions

(FACS)  
Department of Occupational and Technology Education

**FACS 5113 - Family Resource Management**  
This course is the study of effective management concerning values and goals as reflected in decision making about personal and family resources.

**FACS 5123 - Professional Issues**  
This course is planned to assist the student in identifying professional and personal competencies needed in emerging home economic areas. Opportunities for exploring and assessing self interests and abilities as well as the identification of competencies needed for professional level employment in a specialized area will be encouraged and required.

**FACS 5173 - Program Development**  
This class is designed to provide home economics education majors with knowledge and skills needed for developing a vocational and general home economics program.

**FACS 5453 - Consumer Management**  
This course is designed to provide a framework for examining the key areas of personal and family financial decision-making and goal setting, consumer issues, decisions and the relationship of resource allocation for the family throughout the life cycle.

**FACS 5572 - Career Education**  
This course is designed to provide the student with understanding of themselves relative to careers with special emphasis on the breadth of the field.

**FACS 5900 - Practicum**  
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

**FACS 5910 - Seminar / Special Topics**  
Credit will vary from 1 to 4 hours. Directed intensive study of selected problems or special topics. Prerequisite(s): An undergraduate minor in the subject matter area and permission of graduate advisor.

**FACS 5920 - Workshop**  
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

**FACS 5930 - Individual Study**  
Credit will vary from 1 to 4 hours. Directed intensive study on definite problems or special subjects based on approved outlines or plans, conferences, oral and written reports. Prerequisite(s): An undergraduate major in the subject matter area and permission of graduate advisor.

**FACS 5940 - Field Study**  
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study. Prerequisite(s): An undergraduate minor in the subject matter area and written permission of graduate advisor.

**FACS 5950 - Internship**  
Credit will vary from 1 to 8 hours; subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

**FACS 5960 - Institute**  
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

FINANCE (FIN)  
Department of Finance

**FIN 5203 - Contemporary Problems In Finance**  
A readings and case course designed to increase the practical realism of the problems faced by financial managers in the modern business world. The course provides an environment that enhances the student's understanding of textbook issues and current business problems by requiring article reviews, case analyses, report writing, oral presentations, and participatory discussions of contemporary issues in business, economics and finance. Prerequisite(s): Completed all prerequisites for the MBA Program.

**FIN 5223 - International Finance**  
A study of the financial problems of the multinational business firm. The course includes lectures, case discussions, and contemporary readings to extend both modern and traditional theories of financial management to the area of international business operations. Prerequisite(s): FIN 5333.

**FIN 5233 - Investment Analysis**  
A study of the various approaches to the selection and timing of investment opportunities for the individual and for the business firm. The course includes a review of traditional and modern theories of investment strategy and portfolio analysis. Case discussions, problem solving and contemporary readings are utilized. Prerequisite(s): FIN 5333.

**FIN 5243 - Money And Capital Markets**  
A study of the money and capital market segments of the U.S. Financial System. Emphasis is placed on the importance and role of various interest rates for lending and investment in the economy, their determination, and their measurement. The course also includes discussion of current readings, case analysis, and problem solving relating to the management of financial institutions. Prerequisite(s): Completed all prerequisites for the MBA Program.

**FIN 5253 - Capital Budgeting**  
A theory and tools course that emphasizes the economic analysis of the firm's long-term investment opportunities. Specific emphasis is placed on determining the optimal capital budgeting techniques and processes. Extensive attention is given to the problem of explicitly incorporating risk into the analysis and to the problem of modifying decision rules when there are constraints on budget size. Prerequisite(s): FIN 5333.

**FIN 5333 - Financial Administration & Control**  
Methods and problems involved in the financial administration of the business firm. Special attention to planning for, obtaining, controlling, and allocation of funds. Prerequisite(s): Completed all prerequisites for the MBA Program.

**FIN 5353 - Derivative Securities**  
A study of various derivative securities traded in current financial markets. The course introduces the characteristics and pricing of various derivatives (e.g., put options, call options, forward contracts, futures contracts, and swaps) and demonstrates their use in investing and portfolio management. The course includes lectures, case discussions, computer analysis, and contemporary readings.
Graduate Course Descriptions

Prerequisite(s): FIN 5333.

FIN 5413 - Financial Analysis w/ Computer
The use of computers and information technology is examined in relation to financial topics. Topics include, but are not limited to, financial statements, cash budgets, corporate performance evaluation, financial forecasting, breakeven and leverage analysis, asset valuation, rates of return, the cost of capital, capital budgeting, investment applications, logical and financial functions, and graphs. Prerequisite(s): Completed all prerequisites for the MBA Program.

FIN 5423 - Employee Benefit Planning
This course examines the approaches to protecting employees' financial security from the perspective of businesses by studying the basic concepts and managerial considerations underlying the group insurance mechanism for providing life, health, disability and retirement plans. Topics covered include the theory and practice regarding employee benefits plan design, administration, cost, funding regulation and tax considerations. Prerequisite(s): Completed all prerequisites for the MBA Program with a minimum grade: C.

FIN 5900 - Practicum In Finance
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

FIN 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Directed intensive study on selected problems or special topics.

FIN 5920 - Workshop in Finance
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

FIN 5930 - Individual Study In Finance
Credit will vary from 1 to 4 hours. Directed intensive study on definite problems or special subjects based on approved outlines or plans, conferences, oral and written reports.

FIN 5940 - Field Study In Finance
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

FIN 5950 - Internship In Finance
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

FIN 5960 - Institute In Foreign Language
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

FIN 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

FIN 5980 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

FAMILY AND CHILD DEVELOPMENT (FMCD)
Department of Human Environmental Science

FMCD 5023 - Theories In Family & Child Studies
This graduate course is an organized study of major theoretical approaches to the study of family and child development. Prerequisite(s): 9 hours behavioral science course work. Enrollment open to Family and Child Studies majors only.

FMCD 5043 - Family Dynamics and Sexuality
This course is an in-depth study of the family systems theory and circumplex model as applied to interpersonal relations. Areas to be examined include communication, conflict resolution, diversity and strengths in families, and living in a global world. The course will also examine the historical, theoretical, and research perspectives of human sexuality through the life span. Prerequisite(s): Six hours of marriage, family, or related courses (psychology, sociology).

FMCD 5102 - Case Management
This course covers principles, practices and issues in case management. The course will increase self-awareness and familiarize students with the concepts and skills required to work with clients in a case management role. The course will also provide skills and knowledge to supervise case management work in the field. Prerequisite(s): Enrollment open to Family & Child Studies-Family Support Specialist and Family Life Education majors only. Admission to the graduate program.

FOREIGN LANGUAGE (FLGN)
Department of Modern Languages, Literature & Cultural Studies

FLGN 5000 - Workshop In Foreign Language
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given. No more than 2 hours of workshop may be counted on a master's degree.

FLGN 5103 - Literature Of French/Hispanic Caribbean
This course provides an introduction to French and Hispanic Caribbean literary movements. Texts are available in original French and/or Spanish, and also in English translation. Concepts introduced include colonial independence and patriotism, national identity, social injustice, the spirituality of santeria and voodoo, among others. Prerequisite(s): 17 hours in major (French, Spanish or others) and permission of the instructor.

FLGN 5900 - Practicum In Foreign Language
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

FLGN 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary from within the department's field of study.

FLGN 5920 - Directed Reading
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

FLGN 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

FLGN 5940 - Field Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

FLGN 5950 - Internship In Foreign Language
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

FLGN 5960 - Institute In Foreign Language
Credit will vary from 1 to 4 hours. Subject matter will vary from within the department's field of study.

FLGN 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

FLGN 5980 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.
Graduate Course Descriptions

FMCD 5333 - Models of Marriage and Family Therapy
Models of Marriage and Family Therapy will cover the history of marriage and family therapy, theoretical models of MFT, and emerging models and current adaptations of models. Prerequisite(s): Enrollment open to Family & Child Studies-LMFT majors only.

FMCD 5342 - Infant Mental Health
This course is an historical, theoretical, and empirical overview of the field of infant mental health. The foundations of infant mental health and direct work with infants and parents will be covered. This course explores the role and function of the infant mental health specialist and the relationship and reflection in work with families. Students will gain an understanding of the impact that early trauma, family violence, poverty and developmental disabilities can have on young children.

FMCD 5353 - Ethics/Issues In Family/Child Study
The study includes current issues that influence, effect and change families. The topic of ethics will permeate all issues and be discussed separately. To be taken concurrently with the last semester of the graduate program.

FMCD 5373 - Lifespan Human Development Child/Family Studies
This course is a study of theory and research in life-span developmental processes from birth to death, with appropriate applications in relevant occupational fields such as: infant programs, parent, school age, adolescence, special needs, middle age and aging. Prerequisite(s): Written instructor permission.

FMCD 5423 - Linking Families & Community
This course is a study of programs in the community that offer support, education, assistance, assessment and intervention to families. Students will research program's mission and goals and effective means of program development, delivery and evaluation. Program methodology and evaluation will also be examined. Prerequisite(s): Written instructor permission.

FMKT 5063 - Fashion Accessories
Analysis of the accessory needs of specialized market segments and the products produced to meet those needs with emphasis on product design, marketing, and merchandising. Prerequisite(s): FMKT 1303 or FMKT 3113.

FMKT 5073 - Heritage of Dress II
An in-depth study of the development of costume and fashion from the Ancient Egyptians to present day with an emphasis on interpreting and analyzing current fashion trends from a historical perspective. Prerequisite(s): Six credits in history/humanities or permission of the instructor.

FMKT 5093 - No-Textiles Accessories
Analysis of the non-textile accessory needs of specialized market segments and the products produced to meet those needs with emphasis on product design, marketing and merchandising. Prerequisite(s): FMKT 3113.

FMKT 5503 - Models of Marriage and Family Therapy
This course is an historical, theoretical, and empirical overview of the field of infant mental health. The foundations of infant mental health and direct work with infants and parents will be covered. This course explores the role and function of the infant mental health specialist and the relationship and reflection in work with families. Students will gain an understanding of the impact that early trauma, family violence, poverty and developmental disabilities can have on young children.

FMKT 5621 - Dress for the Professional
This course is designed to relate one's dress to career demands and successes and to discover an affordable, accomplished, versatile, and professional approach to clothing selection and wardrobe coordination. Designed for both male and female students.

FMKT 5712 - Parent Education
The course is an in-depth study of programs that facilitate parent education. The history of parent education programs, group dynamics, and home-based parent education will be discussed.

FMKT 5900 - Practicum
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

FMKT 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Directed intensive study of selected problems or special topics. Prerequisite(s): An undergraduate minor in the subject matter area and permission of graduate advisor.

FMKT 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

FMKT 5930 - Individual Study
Credit will vary from 1 to 4 hours. Directed intensive study on definite problems or special subjects based on approved outlines or plans, conferences, oral and written reports. Prerequisite(s): An undergraduate minor in the subject matter area and permission of graduate advisor.

FMKT 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study. Prerequisite(s): An undergraduate minor in the subject matter area and written permission of graduate advisor.

FMKT 5950 - Internship
Credit will vary from 1 to 8 hours; subject matter will vary within the department's field of study.

FMKT 5960 - Institute
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

FMKT 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

FMKT 5980 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

FASHION MARKETING (FMKT)
Department of Human Environmental Science

FMKT 5063 - Fashion Accessories
Analysis of the accessory needs of specialized market segments and the products produced to meet those needs with emphasis on product design, marketing, and merchandising. Prerequisite(s): FMKT 1303 or FMKT 3113.

**FORENSIC SCIENCES (FRSC) Forensic Science Institute**

**FRSC 5143 - Crime Scene Reconstruction**
Crime Scene Reconstruction serves as a comprehensive overview of computer-based and remote sensing technologies in crime scene reconstruction. The focus of this crime scene course is on the use of computer-based, automated data collection, reconstruction, analysis, and courtroom presentation technologies. Students will demonstrate and enhance their understanding of lecture material through participation in practical crime scene exercises.

**FRSC 5243 - Forensic Psychology**
Forensic Psychology provides an overview to the field with a special emphasis in criminal areas. Students will develop an understanding of the most common intersections between forensic mental health and the law, including the criteria required to work as a professional in various capacities.
FRSC 5253 - Forensic Science Analysis & Lab
Forensic Science Analysis serves as an introduction to classical and modern forensic science techniques with emphasis on the theory of modern impression evidence examinations. Techniques covered include latent fingerprints, handwriting and related document examinations, firearms and toolmarks, and fracture glass examinations. Automated evidence database applications are discussed and practiced. Emphasis is given to quality control and quality assurance as practiced in today’s crime laboratories. Prerequisite(s): FRSC 2503. Concurrent enrollment in FRSC 5253L is required.

FRSC 5253L - Forensic Science Analysis Lab
This is the laboratory course that accompanies FRSC 5253. Prerequisite(s): FRSC 2503. Concurrent enrollment in FRSC 5253 is required.

FRSC 5263 - Forensic and Biological Anthropology
This course serves as a complete study of the human skeletal system and how it is used to determine individual identity using age, sex, stature, and population affinity. The student will examine the process of death through decomposition and identification. There is a field component which details the taphonomic process and collection of skeletal material. The graduate level requires the student to direct a team in field work and lead that team in group presentations. Prerequisite(s): FRSC 2503 and (BIO 2504 or FNRL 2214/2214L or equivalent).

FRSC 5303 - Forensic Archaeology
This course is an introduction to traditional archaeological methods and how those methods are then used in a forensic setting primarily for the collection and preservation of evidence. This will include basic skeletal biology and the taphonomic process. Emphasis is given to classical methods of searching and gridding before modern electronic methods are taught. The student will, while working in groups, complete an exhumation of a carcass in the field component of the course. The graduate level requires the student to direct a team in field work and lead that team in group presentations. Prerequisite(s): FRSC 2503.

FRSC 5313 - Forensic Pathology
Forensic Pathology serves as a comprehensive study of multidisciplinary scientific principles and techniques which comprise the modern basis in human death investigation. Emphasis is placed on forensic pathology and odontology of human remains. Prerequisite(s): FRSC 2503.

FRSC 5323 - Forensic Toxicology & Lab
Forensic Toxicology serves as a “hands-on” introduction to modern toxicological methods in forensic science. Topics and analytical techniques covered include sampling preparation, instrumentation, and the analyses of alcohol, drugs of abuse, therapeutic drugs, carbon monoxide, and cyanide in biological fluids and tissues. Prerequisite(s): FRSC 2503 and CHEM 3454. Concurrent enrollment in FRSC 5323L is required.

FRSC 5323L - Forensic Toxicology Laboratory
This laboratory course accompanies FRSC 5323. Prerequisite(s): FRSC 2503 and CHEM 3454. Concurrent enrollment in FRSC 5323 is required.

FRSC 5333 - Forensic Molecular Biology & Lab
This lecture and laboratory course presents advanced principles of serology and DNA identification techniques with forensic laboratory applications. This course includes the theory and practice of techniques used to identify and individualize biological samples having a forensic interest. Related database applications are discussed and practiced. Emphasis is given to quality control and quality assurance as practiced in today’s crime laboratory. Prerequisite(s): BIO 3304. Concurrent enrollment in FRSC 5333L is required.

FRSC 5333L - Forensic Molecular Biology Lab
This course is a laboratory course designed to accompany FRSC 5333. Prerequisite(s): BIO 3304. Concurrent enrollment in FRSC 5333 is required.

FRSC 5343 - Forensic Serology & Laboratory
Forensic Serology is structured to provide advanced concepts of serological techniques as it applies to the collection, preservation and examination of biological evidence. This course includes the theory and practice of techniques used to identify and individualize biological samples having a forensic interest. Emphasis is given to quality control quality assurance as practiced in today’s crime laboratory. Prerequisite(s): FRSC 2503. Concurrent enrollment in FRSC 5343L is required.

FRSC 5343L - Forensic Serology Lab
FRSC 5343L is the laboratory course that accompanies FRSC 5343. Prerequisite(s): FRSC 2503. Concurrent enrollment in FRSC 5343 is required.

FRSC 5353 - Firearm and Toolmark Analysis
Firearm & Toolmark Analysis allows students to gain a general understanding of basic firearm and toolmark techniques and carry out practical laboratory assignments under the supervision of the instructor. Students will receive instruction and hands-on experience with firearms (rendered safe), ammunition components, toolmark samples, serial number restorative techniques, and cartridge care/projectile macroscopic analysis. Prerequisite(s): FRSC 4253 or 5253.

FRSC 5363 - Advanced Crime Scene Technique
Advanced Crime Scene Techniques will present the latest research and current application of new technologies to crime scene processing. Topics include crime scene mapping, 3D technologies, panoramic photography and other advanced evidence collection techniques. Students will also explore approaches to managing complex crime scene investigations and media relations.

FRSC 5413 - Bloodstain Pattern Analysis
Bloodstain Pattern Analysis investigates the significance of bloodstain patterns found at violent crime scenes. Using bloodstain pattern analysis the student will learn to identify the occurrences that took place during and after a violent attack. Several practical exercises are used to assess the skill and knowledge of the student. Students will demonstrate and enhance their understanding of lecture material through participation in actual practical mock crime scene exercises.

FRSC 5423 - Bloodstain Pattern Analysis II
This is the second course in the study of bloodstain pattern analysis. The course provides a comprehensive review of this highly specialized crime scene reconstruction tool. Students will utilize current literature, case studies, laboratory experiments and computer simulation to gain experience in using bloodstain patterns in reconstructing crime scenes. Emphasis is given to the mathematical formulas and calculations involving trigonometry and physics. Emphasis is also given to preparing students to become qualified as expert witnesses for court testimony. Prerequisite(s): FRSC 5413.

FRSC 5443 - Forensic Arson Investigation
This is a comprehensive course on fire investigation emphasizing the use of specialized forensic techniques for the identification of causes of fires. Major topics included in this course are the chemistry of fire, how to diagram the fire scene, common types of building construction and the effects of construction on how structures burn. Proper collection of physical evidence, documentation, analysis and preservation
as related to fire investigations will be emphasized.

**FRSC 5463 - Digital Forensics**
Digital Forensics is designed to provide the student with the fundamental concepts of the forensic analysis of digital evidence. Students will receive step-by-step explanations on how to use the most popular digital forensic tools. Topics include digital imaging, legal restrictions related to personal privacy and electronic communication, examination of FAT and NTFS based file systems, forensic methodologies, and the proper documentation of digital forensic examinations. Prerequisite(s): FRSC 2503.

**FRSC 5513 - Forensic Chemistry & Lab**
Forensic Chemistry serves as a “hands-on” introduction to modern forensic chemistry. Topics and analytical techniques covered include sampling and statistics, sample preparation, instrumentation, and analyses related to drugs, arson, explosives, inks, paints and polymer evidence. Prerequisite(s): FRSC 2503 and CHEM 3454. Concurrent enrollment in FRSC 5513L required.

**FRSC 5513L - Forensic Chemistry Lab**
This is the laboratory course that accompanies FRSC 5513. Prerequisite(s): FRSC 2503 and CHEM 3454. Concurrent enrollment in FRSC 5513 required.

**FRSC 5533 - Forensic Microscopy & Lab**
Forensic Microscopy will study the modern uses of the stereo microscope, compound light microscope, polarized light microscope, fluorescence microscope, phase-contrast microscope and the SEM/TEM in a forensic context. Topics and analytical techniques covered include specimen preparation, staining and contrast methods, electron micrographs and other analytical approaches to forensic science. An introduction into field deployable microscopic techniques, physical match examinations, and lamp filament examinations will also be covered. Prerequisite(s): FRSC 2503 and (BIO 1114 or 1204 or 1214). Concurrent enrollment in FRSC 5533L is required.

**FRSC 5533L - Forensic Microscopy Lab**
This is the laboratory course that accompanies FRSC 5533. Prerequisite(s): FRSC 2503 and (BIO 1114 or 1204 or 1214). Concurrent enrollment in FRSC 5533 is required.

**FRSC 5543 - Advanced Firearm and Toolmark**
Advanced Firearm and Toolmark Techniques and Laboratory is an advanced course focused on chemical restorative techniques and advanced scientific applications and techniques routinely seen in Firearm and Toolmark examinations. Techniques covered include distance determination, caliber and weapon determination, serial number restoration, toolmark examination, cartridge case/projectile macroscopic analysis, and courtroom testimony. Emphasis is given to quality control and quality assurance as practiced in today’s crime laboratories. Prerequisite(s): FRSC 5533. Concurrent enrollment in FRSC 5543L is required.

**FRSC 5543L - Adv Firearm and Toolmark Lab**
FRSC 5543L is the laboratory course that accompanies FRSC 5543 Advanced Firearm and Toolmark Techniques and Laboratory. Prerequisite(s): FRSC 5533. Concurrent enrollment in FRSC 5543 is required.

**FRSC 5553 - WMD Forensics**
Weapons of Mass Destruction (WMD) Forensics will cover chemical, biological, radiological, nuclear, and explosive (CBRNE) agents associated with domestic and international terrorism events. Students will be introduced to crime scene processing involving CBRNE events and the corresponding laboratory and field analyses. Prerequisite(s): FRSC 2503 or equivalent.
case work management and crime lab management. In addition, the students will be introduced to current topics in forensic science through a special seminar series. Prerequisite(s): FRSC 5873.

FRSC 5900 - Practicum In Forensic Science
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

FRSC 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

FRSC 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

FRSC 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Prerequisite(s): Permission of instructor.

FRSC 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

FRSC 5950 - Internship In Forensic Science
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

FRSC 5960 - Institute In Forensic Science
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

FRSC 5970 - Study Tour
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

FRSC 5990 - Thesis
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

GEOGRAPHY (GEO)
Department of History & Geography

GEO 5103 - Historical Geography Of The U.S.
Geographical environment as it has modified and influenced the historical growth of the United States.

GEO 5113 - Geographic Information Systems
Geographic Information Systems offers intensive instruction in the skills of geographic information system technology and the methods of collecting, storing, assessing, and manipulating geographic information from a multidisciplinary perspective.

GEO 5503 - Geography Of South America
An intensive study of the geography of South America.

GEO 5703 - Geographical Information Systems For K-12 Educator
This course introduces geographic information systems as tools for illustrating geographic concepts in K-12 education. The primary focus is on theoretical and practical knowledge of GIS software, as well as on applying that knowledge to standards-based education models.

GEO 5900 - Practicum In Geography
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

GEO 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

GEO 5920 - Workshop In Geography
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

GEO 5930 - Individual Study In Geography
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Prerequisite(s): Permission of instructor.

GEO 5940 - Field Study In Geography
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

GEO 5950 - Internship In Geography
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

GEO 5960 - Institute In Geography
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

GEO 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

GEO 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

GENERAL SCIENCE (GENS)
Department of Engineering and Physics

GENS 5900 - Practicum In General Science
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

GENS 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

GENS 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

GENS 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

GENS 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

GENS 5960 - Institute In General Science
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

GERMAN (GERM)
Department of Modern Languages, Literature &
The purpose of this course is to present a broad overview of the
major concepts and issues relevant to gerontology. These will include theories of aging, health and physiological aspects of aging,
environmental design and retirement housing, leisure and recreation.

GERO 5213 - Health & Social Services For Seniors
This course focuses on health and social services available to seniors in the United States providing in-depth understanding of Medicare, Medicaid, Aging Network Services, housing, and private sector services.

GERO 5342 - Politics of Aging
This course focuses on a range of political and policy issues that affect the well-being of seniors and the political realities of developing solutions to these needs and concerns.

GERO 5363 - Psychology of Aging
This course examines the psychological aspects of human aging. Focus areas include, psychological theories of aging, psychological research methods in aging field, dementia/psychopathologies of aging, and sensory, motor, and cognitive changes with aging.

GERO 5443 - Biology of Human Aging
The course examines the biological changes associated with human aging. Emphasis is given to theories of biological aging, maintenance of homeostasis, age changes in each body system, interactions among these systems, and diseases that commonly affect older adults.

GERO 5463 - Bereavement Counseling
This course will discuss death and dying, the stages of grief, hospice, the living will and techniques to be used in counseling the bereaved of all ages.

GERO 5523 - Qualitative Gerontology
This course is an indepth study of qualitative research in Gerontology. Topics covered include methodological techniques, application of findings, and ethical considerations.

GERO 5731 - Drug Issues for Older Adults
This course will examine drug issues concerning older adults including prescription and over-the-counter drugs, problems encountered by the older adult taking multiple medications, substance abuse, health and safety guidelines, marketing effects, and economic concerns.

GERO 5900 - Practicum
This course is designed to be the culminating experience for all gerontology majors. It will summarize all the work covered in the gerontology program and look at directions for the future in the field of aging. Prerequisite(s): Course should be taken during students last spring semester prior to graduation.

GERO 5910 - Seminar / Special Topics
Gerontology Research focuses on fundamental research concepts, methods, and application in the discipline of Gerontology. This course is designed to build research skills and enable the student to become an efficient and effective consumer of research.

GERO 5990 - Practicum
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.
North American Faculty of Medical Education

Graduate Course Descriptions

GERO 5950 - Internship
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

GERO 5960 - Institute
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

GERO 5970 - Study Tour
Credit will vary from 1 to 2 hours. Subject matter will vary within the department's field of study.

GERO 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

GUIDANCE (GUID)

Department of Advanced Professional Services

GUID 5013 - Principles Of Guidance And Counseling
Principles, functions and practices basic to guidance on both elementary and secondary levels, professional, ethical and legal responsibilities; historical development and current trends and issues. This course includes the characteristics of successful counselors and the development of basic helping skills.

GUID 5113 - Theories/Techniques Group School Counseling
Introduction to the dynamics of groups by utilizing counseling theories and group techniques. Emphasis is placed on group process in the school setting; evaluation of group dynamics, observation, participation and conducting group counseling activities. Prerequisite(s): GUID 5163.

GUID 5133 - Multicultural Counseling
A study of the use of counseling theories and techniques in pluralistic school settings. Emphasis will be placed on changes in human roles, discrimination on the basis of human characteristics, and concerns of subgroups. Skills such as conflict resolution and helping skills will be applied. Prerequisite(s): GUID 5163.

GUID 5153 - Counseling Intervention Strategies
A study of the theoretical and practical aspects of helping children and adolescents cope with major life stressors common to this age group in contemporary society. Specific needs to be covered include divorce, drugs and alcohol, depression, stress, abuse, and others. Issues related to counseling minority groups will be covered. Prerequisite(s): GUID 5163.

GUID 5163 - Theories/Techniques Individual/School Counseling
This course is an introduction to individual counseling theory and school counseling techniques. Emphasis is placed on major counseling theories, their underlying philosophies, assumptions and techniques as well as their strengths and weaknesses with an application in the school setting.

GUID 5172 - Capstone Experience School Counseling
An integration of the components included in the knowledge base undergirding school guidance and counseling with emphasis on preparation for professional examinations for national and state certification and licensure. Prerequisite(s): GUID 5903.

GUID 5193 - Abnormal Psychology Sch Person
A survey of the normal/abnormal continuum of behaviors with emphasis on behaviors that can and cannot be accommodated within institutional teaching/counseling programs. This includes a broad study of the major classifications of psychopathology as well as the etiology, progress and treatment of the disorder, as viewed from the major paradigms.

GUID 5213 - The Counselor As Consultant
Theory and practice as a consultant in school, family, and community settings.

GUID 5253 - Developmental Guidance
Study of the design and management of a comprehensive developmental guidance program. Emphasis on the planning and implementation of a guidance curriculum appropriate for needs of all students. Prerequisite(s): GUID 5012 and PTE 5203.

GUID 5333 - Individual Test Interpretation
A survey of individual tests, utilizing case studies and other appropriate techniques. Designed to enable school counselors and other service personnel to interpret and utilize the results of individual tests. Prerequisite(s): PTE 5383.

GUID 5343 - Counseling Children/Adolescent
This course covers the process and interventions in counseling children and adolescents. Different models of play and activity therapy will be examined. Specific developmental issues will be examined along with how these issues can be addressed via the media of play and through therapeutic games and activities. This course includes clinical observation and discussion of the observed cases. Prerequisite(s): GUID 5153, 5163 or concurrent enrollment.

GUID 5443 - Career Guidance
An introduction to the theories of career development, use and interpretation of career inventory data and identification and use of community resources and materials appropriate for use in a guidance program. Prerequisite(s): GUID 5013 or concurrent enrollment.

GUID 5652 - Developing Guidance Elementary School
A study of the typical needs common to the age groups found in elementary schools. There will be demonstrations of small and large group activities to provide for the optimal development of all elementary students. Topics will include coping skills, problem solving, social skills training, stress management, family relationships and others.

GUID 5900 - Practicum In Guidance
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

GUID 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

GUID 5920 - Workshop in Guidance
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

GUID 5930 - Individual Study In Guidance
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

GUID 5940 - Field Study In Guidance
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

GUID 5950 - Internship

INSTRUCTIONAL MEDIA (IME)
Department of Advanced Professional Services

IME 5013 - Young Adult Library Resources
This course examines qualitative historical and contemporary resources for young adult library collections and presents school librarian and teach techniques for creating meaningful literature experiences and methods of fostering lifelong reading habits. Evaluation, examination, and application of intellectual freedom, genres, themes, literacy aspects, assessment criteria, authors and curriculum integration are studied.

IME 5023 - Materials Selection
Principles of resource selection, including policy statements, selection tools, selection criterion for all formats, community factors, collection needs and acquisitions, the publishing industry, and legal issues will be examined. Emphasis is on school media centers. Students will receive extensive practice in evaluation of materials through use of a variety of recognized professional reviewing journals. This course replaces LME 5023 which replaced LME 5022.

IME 5042 - Microcomputers In Classrooms/Media Centers
A study of the appropriate utilization of microcomputers in classrooms and media center. Major emphasis is placed upon selection and evaluation of instructional software, making use of available bibliographic resources.

IME 5053 - School Library Administration
This course examines national, regional, and state guidelines and standards; administrative philosophies; leadership approaches; management theories; and policy development for organizing, administering, and integrating school library media center facilities, staff, resources, and budgets into the total school program.

IME 5063 - School Library Foundations
This is an overview course to introduce the history, nature, development, roles, and fundamental issues in the school library media center. Students are introduced to the mission of a school library and the elements of an ideal school library media program. Foundational production skills are established and program requirements are explained. National and state standards are highlighted, as are professional organizations and the major databases and professional journals utilized in school library research.

IME 5133 - Production In School Libraries
This course is designed to explore concepts of school library production procedures including software and equipment. It focuses
on technology integration, preparation of instructional multimedia tools and marketing plans. This course replaces LME 5133 which replaced LME 5132.

IME 5143 - Instructional Technology Foundations
The course covers the field of instructional technology, situating the field within the context of its historical perspective, current practices, and future directions. This is a core course in the applied technology option. It provides an introduction to the field and profession of instructional technology. Given that most entering technology students come from fields other than it, LME 5143 gives newcomers a sense of history and an explanation of how the components of the field fit together. There is a particular emphasis on the evolution of the “big ideas” of the field.

IME 5223 - Collaborative Instructional Processes
The main focus of this course is the unique role of facilitating instructional team partnerships and integrating information literacy and information access into the school’s curriculum. Emphasis includes teaching information literacy skills and creation of lessons/units to integrate those skills across various curriculum areas of PreK-12 schools. Students will analyze and apply national and state Information Literacy standards and collaborate with classroom teachers to plan, produce, and co-teach an integrated teaching unit.

IME 5233 - Children’s Library Resources
This course is designed for the prospective teacher or librarian who requires competence in building print and non-print collections supportive of the elementary school curriculum. It surveys qualitative historical and contemporary resources for children’s library collections and presents school librarian and teacher techniques for creating meaningful literature experiences and methods of fostering lifelong reading habits. Evaluation, examination, and application of intellectual freedom, genres, themes, literary aspects, assessment criteria, authors, illustrators, and curriculum integration are studied. IME 5243 - Effective Writing for School Libraries
This course emphasizes writing that is required in the school library media center field. It focuses on the creation of reports by analyzing, evaluating, and synthesizing information. Students develop skills in writing, as applied to grant proposals, communication, formal and informal, and school library media center policies. Styles of writing and audiences are examined.

IME 5313 - Collaborative Design/Multimedia Materials
This course focuses on the design of educational multimedia multimedia materials. It is an applications- and research- based experience for students who have completed introductory level instructional technology courses and want to learn more about the design and development of multimedia instructional packages. The main objective of the course is to enable students to experience working as part of a multimedia team to design an instructional package for a client.

IME 5323 - Issues in Distance Education
The course examines the technologies and issues related to the development and delivery of distance learning. Topics include types, concepts, theories, history, components, design, and policy-making of distance learning programs. Emphasis is on the design and implementation of effective instructional strategies and delivery in distance learning environments. Interaction between the student, teacher, and administrator are stressed.

IME 5333 - Advanced Literature Resources
This advanced literature course includes an intense study of how school librarians and teachers utilize stories including but not limited to adventure, historical fiction, mysteries, myths, science fiction, realistic fiction, allegories, parodies, utopias, dystopias, legends, fables, and folktales; drama; poetry and nonfiction. Graphic, digital, and print formats will be included. Areas of focus include reading promotion, strategies for content area reading, integration of technology and reading, multi-ethnic and diverse points-of-view, and implementation of the Common Core Standards. Prerequisite(s): Graduate Standing.

IME 5413 - Managing Computer/Information Centers
This course exposes students to many of the issues encountered in developing and directing computer and electronic information centers. During the course, students explore such issues as hardware and software decision making, local and wide area network operation, software support, vendor relations, electronic security, facility design, staff development, and user training.

IME 5423 - Library Information Retrieval Systems
This course introduces students to the practice of locating, evaluating, and using information in school libraries. Special emphasis includes use of electronic resources, databases, indices, and online reference materials.

IME 5453 - Collection Management
This course will prepare school librarians to provide their patrons with the most successful access to their school library collection, with emphasis on professional selection/reviewing tools. Experience will be gained in electronic database and index usage as well as electronic cataloging and classification systems. Students will develop skills to apply the principles of description (cataloging) and organization (classification) of print and multimedia resources and will become familiar with integrated library systems, and the consideration of various cataloging services and subscriptions relevant to the school library environment.

IME 5533 - School Library Advocacy
Students will learn to position the school library program as an essential force in preparing 21st century learners. Key concepts will include using research and evidence-based practices to develop influence and build relationships within the school and community. Students will plan and write a multi-year school library advocacy plan designed to implement the library’s mission while strengthening personal leadership skills and advancing professional growth. In addition, PR/advocacy materials and campaigns will be designed, written, and implemented.

IME 5543 - Instructional Design & Development I
This course is a study in cooperative designing of instruction. Areas covered include determining instructional objectives, planning motivational strategies, and designing multimedia learning activities.

IME 5613 - Instructional Design & Development II
This course addresses an instructional design or performance problem through performance analysis (to determine if the problem requires an instructional or non-instructional solution); needs assessment (to determine the nature and importance of problem); and needs analysis (to identify the causes of the problem and to identify solutions). The course focuses on theories, principles, and practices of analysis and assessment of needs from the perspective of instructional development including task analysis and instructional media. Attention is given to deficiencies and discrepancies in human performance and the root causes. Prerequisite(s): LME or IME 5543.

IME 5713 - Evaluating Change In The Instructional Development Process
This advanced laboratory in instructional system design is an in-depth study of the final stages of the instructional design process. The focus is on measurement assessment, formative and summative evaluation, the educational change process as it relates to diffusing and implementing an innovative instructional project and project...
management. The course requires actual field experience at an existing academic or corporate site. Prerequisite(s): LME 5543, 5613.

**IME 5863 - School Library Technology**
This course examines the effective implementation of technology to enhance digital literacy in the school library media center. The course includes strategies for locating, evaluating, selecting, and using appropriate information; assessing reliable access to current and emerging technologies; utilizing technology for organization and management; evaluating technology for global communication, networking, and sharing; and promoting digital citizenship and responsibility.

**IME 5883 - Capstone in Library Media**
This course will provide culminating experiences in the Library Media Education graduate program. Candidates will complete all field-based experiences; evaluate and analyze all program knowledge and skills acquired; and provide a reflective review of all areas. In addition, students will be reviewed and prepared for certification testing and all graduate Portfolio projects will be completed, submitted, and evaluated. Prerequisite(s): This course is taken the final semester. Enrollment open to Library Media Education majors only.

**IME 5900 - Practicum**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

**IME 5910 - Seminar / Special Topics**
Credit will vary from 1 to 4 hours. Directed intensive study on selected problems or special topics.

**IME 5920 - Workshop**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

**IME 5930 - Individual Study**
Credit will vary from 1 to 4 hours. Directed intensive study on definite problems of special subjects based on approved outlines or plans, conferences, oral and written reports.

**IME 5940 - Field Study**
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

**IME 5950 - Internship**
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Normally involves practical experience gained in a professional field by an advanced or graduate student.

**IME 5960 - Institute**
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

**IME 5970 - Study Tour**
Credit will vary. Subject matter will vary within the department's field of study.

**IME 5990 - Thesis**
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

**INFORMATION SYSTEMS AND OPERATIONS MANAGEMENT (ISOM)**
Department of Information Systems and Operations Management

**ISOM 5143 - Computing Systems For Mgmt**
This course provides students with practical knowledge, skills, and hands-on experience necessary to develop and use end user information systems. Particular emphasis is given to the appropriate use of computer applications to enhance management problem solving and communication. Prerequisite(s): Completed all prerequisites for the MBA Program.

**ISOM 5243 - Database Design/Implementation**
This course examines the fundamental concepts necessary for planning, designing, using, and implementing database systems. This course will stress database modeling and design, the languages and facilities provided by database management systems, and system implementation techniques. Through case studies, students will be asked to apply concepts learned to solve actual database management systems problems in business organizations. Prerequisite(s): Completed all prerequisites for the MBA Program and ISOM 5143.

**ISOM 5343 - Decision Support Systems**
The design and development of end-user microcomputer applications that support semi-structured decision making in all levels of business organizations. Conceptual topics will include the decision making process, organizational data access and integration, building decision models, and design of graphical user interfaces. Students will use microcomputer client applications to gather data from multiple data sources and apply decision models from management science, accounting, finance, marketing or other business areas to provide support for business decisions. Students will be expected to design and demonstrate prototype decision support projects in the context of a real business problem. Prerequisite(s): Completed all prerequisites for the MBA Program and ISOM 5143.

**ISOM 5533 - Management Science**
This course is designed to lead students through the fields of management science/operations research and their applications in the business world, with an emphasis on modeling. The topics covered in this course include decision theory, utility theory, forecasting, linear programming modeling, the simplex method, sensitivity analysis, the transportation and assignment models, and project management. Students are introduced to the use of computer software packages which are designed for the analysis of a wide variety of business problems. Prerequisite(s): Completed all prerequisites for the MBA Program.

**ISOM 5633 - Operations Management & Analysis**
A study of operations management and its role in contributing to an organization’s competitive strengths along the dimensions of quality, cost, flexibility, and time. The relationship of product and service quality to productivity and costs. Conceptual issues and quantitative methods of decision making by operation management at the strategic, tactical, and operational levels. Prerequisite(s): Completed all prerequisites for the MBA Program and ISOM 5533.

**ISOM 5733 - Advanced Management Science**
This course is a continuation of the management science (ISOM5533) course. The main objectives of this course are to introduce students to more advanced theory and techniques in the fields of management science/operations research and their application in the business world. Covered topics include decision theory, queuing, simulation, goal programming, integer programming, and the implementation of management science in organizations. Prerequisite(s): Completed all prerequisites for the MBA Program and ISOM 5533.

**ISOM 5900 - Practicum**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.
ISOM 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

ISOM 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

ISOM 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

ISOM 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the Department's field of study.

Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

JAPN 5920 - Workshop in Japanese
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

JAPN 5930 - Individual Study In Japanese
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

JAPN 5940 - Field Study In Japanese
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

JAPN 5950 - Internship In Japanese
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

JAPN 5960 - Institute In Japanese
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

JAPN 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

JAPN 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

KINESIOLOGY (KINS)
Department of Kinesiology and Health Studies

KINS 5103 - Physiological Basis of Human Movement
Physiological Basis of Human Movement will provide a study of the physiological effects of physical exercise on the human body. Prerequisite(s): PHED 3503.

KINS 5113 - Legal/Ethical Principles Of Wellness Management
This course provides students with the opportunity to gain insight and understanding about the law and its implications on professionals in the fields of health, wellness, sport, education, leisure, and fitness. Prerequisite(s): Graduate standing.

KINS 5223 - Technology & Media For Wellness Managers
This course provides wellness professionals with the skills to initiate, maintain, and expand technology and media into daily business. It also emphasizes obtaining resources, information, skills, and strategies through practical application. Prerequisite(s): Graduate standing.

KINS 5233 - Assessment Of Health & Exercise Sciences
Assessment of Health and Exercise Sciences is designed to provide instruction in three common statistical tasks: 1) collecting data, 2) summarizing and exploring data, and 3) drawing conclusions and making decisions based on data.

KINS 5303 - Exercise Testing & Prescription
This course is designed to enhance the student's knowledge and application of exercise testing and exercise prescription for apparently healthy populations. Prerequisite(s): Graduate standing and KINS 5103.

KINS 5313 - Athletic Training Principles
This course provides advanced theories, techniques, and applications of skills relative to athletic injury administration, prevention and care. Major content areas are risk management and administration. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Prerequisite(s): Enrollment open to Athletic Training majors only.

KINS 5333 - Exercise Apps for Special Populations
This course is designed to increase the student's working knowledge about special populations in the areas of physical assessment and exercise prescription. Prerequisite(s): Graduate standing and KINS 5103.

KINS 5343 - Assessment Athletic Injuries
This course provides a comprehensive study of assessment and evaluation techniques for low and upper extremities. Major content area is Diagnosis. Instruction will include applied anatomy, palpation methods, manual muscle testing, neurological assessment and stress / special tests. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Prerequisite(s): Enrollment is open to Athletic Training majors only. Concurrent enrollment in KINS 5413.

KINS 5393 - Research in Kinesiology and Health
This course is an overview of concepts and procedures necessary for designing, conducting, and analyzing research in Kinesiology and Health Studies from multiple research paradigms. The course will focus on the steps involved in the administration of a research project, including literature review, design, data collection, and analysis. Prerequisite(s): Graduate standing and KINS 5233.

KINS 5403 - Biomechanical Basis of Human Movement
The principles of classical mechanics are applied to the study of human motion to provide students with an understanding of the internal and external forces acting on the body during human movement.
The role of muscle in generating force and controlling movement is emphasized. Prerequisite(s): PHED 3333 and HLTH 3223.

**KINS 5413 - Athletic Training Clinical I**
This course will provide both lab instruction and the clinical field experience related to prevention, assessment and care related to lower extremity sports. Major content areas include risk management and acute care. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Travel is required and is the responsibility of the student. Prerequisite(s): Enrollment open to Athletic Training majors only. Concurrent enrollment in KINS 5343.

**KINS 5423 - Strength Development & Training Methods**
This course is designed to address strength development and training in the context of exercise science, sports medicine, preventive medicine, health psychology and behavioral medicine, epidemiology, nutrition, and rehabilitative medicine. The focus will be the blending of theory driven research with the practical applications of exercise prescription to specific training paradigms and that relationship to exercise adherence, maintenance, and relapse. Prerequisite(s): PHED 3503 and graduate standing.

**KINS 5433 - Therapeutic Modalities**
This course provides a comprehensive study of therapeutic treatment techniques. Major content area is Therapeutic Modalities. Instruction will include the application and theory for superficial and deep heat modalities, electrical therapies and manual techniques. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Travel is required and is the responsibility of the student. Prerequisite(s): Enrollment open to Athletic Training majors only. Concurrent enrollment in KINS 5443.

**KINS 5443 - Athletic Training Clinical II**
This course will provide both lab instruction and clinical field experience related to prevention, assessment and care related to upper extremity sports. Major content areas include diagnosis and medical conditions. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Travel is required and is the responsibility of the student. Prerequisite(s): Enrollment open to Athletic Training majors only. Concurrent enrollment in KINS 5513.

**KINS 5513 - Medical Aspects Of Athletic Training**
This course provides a comprehensive study of assessment and evaluation techniques for the head, neck, axial spine, thorax and abdomen related to both medical conditions and injury. Major content areas are pathology, diagnosis and medical condition. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Travel is required and is the responsibility of the student. Prerequisite(s): Enrollment open to Athletic Training majors only. Concurrent enrollment in KINS 5513.

**KINS 5523 - Rehabilitation Techniques For Athletic Injury**
This course will provide a comprehensive look at conditioning exercise, post-injury and post-operative rehabilitation techniques. Major content areas are conditioning and rehabilitation exercises. Instruction will include applied anatomy, conditioning assessment, exercise equipment and rehabilitation protocols for the major body regions. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Travel is required and is the responsibility of the student. Prerequisite(s): KINS 5313. Enrollment is open to Athletic Training majors only. Concurrent enrollment in KINS 5613.

**KINS 5613 - Clinical Education For Rehabilitation Techniques**
This clinical course will provide both lab instruction and clinical field experience related to treatment and rehabilitation of athletic injuries. Major content areas are conditioning, therapeutic modalities, rehabilitation, psychosocial and nutrition. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Travel is required and is the responsibility of the student. Prerequisite(s): Enrollment open to Athletic Training majors only. Concurrent enrollment in KINS 5523.

**KINS 5623 - Pathophysiology For Athletic Trainers**
This course is a study of acute and chronic illnesses and musculoskeletal disorders including the pharmacologic response during physical activity. Prerequisite(s): Enrollment is open to Athletic Training majors only.

**KINS 5713 - Athletic Training Administration**
This course will examine the organization and administration of an athletic training program. Major content areas are health care administration and professional development and responsibilities. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete the course. Prerequisite(s): Enrollment open to Athletic Training majors only. Concurrent enrollment in KINS 5723.

**KINS 5723 - Psychosocial Aspects Of Athletic Training**
This lecture course will focus on sociological and psychological aspects related to being a health care provider. Major content areas are pharmacology, psychosocial and nutrition. Instruction will include common athletic medication usage, drug testing, nutrition and psychosocial differences based on cultural, ethnic, and gender of the physically active. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Prerequisite(s): Enrollment open to Athletic Training majors only. Concurrent enrollment in KINS 5723.

**KINS 5733 - Athletic Training Clinical III**
The course will provide both lab instruction and clinical field experience related to equipment intensive sports. Major content areas are risk management, diagnosis, and acute care. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Travel is required and is the responsibility of the student. Prerequisite(s): KINS 5343. Enrollment open to athletic training majors only. Concurrent enrollment in KINS 5523 and 5613 is required.

**KINS 5743 - Athletic Training Clinical IV**
This clinical course will provide both lab instruction and clinical field experience related to general medicine and skill integration. Major content areas are conditioning, diagnosis, medical conditions, therapeutic modalities, rehabilitation, pharmacology, nutrition and professional development. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Travel is required and is the responsibility of the student. Prerequisite(s): Enrollment open to athletic training majors only.

**KINS 5900 - Practicum**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

**KINS 5910 - Seminar / Special Topics**
Credit will vary from 1 to 4 hours. Directed intensive study of selected problems or special topics. Prerequisite(s): An undergraduate minor in the subject matter area and permission of the graduate advisor.
KINS 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

KINS 5930 - Individual Study
Credit will vary from 1 to 4 hours. Directed intensive study on definite problems or special subjects based on approved outlines or plans, conferences, oral and written reports. Prerequisite(s): An undergraduate major in the subject matter area and permission of graduate advisor.

KINS 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

KINS 5950 - Internship
Credit will vary from 1 to 8 hours; subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

KINS 5960 - Institute
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study.

KINS 5970 - Study Tour
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

KINS 5980 - Graduate Project
This course requires students to demonstrate their cumulative knowledge in exercise science to complete and present a capstone project. Subject matter will vary within the department’s field of study.

KINS 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

LATIN (LATN)
Department of Modern Languages, Literature & Cultural Studies

LATN 5900 - Practicum In Latin
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

LATN 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

LATN 5920 - Workshop in Latin
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

LATN 5930 - Individual Study In Latin
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

LATN 5940 - Field Study In Latin
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

LATN 5950 - Internship In Latin
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

LATN 5960 - Institute In Latin
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study.

LATN 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

LATN 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

LEGAL STUDIES (LS)
Department of Finance

LS 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Directed intensive study on selected problems or special topics.

LS 5930 - Individual Study
Credit will vary from 1 to 4 hours. Directed intensive study on definite problems or special subjects based on approved outlines or plans, conferences, oral and written reports.

LS 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

LS 5950 - Internship In Legal Studies
Credit will vary from 1 to 8 hours; subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

LS 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

MATHEMATICS (MATH)
Department of Mathematics and Statistics

MATH 5103 - The Real Number System
Properties of the real number system will be developed in this course. Recommended for all graduate students in mathematics.

MATH 5113 - Operations Research I
Topics for this course include linear programming formulation, the simplex method, duality, and Linear sensitivity analysis. Applications will include the transportation model and its variants, integer linear programming, goal programming, network models, CPM and PERT. Prerequisite(s): MATH 3143.

MATH 5123 - Operations Research II
Topics in this course include deterministic dynamic programming, probabilistic dynamic programming, probabilistic inventory models, queuing systems and simulation modeling. Prerequisite(s): MATH 4113 or 5113.

MATH 5134 - Calculus For Secondary Teachers
This course is a survey of calculus in view of modern concepts and is intended for students preparing to teach advanced secondary mathematics.

MATH 5143 - Advanced Calculus For Applications 1
This is the first course in a two-course sequence of differential and integral calculus. Its topics include sequences and limits of sequences, limits of single variable functions, and differentiation and integration of single variable functions. Students will be required to apply the ideas learned to individual investigations. Prerequisite(s): Math 3103.

MATH 5153 - Advanced Calculus For Applications 2
This is the second course in a two-course sequence of differential and integral calculus. Its topics include infinite series of numbers,
sequences and series of functions, Fourier series, vector calculus, and limits, differentiation, and multiple integration of functions of several variables. Prerequisite(s): MATH 5143.

MATH 5164 - Calculus For Secondary Teachers
This course is a continuation of MATH 5134. Prerequisite(s): MATH 5134.

MATH 5183 - Numerical Analysis II
This course is a continuation of MATH 3263. Topics include the study of quadrature formulae, the numerical solution of ordinary differential equations, an introduction to linear programming, and error analysis. Prerequisite(s): MATH 3263.

MATH 5203 - Foundations Of Mathematics
This course is a study of the fundamental concepts of mathematics. Topics include axiomatic methods in algebra and geometry, the theory of sets and other cultural aspects of mathematics.

MATH 5243 - Vector Analysis
Topics in this course include vector algebra, vector functions of one variable, differential invariants, integral theorems, and vector spaces. Prerequisite(s): MATH 2343.

MATH 5323 - Non-Linear Programming
Topics in this course include the N.L.P. problem, Kuhn-Tucker conditions, quadratic, separable, and integer programming, and the method of Griffith and Stewart. Prerequisite(s): MATH 4113 or 5113.

MATH 5403 - Introduction To Complex Variables
This course is an introduction to the theory of functions of complex variables. Topics include analytic functions, complex integrals, Taylor and Laurent series, and conformal mappings. Prerequisite(s): MATH 2323 and 6 hours of mathematics.

MATH 5413 - Differential Equations
Topics in this course include partial differential equations, elliptic, hyperbolic, and parabolic equations, separation of variables, special functions, eigen function expressions, and the existence and uniqueness of solutions. Prerequisite(s): MATH 5363.

MATH 5433 - Theory Of Functions
This course is an introduction to the theory of functions of real and complex variables.

MATH 5443 - Introduction To Complex Variables
This course is an introduction to the theory of functions of a complex variable. Topics include analytic functions, complex integrals, Taylor and Laurent series, and conformal mappings. Prerequisite(s): MATH 2323.

MATH 5453 - Mathematical Modeling
This course is a case study approach to mathematical modeling. Problems from a variety of problem areas and demonstrating various mathematical methodology will be discussed. Prerequisite(s): Permission of the instructor.

MATH 5503 - Symbolic Logic
Topics in this course include the logic of syntax, an analysis of truth-functional compound statements, truth tables, formal and indirect proofs, propositional functions and the use of quantifiers, the logic of relations, and a study of the nature of deductive systems. Prerequisite(s): MATH 2323 and 6 hours of mathematics.

MATH 5543 - Applied Group Theory
Applications of group theory to finite state machines, switching functions, and error detecting codes will be examined in this course. Other topics include sets, partially ordered sets, functions, and Boolean algebras. Prerequisite(s): MATH 4583.

MATH 5563 - Introduction To Graph Theory
Topics in this course include the structure of graphs, trees, connectivity, planarity, colorability of graphs, digraphs, matrices associated with a graph, and the automorphism group of a graph. Graph theoretic modeling and applications to engineering, computer science, and data structures will be emphasized. Prerequisite(s): MATH 3183 or 3143.

MATH 5843 - Methods Of Teaching Mathematics And Computer Science
This course examines general aspects of the teaching of mathematics and computer science at the secondary and junior college levels. Prerequisite(s): MATH 5853.

MATH 5853 - Introduction To Graduate Research
Students in this course will learn how to conduct scholarly research, read professional journals, structure a comprehensive paper, and communicate mathematical concepts. Each student will submit a comprehensive report in a format appropriate to the nature of the investigated problem. Prerequisite(s): Enrollment open to math majors only.

MASS COMMUNICATION (MCOM)
Department of Mass Communication
Graduate Course Descriptions

MCOM 5000 - Workshop in Mass Communication
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given. No more than 2 hours of workshop may be counted on a master’s degree.

MCOM 5013 - Introduction to Graduate Studies
Introduction to Graduate Studies outlines the development of research and professional development in communication. This course provides an integrative conception of the human communication discipline as well as an introduction to research, methodologies, and theory formulation and application. Students incorporate research skills that are vital to success in graduate training in communication. Prerequisite(s): Bachelor’s degree.

MCOM 5023 - Interpersonal Communication
Interpersonal Communication focuses on the messages and meanings created among people through human interaction. Messages can be verbal and/or nonverbal in nature. This graduate course provides an intensive examination of theories, methods of investigation, and current developments in the area of interpersonal communication. This survey course covers a broad range of topics studies by scholars interested in interpersonal communication. The primary focus of the course is the relational communication process and messages people use to define interpersonal relationships (e.g., dominance-submissiveness, affection, involvement and similarity in close relationships).

MCOM 5033 - Intercultural Communication
Intercultural Communication provides a comprehensive survey of the field of intercultural communication. Students study the broad and diverse conceptual domain of the field and its key subdomains, core issues, and key concepts. Recent theoretical and research developments are examined, as well as special methodological issues in conducting research involving individuals of differing cultural or subcultural backgrounds.

MCOM 5043 - Techniques Of Forensic Photography
This course explores the techniques used in obtaining and producing photographs used in investigation, evidence gathering and general photography used by law enforcement agencies. This course is designed for students planning to pursue a career in the forensic sciences. Prerequisite(s): MCOM 1123.

MCOM 5523 - Gays & Lesbians in Film/Media
This course examines representations of gays and lesbians from the development of an alternative gay and lesbian cinema movement to the mainstreaming of gay and lesbian people in television and in film.

MCOM 5633 - Race, Violence, Youths, & Media
Race, Violence, Youth and the Media will critically examine various mass media representations and coding of contemporary youth subcultural formations in the U.S.A.

MCOM 5673 - Sibling Communication
Sibling Communication introduces students to concepts, theories, and principles of sibling communication, with an emphasis on the role of messages in sibling communication processes. This course focuses on the unique relationship of siblings and how communication impacts and frames those relationships. Issues such as sibling rivalry, sibling reveral, birth order, relational closeness, proximity, frequency of contact, parental ties, social support, sex roles, blended families, and the sibling paradox are examined. A lifespan communication perspective is applied to the sibling relationship as brothers and sisters progress through the stages of childhood, adolescence, younger adult, and older adulthood. Students gain experiences in conducting original research.

MCOM 5733 - Communication & Religion
This course offers a view of religion solely from a communication perspective. Communication is, in essence, message-centered behavior. Therefore, course content of the Communication and Religion course examines the communication in a variety of contexts associated with the dissemination of religion-based human messages: face to face, one to many, in print, as well as in mediated venues. Interpersonal communication theory is at the center of religious communication (e.g., theories clearly not addressed in humanities, philosophy, or sociology). Students in this upper division course think critically and synthesize theoretical information through analysis of religious communication.

MCOM 5743 - Couples Communication
Couples Communication brings about an understanding of the role of memory, communication, and social cognition in the development of romantic relationships. The course presents a cognitive approach to the development of romantic relationships and addresses many of the criticisms leveled against stage models by emphasizing the role of cognitive expectations about how relationships develop.

MCOM 5753 - Intergenerational Communication
Intergenerational Communication focuses on the role of communication in intergenerational interactions within various contexts (interpersonal, familial, health, mediated technologies, and workplace). Students design and conduct original research that builds upon current and emerging findings on intergenerational communication phenomena.

MCOM 5763 - Communication & Reality TV
Communication and Reality TV is a study of interpersonal communication theory as exhibited in reality television. Reality television offers a unique arena in which to study and analyze interpersonal relationships. Reality television shows cast relatively diverse groups with the intention of observing and documenting the resulting conflict or harmony.

MCOM 5773 - Dark Side of Relationships
The Dark Side of Relationships is a study of how individuals deal with the darker sides of interpersonal communication and close relationships. Topics will include but not be limited to: messages that hurt, fatal attraction, losing, leaving and letting go, relational transgressions, deception, jealousy and envy, and social predicaments. Students will be exposed to current research and topical trends in this area. Students will engage in the process of exploring interpersonal theory and research. Students will be given the opportunity to think, to evaluate, and to discuss aspects and concepts from current research.

MCOM 5823 - Mediation
Mediation emphasizes the role of communication in third-party interventions in resolving conflicts. As a distinct form of alternative dispute resolution, mediation is differentiated theoretically and empirically from arbitration and litigation. Mock mediation sessions provide students with opportunities to develop basic skills and insights as disputants and mediators. Off-campus experiences in mediation (e.g., training, certification) provide opportunities to develop advanced competencies.

MCOM 5873 - Qualitative Research Methods
Qualitative Research Methods introduces students to the use of qualitative methods in social scientific research. While examining qualitative research methods in communication, students learn to master techniques of naturalistic inquiry such as observation, interviewing, focus group methods, and ethnography, as well as tools for analyzing and reporting qualitative data in the field of human communication. Students complete a field research project utilizing...
participant observation, informal interviewing, and other methods
to collect data on social sciences topics in human communication. 
Prerequisite(s): Bachelor's degree.

MCOM 5900 - Practicum In Mass Communication
Credit will vary from 1 to 4 hours. Subject matter will vary within the
department's field of study.

MCOM 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the
department's field of study.

MCOM 5930 - Independent Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the
department's field of study.

MCOM 5950 - Internship In Mass Communication
Credit will vary from 1 to 8 hours. Subject matter will vary within the
department's field of study.

MCOM 5960 - Institute in Mass Communication
Credit will vary from 1 to 8 hours. Subject matter will vary within the
department's field of study.

MCOM 5970 - Study Tour In Mass Communication
Credit will vary. Subject matter will vary within the department's field of study.

MCOM 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the
department's field of study.

MANAGEMENT (MGMT)
Department of Management

MGMT 5023 - Business Policy
Business policy is a course designed to assess the student's cogni-
tive skills in solving business problems. e/she is required to make
broad-based business decisions through in-depth case analysis.
These cases are actual studies of American firms. The student must
possess some knowledge of accounting, marketing, finance, and
report writing in order to be competitive in this course. Prerequisite(s):
Completed all prerequisites for MBA Program and ACCT 5103 and
FIN 5333 and MRKT 5123 and ECON 5103 or ECON 5503.

MGMT 5043 - Organizational Theory & Design
This course is designed to impart to the student an integrated and
pragmatic approach in the application of organizational theory. An
in-depth examination is undertaken to ascertain the relationship
between technology, the external and internal environments and
their impact upon the development of modern theory. The student
will be exposed to the various classics in the field as they formulate
their theories and consequences of their use. A study will be made
in the evolution of those theories compared to the writings of today's
management scholars. Prerequisite(s): Completed all prerequisites for the MBA Program.

MGMT 5203 - International Management
This course aims at developing student's knowledge and awareness
of international management operations, practices, and environment.
Students will learn the he process of planning, organizing, directing,
and controlling international business activities and operations. The
course objectives are met through lectures, classroom discussions,
library assignments, and research work. Prerequisite(s): Completed
all prerequisites for the MBA Program.

MGMT 5543 - Integrated Functions Of The Firm
A total firm concept which involves many different kinds of business
problems which are conceptual in nature. Problems studied are
based on the student's career objectives, business background, and
academic preparation. Prerequisite(s): Completed all prerequisites
for the MBA Program and MGMT 5023.

MGMT 5563 - Corporate Social Responsibility & Business
A course designed to enable the student to develop a philosophy of
the social responsibility of business, and a philosophy of personal
responsibility as a leader within the field of business. Moral and ethi-
cal responsibilities of business and its administrators are considered.
Prerequisite(s): Completed all prerequisites for the MBA Program.

MGMT 5900 - Practicum In Management
Credit will vary from 1 to 4 hours. Subject matter will vary within the
department's field of study.

MGMT 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the
department's field of study.

MGMT 5920 - Workshop In Management
Credit will vary from 1 to 4 hours. Subject matter will vary within the
department's field of study. Normally involves lecture, films, guest
speaker, etc. A grade of “P” or “F” is given.

MGMT 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the
department's field of study.

MGMT 5940 - Field Study In Management
Credit will vary from 1 to 9 hours. Subject matter will vary within the
department's field of study.

MGMT 5950 - Internship In Management
Credit will vary from 1 to 8 hours. Subject matter will vary within the
department's field of study.

MGMT 5960 - Institute In Management
Credit will vary from 1 to 8 hours. Subject matter will vary within the
department's field of study.

MGMT 5970 - Study Tour In Management
Credit will vary. Subject matter will vary within the department's field of study.

MGMT 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the
department's field of study.

MUSIC PERFORMANCE (MPER)
School of Music

MPER 5010 - Applied Music
This course is study at a professional level in the student's major
applied area. As professional level study, it assumes a mastery of
undergraduate technical skills, a thorough knowledge of the major
and collaborative literature in the specific field, and the ability to
execute independent analysis in the area of interpretation and
pedagogical method toward the creation of effective performances
and teaching strategies. Additional requirements such as studio or
repertoire class, etc. may be required at the discretion of the indi

MPER 5021 - Secondary Applied Music
This course provides applied study for graduate students who wish to
develop advanced skill levels in an area other than their own major
applied in order to enhance their professional qualifications in such
fields as pedagogy for music educators and/or instrumental doubling
typical of the requirements of professional pit orchestra musicians.
Secondary Applied Music is available for only 1 credit hour in any
MPER 5041 - Applied Jazz Improvisation
This course is a study of jazz improvisation at a professional level including a thorough knowledge and mastery of undergraduate technical skills of major, minor, diminished, and melodic/harmonic minor diatonic harmony, scale modes, technique, physiological concerns, song form, blues and musical interpretation of jazz styles. Instructional materials will include jazz compositions which involve materials such as major, minor, harmonic and melodic minor melodic content, complex rhythmic applications and time signatures. The exact course content will vary according to the specific applied area and the instructor's assessment of the student's developmental stage and needs. Additional requirements such as jazz ensemble or jazz combo class may be required at the discretion of the individual instructor.

MPER 5052 - Applied Historical Instruments
This course is the applied study of a specific historical instrument and the technique and performance practice appropriate to that instrument, its period and literature. This study requires an advanced level of both general musical knowledge and specific skill in performance on the student's major applied instrument. Prerequisite(s): Permission of the instructor.

MPER 5111 - Concert Chorale
Concert choir provides an opportunity for musically talented UCO students to develop their vocal talents rehearsing and performing a wide variety of choral music. The group will perform a minimum of two on-campus performances during the semester. Prerequisite(s): Permission of instructor.

MPER 5141 - Cantilena
Cantilena is a vocal ensemble for the Soprano/Alto singer. It is open to all students, regardless of major, by audition and permission of instructor. Prerequisite(s): Permission of instructor.

MPER 5151 - UCO Chamber Orchestra
The UCO Chamber Orchestra offers advanced students the opportunity to perform orchestral works of the 17th and 18th Centuries in a chamber setting working without a conductor. Prerequisite(s): A successful audition, and permission of the instructor.

MPER 5161 - UCO Symphony Orchestra
The UCO Symphony offers a well-rounded orchestral experience to all students, regardless of major, by audition and permission of instructor. Prerequisite(s): Written permission of instructor.

MPER 5181 - Chamber Choir
The Chamber Choir performs advanced choral literature which is intended for smaller ensembles. Prerequisite(s): Permission of instructor required.

MPER 5281 - Band
A band is a large ensemble performing group. The university band program is open to all university students who have performance skills on band instruments. During the fall semester the marching band performs at football games, and spring semester is devoted to wind ensemble and concert band performance. Prerequisite(s): Written permission of instructor.

MPER 5291 - Wind Symphony
The wind symphony is the premier performing ensemble in the Winds & Percussion Division of the UCO School of Music. The ensemble prepares and performs music for concerts on and off campus, tour, and other activities throughout the fall and spring semesters.

MPER 5351 - Advanced Piano Ensemble
The advanced piano class is designed for piano majors or students with equivalent proficiency. The course of study will provide solo performers an opportunity for ensemble playing experience. Areas of concentration are piano duet literature, two-piano and four-piano literature, piano accompanying, and multiple score reading. Prerequisite(s): Written permission of instructor.

MPER 5421 - Advanced Chamber Music
This course provides students with a coached experience in advanced musicianship skills relating to playing in small chamber ensembles. The course emphasizes full participation in a chamber ensemble that reflects actual professional experience. Students will develop the skills necessary to interpret and perform music at a professional level. This course may be taken four (4) times for credit.

MPER 5511 - Advanced Orchestral Wind Study
This course provides students with a coached experience in orchestral wind performance, emphasizing analytical and interpretative skills. The course emphasizes full participation in a symphonic orchestra that reflects actual professional experience. Students will execute at an advanced level the skills necessary to interpret and perform orchestral literature at a professional level as well as to function in leadership positions within the ensemble. This course may be taken eight (8) time for credit.

MPER 5561 - Jazz Ensemble
UCO Jazz Ensembles provide graduate students with in-depth technical guidance in ensemble and solo performance while also developing advanced proficiency in a wide range of styles necessary to perform jazz and commercial music on a professional level. This course may be taken four (4) times for credit. Prerequisite(s): High level of performance proficiency as determined by the director.

MPER 5621 - Graduate Jazz Combo
Graduate Jazz Combo is a highly specialized small ensemble experience for advanced jazz studies students who consistently demonstrate professional performance skills. Auditions will take place at the beginning of each semester at the UCO Jazz Lab. This course may be taken four (4) times for credit. Prerequisite(s): High level of performance expertise is required as determined by director.

MPER 5822 - Graduate Recital
This course is a public performance for the graduate performance major. Prerequisite(s): Two semesters of graduate instruction in the applied area and written permission of major applied instructor and graduate advisor.

MPER 5891 - Piano Pedagogy Internship
This course is an internship portion of Piano Pedagogy. Students are required to enroll in this course concurrently with MUS 5883 Piano Pedagogy. It provides observation and supervision intern teaching in piano as well as discussion with the supervising teacher. Each intern teacher will teach applied and class piano as a part of the course requirements. Prerequisite(s): Four (4) semester hours of applied piano MPER 3020 or 4000.

MPER 5900 - Practicum in Music Performance
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Permission of department chairperson required.

MPER 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

This course is designed to refine students’ writing skills for a variety of professional purposes and potential readers related specifically to music. Most class time is spent in individual recitations. It also effectively supplements Introduction to Music Research for those students who need assistance in mastering formal, scholarly style in writing.

MUS 5362 - Advanced Music Composition
Advanced music composition explores the creative process of writing acoustic and electroacoustic music. The computer is used to create music notation and multitrack compositions. The course may be taken more than once and can count for 2 hours of theory credit and up to 6 hours of elective credits in the master of music degree. Prerequisite(s): Eight hours of undergraduate harmony.

MUS 5372 - Computer Music Technology

MUS 5383 - Advanced Recording Technology
Advanced Recording Technology is an in-depth study of the complete schematics of the UCO Jazz Lab Recording Studio. Topics will include Microphone Selection and Placement, Signal Routing and Cabling, Analog and Digital Mixer Applications, Audio Interface Applications, Analog and Digital Recording Techniques, Digital Performer Plug-Ins, Audio Latency Management, Mixing Techniques, and Mastering Techniques. Prerequisite(s): MUS 5373.

MUS 5392 - Advanced Arranging
This course develops advanced techniques of arranging music especially as they apply to specific musical ensembles, styles and professional applications. Students will examine stylistic and genre-specific compositional approaches and learn various notation traditions including lead-sheet notation, rhythm charts, and standard notation. Students will produce professional scores and parts for each project and organize a public performance of the final project. All projects will be completed using computer notation software.

MUS 5422 - Contemporary Analytical Survey
This course explores a broad range of analytical techniques and issues relevant to twentieth-century music. While focusing on historical and social context, this course combines a survey of twentieth-century compositional styles with advanced musicianship exercises focusing on the post-tonal repertoire. Analysis and model composition assignments will address aspects of pitch-class set and serial theory, as well as other techniques developed by contemporary composers.

MUS 5443 - Arts Management
Arts Management will cover the following important career topics: resumes, media kits, web page development, branding, taxes and record keeping, legalities — including contracts and copyright issues, networking, personal presentation (i.e. interviews and auditions), researching and recognizing career enhancing opportunities, and developing a career strategy. Graduate students will be required to complete additional research and present a minimum of three classroom presentations on assigned topics.

MUS 5453 - Music Theory Pedagogy
This course covers the essentials of diatonic and chromatic harmony and voice-leading, through part-writing, analysis, and aural training. Students will obtain a deeper understanding of this subject material and the methodology of teaching it through practical experience in teaching and conducting elements of the course.

MUS 5463 - Studies in Music Theory
This title embraces a continually changing variety of specific courses in the broad field of music theory, each designed around the particular expertise or research interest of the individual instructor. The subject areas include but are not limited to specific analytical techniques, the analysis of specific repertoires, issues in the history of theory, and contemporary issues in theoretical analysis. In each case an emphasis is placed on the state of current research in the field and the involvement of students in independent research.

MUS 5473 - Advanced Counterpoint
This course in contrapuntal composition focuses on techniques of modal counterpoint and how those techniques are further used in contemporary music. Students will examine the relationship between
Pre-tonal voice-leading and modern compositional practices, the historical compositional similarities, and the evolution of voice-leading procedures through survey and analysis. Students will compose short musical compositions utilizing specific techniques learned throughout the course.

**MUS 5503 - Advanced Conducting-Score Read**  
This course presents a thorough study of choral, band, and orchestral scores and their interpretation, with particular emphasis on developing more advanced techniques and experiences in conducting.

**MUS 5512 - Brass Pedagogy**

NURSING (NURS) Department of Nursing

NURS 5033 - Theoretical Foundations Of Nursing Practice
Students are provided with the opportunity to relate a philosophical and theoretical base to concepts and operations inherent in nursing administration. Current nursing conceptual models and theories will be analyzed. Elective theories from the behavioral, natural, and applied sciences will be studied for their application to nursing and synthesis with nursing theories. Prerequisite(s): B.S. degree in Nursing and accepted for graduate study.

NURS 5103 - Pathophysiology for Non Majors
This course is intended for students who did not have pathophysiology in their undergraduate degree and/or for students who are not declaring a major in nursing for their graduate degree. It includes the study of physiological mechanisms altered by disease in the human organism, and explores the rationale for diagnosis and therapeutic interventions in disease conditions. Prerequisite(s): BIO 2604.

NURS 5113 - Advanced Pathophysiology
This course provides an advanced understanding of pathophysiologic processes underlying human illness. Instruction applies a systems approach to covering pathophysiologic processes associated with altered health states in adults. This course is required for nursing master of science majors. Students are required to have completed pathophysiology in undergraduate course work.

NURS 5133 - Advanced Pharmacology
This course provides a basis for understanding the use of pharmacotherapeutic agents for clients across the human life span. The course builds upon the pharmacologic knowledge base acquired at the baccalaureate level in nursing.

NURS 5153 - Advanced Health Assessment
This course includes a combination of classroom and clinical experience which enables students to develop advanced practice nursing skills in individual health assessment of infants, children, adults and aging people. In addition, students develop skills in family assessment. Prerequisite(s): ECON 2173 or PSY 2753 or SOC 4043 or STAT 3013 or ECON 2303 or STAT 2013.

NURS 5213 - Teaching, Learning, & Nursing Theories
This course explores major research-based theories of adult learning and knowledge development in nursing. These theories will be examined for their utility across a variety of settings/and or levels of education.

NURS 5233 - Advanced Research/EBP
This course focuses on in-depth analysis and decision strategies in selecting and evaluating appropriate research designs, sampling methods, data collection methods, measurement strategies, instrument development, and data analysis in the development of scientific investigations. Students will apply research outcomes within the practice setting, resolve practice problems, work as a change agent, and disseminate results of a research or evidence-based project.

NURS 5323 - Organizational & Systems Leadership
This course examines principles of organizational and systems leadership critical to the promotion of high quality and safe patient care. Included is the study of leadership skills that emphasize ethical and critical decision making, effective working relationships, and a systems-perspective. This course also explores the methods, tools, performance measures, and standards related to quality, as well as application of quality principles within an organization.

NURS 5332 - Healthcare Informatics
This course provides an introduction to the field of nursing informatics, current state of the science, and major issues for research and development. This course provides basic information on the role of nurses in informatics, and the use of information systems and information management in various aspects of nursing practice, education, management, and research.

NURS 5412 - Clinical Nursing Course
This course facilitates development of clinical proficiency through the use of focused and sustained clinical experiences designed to strengthen patient-care delivery skills, as well as system assessment and interventions skills. The course includes precepted clinical experiences and simulations. Prerequisite(s): NURS 5113, 5133, and 5153.

NURS 5423 - Curriculum Dev: Nursing
This course is designed for persons who are or will be engaged in teaching within academic nursing education settings. The primary
Graduate Course Descriptions

NURS 5940 - Field Study In Nursing
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

NURS 5960 - Institute In Nursing
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

NURS 5970 - Study Tour In Nursing
Credit will vary. Subject matter will vary within the department's field of study.

NURS 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

OCCUPATIONAL AND TECHNOLOGY EDUCATION (OCTE)

Department of Occupational and Technology Education

OCTE 5082 - Career & Technology Student Organizations
This course will focus on the development of a career and technology student organization (CTSO) to serve the needs of the students enrolled in career, occupational, and technology education programs by infusing employability skills, leadership skills, and peer relationship building.

OCTE 5213 - History & Philosophy Of Career Technology Education
This course includes basic principles and philosophy underlying the organization and development of programs in career-tech education with special attention directed toward federally-aided programs in these areas.

OCTE 5253 - Safety, Organization, & Management of OTE
The Safety, Organization, and Management of Career and Technology Education course focuses on the principles, philosophies, and rationale of safety, organization, and program management of the Career and Technology Education classroom and laboratory/clinical environments.

OCTE 5303 - Overview of Career Technology Education
This course is a study of current problems inherent in the operation of a program in Career and Technology Education with exploration and research in classroom management, discipline, on-the-job training or clinical experiences and the rigorous standards established for Career and Technology Education.

OCTE 5352 - Accomodating Special Needs Students
This course will provide the participant with an explanation of the occupational instructor's roles and responsibilities in special education students' Individualized Education Programs (IEP). In addition, a discussion of the "how-to" for accommodating instruction, media, materials, equipment, work stations and facilities will be provided. Finally, securing work-site learning opportunities and job placement strategies will be discussed. Prerequisite(s): 4253 Safety Concerns and Management of Trade and Industrial Programs.

OCTE 5613 - Tests and Evaluation Proc
Tests and Evaluation Procedures will provide methods of assessing learning outcomes for individuals and groups in nursing, including academic and clinical settings. Emphasis is placed on methods to evaluate educational programs, institutions, personnel, and students. Prerequisite(s): NURS 5213.

NURS 5900 - Practicum In Nursing
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

NURS 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

NURS 5920 - Workshop in Nursing
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

NURS 5930 - Individual Study In Nursing
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

focus is the process of curriculum development. Philosophical, social, political, economic, and professional issues that need to be considered in planning curricula, and evaluation of existing curricula or changing curricula are examined. Prerequisite(s): NURS 5213.

NURS 5513 - Psychiatric Forensic Nursing
This course overviews psychiatric concepts important to forensic nursing. The focus will be on psychiatric conditions associated with criminal behavior including the psychosocial factors that motivate same. These psychiatric issues are then related to forensic concepts for the purpose of facilitating valid and reliable investigative procedures. Prerequisite(s): Graduate standing.

NURS 5523 - Sexual Assault Forensics
The purpose of this course is to provide an overview of the types of sexual assaults to which adults fall victim, perpetrator profiles and sequelae of these assaults on victims. Prerequisite(s): Graduate standing.

NURS 5533 - Child Abuse Forensics
The course is a comprehensive examination of all forms of child maltreatment and neglect, etiological factors, perpetrator profiles, short-term and long-term sequelae of abusive experiences, and treatment modalities. Prerequisite(s): Graduate standing.

NURS 5543 - Domestic Violence Forensics
This course is a comprehensive examination of all forms of domestic violence, characteristics of perpetrators, stalking, spouse abuse, elder abuse, homicide and the short-term and long-term sequelae of the assaults on victims. Law enforcement policies and treatment modalities will also be covered. Prerequisite(s): Graduate standing.

NURS 5613 - Tests and Evaluation Proc
Tests and Evaluation Procedures will provide methods of assessing learning outcomes for individuals and groups in nursing, including academic and clinical settings. Emphasis is placed on methods to evaluate educational programs, institutions, personnel, and students. Prerequisite(s): NURS 5213.

NURS 5623 - Educational Strategies Prac
This course provides preparation for employment and development of competencies as educators in academic and complex healthcare organizations. Course concepts include functioning within the educational environment; understanding research abilities; teaching-learning processes; the use of technology, civic engagement, and service; and developing effective communication skills with diverse groups. Students conduct a practicum experience in order to synthesize theory and research related to the role of nurse educator. Prerequisite(s): NURS 5213, 5423 and 5613.

NURS 5900 - Field Study In Nursing
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

NURS 5960 - Institute In Nursing
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

NURS 5970 - Study Tour In Nursing
Credit will vary. Subject matter will vary within the department's field of study.

NURS 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

Finally, securing work-site learning opportunities and job placement strategies will be discussed. Prerequisite(s): 4253 Safety Concerns and Management of Trade and Industrial Programs.

OCTE 5613 - Managing a BITE Program
This course is designed to assist students with the management techniques to successfully facilitate a project-based Business and Information Technology Education (BITE) program.

OCTE 5622 - Integration & Transition Opportunities
This course is designed to assist occupational and technical educators to integrate academics and to implement education-to-employment activities into their programs. It explains legislation, outlines employers’
entry-level worker goals, reviews education-to-employment experiences at various grade levels, and offers strategies for integrating more academics into vocational programs. Prerequisite(s): Introduction to Trade and Industrial Education.

**OCTE 5631 - Legal/Professional Issues in Career Technology Education**
This course provides an examination of legal and professional issues facing Career and Technology Educators. In particular, the course will consist of pertinent information relating to four major areas: teaching contracts and teacher responsibilities, teacher and student rights, classroom management issues, and teacher professionalism.

**OCTE 5663 - Technology Center Finance**
This course presents concepts and bases for funding public career and technology educational programs. Participants in the course will analyze funding sources, processes, distributions, and accountabilities as well as identify accounting practices and requirements.

**OCTE 5853 - Methods of Teaching in Career Technology Education**
This course provides for the examination of the selection and implementation of instructional strategies for Career and Technology Education. Included in the instructional strategies are introducing and summarizing topics, conducting illustrated lectures, giving demonstrations, operating media equipment, and analyzing instructional techniques.

**OCTE 5900 - Practicum**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

**OCTE 5910 - Seminar / Special Topics**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

**OCTE 5920 - Workshop**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

**OCTE 5930 - Individual Study**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

**OCTE 5940 - Field Study**
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

**OCTE 5950 - Internship**
Credit will vary from 1 to 8 hours; subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

**OCTE 5960 - Institute**
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study.

**PHYSICAL EDUCATION (PHED)**
Department of Kinesiology and Health Studies

**PHED 5102 - Problems Of Health And Physical Education**
Individual investigation of research methods and special problems in health and physical education.

**PHED 5122 - Program Design & Development In Health And Physical Education**
An analytical study of aims, objectives, program activities methods and outcomes in the programs in health and physical education, within and outside the school setting.

**PHED 5123 - Curriculum Construction Health & Physical Education**
An analytical study of aims, objectives, program activities methods and outcomes in the teaching of health and physical education.

**PHED 5153 - Physical Education Facilities/Equipment**
A course emphasizing the functional planning of physical education facilities and equipment for outdoor and indoor areas, stadium, gymnasium, swimming pool and other.

**PHED 5202 - Health & Physical Education For The Elementary Teacher**
Study of the basic content and general principles of health and physical education appropriate to the elementary school program; organization of materials, procedures and techniques of instruction. Prerequisite(s): PHED 3302 or its equivalent.

**PHED 5212 - Health & Physical Education For The Secondary Teacher**
Study of the basic content and general principles of health and physical education appropriate to the secondary school program; organization of materials, procedures and techniques of instruction. Prerequisite(s): PHED 4303.

**PHED 5222 - Physical Education In Higher Education**
A study of the function of physical education in the general education and professional preparation curricula of higher education institutions. Also an intensive study of the physical education faculty member’s role as a member of the higher education community.

**PHED 5233 - Contemporary Issues In Physical Education And Sport**
This course involves an analysis of selected contemporary issues in the areas of physical education and sport with emphasis on rational development and evaluation of viewpoints.

**PHED 5252 - Legal Aspects Physical Education, Recreation And Athletics**
A study of the legal responsibilities of persons functioning in the fields of physical education, recreation, and athletics including the application and interpretation of the law.

**PHED 5272 - Motor & Body Image**
A diagnostic-prescriptive approach in the determination and remediation of problems in motor development. Discusses the gross and fine-motor development and body-image development as relates to problems in learning and adjustment. The student experiences theoretical and practical activities: (1) administering motor-based tests common in schools, (2) developing a prescriptive program for remediation of deficits determined through testing, and (3) writing assessment results and recommending activities for alleviation.

**PHED 5313 - Applied Sports Psychology**
This course is a study of psychological theories and techniques that could be used to enhance the performance and personal growth of sports and exercise participants from youth to elite levels.

**PHED 5363 - Psychological Basis Of Human Performance**
A study of the principles of learning as applied in the teaching of physical education.

**PHED 5602 - Physical Education & Recreation For The Exceptional Child**
Understanding motor characteristics and assessing motor development of the exceptional child; development and adaptation of physical education and recreation programs; and field and/or laboratory experiences.

**PHED 5632 - History & Philosophy Of Health & Physical Education**
Education
A study of the historical and philosophical bases of health and physical education.

PHED 5672 - Public Relations In Health And Physical Education
Principles and practices involved in the presentation of health and physical education to the public.

PHED 5900 - Practicum
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

PHED 5910 - Seminar / Special Topics
Credit varies from 1 to 4 hours. Directed intensive study on selected problems or special topics.

PHED 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

PHED 5930 - Individual Study
Credit varies from 1 to 4 hours. Directed intensive study on definite problems or special subjects, based on approved outlines or plans; conferences, oral and written reports. Prerequisite(s): An undergraduate major in the subject matter area to be studied and permission of graduate advisor.

PHED 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

PHED 5950 - Internship
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

PHED 5960 - Institute
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

PHED 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

PHED 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

PHIL 5163 - Philosophy Of Science
Pursues the philosophical implications of various principles and ideas in the sciences, and raises critical questions regarding assumption, hypothesis, and scientific method. Prerequisite(s): 6 hours of philosophy.

PHIL 5183 - Philosophical Issues In Social Science
An in-depth discussion of specific philosophical issues in some area of the social sciences such as the nature of psychological explanation or the covering law model of historical explanations. Specific topics may be changed, but the course will always spend the first half of the semester on the question of the science in social science. Prerequisite(s): 6 hours of philosophy; 6 hours of social science; and permission of instructor.

PHIL 5233 - Philosophy Of Language
Philosophy of Language is a study of contemporary issues in the Philosophy of Language, including the nature of truth and reference, the distinction between analytic and synthetic propositions, the verification principle, the epistemic status of linguistic knowledge, and the plausibility of skepticism about meaning and interpretation.

PHIL 5323 - Philosophy Of Religion
Philosophy of Religion is designed to expose the student to the classical and contemporary philosophical analyses of the claims of religion. It is a critical and reflective survey of the central beliefs and tenets of religion, and a metaphysical and epistemological examination of the nature of religious belief. No philosophy background is required for this course.

PHIL 5343 - Philosophy Of Morality
Philosophy of Morality is a study of what philosophers have said about the meaning of the word "good" and its cognates in other Indo-European languages. Topics in Western moral philosophy to be covered will include Ancient Virtue Ethics, Kantianism, Utilitarianism, Moorean Intuitionism, and Moral Skepticism. No philosophy background is required for this course.

PHIL 5363 - Philosophy Of History
Philosophy of History is a study of some major philosophical theories about the structure and patterns exhibited by human history. Topics to be covered will include the Christian and Whig historical worldviews, Hegelianism, Marxism, Post-Modernism, and Skepticism about historical prediction. No philosophy background is required for this course.

PHIL 5503 - Symbolic Logic
The course will begin with the logic of syntax, followed by an analysis of truth-functional compound statements and truth tables. A variety of proof procedures applicable to deductive arguments will be investigated and used, including formal and indirect proofs. Propositional functions and the use of quantifiers, the logic of relations, and finally, a study of the nature of deductive systems will complete the course.

PHIL 5900 - Practicum In Philosophy
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

PHIL 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

PHIL 5920 - Workshop In Philosophy
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

PHIL 5930 - Individual Study In Philosophy
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

PHIL 5940 - Field Study In Humanities
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

PHIL 5950 - Internship In Philosophy
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

PHIL 5960 - Institute In Philosophy
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

PHIL 5970 - Study Tour In Philosophy
Credit will vary. Subject matter will vary within the department's field of study.
PHYSICS (PHY)
Department of Engineering and Physics

PHY 5013 - Mathematical Physics II
This course discusses the mathematical solutions to boundary value problems found in electrostatics, mechanics, heat transfer, quantum mechanics, and acoustics. The mathematical topics may include curvilinear coordinates, Fourier analysis, Fourier transformers, partial differential equations, Green’s functions, tensor analysis and group theory. Prerequisite(s): PHY 3883.

PHY 5033 - Nuclear Physics
An introduction to the physics of the nucleus and elementary particles is presented. Basic models of nuclear structure, nuclear interactions, and nuclear reactions will be emphasized. The quark model along with the families of elementary particles and their interactions will be introduced. Prerequisite(s): PHY 3103 and PHY 3883.

PHY 5043 - Solid State Physics
The purpose of this course is to acquaint the students with the fundamental physics of solids. The emphasis will be on crystal lattices, elastic scattering of waves, bonding, atomic vibrations, electron states, dielectric and optical properties, and semiconductors. Prerequisite(s): PHY 3103 and 9 additional hours upper division level physics.

PHY 5063 - Analytical Mechanics
A vector analytical approach to particle and rigid-body dynamics is presented, including a brief introduction to the Lagrangian and Hamiltonian formulations of mechanics, and special relativity. Prerequisite(s): PHY 3883 with a minimum grade of “C”.

PHY 5071 - Nuclear Radiation Laboratory
This laboratory course provides a thorough introduction to equipment and techniques of nuclear radiation detection and measurement. The experimental properties of the types of nuclear radiation, their origin, characteristics, detection and interaction with matter are emphasized. Prerequisite(s): PHY 3103 or concurrent enrollment.

PHY 5103 - Classical Mechanics
Lagrangian and Hamiltonian methods will be introduced and applied, as appropriate, to a variety of mechanical systems. Topics will include vibration theory, elasticity, fluid mechanics, and acoustics. Prerequisite(s): PHY 5063.

PHY 5143 - Statistical Mechanics
The kinetic theory of gases, including transport phenomena, and an introduction to classical and quantum mechanics are presented. Prerequisite(s): ENGR 5023 and PHY 3883.

PHY 5203 - Applied Electrodynamics
Electromagnetic theory is applied to the description of static and time-dependent electric and magnetic fields, electromagnetic radiation, wave guides, transmission lines, and related problems. Prerequisite(s): ENGR 5083 and PHY 5013.

PHY 5443 - Quantum Mechanics
An introduction to the theory of quantum mechanics and its applications is presented. Topics covered will include the historical development of quantum mechanics, the Schroedinger equation and its applications, the theory of operators, the theory of angular momentum, the hydrogen atom, and perturbation theory. Prerequisite(s): PHY 3103, MATH 3103.

POLITICAL SCIENCE (POL)
Department of Political Science

POL 5013 - Urban History Of Institutions & Environment
The study of contemporary political, social, and economical institutions and environment of urban areas, placed in a historical context.

POL 5023 - Scope Of The Discipline
An analysis of the various fields of political science, as well as an assessment of the contributions of other disciplines and scientific approaches to the study of politics.

POL 5033 - Research Methods
This course provides an analysis of statistical techniques and research methodology commonly used in studying political phenomena. Included are probability theory, bivariate, and multivariate techniques through regression.

POL 5043 - Municipal Management
Municipal Management provides an overview of the administrative and political environments of municipal governments in the United States with emphasis on Oklahoma municipalities.

POL 5113 - Advanced Contemporary Problems
The study of current happenings in the student’s area of graduate specialization with emphasis on assessing the relevance of theoretical principles to actual events.
The dynamics behind these messages. Entertainment media, such as television and films, as well as the course also examines the political and social messages of several election advertising, campaign coverage, and public opinion polls. This course will examine the role of television media covers American institutions, and the impact of the media on political behavior research. Prerequisite(s): POL 1113.

POL 5153 - American Politics
A survey of selected literature from the field of American politics. Subjects covered will come from among the following: Presidency, Congress, judiciary, political parties, interest groups, electoral behavior, media in politics, and public opinion.

POL 5163 - Intergovernmental Relations
An exploration of the relationships among the federal, state, metropolitan, and local units of government. Current trends, issues, administrative structures and procedures are emphasized.

POL 5173 - Land Use Planning
A comprehensive survey of American law of land use planning and controls, with emphasis on the law of nuisance; restrictive covenants, planning, zoning and subdivision controls; and recent innovations in land use controls.

POL 5193 - Public Finance Budgeting
Public Finance and Budgeting is an analysis of revenue sources and expenditures including the planning, approval, and implementation of public budgets.

POL 5203 - Public Organizational Theory
Public Organizational Theory surveys and analyzes the major classical, modern, and contemporary theories of organizations, along with applications of those theories to governmental and nonprofit organizations, with special reference to the dynamic social and political subsystems in which they exist.

POL 5213 - Political Sociology
An examination of extremism and political deviancy, emphasizing the causes and sociological implications of extremism. Prerequisite(s): POL 1113 and SOC 2103.

POL 5223 - The Presidency
The presidency in law and practice; its relationship to Congress, the public, the party structure and the administrative establishment; and its responsibilities in foreign and military affairs. Prerequisite(s): POL 1113.

POL 5233 - Political Parties/Behavior
Structure and function of the American political party system with emphasis upon the role of parties in American politics, noting the political behavior patterns of American voters. Evaluation of recent political behavior research. Prerequisite(s): POL 1113.

POL 5243 - Media And Politics
Discussion of the role of the media in politics, including how the media covers American institutions, and the impact of the media on campaigns. Our campaign coverage will examine the role of television advertising, campaign coverage, and public opinion polls. This course also examines the political and social messages of several "entertainment" media, such as television and films, as well as the dynamics behind these messages.

POL 5253 - The Congress
This course is designed to introduce the student to the first branch of government. It will evaluate Congress, its functions, relationships, members, and organization in order to determine whether it achieves the purpose for which it was created. Prerequisite(s): POL 1113.

POL 5263 - Judicial Process
This course examines the organization, jurisdiction, and functions of both federal and state courts, as well as, explores theories of judicial behavior and judicial policy-making.

POL 5273 - International Politics Risk Analysis
An analysis of techniques useful in forecasting regime changes, nationalization, controls on profit reparation, and other political risks faced by companies operating in foreign countries.

POL 5283 - Public Opinion
A study of public opinion and the techniques of mass media and propaganda in a democratic society, including its measurement and evaluation with particular reference to the role of interest groups. Prerequisite(s): POL 1113.

POL 5293 - Public Admin Dynamics
Public Administration Dynamics introduces the study of public administration by exploring the role of bureaucracy in a democracy, applying management and organizational theory to the public setting, and illustrating the work life of a public administrator through various simulations and case studies. Particular focus will be on the concepts and problems of public administration with emphasis on the development of organizations, management of human resources, ethical practice, emerging professionalism, and oversight of governmental budgeting and finance.

POL 5323 - Constitution & Criminal Procedure
This course covers the constitutional boundaries, established by the Supreme Court, for gathering evidence at a crime scene, questioning witnesses/suspects, arresting suspects, and seizing evidence as well as the constitutional rights of the accused at trial.

POL 5333 - Constitution & Civil Liberties
This course is an analysis of the U.S. Constitution as interpreted by federal courts, emphasizing constitutional limitations on governmental actions, particularly with respect to civil liberties.

POL 5343 - Middle East Politics
Middle East Politics examines selected aspects of politics in the Middle East, with particular emphasis on current changes in Middle Eastern politics and world affairs. The objective of this course is to introduce students to the domestic politics and the external factors that have influenced Middle Eastern countries and their relations with the outside world. Topics of discussions may include religions, cultures, ideologies, colonialism, modernization and democratization, nationalism, ethnicity and social movements, foreign policymaking and the status of women in the modern Middle East.

POL 5353 - Ethics in the Public Service
Ethics in the Public Service is designed to give students a framework for understanding the unique ethical dilemmas that challenge leaders whose work will likely impact the public at large.

POL 5403 - Women and Politics
This course will focus on the political status of women from a comparative perspective. The specific aim of the course is to examine the changing roles of women in recent history, the political and cultural impetuses behind these changes, and how these changes (or absence of change) have affected the lives of women in different political and cultural settings.
Graduate Course Descriptions

**POL 5413 - Public Policy Analysis**
Public Policy Analysis is designed to equip students to become independently capable policy analysts. The methods and procedures of policy analysis are learned and practiced, and examples of analysis of policies on the local, state, and national levels are studied.

**POL 5423 - Public Executive Leadership**
Public Executive Leadership examines executive leadership theories, principles and practices applicable to local, state, tribal, and federal governments, and to nonprofit organizations.

**POL 5433 - Urban Minority Politics**
An examination of the intricacies of diversity and the decomposition of the American urban areas, focusing on the role of city government, urban political processes, and representation techniques.

**POL 5443 - Environment Politics**
This course will examine the politics of the environment by looking at the actions or inactions of the government in the areas of resource scarcity, environmental health and safety, natural esthetics, and economic groups. This class will also look at environmental politics as just one of many social movements in the United States. As such, this class will examine how interest groups supporting the environmental movement have developed in recent decades and how they seek to protect their interests.

**POL 5453 - Advanced Public Administration**
Advanced Public Administration is the analysis of contemporary public administration issues and cases related to citizen participation, decision making, ethics, public health, national defense, bureaucracy, organizational behavior, budgeting and finance, planning, policy analysis, leadership, privatization, management, and human resources.

**POL 5463 - Managing Nonprofit Organizations**
Managing Nonprofit Organizations examines the unique challenges and opportunities nonprofits encounter. The course encompasses governmental and business perspectives on the purpose, scope, history, legality, funding and economic impact of nonprofit organizations.

**POL 5473 - Public Sector Human Resources**
Public Sector Human Resources explores the history, philosophies, techniques, problems and processes of human resource management in governmental and nonprofit organizations. Specific topics include civil service reform, recruitment and training in the public sector, and public sector Equal Employment Opportunity (EEO) and labor problems.

**POL 5483 - Administrative Law**
Administrative Law acquaints students with the constitutional concepts and case law relevant for federal employment and service delivery, the related activities of local, state, and tribal governments, and issues pertaining to private firms doing business with governmental and/or nonprofit organizations.

**POL 5513 - Public Program Evaluation**
Public Program Evaluation enhances students' skills in quantitative and qualitative program evaluation. This course examines the nature, history, and techniques of program evaluation as well as the dissemination of information. The scientific method is applied to the program-solving process through such techniques as quasi-experimental research design, data collection, analysis, and report writing.

**POL 5523 - Urban Housing Policy**
A study of the various factors which affect national and local housing issues, with discussion of housing problems in the urban environment.

**POL 5533 - Negotiations & Conflict Management**
Negotiations and Conflict Management explores contemporary methods of resolving development dispute through negotiation, bargaining, and mediation. The course emphasizes techniques and skills applicable to solving controversies affecting the planning and implementation of public and private development projects.

**POL 5543 - State Administration**
A study of the administrative institutions, policy making processes, and political environment of state government, emphasizing both theory and practice. Prerequisite(s): POL 1203, 2413.

**POL 5553 - Espionage and Intelligence**
Espionage and Intelligence studies the means by which national governments collect and analyze information about the actions and intentions of foreign governments and other international entities. Also included are government efforts to influence political events abroad and to prevent foreign penetration of intelligence services.

**POL 5563 - Economic Development**
Economic Development will examine the systematic study of the development and strategic management of assets and resources to improve quality of life and standard of living in a sustainable manner in both rural and urban communities. Instruction in economic development theory, infrastructure development, investment policy, the role of government in business development, and the study of social, health, and environmental influences on economic development will constitute the core subject matter.

**POL 5573 - Islam and Politics**
Islam and Politics examines thematic areas concerning the general relationship between Islam and politics in modern world affairs. It explores diversities within and among Islamic societies and highlights differences between Islamic movements and trends affiliated with both mainstream political Islam and Islamic radicalism. The course covers other, often controversial, issues concerning debates on Islam and democracy, the persistence of authoritarianism in Arab and Muslim societies and controversies surrounding the relationships between Islamic and Western values and societies. The lectures and discussion will also address a wide range of case-studies and conflicts that have often resulted in regional and international crises, including, but not limited to, the Palestinian-Israeli conflict, the Cyprus dispute, the war in Bosnia and the Indian-Pakistani battles over Kashmir.

**POL 5583 - Comparative Public Administration**
Comparative Public Administration will examine the application of comparative methodologies to the study of administrative institutions, processes, and behaviors across organizational, national, and cultural boundaries, as well as enhance student understanding of public management in a global context.

**POL 5603 - Theories-International Relations**
An examination of the major theories of international relations, focusing on their contributions to framing the analysis of international interactions. The works of seminal authors will be studied for their insights into such central concepts of international political analysis as: sovereignty, balance of power, and national interest.

**POL 5613 - World Politics**
An analysis of the political interactions among nation-states, multinational corporations, and international organizations; and the pattern of relationships that result. Focuses particularly on war-peace issues and the politics of international economic and social relations. Prerequisite(s): POL 2303.

**POL 5623 - American Foreign Policy**
A study of the major themes and issues which have, in recent years, informed the practice of American foreign policy. Among the topics covered are: the inter-branch struggle in foreign policy making, trade and national security policy, and challenges confronting American...
foreign policy in specific geographic and functional areas.

POL 5633 - International Law
A study of the legal aspects of international relations, and of the generative role of international law in informing actors of the nature and limits of authoritative practices within the international community.

POL 5643 - International Security Studies
A study of analytical frameworks which seek to explain the nature of international conflict. Consideration will also be given to such practical threats to global peace and stability as weapons proliferation, regional military balances, strategic competition and threat psychology.

POL 5653 - International Organization
A study of the development and evolution of international organizations, and their role in international politics. Specific attention will be given to the United Nations system of international organizations, and other international entities such as the European Community, the Organization of American States, the World Bank, and NATO.

POL 5663 - Politics And The World Economy
An analysis of the political dimension of economic relationships among international actors (including nation-states, multinational corporation, and international organizations). Emphasizes the politics of foreign investment, trade, and international finance from the differing perspectives of industrialized and developing countries.

POL 5693 - Contemporary International Issues
An in-depth analysis of selected issues confronting the international political, security, and economic environment. Coverage of issues will vary depending on the interests of the instructor and on recent international developments. May be repeated for credit with permission of the student's advisor.

POL 5703 - Theories-Comparative Politics
An overview of the major theories and approaches to the cross-national study of politics. The common and dissimilar characteristics of democracies will be the main focus of study, though other important issues such as nationalism, ethnicity, and economic development will also receive attention.

POL 5723 - Political Systems Of Asia
This course examines the political systems of such north East Asian states as the People’s Republic of China, Japan, and the two Koreas. Important themes include the origins of their political systems, their operations, their political cultures, and the political-social-economic interactions which inform our understandings of these political systems.

POL 5733 - Latin American Politics
This course will study the political systems of such major Latin American countries as Mexico, Brazil, Argentina, Chile, and Columbia. It will also examine such important Latin American political themes as: dependent economic development, political stability and change, and bureaucratic authoritarianism.

POL 5743 - European Politics
A study of the nature of European political processes, and of issues confronting European politics. Among the topics covered are: the European “definition” of democracy, the major actors and influences within European politics, and the challenges of European integration.

POL 5763 - Politics Of Japan
This course will examine the politics and government of Japan, incorporating a historical and cultural perspective. The main objective is to communicate a clean understanding of the Japanese political system and its decision-making processes.
 Graduate Course Descriptions

**POL 5983 - Capstone Paper**
This course meets the writing requirement that is part of the department’s Master’s program. The topic of the Capstone Paper is chosen in consultation with a faculty advisor and should reflect an important issue within the discipline.

**POL 5990 - Thesis**
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

**PSYCHOLOGY (PSY)**

**Department of Psychology**

**PSY 5013 - Biosocial Psychology**
Contemporary readings in cognitive social psychology, neuropsychology, evolutionary theory, and anthropology are used to examine the hypothesis that humans are unique in processing a “mental life” made possible by the evolution of a narrative brain designed to function in a social environment. Prerequisite(s): Written permission required.

**PSY 5033 - Cultural And Gender Diversity**
This course will address gender and cultural diversity issues as they relate to counseling clients from various cultural and ethnic groups. This course will be approached from a psychological perspective with emphasis placed on the psychosocial variables of various cultures. Prerequisite(s): Written permission required.

**PSY 5051 - Professional Career Planning**
The purpose of this course is to: (1) provide advisement regarding matriculation through the Master of Arts in psychology program, (2) assist students with the delineation of career goals by providing information concerning specialized job opportunities, and (3) prepare students for beginning work on the master thesis. Prerequisite(s): must be taken the first semester of graduate enrollment and written permission of instructor.

**PSY 5143 - Advanced Developmental Psychology**
This course provides an in-depth examination of human development from infancy through later adulthood with primary emphasis on psychological research, theory, and its application. Prerequisite(s): PSY 2833 and written permission required.

**PSY 5153 - Cognitive Assessment**
Students will learn to administer, score, interpret, and write reports for the Wechsler intelligence and achievement tests. Students are expected to have the requisite knowledge in statistics, tests and measurements, child and adult development, and the appropriate ethical standards. Prerequisite(s): Admission to Counseling or School Psychology programs. Enrollment open to Counseling or School Psychology majors only.

**PSY 5193 - Experimental Design**
This is a foundation course which stresses the complimentary relationship between research design and statistical analysis. The course emphasizes computer applications in the areas of experimentation, psychometrics, and data analysis. Prerequisite(s): Written permission required.

**PSY 5233 - Psychopathology**
The purpose of the course is the study of current diagnostic criteria for psychopathology and examination of theory regarding psychopathology and personality including biological, intrapsychic, phenomenological, behavioral, sociocultural and integrative perspectives. Prerequisite(s): PSY 4753 and written permission required.

**PSY 5253 - Personality & Pathology Assessment**
This is a survey course that includes examination of current methodologies for the assessment of personality functioning ranging from structured interview to objective and projective techniques. Prerequisite(s): PSY 5153.

**PSY 5263 - Legal & Ethical Aspects Of Counseling**
This course provides a study of the essential legal and ethical aspects of the counseling profession as presented in professional organization codes and current state and federal laws. Prerequisite(s): Written permission required.

**PSY 5273 - Perception and Action**
Perception and action are processes that turn the raw physical energies of the world into personal experiences. Students will use behavioral and physiological data (about referents for physical motion) from their readings, discussions, and simulations to contrast theories assuming perception and action are reducible to independent processes (vision, audition, olfaction, gustation, tactile/haptic, balance, etc.) with theories assuming perception and action are reciprocal processes operating across, versus within, sensory-cognitive-motor systems. The assumptions have implications for scientific explanations of relationships between available ambient energy and physical reality.

**PSY 5333 - Psychopharmacology**
This course is designed to provide knowledge about the physiological basis of drug effects on behavior. Emphasis will be given to drug treatments for psychological problems, drugs of abuse, and the psychophysiology of addiction. Prerequisite(s): Written permission.

**PSY 5343 - Psychological Science**
This course provides a foundation for the general experimental psychology student and examines science as a formalized epistemological system. The course also emphasizes the importance of understanding scientific reasoning for: (1) psychology as a science, and (2) the professional psychologist as a critical consumer of information. Prerequisite(s): Written permission from psychology chair required.

**PSY 5383 - Multivariate Analysis w/SPSS**
Multiple regression, multivariate analysis of variance and covariance, discriminant analysis, factor analysis, log linear analysis, cluster analysis (including quick cluster), and multidimensional scaling are seven multivariate analysis procedures that are examined in this course. A focus on when and why each technique is used, familiarization of SPSS computer output for each technique and the examination of published research articles containing the application of these techniques will be covered. Prerequisite(s): PSY 3713 or concurrent enrollment and written permission of instructor.

**PSY 5473 - Individual Counseling**
This course provides an overview of the theories, therapeutic approaches, and empirically supported treatments specific to working with individuals. Students will become familiar with the legal, ethical, and diversity issues applicable to the diagnosis and treatment of individuals. The course will employ instruction, role play and classroom demonstration. Prerequisite(s): Admitted to the program and written permission of instructor.

**PSY 5483 - Group Counseling**
This course provides an overview of the theories, therapeutic approaches, and empirically supported treatments specific to working with groups. Students will become familiar with the legal, ethical, and diversity issues applicable to the diagnosis and treatment of groups. The course will employ instruction, role play and classroom demonstration. Prerequisite(s): PSY 5473 and written permission of instructor.

**PSY 5493 - Competency Based Counseling**
This course provides experience which will prepare counseling students for their first semester of practicum placement. The student
will perform activities consistent with the demands of an off-campus practicum experience under the direct supervision of the UCO counseling faculty. Students will be provided with training experiences that require the integration of their counseling and assessment abilities with sensitivity to diversity, legal, and ethical issues. Emphasis will be placed on empirically supported treatments and therapeutic variables. This course should be taken immediately prior to practicum. Prerequisite(s): PSY 5473 with a minimum grade of “B” and written permission required.

**PSY 5523 - Child & Adolescent Counseling**
This course provides an overview of the theories, therapeutic approaches, and empirically supported treatments specific to working with children and adolescents. Students will become proficient in the legal, ethical, and diversity issues applicable to the diagnosis and treatment of children and adolescents through didactic instruction, role play and classroom demonstration. Prerequisite(s): PSY 5473 with a minimum grade of “B” and written permission.

**PSY 5533 - Couples and Family Counseling**
This course provides an overview of the theories, therapeutic approaches, and empirically supported treatments specific to working with couples and families. Students will become familiar with the legal, ethical, and diversity issues applicable to the diagnosis and treatment of couples and families. The course will employ didactic instruction, role play and classroom demonstration. Prerequisite(s): Written permission.

**PSY 5543 - Career Counseling**
The course provides an introduction to the major career development and trait theories, career assessment techniques, and empirically based career counseling techniques. The course emphasizes the integration of theories, techniques, and counseling applications. In addition to the classroom, the on site counseling laboratory provides the opportunity for applied practice. Prerequisite(s): PSY 5473 with a minimum grade of “B”.

**PSY 5563 - Advanced Social Psychology**
This course provides an in-depth study of the interaction of humans with their social environment with special emphasis on classic and current themes and methods of social research. Prerequisite(s): Written permission of instructor.

**PSY 5623 - Theories of Personality**
This course will discuss the primary approaches to understanding personality: psychodynamic, biological/evolutionary, behavior/social learning, trait, humanistic, and cognitive. For each approach, the course will review the origins of the theoretical approach, discuss the approach’s assumptions about personality, and examine examples of related research.

**PSY 5633 - Cognitive Psychology**
This course provides a comprehensive study of theories of learning and memory including a historical review and a survey of contemporary cognitive psychology. Prerequisite(s): PSY 4763 and written permission required.

**PSY 5643 - Empirical Basis of Therapy**
This course is designed to prepare the student for clinical work in counseling. The course will promote knowledge and understanding of those counseling variables and counseling techniques that are supported by empirical research. Prerequisite(s): PSY 5473 and written permission.

**PSY 5653 - Forensic Psychology**
This course reviews the contribution of psychology to the explanation of criminal conduct and the treatment and rehabilitation of offenders, covering basic concepts of criminal justice and the study of crime while examining the nature of offending from sociological, psychiatric, and psychological perspectives. It also addresses the impact of crime from the standpoint of victims as well as responses to victims of crime.

**PSY 5683 - Advanced Counseling**
This course provides an in-depth view of the theories, therapeutic approaches, and empirically supported treatments specific to working with various individual client populations. Students will become familiar with the legal, ethical, and diversity issues applicable to the diagnosis and treatment of various types of individual clients and diagnoses. The course will employ didactic instruction, role play and classroom demonstration. Prerequisite(s): PSY 5473 with a minimum grade of “B” and written permission of instructor.

**PSY 5722 - Introduction To School Psychological Services**
This is a course designed to aid school psychometrist and school psychologists in exploring their role and functions. Ethics for their discipline, legal implications, current research on assessment of children and adults, school placement, classroom management, referral sources, therapeutic intervention strategies, consultation, and professional affiliation will also be covered. Prerequisite(s): Written permission from psychology chair required.

**PSY 5753 - Advanced SPSS**
This course emphasizes coding data for data files, writing SPSS control files to read the data file, and completing SPSS procedures. Procedures covered range from basic data transformations to complex multivariate procedures. Prerequisite(s): PSY 3813; PSY 4383 preferred and written permission from psychology chair required.

**PSY 5783 - Behavioral Neuroscience**
This advanced course is about current research on the neuroanatomy, physiology, and chemistry of the brain, including neurotransmitters, receptors, neural pathways, and genetics. Studied methods include electrical and magnetic stimulation of the brain, neuroimaging, and single-cell neurophysiology. Topics include brain-based theories of sensation, perception, cognition, learning, sleep and dreams, psychopathology, and drugs and behavior. Prerequisite(s): Admission to an M.A. in Psychology program. Enroll open to graduate psychology majors only.

**PSY 5813 - Diagnostic Testing Techniques**
This course is a survey of diagnostic testing techniques which deals with sensory motor skills, language development, and social and emotional development. Emphasis is placed on the rationale and functions of such instruments that help specialists in reading, counseling, and psychometry to evaluate those aspects of behavior not currently assessed by traditional testing procedures. Prerequisite(s): PSY 5153.

**PSY 5823 - ABA I: Foundations in Behavior Analysis**
This is the foundational course in Applied Behavior Analysis. The course is designed to cover the basic elements in 10 of the 11 core areas of applied behavior analysis. The course focuses on the ethics and basic characteristics, processes, concepts, terminology, and learning principles upon which ABA is based. Assessing behavior and designing intervention outcomes and strategies using principles of experimental evaluation including displaying and interpreting behavioral data is emphasized. ABA is compared to other explanations of behavior and students are guided in the creation and application of individualized behavioral programs for teaching functional skills.

**PSY 5833 - ABA II: Application of Techniques in Applied Behavior...**
Analysis
ABA II: Application of Techniques in Applied Behavior Analysis is the second of five courses in the BCBA approved sequence. The course takes basic ethical foundations and principles of ABA articulated in eight of the Core Areas to a higher level of understanding and application. Students are expected to apply knowledge and skill from both the introductory course and ABA II in the development of extensive training modules for fellow professionals using the principles of ABA. Training modules including treatment for all age levels (In Oklahoma that encompasses Sooner Start to Waivered Services Independent/Adult Living). Training design includes ongoing supervision of comprehensive and intense programs for functional behavior. This course also examines the effects of the use of psychotropic medications for behavior control and dual diagnoses (Ex. Mental Illness and a developmental disability). Prerequisite(s): PSY 5823 and graduate standing.

PSY 5843 - Autism II: Autism/PDD-NOS Adv
This course is an intensive examination of the autistic spectrum and the ethical use of ABA principles in the treatment of disorders within the spectrum. Students will learn to administer a broad range of diagnostic instruments with emphasis on those used in early intervention such as ABLLS, AEPS, Social Skills Checklist, PASS skills, and the Brigance. Students learn to develop IFSP goal, IEP goals, and IP goals [for individuals on waivered services] using data secured through the evaluation process. Finally, students develop and implement intensive programs covering all core skills areas for individuals with autism using the methods designed with the foundations of ABA (verbal behavior, natural environment teaching, discrete trial teaching, and others). Prerequisite(s): PSY 5823 and PSY 5833 and graduate standing.

PSY 5853 - ABA III: Topics in Applied Behavioral Analysis
This course compares the ethics of ABA versus Behavior Modification and other ethical and legal considerations of ABA in a practicum setting. The course engages aspects of 8 of the 11 Core Areas of ABA including the study of organic syndromes and brain injury. The course takes concepts introduced and studied in ABA I and ABA II and raises the intensity of study to a more intense level, requiring student to develop extensive training modules for fellow professionals. Training modules include all age levels of treatment from early childhood services to Waivered Services Independent Adult Living and include ongoing supervision of comprehensive and intense programs for functional behavior. This course also examines the effects of psychotropic medications for behavior control and the factors to consider in dual diagnoses. Prerequisite(s): PSY 5823, PSY 5833, PSY 5843 and graduate standing.

PSY 5863 - ABA IV: Single Subject Design
This course is the culminating application level course in the 5 course training sequence covering all 11 BCBA Core Areas. Students are responsible for demonstrating to a board of examiners the student’s understanding and skills in the field of ABA through a multiple baseline study. Additionally, the course requires students to demonstrate to the instructor the process of diagnosis, intervention planning, and the broad array of intervention techniques required in the application of ABA principles. Prerequisite(s): PSY 5823, PSY 5833, PSY 5843, PSY 5853 and graduate standing.

PSY 5873 - Ethical Conduct & Principles of ABA
Ethical Conduct and Principles of Applied Behavior Analysis (ABA) will focus on the ethical standards and guidelines for responsible conduct of behavior analysts. Students will be expected to explain and behave in accordance with the philosophical assumptions of behavior analysis by defining and demonstrating the use of terms such as response class, respondent conditioning, motivating operations, etc. Utilizing case studies, specific to applied behavior analysis, students will analyze and synthesize methods to identify problem behaviors and how to assess them, fundamental elements of behavior change, behavior change systems, interventions and change considerations, and ethical methods to implement change as required by the national Behavior Analysis Certification Board. In addition students will be expected to demonstrate effective and ethical management and supervision skills through their enrollment in an ABA internship. Prerequisite(s): PSY 5823, 5833, 5843.

PSY 5883 - School Based Psycho-Educational Intervention
School psychology students will learn advanced intervention design with an emphasis on behavior analytic approaches to individualized, school based intervention. Prerequisite(s): PSY 5722 and 5823. Enrollment open to Psychology-Counseling and School Psychology majors only.

PSY 5893 - Consultation in School Psychology
The course focuses on developing appropriate cognitive and academic goals for students with different abilities, disabilities, individual needs. An emphasis is placed on implementing interventions through consultation and collaboration across a range of systems including school, home, and community. Prerequisite(s): 19 hours of School Psychology. Enrollment open to School Psychology majors only.

PSY 5900 - Practicum In Psychology
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Prerequisite(s): PSY 5483 or 5813 and written permission of instructor.

PSY 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Prerequisite(s): Written permission of instructor.

PSY 5920 - Workshop in Psychology
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

PSY 5930 - Individual Study In Psychology
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

PSY 5940 - Field Study In Psychology
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

PSY 5950 - Internship In Psychology
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

PSY 5960 - Institute In Psychology
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study.

PSY 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

PSY 5980 - Graduate Project
Credit will vary from 1 to 3 hours. Subject matter will vary within the department's field of study.

PSY 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.
PROFESSIONAL TEACHER EDUCATION (PTE)
Department of Professional Teacher Education

PTE 5013 - Foundations Of Educational Research
This course provides an interdisciplinary approach to developing criteria for utilization of research methodologies relevant to the varied professionals working in educational settings. Included in this course will be practical experience in conducting and/or writing research proposals appropriate to the programs reflective of these educational settings and a computer simulation of the handling of statistical data.

PTE 5112 - Modern Philosophies Of Education
This course is a study of current educational philosophies with a special emphasis on those of the United States. It provides for an understanding and application of philosophical theories within the educational setting.

PTE 5142 - History Of Education
This course examines the historical perspective and impact of the political economy, prevailing ideology, educational practices, educational problems, and major contributions by educational leaders and theorists in American schools. This course also analyzes key educational issues dealing with how diversity has impacted American schools.

PTE 5153 - Advanced Developmental Psychology In Educational Setting
This course provides an advanced level review of human development across the life span and of developmental changes from the prenatal phase to late adulthood. Special emphasis is provided for examination and application of developmental theories and research relevant to professionals working in educational settings.

PTE 5172 - Educational Sociology
This course examines the school's functions in a democratic society and its relationship to the total culture particularly to social problems.

PTE 5203 - Advanced Educational Psychology
This course is a study of the principles of learning and factors that affect learning motivation. Various theoretical perspectives and research findings regarding human development, learning, and motivation are examined as these influence educational decisions and practices.

PTE 5221 - Contemporary Class Issues
This course consists of three major components related to teaching: urban education, wellness, and legal and professional aspects.

PTE 5283 - Fundamentals Of Curriculum Development - Secondary School
This course provides an in-depth study of the design and delivery of a school system's curriculum and instruction components. Students will study the basic constructs of curriculum, teaching and testing, enabling them to recognize and implement quality curriculum standards at the middle school and high school levels. This course will focus on the process of curriculum development, evaluation, improvement and leadership with emphasis on the relationship between the written, taught, and tested curriculum.

PTE 5322 - Problems Of Teaching In Secondary Schools
This course provides a critical study of the major problems of instruction common to secondary schools.

PTE 5333 - Meeting Secondary Students' Needs
This course focuses on understanding adolescents' physical, cognitive, and psychosocial development and the impact of family, community, and culture. Understanding these influences, as well as the needs of special learners, will foster the choice of appropriate strategies to meet the developmental and instructional needs of secondary students. Field Applications in secondary schools allow students to apply course concepts in actual classrooms. Prerequisite(s): Enrollment open to Secondary Education majors only.

PTE 5383 - Principles Of Tests & Measurements
This course examines test and measurement principles (psychometric statistics, reliability and validity). Major emphasis is placed on different types of educational and psychological assessment, including group and individual approaches to intelligence, aptitude, achievement, interest and personality.

PTE 5413 - Educational Statistics
This course provides an introduction to the basic principles of organization and treatment of statistical data as utilized by educational professionals in various educational settings.

PTE 5422 - Technology For Secondary Teachers
Technology for Secondary Teachers focuses on the utilization of current technology for classroom instruction, student assessment, and professional development. The course also examines the social, ethical, legal, human and equity issues surrounding the use of technology in the secondary classroom. Prerequisite(s): Enrollment open to Secondary Education majors only.

PTE 5522 - Designing Instruction Secondary Students
This course prepares students to design and teach effective lessons to facilitate student learning in secondary schools based on appropriate theoretical frameworks. Multiple strategies for enhancing student learning will be explored, including but not limited to, lecture, demonstration, simulation, projects, experiments, dramatization, and group processes. Additionally, methods for differentiating instruction and integrating curriculum will be explored. Students will learn to utilize the Oklahoma Priority Academic Student Skills in lesson planning and delivery. Prerequisite(s): Enrollment open to Secondary Education majors only.

PTE 5533 - Managing Secondary Classrooms
This course prepares students to utilize current theory and best practices related to behavior, motivation, and communication to create learning environments that encourage positive social interaction, self-motivation, and active engagement in learning. Additionally, students will create and rehearse approaches to developing professional relationships with students' parents and/or guardians. Field Applications in secondary schools allow students to apply course concepts in actual classrooms. Prerequisite(s): Enrollment open to Secondary Education majors only.

PTE 5623 - Secondary Class Assessment
This course focuses on the design, delivery, analysis, and utilization of results of classroom assessments to enhance student learning in the secondary classroom. Students will also learn to utilize data from standardized tests and make appropriate instructional decisions. Additionally, the course will examine the standardized testing process, as well as legal, ethical, and diversity issues in assessment. Prerequisite(s): Enrollment open to Secondary Education majors only.

PTE 5693 - Curriculum Development For Elementary Schools
This course is a study of the principles of curriculum organization in the elementary school setting. A major emphasis will be placed on curriculum development, modification, and the selection and evaluation of instructional materials.

PTE 5822 - Advanced Psychology Of Childhood
This course provides a study of the major theories of childhood. The relationship among child development, growth and educational/instructional practices and techniques is included with an emphasis upon the child in various educational settings including methods of child study.
Graduate Course Descriptions

PTE 5832 - Advanced Psychology Of Adolescence
This course is a study of the major theories of adolescence including an overview of the problems and characteristics of the period of adolescence. Emphasis is upon the various aspects of adolescent growth, development, and current research as these relate to educational settings, decisions, and practices.

PTE 5893 - Capstone Research Experience
This course requires students to demonstrate their cumulative knowledge in Professional Education and in their teaching specialization area to complete and present a research project. Prerequisite(s): PTE 5013 and complete a minimum of 19 hours of graduate coursework.

PTE 5900 - Practicum In Teacher Education
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

PTE 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

PTE 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

PTE 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

PTE 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

PTE 5950 - Internship
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

PTE 5960 - Institute
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

PTE 5970 - Study Tour
Credit will vary. Subject matter will vary within the department’s field of study.

PTE 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

READING (READ)
Department of Special Services

READ 5023 - Developmental/Correction Classroom Reading Experience
This course provides classroom experience for teachers meeting the needs of readers in developmental/corrective groups. Special attention will be given to the task of identifying, within the classroom, reading levels/problems.

READ 5613 - Secondary/Adult Disabled Reader
This course is designed for the teacher desiring experience in testing and teaching the disabled secondary/adult learner. The course will be conducted for two hours, plus an hour arranged. The first two hours will be devoted to the clinical aspects of the course. Each clinical student will be assigned a disabled reader in a practicum for the purpose of remedial assistance. One hour will be devoted to consultations between the supervising professor and the class members. The main focus of concern is threefold: 1) explanation of diagnostic administration and interpretation 2) outlining measures of implementation for a prescriptive program and 3) understanding the psychological, social and intellectual needs of the secondary/adult disabled reader.

READ 5623 - Foundations & Survey Reading
An introductory course giving an overview of current practices in teaching reading, remedial and developmental reading techniques and a review of recent research in reading.

READ 5663 - Theoretical Basis Of Reading
The theoretical basis of reading includes the cognitive impact on how one learns to read using the psychological, physiological and cognitive model.

READ 5712 - Organization & Supervision Of Reading Programs
Policies and techniques of planning, implementing and supervising of reading centers and programs in schools and school systems.

READ 5813 - Adolescent Literacy
Adolescent Literacy is a course emphasizing the study of curriculum, philosophy, research, and related instructional strategies, assessments, and materials applicable to the teaching of literacy with adolescent learners. Students will document their mastery of required competencies for certification through the successful completion of coaching a teacher of adolescents in the development of a Thematic Inquiry Teaching Unit.

READ 5833 - Diagnosis Intervention Reading
Candidates learn to identify children with reading difficulties and develop strategies for remediation. Methods of teaching reading and implementation are the primary focus of this class. The children, who are instrumental in this practicum experience, exhibit exceptionalities, individual differences, and cultural and linguistic diversity. A tutorial component requires that each candidate apply the knowledge and skills attained through assigned readings and class instruction in an authentic teaching/learning situation. Graduate candidates will work closely with faculty to analyze and synthesize course components. Prerequisite(s): SPED 4102 or 5102.

READ 5843 - Diagnosis and Correction Of Reading Disabilities with Tier II Intervention
Diagnosis and Correction of Reading Disabilities with Tier II Interventions will address the principles and procedures for diagnosing and correcting reading disabilities. Under the supervision of a reading professor, students will gain experience assessing reading skills using the assessments presented in the class. Students will also learn Tier II intervention strategies that fit within the Response to Intervention (RTI) Reading Model. Students will complete a diagnostic case study and a teacher work sample. Prerequisite(s): READ 5623 or concurrent enrollment.

READ 5853L - Clinical Practice In Reading Lab
Lab for READ 5853. Summer sessions only.

READ 5854 - Clinical Practices In Reading
A practicum in the reading clinic with enrollees working with disabled readers. Prerequisite(s): READ 5863 or READ 5443.

READ 5863 - Reading Assment & Tier III Interventions
Reading assessments along with instructional reading strategies for Tier III in the Response to Intervention Three-Tier Reading Model will be implemented in this course. This course will be part of sequence in which the course READ 5843 will precede this course and READ 5854 will follow. The focus for the reading candidate is to accurately identify children with marked reading difficulties who have not responded to Tier II efforts. In Tier III the reading candidate will learn to diagnose reading disabilities and specifically design and customize...

SUBSTANCE ABUSE STUDIES (SAS)
Department of Sociology/Substance Abuse Studies

SAS 5113 - Foundations of Addiction
Foundations of Addiction examines the historical, current, and emerging theories of addiction. The course covers categories of substance abuse, physiological and psychological effects of alcohol and other drugs, the disease concept of addiction, family and social dimensions of substance abuse, and the principal therapy and treatment approaches to the disease. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5223 - Advanced Individual Counsel
Advanced Individual Counseling provides an in-depth review of counseling theory and current practice. The student will be familiar with psychoanalytic, Gestalt, Reality, cognitive behavioral, and Rogerian Therapy. Change Theory and 12-step facilitation will be applied. Theory is applied to specific elements of substance abuse treatment for the individual, role-played therapy. Mock sessions will be videoed for review and critique. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5273 - Substance Abuse and the Family
This course is designed to provide the student with an overview of the dynamics of functional family systems. The course provides insight into the effects of chemical dependency on the family. The student is guided in exploring and identifying many of the characteristics of healthy and unhealthy family systems, including physical, emotional, and sexual abuse issues. In addition, family structure, rules, roles, boundary systems, and cultural differences are addressed. Also included in this course are the basic techniques for prevention, intervention, family treatment, and recovery of the dependent person(s) and other family members. An in-depth research paper on an appropriate subject is prepared by each student. Prerequisite(s): 12 undergraduate semester hours in sociology and/or psychology.

SAS 5303 - Substance Abuse in Special Populations
This course addresses various sociocultural factors influencing use and abuse of alcohol and other drugs in selected subgroups of American society and the effect of these influences on the treatment and recovery processes for chemical dependency. Special populations included are women, adolescents, elderly, racial/ethnic groups, gays and lesbians, high-risk professional groups, criminals, the mentally ill.

SAS 5313 - Advanced Family Counseling
Advanced Family Counseling examines all theoretical, ethical and legal aspects of the substance abuse counselor working in the primary medium of family counseling. The continuum of care for the whole family will be stressed including, education, prevention, early intervention, primary treatment, extended treatment and continuing care. Formal intervention, psychodynamics, and all facets of family counseling will be reviewed and practiced. Family systems theory will be applied in all aspects. Special emphasis will be placed on the dynamics of enabling and co-dependency. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5323 - Psychopharmacology & Neurobiology Addiction
Psychopharmacology and Neurobiology of Addiction examines the biology of alcohol and drug dependency. This will be addressed through the study of brain chemistry and related causal factors and patho-physiological processes, including brain function and behavioral correlated, molecular adaptation, and the genetics of addiction disorders. The role of psychopharmacology is viewed from a broad perspective focusing on alcohol and drug abuse, agents frequently

RECREATION (REC)
Department of Kinesiology and Health Studies

REC 5362 - Therapeutic Recreation
History and principles of therapeutic recreation in the United States. The organization and management of programs serving the various exceptionalities and age groups. Current opportunities for employment and required training.

REC 5602 - Community Recreation
Investigation into the structure of community recreation systems and programs. Study of needs, leadership, facilities and personnel involved.

REC 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

REC 5930 - Individual Study In Recreation
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

REC 5940 - Field Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

REC 5950 - Internship In Recreation

Department of Sociology/Substance Abuse Studies
used in the management and resolution of withdrawal symptoms, co-occurring mental health issues, and the ethical responsibilities of the clinician in the treatment of clients on psychotropic medications. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5333 - Advanced Counseling Skills/Substance Abuse
This course examines the helping relationship, including skills relevant to working with persons affected by chemical dependency. The course will include examination of qualities of a functional helping relationship and social-psychological issues involved in working with the chemically dependent person such as denial, treatment goals, and when/how to intervene in the dysfunctional personal/social world of this person. The course will include demonstration and role-playing of techniques of a functional helping relationship. Prerequisite(s): SOC 3023.

SAS 5343 - Prevention And Education In Substance Abuse
This course will examine contemporary prevention theories and the basic strategies of comprehensive prevention programming. The course will explore historical and current prevention programs. The course will examine the process of implementing prevention programs in communities through community mobilization and action planning. The course will explore prevention as a method of thinking about problems and issues.

SAS 5353 - Advanced Group Dynamics
Advanced Group Dynamics provides in-depth study of the theory and practice of group therapy as it applies to individuals and families dealing with substance abuse and mental health issues. The course examines ethical and legal aspects as well as research pertaining to best practices and outcome measurement on group treatment in substance abuse and mental health. Students will have the opportunity to facilitate in role play of all aspects of group leadership. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5413 - Psychopathology & Co-Occurring Disorders
Psychopathology and Co-occurring Disorders offers a comprehensive view of an integrated treatment model for individuals with co-occurring mental health issues and alcohol and other drug dependency. Treatment is addressed with emphasis on the dynamics of empirically based best practice treatment strategies. The role of psychopharmacology and counseling in treating co-occurring disorders is explored, as are community resources. Relapse prevention, continuing care planning, ethical and legal issues for appropriate decision making and scope of practice will be addressed. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5433 - Advanced Human Development for Substance Abuse Professionals
Advanced Human Development for Substance Abuse Professionals provides an in-depth look at human development as it evolves from infancy through adulthood. Specific issues that will be examined are the emotional, mental, and physical effects of substance abuse. Counseling implications are investigated for each with integrated ethical and legal principles and standards in developmental counseling. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5443 - Family Systems Theory
Family Systems Theory is an approach to practice that views the family as both composed of subsystems and also as part of larger supra-systems. In this course, we will examine the foundations and principles of family systems theory, explore the role of relational space and socialization on individual development, and practice evidence-based structural family therapy interventions appropriate for working within the theoretical framework. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5513 - Advanced Family Counseling for Co-occurring Disorders
Advanced Family Counseling for Co-occurring Disorders provides an in-depth analysis of theory and current practice of family counseling for consumers with both substance abuse and mental health disorders. Family theory will be investigated as it applies to treatment of co-occurring disorders. Student teams will prepare case studies to be used and role played in mock family sessions to be videoed and critiqued by the class and instructor. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5523 - Cultural Sensitivity for Addiction Treatment
Applied Cultural Sensitivity for Addiction Treatment addresses individual differences in culture and ethnicity as key considerations in the therapeutic counseling of alcohol and drug dependency. Implications for intervention and treatment are addressed for aging adults, people with physical disabilities, Gay, Lesbian, Bisexual and Transsexual minorities, and people from a variety of cultural and ethnic backgrounds, while applying ethical principles to clinical situations. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5613 - Research in Substance Abuse Studies
Research in Substance Abuse Studies provides an in-depth view of clinical research processes and functions that encompass an array of clinically relevant practices. These include scientific research, review of research literature, and their application to treatment innovations; program evaluation procedures and outcomes; and the understanding of the application of research design and methodology. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5633 - Counseling the Abused
Counseling the Abused is an extensive view of individual counseling and therapeutic processes involving the treatment of abuse and trauma. Topics include psychoanalytic, behavioral, existential, and humanistic perspectives, in addition to cognitive behavioral approaches. Select theorists are highlighted based upon relevance and application to the field of alcohol and drug dependency. Prerequisite(s): Enrollment open to Substance Abuse Studies majors only.

SAS 5900 - Practicum
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

SAS 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary from within the department’s field of study.

SAS 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

SAS 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. May be repeated for credit up to four hours.

SAS 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

SAS 5950 - Internship
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study. Supervised practical experience gained
SAFETY (SFTY)
Department of Occupational and Technology Education

SFTY 5013 - Alcohol And Drug Education
This course is designed to explore the magnitude of the use of alcohol and drugs in our society. The individual is encouraged to explore the areas before making a decision concerning the use or nonuse of these substances.

SFTY 5083 - Industrial Safety II
This course provides an overview of the engineering and technological aspects of current industrial safety practice.

SFTY 5123 - Industrial Hygiene
This course is a study of environmental factors that occur in industry that contributes to worker illness and injury. Oxic materials, radiation, heat and noise stresses, and other concerns of the industrial hygiene discipline will be considered.

SFTY 5133 - Industrial Hygiene II
A continuation of Industrial Hygiene I, with particular emphasis on the field application of industrial hygiene instrumentation to assist the practitioner in the elimination or minimization of worker exposure to health hazards in the industrial environment. Prerequisite(s): SFTY 2503 or MATH 1513; and SFTY 4123 or SFTY 5123.

SFTY 5152 - Personal Protective Equipment
A study of the selection, use, care and maintenance of various types of personal protective equipment commonly used in industry, and an overview of the anatomy and physiology of the body organs that each type of equipment is designed to protect.

SFTY 5163 - Environmental Safety
A study of the characteristics of regulated hazardous wastes, the principles of hazardous waste management, and the OSHA regulations pertaining to the protection of workers in hazardous waste operations. Prerequisite(s): SFTY 2503.

SFTY 5173 - Fire Prevention & Protection
This course is designed to prepare the safety professional/other safety personnel for industry. Among the areas included are: factors contributing to industrial fires, the chemistry of fires, the classification of fires, special systems and agents, identification of hazardous materials, and fire prevention activities.

SFTY 5203 - Principles, History, & Philosophy Of Safety Education
This course reviews the philosophy of industrial safety in light of its historical context. In addition, system safety and quantitative risk management models will be studied.

SFTY 5213 - Chemical/Toxic Hazardous Material/Waste
A study of the major categories of hazardous chemicals, their chemical and physical properties, and their toxicological effects on the human body. Prerequisite(s): SFTY 2503.

SFTY 5222 - Industrial Fire Systems
This course is designed to prepare the safety professional and other safety personnel for industry. Areas include fire detection systems, extinguishing systems and fire safety systems. Prerequisite(s): SFTY 2343.

SFTY 5232 - Life Safety Code
Life safety codes are critically examined within the scope of pertinent standards and codes to assure safety from fire and its effects. All classifications of occupancies will be defined in the course.

SFTY 5243 - Industrial Noise Control
This course will provide an overview of the fundamentals of sound and sound measurements, audiogram interpretation, noise effects, noise legislation, effective hearing conservation, noise control management, and design for abatement. Attention is given to the prevention of hearing loss through engineering control and hearing conservation programs. Students will have the opportunity to analyze their own audiograms courtesy of a local safety consultant firm. Prerequisite(s): MATH 1513 or equivalent.

SFTY 5253 - Electrical Safety
This course provides an overview of the engineering and technological aspects of direct and alternating current, including the generation, transmission, safe use, and protective methods employed in industry. Prerequisite(s): Graduate standing.

SFTY 5303 - Driver & Traffic Safety II
Special attention is given to administrative policies and practices, and selection, organization, and program evaluation. A study on qualification and certification standards for teachers of high school driver education, community resources, instruction strategy, evaluation of instructional materials and equipment. Laboratory practices will include experience in programming. Prerequisite(s): SFTY 3203.

SFTY 5323 - Underground Storage Tank Management
This course will present information about the safety concerns associated with, and environmental hazards common to aboveground and underground petroleum storage tanks. The course will consist of lectures, guest speakers from regulatory and consulting arenas, and field trips. Particular attention will be paid to regulator requirements, environmental impacts, and remediation technologies for cleanup of spills emanating from leaking tanks.

SFTY 5333 - Storm Water Management
This course addresses the applicable laws, rules, and regulations that pertain to the control, management, identification, and analysis of storm water and its associated environmental problems. Included is a review of the Clean Water Act, EPA's proposed and final rules, the Federal Register and the Code of Federal Regulations.

SFTY 5402 - Supervision Of Transportation
A study of transportation as it relates to industrial concerns, including hazardous materials, driver selection, accidents, and other safety areas.

SFTY 5412 - Hazard Communication
Upon completion of this course, the student will be familiar with the principles of hazard and risk communication, the principles of design and delivery of hazard training programs, and the elements of an acceptable hazard communication program.

SFTY 5423 - Applied Ergonomics
This course explores methodologies and considerations involved with establishing an applied ergonomics program within industry included are methods for assessing ergonomic problems and needs, record keeping, work task analysis, investigation techniques, and corrective actions for reducing and/or eliminating ergonomic risk factors.
rereq(s): SFTY 3333.

SFTY 5433 - Occupational Risk Management
This course will prepare the prospective safety manager to plan, coordinate and control activities in the workplace, and legal risk will be studied. Prerequisite(s): SFTY 3073 and MATH 1513 or equivalent.

SFTY 5443 - Asbestos and Lead Management
This is a course in methods and practices used to determine the extent of hazards posed by the presence of asbestos-containing materials and lead paint in the workplace, and in the home. The course will familiarize the student with federal, state, and local laws and regulations governing these hazards, and the methodologies used to either remove asbestos and lead paint, or to maintain them in situ while keeping personal and environmental risks within acceptable levels.

SFTY 5453 - Hazard Waste Operation & Emergency Response

SFTY 5463 - Industrial Ventilation
This course is a study of methods and techniques of industrial ventilation systems, including local exhaust systems as engineering controls for reduction of air-borne contaminants, as well as the basic concepts of heating, ventilation, and air-conditioning (HVAC) systems. Prerequisite(s): SFTY 2503 and graduate standing.

SFTY 5900 - Practicum In Safety Education
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

SFTY 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

SFTY 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study. Normally involves lecture, films, guest speaker, etc. A grade of "P" or "F" is given.

SFTY 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

SFTY 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

SFTY 5950 - Internship In Safety Education
Credit will vary from 1 to 8 hours. Subject matter will vary within the department's field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

SFTY 5960 - Institute In Safety
Credit will vary from 1 to 9 hours. Subject matter will vary within the department's field of study.

SFTY 5970 - Study Tour
Credit will vary. Subject matter will vary within the department's field of study.

SFTY 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department's field of study.

SPEECH/LANGUAGE PATHOLOGY (SLP) Department of Special Services

SLP 5013 - Foundations Of Speech-Language Pathology
This course presents a survey of the principles, concepts and terminology fundamental to the professions of speech-language pathology and audiology.

SLP 5023 - Fluency Disorders
This course includes a detailed examination of the nature and definition of fluency disorders (stuttering and cluttering). Theories regarding etiology and their implications for evaluation and treatment of fluency disorders are studied. Procedures for the evaluation of speech fluency, diagnosis, and treatment for different age groups are examined. Prerequisite(s): SLP 4713.

SLP 5112 - Speech And Hearing Science
This course presents an advanced study of physical and physiological aspects of speech production and reception. Topics include analysis of acoustic signals and speech synthesis. Prerequisite(s): Permission required.

SLP 5232 - Communication Disorders Infant/Toddler
This course presents an in-depth examination of high-risk infant/toddler development and implications for speech-language development. Topics includes information relative to defining the at-risk population incidence of high-risk infants, medical terminology specific to the population, infant communication development, assessment data, and materials. Models for parent/professional facilitation of communication skills are discussed. Prerequisite(s): Permission required.

SLP 5243 - Diagnostic Methods Speech-Language Pathology
This course presents a detailed examination of the principles and procedures in diagnosis and evaluation of communication disorders. Special reference will be made to interpretation of medical/developmental history, application of standardized tests, informal methods of evaluation, and principles of caseload selection.

SLP 5252 - Advanced Normal Language Development
This course provides a detailed description of linguistic, behavioral, cognitive and social factors in language development. Specific emphasis is placed on analysis and coding of morphologic, syntactic, semantic and pragmatic features in the language of children and adolescents. Prerequisite(s): Permission required.

SLP 5262 - Advanced Language Disorders
This course provides an in-depth examination of the theoretical foundations, formal standardized tests, language sampling and analysis techniques for assessment of language disorders in children and adolescents. Topics include detailed study of various procedures for language treatment. Prerequisite(s): Written permission required.

SLP 5282 - Advanced Articulation Disorders
This course provides an in-depth study of the principles and procedures for assessment and treatment of articulation and phonological disorders. Evaluation and treatment of oral-motor disorders, including apraxia and dysarthria, are also examined. Prerequisite(s): Permission required.

SLP 5292 - Aphasia II
This course provides a detailed study of the procedures for evaluation and treatment of neurogenic communication disorders in adults including the aphasias, dementia, traumatic brain injury, and right-hemisphere syndrome. Prerequisite(s): SLP 5363, permission required.

SLP 5302 - Augmentative Communication
This course examines the selection, development, and use of augmentative alternative systems of communication with severely
communicatively handicapped individuals. Prerequisite(s): Written permission required.

**SLP 5314 - Language Disorders**
This course presents a detailed study of the nature of language disorders in children and adolescents, including etiologies, classification, assessment, and treatment. Specific emphasis includes principles and procedures for application of standardized test instruments, language sampling and analysis, informal assessment and developing treatment strategies. Prerequisite(s): Permission required.

**SLP 5323 - Voice Disorders**
This course presents an in depth study of anatomy and neurophysiology of the vocal mechanism and various voice disorders. The course includes evaluation and treatment techniques for hyper- and hypofunctional disorders, neurogenic disorders and clients with laryngectomy. Prerequisite(s): Permission required.

**SLP 5332 - Legal Aspects Speech-Language Pathology**
This course presents a lecture series concerning the legal aspects related to the practice of Speech-Language Pathology. Topics include ethical bases of the profession and federal, state and common law requirements for both the private and public practitioner. Prerequisite(s): Permission required.

**SLP 5343 - Dysphagia**
This course represents a study of the etiologies, assessment, and treatment of disturbances in oral-motor functioning for speech and swallowing in children and adults. This course replaces SLP 5342. Prerequisite(s): Written permission required.

**SLP 5352 - Cleft Palate**
This course presents an in-depth examination of the anatomy, embryology, and etiology and classification related to clefts of the lip and palate. Topics include the evaluation of the effects of cleft palate on speech and the evaluation and treatment of cleft palate speech. Prerequisite(s): Permission required.

**SLP 5363 - Aphasia I**
This course presents a detailed study of the neurological and physiological bases of neurogenic communication disorders. Topics include evaluating the motor, cognitive, and communication features associated with the aphasias, dysarthrias, and apraxia. Prerequisite(s): Permission required.

**SLP 5372 - Neuroscience In Speech Language Pathology**
This course is designed to examine the human nervous system at an advanced level with special emphasis on human communication. Terminology and conceptual tools for studying neurological structure and function of the somatosensory, visual, auditory, and motor systems are included in the examination of neuroscience. These concepts will be related to disorders of speech and language encountered by speech-language pathologists in their clinical work. Prerequisite(s): Permission required.

**SLP 5713 - Clinical Methods Speech-Language Pathology**
This course examines the clinical foundations of speech-language pathology. Principles and procedures for the evaluation and treatment of communication disorders are studied. Methods for obtaining and analyzing behavioral data for clinical and research applications are examined in detail. Prerequisite(s): SLP 4054, 4673.

**SLP 5900 - Practicum**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

**SLP 5910 - Seminar / Special Topics**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

**SOCIOMETRY (SOC)**

**Department of Sociology/Substance Abuse Studies**

**SOC 5043 - Sociological Statistics**
Statistical applications in sociological research are emphasized in this course. Students learn to use traditional statistical treatments to describe sociological data. They learn to use decision-making statistics to make inferences about the relations between variables. They also learn to employ computer applications of statistical procedures in the analysis of sociological data. This course replaces SOC 5783. Prerequisite(s): Undergraduate degree in sociology or related area.

**SOC 5053 - Sociology Of Aging**
This course is designed to acquaint students with the magnitude of the aging situation in America and to become informed about the social, psychological, economic, and political problems associated with the increasing number of people reaching retirement age in America. Prerequisite(s): 3 hours of sociology.

**SOC 5103 - Urban And Rural Communities**
Principles of community organization, the general attributes of communities, the special features of folk and modern city societies developed in contrast. Prerequisite(s): 9 hours of sociology.

**SOC 5233 - Human Behavior/Social Environment**
In this course, various social systems are analyzed in regard to their impact upon the quality of human life. Human development theories and research are analyzed chronologically, as they relate with environmental factors to determine the human condition. For each age group, sociological, psychological, and biophysical variables are examined, as well as the impact of diversity upon human behavior and social life.

**SOC 5243 - Social Deviance**
This course defines social deviance, analyzes theories of deviance, examines social reactions to and social control of deviance, and looks at the effects of deviant identity. The above information is then applied to an understanding of several specific types of deviance,
e.g., child abuse, alcoholism, suicide. Prerequisite(s): SOC 2103 and 6 hours of sociology.

SOC 5403 - Social Ecology And Demography
An analysis of population movements and their effects on ecological and demographic factors in the society.

SOC 5443 - Social Stratification
Theories of class and caste; wealth, status, and power; the American class system. Prerequisite(s): 9 hours of sociology.

SOC 5463 - The Abused
This course is designed to equip students preparing for work in the helping professions to identify symptoms of abuse, and other forms of trauma, and to design and carry out treatment plans specifically developed to ameliorate resultant maladaptive behavior patterns. Matters of etiology, symptomology, and treatment techniques are examined with particular emphasis on research and theory. prerequisite(s): Graduate standing in a program in the social and behavioral sciences, or in professional helping areas, and an introductory course in chemical dependency studies.

SOC 5513 - Contemporary Social Movements
Contemporary Social Movements covers the tools for the analysis of social movements (collectivities engaged in promoting or resisting change within society).

SOC 5533 - Sociology of Death and Dying
Sociology of Death and Dying examines the structural and interactional aspects of the phenomenon of death and the process of dying in modernity. This course includes, among other things, an analysis of the highly variegated attitudes and meanings related to death rituals, body disposal, professionalization of death work, significance of bereavement and grief, the medicalization and bureaucratization of death and dying, and the role of hospitals and hospices in the management of dying.

SOC 5573 - Sociology Of Childhood/Adolescence
A study of the group phases of childhood, child welfare, and the sociological analysis of child and adolescence.

SOC 5633 - Social Welfare Policy
Social Welfare Policy will provide students with an understanding of state and federal social welfare policies and the impact they have on special populations (particularly those in poverty). In addition, students will learn the theoretical bases for social welfare policies and analyze them from economic, political, and human services perspectives.

SOC 5693 - Sociological Theory
A study of both classical and contemporary sociological theorists. Emphasis is on understanding the biographical, social, and philosophical context of theory. An understanding of how to apply various sociological perspectives is also presented. Prerequisite(s): SOC 3103 or 3633 or 4243.

SOC 5773 - Sociological Research
This course teaches students a variety of research designs used in social research, e.g., experiments, quasi-experiments, and correlational designs. The merits and shortcomings of each technique are reviewed, as well as related issues such as reliability and validity, correlation vs. causation, generalizability, the relationship between theory and research, and ethical considerations. Students also learn to design and implement several research projects. The major emphasis in this course is quantitative research design, with some attention given to qualitative research procedures. Prerequisite(s): Undergraduate degree in sociology or related areas.

<td>The Foundations of Mild/Moderate Disabilities course is designed to teach characteristics and etiology of disabilities including learning disabilities, mental retardation, emotional disturbance, other health impairment, autism, physical disabilities, etc. and to apply this knowledge to the mild/moderate needs of students with disabilities in educational settings. In addition, case studies and a variety of interventions will be explored to analyze and determine services needed. A research component will be required. Prerequisite(s): SPED 4123.</td>
</tr>
<tr>
<td>SPED 5303</td>
<td>Assessment/Exceptional Individual</td>
<td></td>
<td>This lecture and application course is an in-depth examination of educational evaluation instruments and their purpose. Emphasis is on a unified team approach of differential diagnosis and treatment. State and federal Special Education assessment mandates for grades K-12 will be covered.</td>
</tr>
<tr>
<td>SPED 5322</td>
<td>Trends &amp; Issues in Special Education</td>
<td></td>
<td>This course will address medical trends, litigation, legislation, controversial issues, curricular development and best practices in special education. It is designed to provide a means of investigation into thereview of relevant research, societal changes and the impact on people included in this population. Prerequisite(s): SPED 4123 with a minimum grade of “C” or SPED 5123 with a minimum grade of “B”.</td>

assessments, behavioral intervention plans, and a variety of interventions to change behaviors. Prerequisite(s): SPED 4123/5123 with a minimum grade of “B”.

**SPED 5452 - Curriculum Modification/Assistive Technology In Special Education**
This course will provide an overview of state and national requirements related to the instructional, assistive, and rehabilitation technology designed and adapted for students with disabilities. The emphasis of this course is on practical applications of technology and curriculum modification in helping students with disabilities gain independence in learning, communicating, and integrating into society together with the documentation required by the State of Oklahoma. Prerequisite(s): SPED 4123 with a minimum grade of “C”.

**SPED 5543 - Counseling Families Of Individuals with Disabilities**
This course develops expertise in assisting families of individuals with disabilities and is designed for students pursuing professions in education, psychology, counseling, social work, and others. It will focus on the ethical issues and legal foundations needed for consultation and collaboration with parents and other professionals who provide services to individuals with disabilities. Prerequisite(s): Permission of graduate advisor.

**SPED 5572 - Autism and Traumatic Brain Injury**
This course provides a study of the characteristics, etiology, evaluation, and identification of individuals with autism and/or traumatic brain injury. Research-based effective educational programs, assistive technology and other resources for individuals with autism and those with traumatic brain injury (TBI) will be emphasized. Collaboration and training of parents and professionals as required for the development of an individualized educational program will be examined. Prerequisite(s): SPED 4123 or 5123.

**SPED 5582 - Secondary Special Education**
This course will include instruction in class organization, curriculum development and adjustment, and an introduction to methods and techniques of teaching middle and senior high school students with disabilities. Transition needs of students at this level will be emphasized along with the need for cooperation among agency and post-secondary service providers. Students may also be required to participate in a secondary field experience or service learning project. Prerequisite(s): SPED 4123.

**SPED 5653 - Procedures For Mild/Moderate Learning Disabilities**
This course examines the characteristics, identification, evaluation, program options, and learning needs of students who possess normal intelligence but experience difficulties in the ability to think, read, write, listen, speak, spell, and complete mathematical calculations. Prerequisite(s): SPED 4123.

**SPED 5693 - Procedures For Severe/Profound Physical Health Disabilities**
This course will study the academic, behavioral, emotional, and social procedures available to teach the student with severe to profound physical disabilities. Curriculum modifications will be researched pertaining to the wide range of physical and health problems of students with severe-profound physical and health disabilities. Specialized physical equipment and medical adaptations for this population will be explored in detail. Prerequisite(s): SPED 4123 or 5123.

**SPED 5743 - Procedures For Mild/Moderate Emotional Behavior**
A study of characteristics, problems of identification and educational programs for students with emotional disturbance and social maladjustment in public schools, day care centers, hospitals, and residential schools. Mental health principles for understanding, managing, and teaching emotionally disturbed children are included. Emphasis is placed upon the administrative provisions, theories of remediation, curriculum and materials utilized in prescriptive teaching. Prerequisite(s): SPED 4123.

**SPED 5753 - Procedures For Severe/Profound Emotional/Behavior**
This course is a study of teaching students with emotional/behavioral disorders in public schools, day care centers, hospitals, day treatment centers, and residential schools. Mental health principles for understanding, managing, and teaching individuals with emotional/behavioral disorders are included. Emphasis is placed upon the academic, behavioral, emotional, and social needs of this severe-profound disabilities population. Prerequisite(s): SPED 4123 or 5123.

**SPED 5763 - Procedures For Mild/Moderate Mental Retardation**
This course will study the application of classification, assessment, ideology, and characteristics of students with sever-profound/mental retardation. Biochemical, psychological, and socio-educational aspects are considered. Emphasis is placed upon classroom organization, curriculum adjustments and methods and techniques of teaching students with mental retardation at severe-profound levels. Prerequisite(s): SPED 4123 or 5123.

**SPED 5773 - Procedures For Severe/Profound Mental Retardation**
This course will study the academic, behavioral, emotional, and social procedures required for students functioning at mild/moderate levels of Emotional/Behavioral Disorder, Learning Disabled, and Mental Retardation, and Early Childhood Development Delays. It Great Expectations Teaching Model and Priority Academic Student Skills Core Curriculum, counseling techniques, transition programs, and parent involvement training/behavior management programs will be explored to meet specific needs of Oklahoma School Districts. Collaboration and communication strategies will also be explored. Prerequisite(s): SPED 4123 or 5123.

**SPED 5842 - Curriculum Development Mild/Moderate Disability**
The course is designed to teach skills necessary to design a program for students functioning at mild/moderate levels of Emotional/Behavioral Disorder, Learning Disabled, and Mental Retardation. Prerequisite(s): SPED 4123 or 5123.

**SPED 5852 - Curriculum Development Severe/Profound Disability**
This course will cover in detail integrated instructional settings, family interactions IEP, IFSP development, collaborative planning, effective behavioral supports, related services, functional independent living skills acquisition, cultural issues for children preschool to adulthood, who are taught in the public schools. A curriculum will be developed that is functional, relevant, and implemental. Prerequisite(s): SPED 4123 or 5123.

**SPED 5900 - Practicum In Special Education**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

**SPED 5910 - Seminar / Special Topics**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

**SPED 5920 - Workshop**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

**SPED 5930 - Individual Study**
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.
### Graduate Course Descriptions

**SPED 5940 - Field Study**  
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

**SPED 5950 - Internship**  
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

**SPED 5960 - Institute In Special Education**  
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study.

**SPED 5970 - Study Tour**  
Credit will vary. Subject matter will vary within the department’s field of study.

**SPED 5990 - Thesis**  
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

**STATISTICS (STAT)**  
Department of Mathematics and Statistics

**STAT 5103 - Applied Experimental Design**  
Topics for this course basic concepts of experiments and experimental error, analysis of variance of one-, two-, and three-way classifications, and nonparametric statistics. Prerequisite(s): STAT 3103 with a minimum grade of “C”.

**STAT 5123 - Mathematical Statistics II**  
This course will introduce and investigate the central limit theorem, distribution about the mean, Student’s t, chi-squared, and Snedecor’s F-distributions, point and interval estimation, hypothesis testing, regression and correlation analysis, and analysis of variance. Prerequisite(s): STAT 4113.

**STAT 5213 - Applied Regression Analysis**  
Topics for this course will include multiple regression, logistic regression, survival analysis, proportional hazard models, and time series analysis. Data will be analyzed using SAS. Prerequisite(s): STAT 3103.

**STAT 5253 - Quality Control**  
Topics in this course include random samples, frequency distributions of sample data, sampling distributions, sampling acceptance plans, rectifying inspection, and the general theory of control charts. Prerequisite(s): STAT 4113 or 5113 and 4303.

**STAT 5263 - Computer Applications in Statistics**  
This course will include programming techniques, data organization, selection and interpretation of statistical tests as applied to SPSS (Statistical Package for Social Studies). Prerequisite(s): STAT 3013 with a minimum grade of C.

**STAT 5303 - Non-Parametric Statistics**  
Topics in this course include distribution-free statistics, techniques of hypothesis testing with data drawn from a population that is not distributed in a particular manner, the binomial test, the sign test, the median test, the Cochran Q test. Prerequisite(s): STAT 3103 or 4113 or 5113.

**STAT 5353 - Probability Theory**  
This course provides the student with a thorough treatment of the mathematical structure and application of probability. Topics include principles of combinatorics, the fundamentals of probability, conditional probability and independence, random variables, mathematical expectation, the Weak and Strong Laws of Large Numbers, and the Central Limit Theorem. Emphasis will be placed upon building a strong foundation for the more advanced study of probability and statistics. Prerequisite(s): STAT 4113.

**STAT 5423 - Data Fitting**  
Topics in this course include fitting data to a linear equation, a polynomial, an orthogonal polynomial, and an exponential growth curve. Piecewise polynomial fitting will also be discussed. Prerequisite(s): CMSC 1613 and STAT 3103.

**STAT 5513 - Statistical Consulting**  
In this course, students will provide statistical consulting services to clients from the community. Students will be working on-site, meeting with the clients, developing statistical questions, and collecting data. They will then analyze the data and prepare both written and oral reports to be given to the clients. Prerequisite(s): STAT 5103 or 5213 or 5253 or 5313.

**STAT 5590 - Practicum In Statistics**  
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

**STAT 5910 - Seminar / Special Topics**  
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

**STAT 5920 - Workshop in Statistics**  
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

**STAT 5930 - Individual Study In Statistics**  
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

**STAT 5940 - Field Study In Statistics**  
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

**STAT 5950 - Internship In Statistics**  
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

**STAT 5960 - Institute In Statistics**  
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study.

**STAT 5970 - Study Tour**  
Credit will vary. Subject matter will vary within the department’s field of study.

**STAT 5980 - Graduate Project**  
A contemporary problem provided by business and industry and selected with consideration of the interests and abilities of the individual student. Prerequisite(s): Written permission of instructor required.

**STAT 5990 - Thesis**  
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

**TEACHING ENGLISH AS A SECOND LANGUAGE (TESL)**  
Department of Curriculum and Instruction

**TESL 5123 - Foundations Of Bilingual/Multicultural Education**  
This course provides an overview of the history, philosophy and theoretical framework of bilingual/multicultural education, including the legal aspects of federal and state involvement. The purpose, instructional models, and populations served by bilingual education will be examined. Upon completion students will be able to discuss...
the issues concerning the development, the effectiveness, current trends, and future projections for bilingual/multicultural education programs in the U.S. Students will also develop a personal educational philosophy regarding cultural and linguistic diversity.

TESL 5133 - Methods & Materials Bilingual Instruction
This course is designed to provide knowledge of current trends, methods, strategies and resources related to instructional issues and practices in bilingual settings. Upon completion, students will demonstrate proficiency in designing and adapting curriculum materials for bilingual classrooms, and planning and implementing bilingual instruction. Prerequisite(s): permission required.

TESL 5143 - Teaching Reading To English Language Learners
This course will examine the basic considerations for teaching reading to limited English speakers. Topics will include: the role and importance of literacy, assessment, readiness, language comprehension/skills development, and instructional materials, strategies and resources.

TESL 5163 - ESL In Content Areas
This course will provide a rationale for cultural and linguistic considerations in content area instruction for students who are limited English proficient. Different approaches and specific techniques for teaching English as a second language in content areas will be examined, specifically in social studies, science, and math. Upon completion, students will demonstrate an ability to design curriculum which integrate content area processes and ESL methodology.

TESL 5212 - Cultural/Linguistic Diversity In Schools
This course will examine the influence of culture and language on individual learning styles, behavior patterns and understanding of academic content. Theoretical and practical considerations for synthesizing multicultural curriculum design with language and concept development will be explored. Upon completion students will be able to utilize techniques and strategies that promote cross-cultural awareness and understanding and academic achievement for all students in multilingual, multicultural classrooms.

TESL 5313 - Testing/Evaluation In The Bilingual/ESL Classroom
This course will examine the issues and concerns of language and achievement assessment in bilingual education and English as a second language programs. Various standardized test will be reviewed and analyzed. Principles and techniques of teacher-made test construction will be studied and applied in the development of an original assessment instrument. Upon completion students will prepare a professional quality assessment profile of an English language learner. Prerequisite(s): TESL 5783 or TESL 5143 or TESL 5163.

TESL 5413 - Language Structure For ESL Teachers
This course provides practical as well as theoretical information related to the fundamentals of the structure of language as it pertains to the teaching and learning of English language learners in the school setting. Students will be able to apply their understanding of the underlying processes of the ability to produce and interpret oral and written language by developing and analyzing teaching strategies and materials for second language learners.

TESL 5522 - Integrating Technology for ELL
Integrating Technology for English Language Learners examines the potential role of microcomputers, the internet, and other contemporary technologies in the effective planning and delivery of 21st century curriculum. Primary emphasis is placed upon the appropriate use of technology to facilitate learning for English language learners.

TESL 5763 - Second Language Acquisition
This course will provide an extensive review of research and literature in the field of second language acquisition. Students will examine the developmental nature of second language proficiency and the various factors that influence the process.

TESL 5783 - Teaching English as Second Language
This course provides the theoretical and practical foundations for teaching English as a second language. Upon completion, students will demonstrate a proficiency in utilizing ESL methodology, managing an ESL classroom and in developing and adapting supplementary materials for ESL instruction.

TESL 5883 - Teachers as Researchers
This course examines action research, an approach to research involving self-reflective, systematic inquiry by education practitioners for the purpose of studying and improving their own practice. Identification of problems to investigate, research design, data collection, data analysis, data interpretation and technical writing are presented. The ethics of action research with human subjects is addressed. Students plan and implement a practice-based action research project and report on the outcomes of their study. Students writing a thesis will complete the thesis proposal in place of the action research. Prerequisite(s): TESL 5763 and PTE 5013.

TESL 5900 - Practicum
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

TESL 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

TESL 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

TESL 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

TESL 5940 - Field Study
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

TESL 5950 - Internship
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

TESL 5960 - Institute
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study.

TESL 5970 - Study Tour
Credit will vary. Subject matter will vary within the department’s field of study.

TESL 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

THEATRE ARTS (THRT)
Department of Theatre Arts

THRT 5213 - Shakespeare on Film
This course will guide students in exploring how Shakespeare’s plays have been adapted for film using both early cinematic techniques and modern technology. Reading a number of Shakespeare’s play and viewing movie interpretations will serve as a base for analysis, lectures, discussion and an in-depth research project and oral presentation. Prerequisite(s): Graduate standing.
Graduate Course Descriptions

THRT 5303 - Global Theatre
This course surveys the theatrical traditions of global theatre in a variety of forms including realistic and not-realistic performances. The theatrical arts of various countries will be studied not only for their intrinsic value, but as key to understanding the cultural components which compose our global world. Prerequisite(s): Graduate standing.

THRT 5353 - History Of Theatre Beginning -1660
This course provides the student with a comprehensive survey of the development, important issues, prominent artists, and pivotal events in the history of the theatre from its beginning to 1660. Students will conduct independent exploration into selected aspects of theatrical development. Prerequisite(s): Graduate standing.

THRT 5363 - History Of Theatre 1660-Present
This course provides the student with a comprehensive survey of the development, important issues, prominent artists, and pivotal events in the history of the Theatre from 1660 until present. Students will conduct independent exploration into selected aspects of theatrical development. Prerequisite(s): Graduate standing.

THRT 5713 - Play Production
This course is a study of the techniques and philosophies of directing plays in the contemporary theatre and emphasizes actual practice through the preparation and presentation of scenes from modern and classic plays, producing and directing a short play and preparing in-depth studies of modern professional theatre directors. Prerequisite(s): Graduate standing.

THRT 5900 - Practicum In Theatre Arts
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

THRT 5910 - Seminar / Special Topics
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study.

THRT 5920 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given.

THRT 5930 - Individual Study
Credit will vary from 1 to 4 hours. Subject matter will vary within the department's field of study.

THRT 5940 - Field Study In Theatre Arts
Credit will vary from 1 to 9 hours. Subject matter will vary within the department’s field of study.

THRT 5950 - Internship
Credit will vary from 1 to 8 hours; subject matter will vary within the department’s field of study. Supervised practical experience gained in a professional field by an advanced or graduate student.

THRT 5960 - Institute
Credit will vary from 1 to 8 hours. Subject matter will vary within the department’s field of study.

THRT 5970 - Study Tour
Credit will vary. Subject matter will vary within the department’s field of study.

THRT 5980 - Study Abroad: Place Holding
Temporary course associated with study abroad college coursework. Allows a student to be recognized as enrolled. These courses are replaced by approved articulated academic courses once the study abroad experience has ended and the appropriate records have been received by the UCO Registrar's office. Student pays tuition and fees at UCO.

THRT 5990 - Thesis
Credit will vary from 1 to 6 hours. Subject matter will vary within the department’s field of study.

UNIV 5000 - Workshop
Credit will vary from 1 to 4 hours. Subject matter will vary within the department’s field of study. Normally involves lecture, films, guest speaker, etc. A grade of “P” or “F” is given. No more than 2 hours of workshop may be counted on a master’s degree.
