2020 Oklahoma City Campuses Annual Security Report – Information and Known Offenses.......................................................... 74
A message from President Neuhold-Ravikumar to the UCO community:

Providing a safe and secure environment for our campus community in which to work and learn is a top priority for the University of Central Oklahoma. The 2020 Annual Security and Fire Safety Report demonstrates the host of activities our institution engages in to ensure your safety. This report, along with the Code of Student Conduct, details the many safety resources available to our campus community. The contents of this report have been prepared to ensure that all students, faculty, staff and prospective members of our community are aware of programs, processes and statistics associated with our various safety and security programs. This report is compliant with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, as well as the Violence Against Women Act.

If you wish to obtain paper copies of this report you may do so by visiting the Police Services building, Office of Human Resources in Bausher Place, General Counsel's office in the Old North Building or the Admissions Office in the Nigh University Center. Police Services will mail you a paper copy upon request. You may reach them by calling (405) 974-2345. Digital copies are available via the UCO website. As this report reflects, Central is a safe learning and living environment for our nearly 15,500 students, 1,800 employees and thousands of annual visitors. Thank you to the members of our campus community that work diligently each day to keep us safe.

Sincerely,

Patti Neuhold-Ravikumar
President
Important Contact Information

405 Area Code – Be advised that as of April 24, 2021 ten-digit dialing within the 405-area code will be mandatory as it will overlay with the new 572 area code. No area code is needed when dialing 9-1-1 from any cellular or land-line telephone. Remember that dialing from a UCO extension requires dialing “9” to get an outside line – except for 9-1-1.

Clery Act Reporting Requirements

Each institution of higher education receiving federal financial assistance under the programs authorized under Title IV of the Higher Education Act of 1965 is required to disclose annual information about campus crime and security policies as well as timely warnings in certain situations. The Clery Act (Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, 1990, as amended) specifically requires that colleges and universities have in place and disclose policies, practices and procedures including those listed below:

- Policies regarding procedures and facilities for students and others to report crimes or other emergencies on campus and the university’s response to such reports.
- Policy concerning security of and access to campus facilities, including residences, and security considerations used in the maintenance of campus facilities.
- Campus law enforcement policies, including enforcement authority, and policies encouraging accurate and prompt reporting of crimes.
- Description of the type and frequency of programs designed to inform students and employees about campus security procedures and crime prevention procedures and practices to encourage students and employees to be responsible for their own security and security of others.
- Annual reporting of statistics concerning the reported occurrence on campus, in or on non-campus buildings or property, and on public property, the following criminal offenses: murder, forcible or non-forcible sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, manslaughter, arson, arrests of persons referred for campus disciplinary action for liquor law violations, drug-related violations and weapons possession, and crimes in which the victim is intentionally selected
because of ethnicity, disability, national origin, or gender identity. Additionally, the report must report known crimes of domestic violence, dating violence and stalking.

- Policy concerning the monitoring and recording through local police agencies of criminal activity at off-campus student organizations recognized by the university that are engaged in by university students, including student organizations with off-campus housing facilities.
- Policy regarding possession, use and sale of alcoholic beverages and enforcement of state underage drinking laws.
- Policy regarding possession, use and sale of illegal drugs and enforcement of federal and state drug laws
- Description of drug and alcohol abuse education programs
- Campus sexual assault programs and procedures to prevent sex offenses
- Where information concerning registered sex offenders may be obtained
- Information regarding emergency response and evacuation procedures
- Policies, procedures, statistics and programs associated with sexual misconduct
- Fire safety information and statistics/equipment for campus residential facilities
- Policy regarding missing student notification procedures

The University of Central Oklahoma (UCO) has implemented the Campus Safety and Security Reporting Policy which can be viewed at https://sites.uco.edu/files/legal-policies/campus-safety-and-security-reporting.pdf. This policy articulates requirements under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) and specific responsibilities of offices across campus to help ensure compliance. This 2019 report complies with Clery Act requirements in place for the current year.

The University of Central Oklahoma divisions, departments and offices responsible for developing and implementing these policies, practices and procedures include the Division of Student Affairs, UCO Police, Emergency Management, Environmental Health and Safety, Physical Plant (a unit of Facilities Management), Housing and Dining Services, Office of Information Technology, Office of Legal Counsel & EEO/Title IX (Title IX Coordinator and Compliance Coordination) and the Athletic Department. In addition to working with appropriate campus offices and individuals, the university works with other law enforcement agencies to collect appropriate criminal statistical data for inclusion in the report.

This Security and Fire Safety Report is created and issued annually under authority of the President by UCO Police, with assistance from the Department of Housing, Title IX Office, Legal Counsel, Office of Student Conduct, University Communications, Office of Information Technology and other offices as may be appropriate.

Of Interest for 2020

UCO IN OKLAHOMA CITY

Campus educational and other activities continue to grow in Oklahoma City. These include the UCO at Carnegie Centre classroom and meeting spaces in the downtown central business district, the UCO at Santa Fe Plaza learning center in downtown Oklahoma City, the Academy for Contemporary Music (ACM@UCO) in the Bricktown district just east of downtown, and the CHK Central Boathouse in the Oklahoma River District immediately southeast of the Bricktown district, and other offices located in the Oklahoma City area. This report includes information on reported crime, programs and other details associated with these institutional activities in the final section of this year’s report.
SMART DEVICE SAFETY APP

Our Safety App for smart phones and other portable devices is an important safety tool for the UCO community. Launched in 2016, the safety app is a component of our overall emergency and community safety communication programs. Information about the Safety App is provided within this report.

LOST AND FOUND PROPERTY MANAGEMENT

In 2019 UCO changed its policy on Lost and Found Property. See page 15 for information about what to do with property belonging to others that is found, and where to search for items you may have lost that may have been turned in to the university. You can still report items as missing to UCO Police, but all other elements of the Lost and Found Property process are now handled by UCO Physical Plant.

FIREARMS ON CAMPUS

During November 2019 Oklahoma law changed to allow an individual to carry a firearm without a permit. This change in law does not change the law that prohibits carrying firearms on a college campus. See page 10 for more information.

INCLUSIVE COMMUNITY RESPONSE TEAM

The Inclusive Community Response Team (ICRT) works closely with leaders, offices, and departments across campus to coordinate the university’s response to incidents of bias, hate, and prejudice within the Central community. The ICRT Bias Reporting Tool can be found at www.uco.edu/ICRT. This tool allows members of the community to report these incidents.

ICRT will share reports with the departments, offices and officials that are qualified to investigate these incidents and will identify and impose sanctions on responsible parties as appropriate; ICRT also will connect reporting parties to on-campus support networks and resources and will work with Central’s leaders to formulate a timely and effective campus-wide response. For more information or to submit a report please see the ICRT web page.

COVID-19 INFORMATION

The COVID-19 virus poses a direct threat to the health and safety of UCO community members and will through 2021, and possibly beyond. UCO follows guidance from the Oklahoma State Department of Health and the U.S. Centers for Disease Control in regard to how to manage the virus within our community. Our goal is not to replicate efforts of state or county offices, but rather ensure that our students and employees are as safe as possible.

Students and employees are required to report to UCO if they have tested positive for COVID-19, have symptoms of the virus, or when a person has learned of a direct exposure through close contact with a person who has the virus. You can submit a report via the COVID-19 Self-Reporting Form. The form requires that you sign in using your UCO credentials. Persons who report having tested positive or having symptoms will be contacted by member of UCO's COVID-19 Response Team for purposes of performing contact tracing. This effort is focused on UCO impacts only and may be duplicative of efforts performed by the Oklahoma State Department of Health or your local county health department. UCO is taking this step to ensure prompt identification of persons who may be at risk from exposure so we can more quickly direct them into quarantine thereby making our campus as safe as possible. Forms submitted by or on behalf of full-time employees of the university are evaluated and contact traced by UCO Human Resources. Student forms are evaluated and contact traced by UCO staff or students who are members of the main response team.
If you submit a form for yourself related to being directly exposed, you may not be contacted directly by UCO, but instead will receive an email with information regarding the need to quarantine and the duration of quarantine required.

UCO community members can submit a form to notify the university about another person (co-worker, student, etc.) who has the virus or who may have been exposed. In this instance, UCO will make contact with the person who is the subject of the report. The person making the report will receive an automated acknowledgement, but may not be contacted by a member of the team.

In addition to managing reports of persons impacted by the virus, UCO has and will continue to expend resources on Personal Protective Equipment (PPE) including sanitation supplies. Any employee needing PPE for their classroom, office or other work area should submit through their Building Captain a work order via the FAMIS work order system requesting the materials. Materials can then be picked up at the Facilities Management building as directed by staff in that department. PPE available may include disposable masks, disposable gloves, disinfecting wipes and sanitizing gel. A work order can also be submitted requesting that a space be disinfected when it is known that a person who has the virus has been in a space recently.

It is important that any person who believes they have been exposed to the virus or who has symptoms be tested. UCO recommends that individuals take a PCR test rather than a Rapid test. Free testing on campus may be available through a partnership with private vendors or other governmental offices depending on funding and other factors. If you get tested (PCR or Rapid), and the results show you are positive for the virus it is required that you report this information to UCO via the Self-Reporting Form and that you immediately move into isolation. If you have been exposed to a person who has the virus (or is symptomatic), it is also required that you report this information to the university and that you move into quarantine. If you live on campus, officials will coordinate with you to ensure you are temporarily housed in a safe environment.

DO NOT come to campus (unless you live on campus) if you have the virus, symptoms of the virus or if you have been exposed to someone with the virus. This means you may not come to campus for classes, to work, or for any other purpose. UCO has established processes where most activities including class attendance can be performed virtually. Your professor/instructor should be contacted regarding continued academic participation via virtual or other alternative methods where possible.

Together we can all work together to help keep our campus safe from COVID-19. For more information about UCO’s COVID-19 efforts please go to the UCO COVID Response page. This page includes links to information including UCO’s COVID dashboard.

Availability of Annual Report
The university will produce a final report for publication via the UCO web site and paper copies as may be appropriate. Notification of the availability of the report will be made to all currently enrolled students, faculty and staff members. Notification will be made to each individual by electronic means or via individual mailings. The report will be available to all interested persons, including prospective students and prospective employees via the UCO internet web site http://www.uco.edu/annualsecurityreport by the required federal deadline of each year. The report is viewable and downloadable in Adobe® PDF or other formats as may be appropriate. Please note that the 2020 report is being issued in December pursuant to an extension granted by the U.S. Department of Education to assist colleges with compliance due to impacts of the COVID-19 virus.
Upon request, paper copies of the report can be obtained by visiting or calling the Office of Human Resources (Bausher Place), Office of Undergraduate Admissions (Nigh University Center), and Police Services. You can be connected to these offices by calling the UCO Campus Operator at (405) 974-2000. If you desire a paper copy of the report mailed to you at no cost please contact UCO Police at (405) 974-2345.

**Timely Warning Policy**

In the event that a situation arises, either on or off-campus, that, in the judgment of university officials, constitutes an ongoing or continuing threat to the UCO community, a “timely warning” will be issued. The university officials who evaluate each situation and exercise judgment as to issue or not issue a timely warning may include the university President, Provost, Vice President of Enrollment and Student Success, Vice President of Operations and Finance, Vice President of University Communications, Emergency Management Director, and the Campus Chief of Police. Warnings may be issued via various methods (e-mail, UCO web page notification, Central Alert system, network pop-up message, Safety App, press release to local media, posters, flyers, memorandums, etc.) depending on the nature of the threat. If the threat does not pose a risk to the entire university community, the timely warning will be addressed to those community members who are subject to risk. These notifications will be issued without delay.

**Daily Crime Log**

A daily crime log is available for review 24-hours a day at the UCO Police Services Building, 100 N. University Dr., Edmond, OK 73034 (on the east side of University Drive, just north of Campbell St.). The information in the crime log includes the police incident number, crime classification, date reported, date occurred, time occurred, general location and disposition of each crime. The log does not include names of parties involved except for the names of persons arrested.

The [Daily Crime Log](#) is also available via the UCO Public Safety web page.

**Campus Security Authorities (CSA)**

Pursuant to the Clery Act, UCO has identified individuals from across our campus who are required to serve as Campus Security Authorities. These include:

- Police and security staff
- Housing staff
- Athletic coaches, trainers and administrators
- Student organization sponsors
- Student Affairs staff including International Student program staff, Campus Life, Greek Life
- Faculty with responsibilities or duties with students beyond the classroom
- Others that have a significant responsibility for student and campus activities

Each CSA is required to complete a training program coordinated by UCO Police, which includes mechanisms for forwarding reports to UCO Police and other campus offices such as Title IX and Student Conduct and overall responsibilities of a CSA.

A CSA is responsible for reporting Clery Act crimes they discovered themselves or which they learned about in good faith from others. These crimes (including weapons, drug, alcohol offenses, dating violence,
stalking, etc.) are reported to UCO Police Services who will investigate the incident or refer it to the appropriate office or agency for investigation.

The Incidents reported by CSAs will be included in the Annual Security and Fire Safety report when it is appropriate. CSAs are required to report Clery reportable incidents that occur off campus including incidents related to student travel (international and domestic) activities.

A CSA is NOT responsible for determining whether or not a crime took place – that is the responsibility of UCO Police Services or the law enforcement agency having jurisdiction. A CSA should never attempt to apprehend an alleged perpetrator of a crime. This too is the responsibility of law enforcement. It is also not the responsibility of a CSA to try and convince a victim of a crime to contact law enforcement if the victim chooses not to do so. However, if the crime is a sex crime, including sexual harassment, UCO policy requires that it be reported to the appropriate law enforcement agency for investigation except as prohibited by law (see Counseling and Confidential Crime Reporting).

CSAs who have not completed training, due to being new in their position or for any other reason, should call UCO Police Services at 974-2345 to sign up for the next available training opportunity or to obtain information regarding completing training on-line.

**Reporting Concerning Behaviors and Other Incidents**
UCO has an online reporting system that can be used by CSA’s or any person, including the victim of an incident, to report incidents such as concerning behaviors of others. This system delivers reported details to selected members of UCO’s response staff via email and therefore should not be used when time is critical. This reporting mechanism should not be used to report incidents that require an immediate response by police, fire or ambulance personnel. It is intended as an accessible means to report on incidents that have happened. If you have concerns that a person(s) may be planning to harm themselves or others, call 9-1-1.

You can submit reports via UCO’s reporting system via the following link in this report:

**Link:** [REPORT CONCERNING BEHAVIORS](https://cm.maxient.com/reportingform.php?UnivofCentralOklahoma&layout_id=1)

**General Information – Reporting Crimes/Incidents**

**Crime Reporting**
Crime victims and witnesses to a crime, regardless of the crime, are encouraged to promptly report incidents to the UCO Police or the appropriate police agency. To report a crime, the victim, if he or she elects to, or witness, needs only to call the police and a police officer will meet them to gather information. An official report will be made with copies available to the victim after a completed investigation. Each month, the number of incidents in each category of crime are counted and reported to the Oklahoma State Bureau of Investigation, which in turn provides the information to the Federal Bureau of Investigation.

Report of incidents reportable under the Clery Act can also be made to any person on campus who is a Campus Security Authority, a Resident Assistant in University Housing or another professional staff person...
in University Housing, personnel from the Division of Student Affairs including the Student Conduct Office staff, Legal Counsel, and the Title IX Coordinator.

Any and all reports that pose a potential threat to the university community will be assessed and a Timely Warning or Emergency Notification issued depending on the nature and severity of the reported information (see also Timely Warnings elsewhere in this report).

Each year the FBI publishes crime statistics in their Crime in the United States report which includes accurate accounting of the known criminal incidents that occurred on the UCO campus.

To report a crime in progress, call 9-1-1 or you can call UCO Police directly via 405-974-2345.

Confidential Crime Reporting
Confidential reporting of crimes is allowed at UCO. If for a personal reason, a person does not wish to report an on-campus crime or suspected crime to the police, that person may anonymously report it. UCO Police will always accept anonymous or confidential reports. An attempt will be made to investigate the crime if the reporting party provides adequate information and is supportive of the investigative action. In cases where no investigation is possible to verify the information provided, the statistics generated (if applicable to the Clery Act) will be identified via a caveat in the statistical portion of the Annual Report to reflect their status as anonymously reported. Reports will be taken via telephone, mail, e-mail or in person if the reporting person so chooses.

An additional method of making a confidential report is via the UCO Broncho Five-O program. This is a reporting method similar to Crimestoppers. It is available via telephone 24 hours a day by calling (405) 974-3483. Persons may report crimes that have occurred, or any information they may have about a criminal incident including those that have not occurred but are being planned and the caller has that information. The new UCO Safety App is another method of referring information to police via the “Submit A Tip” feature.

UCO Police Services (also known as University Police, Campus Police, UCO Police, or DPS), a division of Public Safety, encourages all persons to report any criminal activity, suspicious conduct, and other general emergencies to campus police via 9-1-1 from any campus or cellular telephone. Calls from a campus phone do not require entering “9” before entering 9-1-1. We are partnered with the City of Edmond’s Emergency Operations Center for all 9-1-1 related calls.

See the Sexual Misconduct section of this report for additional information about reporting, including other means to report a sexual assault to other than the campus or local police department.

Crimes in Progress or Other Emergency Reporting
To report an emergency (fire, smoke, crime in progress, medical/injury), persons should contact Police Services via 9-1-1, (405) 974-2345, an interior SafeWalk phone, exterior emergency phone, cellular phone or in person at their headquarters facility located on North University Drive, directly west of the Education Building. You can also use the UCO Safety App for smart phones that has a communication button that calls UCO Police directly and that gives us your location. Any reporting method will stimulate the response of police, fire, ambulance or other first responders. In addition, the victim of a serious crime can request support personnel, such as ministers and rape crisis or domestic violence counselor, during or after reporting the incident.

Additionally, crime victims may be eligible for funds through victims’ compensation laws administered by the Oklahoma County District Attorney’s office.
Prompt reporting of criminal activity to the police enables a quick response, a timely warning if deemed appropriate, and a safer campus for everyone.

If you are the victim of a crime or a witness to one, you should do the following:

1. Call police immediately: Dial 9-1-1 for emergencies or call (405)974-2345 to reach UCO Police directly.

2. Obtain a description: Attempt to obtain a description of the offender(s), including gender, age, race, hair, clothing and distinguishing features. Also attempt to obtain a description and license plate number of any vehicle(s) involved. Note the direction of travel of any offender(s) or vehicle(s) and report these to the police.

3. Preserve the crime scene: Do not touch any items involved in the incident. Close off the area of the incident and do not allow anyone in the crime area until police arrive.

**Obtaining Police Reports**

When an official police report is filed, upon request, a copy of the report will be provided to the person reporting the incident if that person is the victim of the crime. Anyone can request a copy of a report or inquire about reported crime or incident by calling the UCO Police at 405-974-2345.

Persons who are not victims of the crime reported will be able to review basic report information on any incident reported. The basic information will include the date and time of the incident and when it was reported, the location of the incident, the classification of the crime or non-criminal incident, the name(s) of any persons arrested and the names of the UCO Police personnel involved. Reports made to other law enforcement agencies must be requested from that agency. The general report information on each reported crime or incident is available for public inspection 24 hours a day at the UCO Police Services Building located west of the Education Building on N. University Drive.

Requests for incident reports or traffic collision reports by persons involved will generally be processed when the investigation is completed. UCO faculty, staff and students are not charged for obtaining report copies when involved in the reported incident.

The UCO Police are committed to complying with the Oklahoma Open Records Act and obligations under the Freedom of Information Act (F.O.I.A.) without undue delay, but realizes that under certain circumstances the release of records may have an impact on victims, witnesses and the integrity of investigations. If an investigation is ongoing and still open, a request for any related UCO Police report may be denied and information of a personal nature will be withheld or redacted where the public disclosure of such information would constitute an invasion of privacy or be harmful to the investigation.

Requests by the general public for report information beyond the basic information required under the Oklahoma Open Records Act must be made to the University Communications office. They can be reached by calling (405)974-2307 to obtain information about how to make a F.O.I.A. request or for other assistance regarding police report availability.

Broad requests for statistical information or reports for research or other public or private purposes may incur a reasonable charge for time spent and the cost of printing at the discretion of the university.
Firearms on Campus

Oklahoma law, Title 21, section 1272 dealing with Unlawful Carry of firearms changed November 1, 2019. The change in law removes the requirement for persons to obtain a permit to carry a firearms concealed or not concealed assuming the person meets certain requirements.

This does NOT CHANGE Title 21, section 1277, which prohibits carrying a firearm onto any college or university property unless it meets one of four exceptions:

1. A weapon (firearms and other weapons) may be locked and otherwise properly stored in a vehicle parked in a designated parking area of campus.
2. Any property authorized for use of firearms and other weapons – UCO only allows firearms for specific academic/program purposes pre-approved by the President.
3. Any campus property authorized for a specific individual by written consent of the President.
4. Law enforcement officers, on-duty or off-duty, may carry a firearm without specific permission from the President. Armed on or off-duty officers attending an event on campus where security screening is taking place may be required to enter at specific door or gate and will be provided information about expectations from UCO Police regarding being armed at the event.

Any person found to be in possession of a firearm on campus property who does not meet a lawful exception is subject to arrest and prosecution.

Security of Facilities and Access to Residential/Other Areas

The UCO campus is open to the public. There are scheduled times for all campus-building lockups and unlocks. These duties are performed by UCO Police staff and others responsible for facility security. UCO Police conduct building security checks seven days a week year-round. Students may be authorized to be in a building after lockup if they are under the direct supervision (physically present) of a faculty or staff employee or have pre-authorized written permission.

An informational publication (Student Housing Handbook – Your Guide to Campus Living) is provided by Housing and Dining Services as a guide for living in residence halls or other student housing. Each residence hall is staffed twenty-four hours a day by department personnel. All resident rooms and windows are equipped with locking devices. Educational programs are presented periodically to residents to increase awareness of safety and security issues. University housing facilities are patrolled by university police officers on a regular basis. Residents are encouraged to keep doors and windows locked. Tenants should report any suspicious activity to UCO Police immediately.

Maintenance of Campus Facilities:

Security is provided in the maintenance of the university's facilities through a number of mechanisms. University departments coordinate maintenance efforts to ensure that safety and security components of university facilities are continuously working properly. Mechanical or electrical failures in locks or other security components are repaired promptly. A frequent survey of exterior campus lighting is completed by members of Police Services as well as members of Department of the Physical Plant and staff from the Office of Housing and Dining Services to ensure they are working properly. Prompt repairs are made in all cases.
Access Control and Surveillance Cameras:
The Access Control Unit is a part of the Operations Division of the university. This unit is responsible for all matters related to key issuance and lock management for UCO facilities. Access Control also provides maintenance of locking hardware, doors, and other lock/door related assets. Key issuance and card access system authorizations within residential facilities is managed by staff from Housing and Dining Services.

Faculty and staff needing key(s) for a particular location on campus must initiate a request with their Building Captain who, once it is approved at the departmental level, will submit a work order through UCO’s FAMIS Work Order system. Access Control staff then verify the information in the work order and process the request. The Building Captain and the faculty or staff member is then notified that the key(s) is available for pickup at the Police Services Building. Keys may be picked up or turned in during normal business hours. Faculty and staff who are leaving employment with UCO must turn in all issued keys through Police Services pursuant to the employment exit process overseen by the Office of Human Resources (974-2366).

Department supervisors may submit a key request form as soon as a new employee has accepted an offer of employment. Access Control will process the request, and will either deliver the key to the new employee on the first day of employment (new employee orientation) or the key will be available for pick-up at Police Services once notification has been made to the recipient.

Keys/Card access for academic or administrative structures will not be issued to undergraduate students except in special circumstances. A vice president’s approval is required before any key is issues to an undergraduate student for an academic or administrative building. Problems with lock cores, broken or damaged keys, or other problems that prevent access or closure should be reported to Access Control immediately. If a problem exists that prevents a facility from being secured as is necessary, it should be reported to Police Services immediately so that alternative security actions can be implemented until repairs can be completed.

UCO has installed electronic access control equipment linked to a community member's institutional identification card in a number of facilities, including the Nigh University Center and most residential housing areas.

UCO has installed surveillance cameras in several facilities as of the time of this report with plans to expand in coming years. Camera recordings can be reviewed at any time by UCO Police at their facility and they can also be viewed live. Any person in a UCO parking lot or in a UCO building (including off-site campus operations) should be aware that their presence and movements may be recorded by cameras depending on their location. No cameras are or will be installed in restrooms, dressing rooms or individual offices pursuant to UCO policy.

Police Enforcement Authority
UCO operates its own full-time, full-service police department. UCO police officers are duly commissioned State of Oklahoma police officers. A university’s authority to maintain its own police agency and individual officer authority comes from Oklahoma State Statute (74 O.S. 360). Each police officer is certified by the Oklahoma Council on Law Enforcement Education and Training via attendance at the state-sponsored fourteen (14) week police academy at their facility in Ada, Oklahoma, or through approved alternate programs. UCO police officers have full police powers on property owned by UCO and any other property contiguous to property of UCO pursuant to an agreement with the City of Edmond. UCO police officers also have limited authority within the City of Edmond pursuant to the same agreement. Greek housing facilities, which are privately owned, fall under the Edmond Police Department’s primary jurisdiction.
The department’s mission is: “Serve, Support and Protect the University of Central Oklahoma Community.” Police officers perform a variety of tasks which include but are not limited to: emergency response, investigation of criminal activity, accident and fire response, traffic enforcement, SafeWalk service, assistance for stranded motorists, crime prevention, financial transports, security for special events and facility security.

In addition to enforcing local, state and federal laws, police officers are also authorized to enforce rules of conduct articulated in the Code of Student Conduct prepared and distributed by the Division of Enrollment and Student Success. Applicable sections of that document are duplicated in this report to meet Clery Act requirements. Non-commissioned personnel working for UCO Campus Police and all other university authorities are empowered to enforce university regulations and may, as United States citizens, enforce local, state and federal laws where applicable.

**Arrest Authority of Campus Police and Other Personnel**

Commissioned UCO Police personnel have full arrest authority as provided by Oklahoma state statute. UCO Police Services employs a number of non-commissioned security personnel to provide basic security services in various areas of the campus. These employees, as well as residential housing staff, museum personnel, and others provide basic and variously defined security functions on campus and during off-campus events involving UCO students or employees. During the course of their duties, any of these personnel, as well as all other UCO personnel, have the right and responsibility under law to affect an arrest of a criminal violator pursuant to “citizen’s arrest” powers where circumstances permit. Referral to UCO police officers of all criminal matters, where immediate custodial arrest of an alleged perpetrator is necessary, is strongly encouraged in all but the most extreme circumstances where immediate action could possibly prevent physical injury.

**Working Relationships with other Law Enforcement Agencies**

UCO Police Services maintains an excellent professional working relationship with city, county, state and federal law enforcement agencies.

- **City of Edmond** – Our partnership with the City of Edmond Police Department is critical to our daily operations. The agencies coordinate investigation efforts, patrol activities, emergency response, special events and training on a routine basis. UCO and the City of Edmond have Memorandum of Understanding that articulates jurisdictional boundaries, court and jail access, and training initiatives. We also share a radio network to enhance communication between agencies.

- **City of Oklahoma City** – UCO owns or controls several properties within the city limits of Oklahoma City. UCO and Oklahoma City have a Memorandum of Understanding that articulates jurisdictional responsibilities and other essential partnership components to help ensure our properties and their occupants are safe and secure.

- **Oklahoma County Sheriff’s Office** – We work frequently with deputies and reserve deputies who provide assistance at special events on campus.

- **AT&T Digital Evidence and Cyber Security Laboratory** – The state’s primary digital evidence lab is located at UCO, in the W. Roger Webb Forensic Science Institute. The lab is managed by the Oklahoma State Bureau of Investigation (OSBI). It is staffed by law enforcement personnel from the OSBI. The lab serves the entire state and investigates a wide range of criminal activity that involves digital evidence.

- **UCO Police Services** works with other municipal, county, state and federal law enforcement agencies on a continual basis to better serve the university community.
Community Policing at UCO

For more than a decade UCO police have maintained a community-policing beat system to improve information exchange between campus police and members of the UCO community and to help delineate daily patrol activities geographically across campus. Police officers routinely conduct foot or bicycle patrols on campus and use the beat system to coordinate communication amongst members of the community and to focus daily efforts inclusive of crime prevention activities in response to possible crime threats. The beats are divided along geographical lines and/or by functional similarity. All campus facilities and grounds are incorporated into one of the six individual beats. For more information, please call the Police Services Crime Prevention Unit at (405) 974-2345.

UCO Police also serve the community through our Ambassador programs. Every UCO police officer is assigned a specific community group and engages that group continually to help build relationships, trust and facilitate a safer community for everyone. These groups are based both on geographical considerations such as residential facilities, but also defined student, or other campus groups.

Emergency Phones

Emergency phones connected directly to the Police Services Communication Center are located at various locations across campus, including the first floor of academic buildings. Exterior phones may be mounted to a structure or be pole mounted. These phones are tested frequently by Police Services staff. Several newer phones are radio-based and solar powered. Regardless of radio or landline, the location of the phone is known to the Police Services Communication Center when a call comes in. These phones may be used for emergencies or non-emergencies such as requesting information, directions or assistance of a non-emergency nature. UCO is continuously seeking to expand the emergency phone network on campus. If there is a location on campus you would recommend an emergency phone, please call Police Services at 974-2345 or e-mail the information to police@uco.edu. Indoor phones were replaced in the summer of 2017 with brand new equipment and are easy to locate in each building due to their “yellow” coloring and signage. In 2018 and 2019 new exterior wall-mounted phones were installed in at least ten (10) locations across campus. These phones are easy to locate by their bright blue light which illuminates continuously and is highly visible even in direct sunlight.

SafeWalk

Individual circumstances, the time of day or even the weather can create anxiety for someone needing to walk to their car or to another building or location on campus. To help alleviate safety concerns, UCO Police operate the SafeWalk program. At any time of the day or night and any day of the year, staff from UCO Police Services will respond to your campus location and escort you to your next campus destination. The program serves all members of our community and our campus visitors.

Requests for a SafeWalk escort cannot be scheduled in advance due to various events and other requests for service that may exist at any given time on campus. Persons may request an escort by calling 405-974-2345 from a cellular or land-line telephone or by using one of the SafeWalk phones located on the first floor of most university academic buildings, via an outdoor emergency phone or via UCO’s RAVE Guardian Safety App for smart devices. When making the request, you will be asked your exact location and your general description so that staff can more easily locate you. If you are waiting in a vehicle, we will also need a description of the vehicle and will ask you to remain inside the vehicle with the doors locked until we arrive. Response times will vary due to other activities taking place on campus, but generally wait times are less than ten (10) minutes and sometimes only a minute or two. During the evening hours, SafeWalk service is provided by student Community Service Officers employed by the UCO Police.
This service is also available during selected times at UCO’s Oklahoma City operations (Carnegie Building/Santa Fe Plaza and Academy of Contemporary Music) during selected days and times. Generally, availability is Monday through Thursday during the evening hours of the fall and spring semester. To find out if you can get a SafeWalk from these locations call UCO Police at 974-2345.

Sex/Violent Offender Registration
UCO Police Services operates a registration system for persons who have been convicted of sexual or violent offenses that require registration pursuant to federal or state law. UCO works with the City of Edmond Police Department and the Oklahoma Department of Corrections in exchanging information regarding persons who must register with UCO pursuant to legal requirements.

The Campus Sex Crimes Prevention Act (CSCPA) of 2000 is a federal law that provides for the tracking of convicted sex offenders enrolled at, or employed by, institutions of higher education. The CSCPA is an amendment to the Jacob Wetterling Crimes Against Children and Sexually ViolentOffender Act. The CSCPA further amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders.

In addition to federal law, Oklahoma law (Title 57, Sections 583-584) requires anyone required to register as a sex offender to do so with both their local law enforcement agency (where they live) and the police or security department of any institution of higher education at which they are enrolled as a student (full or part-time), are an employee (full or part-time), or reside on any property owned or controlled by the institution of higher education.

Any individual who works at, lives at and/or is a current student at UCO that has been convicted of specific sex or violent offenses must register with UCO Police Services. Pertinent data will be collected and be available for public inspection pursuant to law. UCO registration information is available for inspection 24 hours a day at the UCO Police Building or by calling (405) 974-2345.

Persons who fail to register will be subject to prosecution. Registration with UCO is required in addition to registration with the local police department where they reside. It is the convicted person’s responsibility to know whether or not to register with campus police and to ensure that registration is completed pursuant to law. Questions related to registration or persons needing to register may contact Police Services at (405) 974-2345.

Criminal Activity at Off-Campus Facilities
The Edmond Police Department, Oklahoma City Police Department and other departments, as may be appropriate, provide information to UCO regarding incidents that involve students and student organizations that are officially recognized by the institution. There is no official policy or law that requires notification by other law enforcement agencies of when students are involved in criminal activity off campus. If information about off-campus criminal activity involving a student or employee is obtained, UCO may, at its discretion, pursue disciplinary action through the Office of Student Conduct (students) or through the Office of Human Resources (employees). We also receive information from Campus Security Authorities (coaches, residence hall staff, program sponsors, etc.). These include Greek organizations and other student organizations, athletic teams, clubs, and individuals. Appropriate statistical data is collected from these agencies and included in the UCO Annual Security and Fire Safety Report required by the Clery Act. UCO Police Services actively seeks information from other law enforcement agencies regarding off-
campus incidents involving student organizations/groups and will forward summary details to other university offices where it is appropriate and lawful.

**Lost and Found**

During the spring of 2019, UCO updated its policy on how found property is managed on campus. Previously all property was delivered to the UCO Police. The new policy requires all property found on campus be delivered to the UCO Physical Plant offices. Physical Plant personnel will make every attempt possible to identify and contact owners of property turned into their office. Property not claimed within 30 days may be destroyed or otherwise lawfully disposed of.

A student can deliver any found item to any business office on campus closest to where the item was found. If this is not known, the student can deliver it to the Physical Plant offices located inside the Facilities Management building at the north end of campus. University employees are required to deliver or arrange for delivery to the same location, any item turned in to them. This must occur within five (5) business days for routine items and the same business day for items of obvious value. This policy does not prohibit any employee from calling an owner of an item when that item’s ownership is known.

Item can be dropped off after-hours at the Police Services building located along University Dr. A collection box, checked frequently by Physical Plant staff, is located in the lobby.

If you have lost an item please call 405-974-2247 (Physical Plant) during business hours to inquire as to whether or not it has been found. If it has not been found, you can report it as missing to UCO Police. Items believed to have been stolen should be reported to UCO Police immediately.
2020 Annual Fire Safety Report for Residential Facilities

UCO’s facilities and buildings were constructed to meet the existing fire and life safety codes when originally constructed. Campus facilities have a number of fire protection features. Facilities are equipped with fire alarm systems that report to the Edmond Fire Department through the UCO Police Communication Center. The university has aggressively pursued networking of building fire alarms. UCO continues to upgrade fire panels in all academic and residential buildings that include voice-addressable capabilities. Police Services has an alarm-receiving panel within the police department which monitors all network-capable building fire alarm systems. Most, but not all, campus buildings now have networked, voice-addressable fire alarm systems.

In addition to alarms, the university has fire suppression sprinkler systems in all new buildings including the largest structures on campus. Buildings protected by sprinkler systems are:

- W. Roger Webb Forensic Science Institute
- Center for Transformational Learning
- Nigh University Center
- Howell Hall and Laboratory Annex Building
- Education Building
- Chambers Library
- Evans Hall
- The Commons (Residential)
- The Suites (Residential)
- Murdaugh Hall (Residential)
- The Transformative Learning Quadrangle (The Quad) (Residential)
- Mitchell Hall Theater (2016 addition only)
- Donald Betz STEM Research and Learning Center
- Liberal Arts (North and South)
- Hamilton Field House
- Sports Performance Center
- Bausher Place
- Sports Performance Center
- Old North
- Wantland Stadium

These systems are inspected annually and tested/maintained through a contract with a private-sector company with expertise in these systems. Additionally, more than 700 fire extinguishers are located throughout the campus (including residential areas) for use by occupants and trained emergency response personnel. These extinguishers are inspected regularly.

In addition to extinguishers, items that assist in fire-related emergencies are emergency lights and exit signage. UCO officials work closely with the Oklahoma State Fire Marshal and the City of Edmond Fire Department to ensure that all steps possible are taken to protect lives and property from fire and smoke. UCO’s fire safety efforts are coordinated by the Emergency Management division of UCO Public Safety – 405-974-2216.

Residence Life Fire Safety Information
Sections of the “Student Housing Handbook – Your Guide to Campus Living” are included in this section to aid in understanding fire and life safety activities/responsibilities at UCO.

Fire Alarm Equipment and Training
The fire alarm system, fire extinguishers, smoke detectors, fire evacuation charts, exit lights, and exit signs are installed for the residents’ protection.

The tampering with, theft of, or vandalism of fire equipment can result in criminal prosecution, disciplinary measures, and/or possible fines. The University regards false fire alarms and arson as serious threats to the well-being of the residence hall communities.

Residents may receive a half-hour of fire safety training when six (6) or more residents request such training. This training will be conducted by the UCO Police and the Department of Environmental Health and Safety to improve survivability in a fire. Residents may request this training through their RA during the first thirty (30) days as a resident in UCO Housing. Once per semester, there will be an unannounced fire evacuation exercise conducted by the Housing staff, UCO Police, UCO Emergency Management, and local Emergency First Responders. All rooms/apartments may be checked for evacuation, and any residents who do not vacate their room/apartment and/or any other part of their Housing facilities may be subject to disciplinary action, including, but not limited to, a fine and community service hours.

Smoke Detectors
Each bedroom and living room in student housing has a smoke detector. Some detectors sound an alarm within an individual room, while others sound an alarm throughout an entire building.

In Murdaugh and West Hall, UCO Police are not immediately notified when a room detector alarm sounds. Anyone who discovers or suspects a fire should pull a building fire alarm box, located in the hallway, to summon the fire department, alert others in the building, and exit the building immediately.

In The Quad, University Commons, and University Suites, the smoke detectors are hard wired throughout the building. Initially, the smoke detectors will sound in the room, and in case of actual fire, will set off the
alarms throughout the building. Fire alarm pull boxes are also available. The Quad, University Commons, and University Suites have voice annunciation fire alarms.

Students are encouraged to report any problems with these systems to the Housing Office. Smoke detectors are checked by Housing staff monthly during pest control waves to ensure they are in working order.

Sprinklers
Sprinklers are used to suppress fire. They are heat activated. *Do NOT cover or hang anything, such as hangers or decorations, on the sprinklers.* This can cause the sprinklers to activate and cause major damage to individual rooms/apartments, furniture and personal items. Residents responsible for triggering the sprinklers for non-emergencies will be responsible for damage charges to their room/apartment and personal belongings and other residents’ rooms/apartments and belongings therein.

Fire Safety and Evacuation Regulations
All residents are required to follow the fire and safety regulations listed below:

- Fire Evacuation Exercises are required to ensure that residents know what to do in the event of a fire.
- All residents should locate the fire exits on their floors and should be on the alert to prevent fires.
- Residents should be familiar with the fire instructions that are posted in each room/apartment.
- All residents and visitors are required to evacuate the building when the fire alarm is sounded. Those refusing to cooperate with UCO Housing staff, UCO Police, and/or evacuate the building are subject to disciplinary action. Housing staff may key into the rooms to check for evacuation during evacuation exercises or actual fire situations.

Fire Alarm Evacuation Assistance:
*If a resident has any type of temporary or permanent condition, syndrome, or disability that would require additional assistance during an emergency evacuation or evacuation exercise, the resident is strongly encouraged to contact their Hall Director and Disability Support Services in advance. Residents should refer to section III. A., for the contact number of the Housing front desk to pre-arrange for special assistance during emergency evacuation exercises.*

Fire Evacuation Procedures
1. Residents should feel their door to see if it is hot. If hot, DO NOT OPEN! Residents should go to their window and make their presence known. If their door is warm, residents should put weight against the door and open slowly. If safe, evacuate.
2. Close the door (Residents are reminded to take their keys when possible).
3. Calmly and quickly exit the building using the nearest exit.
4. Once outside, move away from the exit so that emergency crews can get into the building unimpeded and move to your designated meeting area.

**Meeting areas for residents are listed below by building:**

</tbody>
</table>
5. Do not re-enter the building until told to do so by a Housing staff member, UCO Emergency Management Team Member, or UCO Police.

6. Do NOT interfere with any emergency personnel or University officials.

7. **In the event of a fire:**
   - Pull the fire alarm or call 9-1-1. Fire alarms are located on each hallway.
   - Notify UCOPD and/or an RA immediately. They may require assistance in evacuating the residence hall. Residents who will provide assistance during an evacuation will be determined in advance.
   - If possible, contain the fire by closing the door.
   - No matter how small the fire is and even if it is already extinguished, report the fire incident to UCO Police or an RA immediately. • If there is a fire, use the stairs. **DO NOT USE THE ELEVATOR.** The elevators may shut down in the event of a fire alarm sounding.

---

**Emergency Management at UCO**

UCO maintains a comprehensive emergency response plan that is compliant with the National Incident Management Systems (NIMS). We have also formed a campus emergency response team (Crisis Management Team) as well as a threat assessment team (TAT) and behavioral assessment team (BAT) to facilitate communication for the purpose of mitigating potential crises whether they are internal or external to the university community. UCO also provides National Incident Management System (NIMS) training to faculty and staff to maintain our compliance with federal regulations in this regard. UCO was the first university in Oklahoma and one of only a few in the region to appoint a full-time emergency management coordinator. This position helps coordinate UCO’s emergency management initiatives.

In 2011, 2014, and again in 2017, UCO was awarded recognition by the National Weather Service as a “Storm Ready University” through their nationwide program. Signs announcing this designation have been placed at strategic entry points of the university. This recognition means that UCO is prepared in regard to communication mechanisms and sheltering plans to help keep our community safe during a severe weather event.

---

**Notification to University Community about an Immediate Threat**

When UCO Police, Emergency Management, Environmental Health and Safety, the President or other executive of the institution confirms an emergency that poses an immediate threat to the health or safety of some or all members of the university community, the UCO Police and/or Emergency Management will utilize systems described under the Timely Warning section of this report to communicate the threat to the UCO community. The threat notification may be limited to the appropriate segment of the community if the threat is limited to a particular building or segment of the population. UCO Police, Emergency Management or authorized university executive (President and other members of the Crisis Management Team), without delay – and considering the safety of the community, will determine the content of the notification and initiate the notification system unless issuing a notification will, in the judgment of the responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

---

**Central Alert**

UCO’s **Central Alert** program is the emergency notification system that allows authorized UCO officials to send news and instructions simultaneously to individuals through landline phones, cellular phones, text messaging, e-mail and social media. The benefits of the Central Alert system are its immediacy and direct access to individual campus members through multiple points of contact.
Central Alert complements tools the university already has in place to respond to a range of emergencies that may include weather-related closings, environmental health crises, public safety incidents and other unique emergency situations. In the event of an actual emergency, the university will continue to relay critical information using the most appropriate options from our full range of notification resources. We urge all community members to rely on information provided by UCO directly. Rumors and other misinformation are common as information is exchanged through texting or social media. UCO will do everything possible to keep you updated and aware. That said, UCO is not a news source. We are an information source so that you can act to help ensure your safety.

All students, faculty and staff are encouraged to update their contact information through either the Central Alert Portal or the Personal Information Portal on the Home Tab in UCO’s portal, UCONNECT (http://uconnect.uco.edu). Students can also add their parent’s home phone or e-mail to the list so they can be aware of information communicated through this system. There may be a charge from your cell phone provider for each text message you receive. UCO will only use this system in emergencies and for authorized system tests.

Each community member can also opt-in for weather-related messages. **Unless weather poses an immediate threat, UCO will not normally utilize a community-wide Central Alert to inform community members of campus closings or other general weather information.** Weather messaging is focused on university closures but may be used in an extreme weather emergency such as a tornado. UCO will utilize other communication systems to provide warnings and information related to weather that threatens the campus. By opting-in for weather messages, community members can receive this information directly from UCO as soon as it can be communicated. As with all text messages sent via Central Alert, the weather information message may incur a charge from your cell phone provider.

**Medical Emergencies**

Steps to take in a medical emergency:
1. Do not move the patient unless his or her life is in danger.
2. Have someone stay with the patient until help arrives.
3. Call 9-1-1. Tell them your name, your exact location and a brief description of the problem. Do not hang up until told to do so.
4. Meet emergency personnel to guide them to the patient.

UCO partners with the City of Edmond’s Communication Center for 9-1-1 related communication matters. They will notify EMSA (the Oklahoma City metropolitan area ambulance service) as well as paramedics from the Edmond Fire Department. UCO Police will also respond, when notified, to assist the patient and other emergency responders.

UCO has installed approximately 30 Automated External Defibrillators across campus. These devices are stored in conspicuous locations in white wall-mounted boxes. They are to be used by those trained in CPR and AED usage to assist patients who are experiencing life-threatening cardiac arrhythmias.

UCO partners with a private provider to operate the Student Health Center located in the Wellness Center. It is open during business hours, Monday through Friday. Appointments and inquiries can be made by calling 405-974-3115.
Emergency Response and Evacuation Procedures

- In the event of a confirmed emergency or dangerous situation on campus or an incident off campus that threatens the campus community, UCO will, without delay, initiate our emergency communication plan through mechanisms described below.

- UCO will evaluate each circumstance believed to pose a threat to the safety of our community members and determine the proper mechanism(s) and content of emergency communication message(s). Emergency notifications may not be immediately initiated if, in the opinion of UCO authorities, they would compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

- Awareness of an emergency can come from any source. UCO Police Services is normally, but not always, the starting point for evaluation of emergencies that may impact the campus community. When an emergency is reported, the information is forwarded to UCO authorities that comprise the Crisis Management Team (CMT). The CMT will promptly evaluate the emergency, determine who within the community needs to be notified, determine the content of the notification, the means of notification and initiate the emergency communication. UCO Police/Emergency Management will immediately issue an emergency notification if delaying the notification could result in possible injuries or deaths.

- Persons who comprise our Crisis Management Team who are responsible for carrying out this process are the following UCO personnel (list current as of publication date of this report):
  - President: Dr. Patti Neuhold-Ravikumar
  - Co-Provosts/Vice President – Academic Affairs: Dr. John Barthell and Dr. Charlotte Simmons
  - Vice President – Operations and Finance: Mr. Kevin Freeman
  - Vice President – Enrollment and Student Success: Dr. Christopher Lynch
  - Vice President – University Communications: Ms. Adrienne Nobles
  - Vice President – People and Culture: Ms. Diane Feinberg

Support for CMT:
- Executive Director/Chief of Police – Public Safety: Mr. Jeffrey Harp
- Director - Emergency Management/Public Safety: Mr. Norman Nieves

- Procedures for disseminating emergency information to the larger campus community are included in our emergency communication plan. The means by which a message will be delivered to the campus community may include but are not limited to:
  - Central Alert (voice, text message, e-mail)
  - UCO Safety App (Rave Guardian)
  - Net Notify (computer network pop-up system)
  - Office Calling Trees
  - Residential Housing Notification Procedures
  - Voice Addressable Fire Systems (available in all academic buildings and most residential facilities)
  - UCO Web Site
  - UCO Closing Line
  - UCO’s official Facebook page
  - UCO’s official Twitter account
  - Media notifications
  - Public address via police megaphone/vehicle and outdoor warning system

- Testing of our various emergency systems and procedures occur no less than annually:
  - Our Central Alert system and other communication systems are tested no less than annually and more often when appropriate. The exact date and time are not announced, but an e-mail message is sent to community members prior to the week of the planned testing.
Evacuation testing occurs in each residential structure each semester. These are not advertised in advance, but generally occur in the first weeks of the semester during the afternoon or evening hours when the largest population is likely present.

Warning/Evacuation system testing of non-residential campus structures occurs periodically. These are performed without notice, during the business/class day.

UCO's voice-addressable fire alarm system includes an outdoor warning system with speakers mounted on five building rooftops. We test these with a “tornado” siren activation the first Friday of each month after 5:00 p.m. These tests may be cancelled if there is rain, lightning or other severe weather in the area, or if the system has been activated for an actual weather warning in the weeks prior to the first Friday of the month. This system is designed to be heard outdoors as a warning to seek shelter from severe/tornadic weather immediately. It is not designed to be heard inside our buildings.

The City of Edmond outdoor weather warning system can be heard at many exterior locations on campus. The city tests their system regularly.

UCO conducts emergency situation exercises at least once annually. These may be a table-top exercise in partnership with other governmental agencies, a functional exercise or full-scale exercise. These are scheduled in advance, but the context of the simulated emergency is not known to responders until the exercise commences.

UCO has installed Emergency Procedure Guides in more than 900 locations across campus. At each location, the wall-mounted holder for the guide includes a shelter location designation sticker specific to that particular location. In addition, emergency exit maps for each structure are installed across campus. These maps are specific to the exact location where they are installed and include a visual guide to primary and secondary emergency exit routes as well as a listing for the nearest severe weather shelter. These maps include a glow-in-the-dark background to ensure visibility if the lights are not working.

In a Campus-Wide Emergency, such as a tornado or other event that threatens the entirety of the main campus, UCO officials will communicate with community members as rapidly as possible on actions that may include a campus-wide evacuation or information to shelter or lock-down depending on the nature of the emergency. The means to communicate this information will be the same as those listed above.

If a campus-wide evacuation is necessary an order to cease all activities will be communicated via multiple methods. All persons who have driven a car to campus should move immediately to their parked vehicle and orderly and safely drive away from campus, following all traffic regulations and traffic controls. Traffic controls may include police officers providing traffic direction. Persons who walked or bicycled to campus should leave campus by the most expedient route. Persons who arrived on campus via the CityLink bus system, should proceed to the bus stop located at Ayers and University Drive, or walk west from campus to the main CityLink station located behind the market pavilion near 2nd and Broadway in downtown Edmond. Persons who live in university residence facilities should report there unless directed otherwise.

In the event of an order to shelter in place, or to seek shelter in a severe weather shelter area, all persons should remain there until further communication from university officials is delivered via various mechanisms.
Safety App for Smart Phones and Devices

Since August of 2016 UCO has partnered with Rave Guardian® to implement a safety application for smart phones and other hand-held devices. The app, once installed and set up by the user using their UCO email address, is specific to UCO and is available for download through the Google Play store for Android users and the Apple App Store.

The app has a number of features to help aid in personal safety. They include:

- An Inbox to receive messages from UCO in the case of a Timely Warning or Emergency Notification.
- Safety Timer: You can set a Safety Timer for times when you want others to be notified if you don’t check in. For example, you can set a 30-minute timer for a jog in the neighborhood. If you don’t clear the timer, it will send a message to your Guardians. UCO Police will be a Guardian for all users and if activated, it will show UCO Police your location and other information about you.
- Submit Tip: You can send information to UCO Police much like Crimestoppers. You can pick from a list of situations and then specify a location or other information.
- Call UCO Police Services: This button lets you call UCO Police directly via your cell phone. It also activates software at UCO Police Headquarters that shows the police your location and other information about you. Police cannot track you, ever, unless you use this feature or the Safety Timer feature.

The app is free and available now to members of the UCO community. If you have questions about the app or how to set up non-UCO accounts that link to yours under the Guardian app call UCO Police at (405)974-2345 for assistance.

Natural Disasters

The following information is a guideline to aid you in determining what action you should take in severe weather or other natural events.

**Tornado Watch:** Conditions are such that storms capable of producing a tornado may develop.
**Tornado Warning:** Either a tornado has been sighted or it is highly probable that one will develop. A warning will be signaled by the storm warning sirens operated by the City of Edmond and via warning systems on campus.

The City of Edmond tests its warning sirens once a month on a Saturday at noon. This test occurs unless weather conditions exist that might lead to confusion between a test and an actual weather emergency. UCO tests its outdoor systems the first Friday of the month after 5:00 p.m.

**Tornado Precautions:**
1. If you are in the warning area, seek shelter immediately. There are designated severe weather best areas of refuge on campus in the following buildings:
   a. Chambers Library – basement
   b. Transformative Learning Quadrangle (The Quad – Residence Facility) – basement
   c. Nigh University Center – first floor, north end corridors and rooms
   d. Howell Hall – basement
   e. Communication Building – basement
   f. Murdaugh Hall (Residence Facility) – basement
   g. Mitchell Hall Theater – basement of new addition on north side of building
   h. Donald Betz S.T.E.M. Building – first floor NE corner classroom
   i. Sports Performance Center – NW corner locker rooms
   j. Liberal Arts South – large auditorium in SE corner of first floor
   k. Baucher Place Dining Hall – west side corridor and meeting room – first floor
   If you cannot move to one of these primary areas, move to the lowest area of the building nearest you (or the one you are in) and seek shelter in an interior bathroom or other interior space without windows. Each Guide to Emergency Procedures (red binder) installed on campus in classrooms, labs, etc., is labeled with the nearest severe weather shelter location (listed a.-k. above) specific to the location of the space you are currently occupying.
2. If you are in a vehicle, get out and seek shelter in a sturdy building. If a building or other structure is not available, a depression such as a ditch or ravine offers some protection, but be alert for flash floods.
3. Do not open windows. This can actually increase damage to the building. Stay away from windows and exterior doors.
4. Basements, interior hallways on the lower floors and small interior rooms on the lower floors off the best shelter.
5. Do not attempt to turn utilities on or off.
6. Report injuries and damage to UCO Police at 405-974-2345. After the “all clear” announcement is made, leave badly damaged buildings and do not attempt to return unless directed to do so by emergency personnel.

**Earthquakes:**
1. Outdoors:
   a. In an earthquake, if you are outside, stay outside. Move away from trees, signs, buildings, electrical poles and wires. Protect your head with your arms from falling bricks, glass, plaster and other debris.
   b. Move away from fire, smoke or the smell of natural gas.
   c. Proceed to the emergency assembly area for your group if safe to do so. Check with your supervisor to determine your meeting location if you do not know it. If you are a student, follow the instructions from your class instructor/professor or emergency response personnel.
2. Indoors:
a. Immediately take cover under tables, desks or other objects that may give you protection against flying and falling glass and debris.
b. If you are not near a sturdy object, make yourself as small as possible and cover your head and neck.
c. In an earthquake, you can also stand in a doorway. Brace yourself against the frame and watch out for swinging doors, other people and falling debris.
d. Avoid overhead fixtures, windows, filing cabinets, vending machines, bookcases and other heavy objects that could fall or shatter.
e. Stabilize any laboratory procedures that could lead to further damage or injury (turn off gas or electrical equipment).
f. After the effects of a significant, damage-causing earthquake have subsided, evacuate the building, move to open ground and call UCO Police to report any injuries, trapped persons or other immediate crisis. Please remember that in an earthquake that causes damage, persons in a wide area may be in peril from injury or being trapped in debris. Remain calm and patient and help others to move to safety within your ability to do so.

Active Shooter Response Training for Community Members: A.L.i.C.E. Program

When a hostile person(s) is actively causing deadly harm or the imminent threat of deadly harm within a building or other location, it is important that you be prepared to act.

UCO has adopted the A.L.i.C.E. active shooter civilian response training program. A.L.i.C.E. stands for Alert, Lockdown, Inform, Counter, and Evacuate.

This program is founded on the principle that to survive an active shooter emergency, you must be prepared to acknowledge a threat without delay and then Run, Hide or Fight. UCO’s Emergency Management Unit is prepared to train any interested UCO community members in this valuable and potentially life-saving program at no cost.

Classes can be tailored around the needs of the group and can include a one (1)-hour program on basics or a four (4) hour comprehensive program where attendees simulate a response to a life-threatening active shooter.

For more information on the A.L.I.C.E program at UCO, including seeking information on attending an open class for individuals, please call UCO Emergency Management at (405)974-2345.
Missing Student Notification

Pursuant to the Clery Act, UCO has implemented protocols to ensure that all reasonable and proper steps are taken in the event a student is discovered to be missing. The policy that has been implemented is as follows and is primarily directed at students who live in our residence halls, but may be implemented to aid other students on a case-by-case basis:

UCO Missing Student Notification Policy

The purpose of this policy is to establish procedures for the university’s response to reports of missing students, as required by the Higher Education Opportunity Act of 2008. This policy applies to students who reside in campus housing, including off-campus apartment units leased by the university for student residents. Any person (student, staff or faculty) believed to be missing from the campus unexpectedly shall be immediately reported to the Police Services Unit.

For purposes of this policy, a student will be considered missing, if a roommate, classmate, faculty member, family member or other campus person has not seen the person in a reasonable amount of time. A reasonable amount of time may vary with the time of day and information available regarding the missing person’s daily schedule, habits, punctuality, and reliability. Individuals will be considered missing immediately, if their absence has occurred under circumstances that are suspicious or cause concerns for their safety. If the initial report that a person is missing is made to a department other than the Police Services Unit, the employee receiving the report will ensure that the Police Services Unit is contacted immediately.

Note: In order to avoid jurisdictional conflicts when an off-campus and/or commuter student is believed to be missing, the reporting person should immediately notify local law enforcement authorities. The UCO Police Services Unit will assist external authorities with these investigations as requested.

Police Services will conduct an initial investigation to determine if the person appears to be missing, or has simply changed his/her routine unexpectedly, and whether or not there is reason to believe the person is endangered. If the reporting person does not make this report within 24 hours, the institution will.

Police Service officers will check student’s login records, dining records, class schedules, interview fellow students, faculty and resident hall staff, and use other methods to determine the status of a missing person. From this initial investigation, the scope will continue to expand to make attempts to determine the location of the person reported missing to assure he/she is safe.

Should Police Services not be able to locate a person reported missing within twenty-four (24) hours of the report, Police Services would then notify the persons designated emergency contact. In the event that no separate emergency contact is identified, a parent or guardian as listed in university records will be contacted. Students should be sure that this contact knows how to reach the student in the case of an emergency, and have a general idea of the student’s general daily routine and any travel plans. This person should be someone you trust to aid officers in determining your whereabouts, or verifying that further investigation and/or entry into national missing person databases is warranted.

NOTE FOR STUDENTS UNDER AGE OF 18 AND NOT EMANCIPATED: For any student under the age of 18 who is not emancipated, the university must notify a custodial parent or guardian no later than 24 hours after the time the student is determined to be missing. For any situation in which a missing person is believed to be endangered, this notification will be made as early as possible while officers are continuing to investigate.

Additional Missing Person’s Information: In regard to Missing Person’s reports, information that is registered by the student will be confidential (assuming no FERPA release has been filed), and the
information will only be accessible to authorized campus officials and it will not be disclosed, except to law enforcement personnel in the furtherance of a missing person investigation.

Alcohol, Drugs and Weapons on Campus

Portions of the UCO Code of Student Conduct (2020/2021) are duplicated in this report in regard to alcohol, drugs and weapons. For information on alcohol and drug abuse education programs please see Primary Crime Prevention and Awareness Programs in this report.

Alcohol Policy Statement

Use, possession, manufacture, distribution, and being under the influence of alcoholic beverages and/or low point beer as defined in 37 O.S. §163.2 except as expressly permitted by state law and regulations, or public intoxication on campus properties, in University Housing and any student organization housing, or other University sponsored activities, unless explicitly and lawfully approved by authorized University of officials for students is strictly prohibited. (Regional University System of Oklahoma Policy Manual; section 4.4.3.b.) This policy is applicable to alcohol in liquid or powdered forms.

It is also strictly prohibited to drive, operate, or be in actual physical control of a motor vehicle (47 O.S. §11-902):

Unlawful use, sale, possession, manufacturing, cultivation, being under the influence of or distribution of any federally controlled substances (illicit drugs including marijuana), in any form, or drug paraphernalia, on University-owned or controlled properties, including University Housing, University vehicles, any recognized student organization housing, or University sponsored activities, including all student organization activities, is prohibited. Furthermore, individuals with Medical Marijuana Registry cards are not permitted to use or distribute medical marijuana on campus. Intentionally or recklessly inhaling or ingesting substances (e.g. nitrous oxide, glue, paint, etc.) that will alter a student’s mental state is also prohibited.

Weapons Policy Statement

Except as provided for by statute or University policy, no person may possess any weapon while on University property or participating in any University activity. University property includes the campus grounds, buildings, classrooms and offices, vehicles, or other premises owned, leased to, or controlled by the University. University activity includes, but is not limited to, normal daily business and educational activity and any University-sponsored function or activity.

Specifically, illegal or unauthorized possession, usage, or storage of firearms, explosives, electronic control devices, such as Taser or other stun guns, other weapons, or dangerous chemicals on University premises in a manner that would reasonably be expected to threaten, harm, incapacitate, or cause fear to other
University community members is prohibited. The possession or firing of firearms, fireworks, explosives, ammunition, replica firearms (as referenced in section 1 of 8.12.025 of the Edmond, OK Municipal Code) or weapons such as bb guns, paintball guns, rifles, bows, swords, metal knuckles, blackjacks, hand chains, daggers, bowie knives, dirk knives, spring-type knives, switchblade knives, loaded canes, billy clubs, knives and inappropriately-used knives or bladed instruments by students is prohibited on-campus, in any sorority, fraternity, or University-operated housing facilities, except as used in officially approved University programs. Lawfully stored handguns may not be removed from vehicles without prior valid written consent of the college or University President while the vehicle is on University property. (21 O.S. 1277.) To obtain permission to safely and lawfully store or display unloaded and approved weapons while on campus property, contact the University of Central Oklahoma Police Department at (405) 974-2345.

1. **Exceptions to General Prohibition**

   Nothing contained in this policy shall be deemed to prohibit the use of dangerous chemicals in the normal conduct of classes or labs, in Physical Plant functions, in the operation or maintenance of equipment or motor vehicles, or in University functions where the use has been approved. Nothing contained in this policy shall be deemed to prohibit the use of fireworks by a professional fireworks presenter who is insured and has permission of the University to stage a fireworks display. Nothing contained in this policy shall be deemed to prohibit the use of weapons such as archery equipment or martial arts devices, in the normal conduct of classes, labs, in sanctioned student organization functions or in University functions where the use has been approved. Nothing contained in this policy shall be deemed to prohibit the possession or use of firearms or other weapons by the Military Science Department (ROTC).

2. **Oklahoma Self-Defense Act**

   No person in possession of any concealed handgun pursuant to the Oklahoma Self-Defense Act is authorized to carry the handgun into or upon University property. Under 21 O.S. §1277, the following property shall not be construed as prohibited for persons having a valid concealed handgun license:

   a) Any property set aside for the use of any vehicle, whether attended or unattended, provided the handgun is carried or stored as required by law and the handgun is not removed from the vehicle without the prior consent of the University president while the vehicle is on University property;

   b) Any property authorized for possession or use of handguns by University policy; and

   c) Any property authorized by the written consent of the University president, provided the written consent is carried with the handgun and the valid concealed handgun license while on University property.

   Lawfully stored handguns may not be removed from vehicles without prior valid written consent of the college or University President while the vehicle is on University property. (21 O.S. 1277.) To obtain permission to safely and lawfully store or display unloaded and approved weapons while on campus property, contact the University of Central Oklahoma Police Department at (405) 974-2345.

*Persons who have a valid Oklahoma carry permit pursuant to the Oklahoma Self Defense Act must have written permission from the UCO President to carry a firearm on campus. Currently employed and commissioned city, state or federal law enforcement officers are not subject to this approval process.*
The Behavioral Assessment Team (BAT) is a multidisciplinary team that meets on a regular basis to review and respond to reports of behavior by a university student, employee or visitor that may pose a threat of self-harm or a threat to the campus community and intervene at the earliest possible point. Team members coordinate resources and implement a coordinated response with the goal of providing assistance to the individual while mitigating risk in an effort to keep UCO healthy and safe. Participants in BAT include representatives from Student Affairs, Counseling Services, Housing and Dining, UCO Police, Legal Counsel, Athletics, and Academic Affairs.

The Threat Assessment Team (TAT) is made up of a smaller number of BAT members and meets on an as-needed basis in the occurrence of what they deem is an imminent danger of threatening behavior to the UCO community.

1.2.1 POLICY STATEMENT: The University of Central Oklahoma ("University"), is committed to providing a safe and non-discriminatory learning, living, and working environment for all members of the University community. The University does not discriminate on the basis of sex in any education program or activity that it operates and it is required by Title IX of the Education Amendments of 1972 ("Title IX") and U.S. Department of Education rules not to discriminate in such a manner. The requirement not to discriminate in its education programs and activities extends to admission and employment. Inquiries about the application of Title IX to the University may be referred to the University's Title IX Coordinator, the Assistant Secretary of the U.S. Department of Education, or both. Conduct prohibited by this policy includes, without limitation, sexual harassment, non-consensual sexual contact, non-consensual sexual intercourse, sexual exploitation, complicity in the commission of any act prohibited by this policy, and retaliation against a person for the good faith reporting of any of these forms of conduct or participation in any investigation or proceeding under this policy (collectively, "Prohibited Conduct"). These forms of Prohibited Conduct by any member of the University community may be a violation of federal or state law, as well as Regional University System of Oklahoma's and University policy, and will not be tolerated.

This policy is intended to provide notice of discriminatory practices that are contrary to Title IX of the Education Amendments of 1972 ("Title IX") or Title VII of the Civil Rights Act of 1964 ("Title VII"). In addition, this policy is intended to fulfill certain obligations under the Violence Against Women Reauthorization Act of 2013 ("VAWA") and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act").

It is the responsibility of every member of the University community to foster an environment free of Prohibited Conduct. All members of the University community are encouraged to take reasonable and prudent actions to prevent or stop an act of Prohibited Conduct. The University will take prompt and equitable action to eliminate Prohibited Conduct, prevent its recurrence, and remedy its effects and will support and assist community members who take such actions. Employees or Students who violate this policy may face disciplinary action up to and including termination or expulsion.

This policy applies to all reports of Prohibited Conduct occurring on or after the effective date of this policy. Where the date of the Prohibited Conduct precedes the effective date of this policy, the definitions of misconduct in existence at the time of the alleged incident(s) will be used. The procedures under this policy, however, will be used to investigate and resolve all reports made on or after the effective date of this policy, regardless of when the incident(s) occurred.

1.2.2 SCOPE OF POLICY: This policy applies to all University education programs or activities which includes locations, events, or circumstances over which the University exercises substantial control over both the respondent and the context in which the discrimination or sexual harassment occurs and also includes any building owned or controlled by a student organization that is officially recognized by the University. This policy supersedes any conflicting provisions that may exist in policies addressing other forms of discrimination and harassment. Where Prohibited Conduct violates this policy and also violates other policies, the University's response will be governed by the procedures referenced in this policy.

Questions about which policy applies in a specific instance should be directed to the University's Title IX Coordinator at (405) 974-2380.

1.2.3 REPORTING PROCEDURES: Procedures for reporting violations of this policy are described in the following sources:
A. WHERE THE RESPONDENT IS A UNIVERSITY STUDENT OR EMPLOYEE: The procedures for responding to reports of Prohibited Conduct committed by Students are detailed in the University's Procedure Related to the Investigation and Resolution of Complaints Involving Sexual Discrimination and Harassment, Section 1.3 of the University's Policies and Procedures accessible at the following URL: https://www.uco.edu/offices/policy/

B. WHERE THE RESPONDENT IS A THIRD PARTY: The University's ability to take appropriate corrective action against a Third Party will be determined by the nature of the relationship of the Third Party to the University. The Title IX Coordinator will determine the appropriate manner of resolution consistent with the University's commitment to a prompt and equitable process consistent with federal law, federal guidance, and this policy.

1.2.4 DEFINITIONS: For the purposes of this policy, the following definitions and provisions apply:

A. COMPLAINANT: A Complainant is an individual who is alleged to be the victim of any prohibited conduct under this Policy.

B. DATING VIOLENCE: The term "dating violence" means violence committed by a person-

(1) who is or has been in a social relationship of a romantic or intimate nature with the victim; and

(2) where the existence of such a relationship shall be determined based on a consideration of the following factors:

   (i) The length of the relationship
   (ii) The type of relationship.
   (iii) The frequency of interaction between the persons involved in the relationship.

C. DOMESTIC VIOLENCE: The term "domestic violence" includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

D. RESPONDENT: A "Respondent" is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

E. SEXUAL ASSAULT: The term "sexual assault" means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal
Bureau of Investigation.

F. **STALKING:** The term "stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to-
(1) fear for his or her safety or the safety of others; or
(2) suffer substantial emotional distress.

G. **STUDENT:** Any person admitted and/or enrolled at the University, whether full-time, part-time, concurrent, on campus, abroad, online, or any other form of enrollment. Any person not officially enrolled for a particular semester, but who is eligible to enroll or who has a continuing relationship with the University, may be considered a Student.

H. **EMPLOYEE:** Any person retained by the University to perform services, including, but not limited to, tenured and non-tenured faculty, adjunct faculty, full- and part-time staff, hourly wage staff (including temps), interns, professional research staff, and post-doctoral fellows.

I. **STUDENT EMPLOYEE:** Any person who meets both the Student and Employee definitions.

J. **THIRD PARTY:** Any person who is a contractor, vendor, visitor, guest or other third party.

K. **CONSENT:**

1. The term "consent" means a freely given agreement to the conduct at issue by a competent person. An expression of lack of consent through words or conduct means there is no consent. Lack of verbal or physical resistance does not constitute consent. Submission resulting from the use of force, threat of force, or placing another person in fear also does not constitute consent. A current or previous dating or social or sexual relationship by itself or the manner of dress of the person involved with the accused in the conduct at issue does not constitute consent.

2. A sleeping, unconscious, or incompetent person cannot consent. A person cannot consent to force causing or likely to cause death or grievous bodily harm or to being rendered unconscious. A person cannot consent while under threat or in fear or under the circumstances described in subparagraph (B) or (C) of subsection (b)(1).

3. All the surrounding circumstances are to be considered in determining whether a person gave consent.

Initiators of sexual activity are responsible for obtaining consent. Consent to one form of sexual activity cannot automatically imply consent to any other forms of sexual activity, nor does it automatically imply consent of any sexual contact in the future. Previous relationships or prior consent cannot automatically imply consent to future sexual acts. Consent granted to one individual does not automatically imply consent to any other parties. Consent cannot be obtained from an individual who is incapacitated due to lack of consciousness, age, disability, or incapacitated due to drugs or alcohol. The use of
intimidation, coercion, threats, force, or violence automatically negates any previously obtained consent.

L. **FORCE:** The use of physical violence and/or physically imposing on someone to gain sexual or non-sexual access to a person or their property. Force includes threats, implied threats, intimidation, and coercion that overcome resistance or produce reluctant consent.

M. **COERCION:** Coercion is unreasonable pressure for sexual activity, or any other physical activity. When an individual verbally and/or physically expresses that they do not want to engage in or continue in a sexual act, continued pressure beyond that point can be coercive.

N. **INCAPACITY:** Incapacity is a state of mental being where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the "who, what, when, where, why or how" of their sexual interaction). Incapacitation can occur mentally or physically, from developmental disability, by alcohol or other drug use, or blackout. Incapacity may also result from mental disability, sleep, unconsciousness, or from the ingestion of rape drugs.

1.2.5 **PROHIBITED CONDUCT.** The following descriptions represent a non-exhaustive list of discriminatory conduct based on sex that is prohibited in University education programs and activities:

A. **SEXUAL HARASSMENT:** The University of Central Oklahoma is committed to an environment for all Students and Employees which is safe, fair, humane, and respectful and which supports and rewards Employee and Student performance on the basis of relevant considerations such as ability and effort.

Behaviors which inappropriately assert sexuality as relevant to Employee or Student performance are damaging to this environment. In addition, Students and Employees must refrain from any harassment or discriminatory treatment of students and other employees that creates a hostile environment. Sexual harassment will be dealt with promptly and equitably by the University.

1. **DEFINITION OF SEXUAL HARASSMENT:** Sexual harassment shall be defined as conduct on the basis of sex that satisfies one or more of the following:

   l. Actions indicating that benefits will be gained or lost based on response to sexual advances.

B. **NON-CONSENSUAL SEXUAL CONTACT:** The University of Central Oklahoma will neither tolerate nor condone any form of non-consensual sexual contact.

1. **DEFINITION OF NON-CONSENSUAL SEXUAL CONTACT:** Non-Consensual Sexual Contact is any intentional sexual touching, however slight, with any object, with another person without consent of that person.

2. **EXAMPLES OF PROHIBITED CONDUCT:** Conduct prohibited by this policy includes, but is not limited to:

3. SUGGESTIONS FOR SURVIVORS OF NON-CONSENSUAL SEXUAL INTERCOURSE:

a. Do not bathe, change your clothes, douche, or do anything to change your appearance. Some important physical evidence may be gone after forty-eight (48) hours. However, there is not a statute of limitations on filing complaints with the University.

b. Contact Project SPEAK at (405) 974-2224 (if during UCO business hours) or call the 24-hour YWCA hotline at (405) 943-7273. An advocate may accompany you to UCO Police Services or the hospital, but they recognize that this is your decision. The Project SPEAK representative or YWCA advocate will assist you regardless of your decision about reporting. If you elect to go to the police or the hospital, you are urged not to undergo this ordeal alone.

c. Call UCO Police Services and report the incident, even if you do not want to prosecute. It is important to report the incident so that the crime can be reported for the protection of others.

d. Go to the nearest hospital emergency room (ER), regardless of whether you have physical injuries resulting from the assault. The ER will provide testing for semen, pregnancy, and sexually transmitted infection (S.T.I.) tests. In addition, this will help if you choose to pursue criminal charges. Even if you do not want to prosecute now, you may change your mind later.

e. A follow-up check may be recommended by the health care provider since some S.T.I.'s cannot be detected immediately. For example, initial tests for syphilis commonly produce false negative results up to six (6) weeks from the date of exposure before producing a positive result.

C. SEXUAL EXPLOITATION: The University of Central Oklahoma will neither tolerate nor condone any form of sexual exploitation.

1. DEFINITION OF SEXUAL EXPLOITATION: Sexual exploitation is taking non-consensual or abusive sexual advantage of another for one's own advantage or benefit or to benefit a person other than the one being exploited. This policy also
covers sexual misconduct which does not fall within the definitions of sexual harassment, non-consensual sexual contact, or non-consensual sexual intercourse.

2. **EXAMPLES OF PROHIBITED CONDUCT:** Conduct prohibited by this policy includes, but is not limited to:
   a. Engaging in sexual voyeurism (such as watching another person undress, use the bathroom, or engage in sexual acts without the consent of the person observed);
   b. Taking pictures or video or audio recording, or providing for the observation by a third-party of another in a sexual act, or in any other personal/private activity without the consent of all involved in the activity;
   c. Disseminating sexual pictures, audio, video, or other media without the depicted person's consent;
   d. Communications that are obscene, lewd, or indecent.
   e. Engaging in prostitution or prostituting another student;
   f. Engaging in sexual activity with another person while knowingly infected with human immunodeficiency virus (HIV) or other sexually transmitted disease (STD) and without informing the other person of the infection; and
   g. Administering alcohol or other drugs (such as "date rape" drugs) to another person without his or her knowledge or consent.

D. **COMPLICITY:** Any act taken with the purpose of aiding, facilitating, promoting or encouraging the commission of an act of Prohibited Conduct by another person.

E. **RETLATION PROHIBITED:** Any attempt to penalize or retaliate against a person for filing a complaint or participating in the investigation of a complaint of Prohibited Conduct will be treated as a separate and distinct violation of this policy.

1.2.6 **OKLAHOMA CRIMINAL LAW DEFINITIONS:** In accordance with the Violence Against Women Reauthorization Act of 2013, the following definitions are applicable should a person wish to pursue Oklahoma state criminal or civil actions for violations of state law. These definitions may differ from the University's administrative policy definitions noted above. The University's administrative system and disciplinary procedures are separate and distinct from those available to someone in a state civil or criminal action. Individuals may seek administrative remedies in accordance with this policy and also may seek state or federal civil or criminal remedies for the same incident through the applicable courts. The definitions set forth below are subject to change by the Oklahoma Legislature; for a more frequently updated resource, please consult the Oklahoma State Courts Network website at [http://www.oscn.net](http://www.oscn.net).

6. Where the victim submits to sexual intercourse under the belief that the person committing the act is a spouse, and this belief is induced by artifice, pretense, or concealment practiced by the accused or by the accused in collusion with the spouse with intent to induce that belief. In all cases of collusion between the accused and the spouse to accomplish such act, both the spouse and the accused, upon conviction, shall be deemed guilty of rape;
7. Where the victim is under the legal custody or supervision of a state agency, a federal agency, a county, a municipality or a political subdivision and engages in sexual intercourse with a state, federal, county, municipal or political subdivision employee or an employee of a contractor of the state, the federal government, a county, a municipality or a political subdivision that exercises authority over the victim or the subcontractor or employee of a subcontractor of the contractor of the state or federal government, a county, a municipality or a political subdivision that exercises authority over the victim;

9. Where the victim is nineteen (19) years of age or younger and is in the legal custody of a state agency, federal agency or tribal court and engages in sexual intercourse with a foster parent or foster parent applicant; or
10. Where the victim is at least sixteen (16) years of age but less than eighteen (18) years of age and the perpetrator of the crime is a person responsible for the child's health, safety or welfare. "Person responsible for a child's health, safety or welfare" shall include, but not be limited to:
   a. a parent;
   b. a legal guardian;
   c. custodian;
   d. foster parent;
   e. a person-eighteen (18) years of age or older with whom the child's parent cohabitates;
   f. any other adult residing in the home of the child;
   g. an agent or employee of a public or private residential home, facility or day treatment program as defined in Section 175.20 of Title 10 of the Oklahoma Statutes; or
   h. an owner, operator or employee of a child care facility as defined by Section 402 of Title 10 of the Oklahoma Statutes.
Rape is an act of sexual intercourse accomplished with a male or female who is the spouse of the perpetrator if force or violence is used or threatened, accompanied by apparent power of execution to the victim or to another person.

B. DEFINITION OF CONSENT

Oklahoma Penal Code, 21 O.5. §113, defines consent as: the affirmative, unambiguous and voluntary agreement to engage in a specific sexual activity during a sexual encounter which can be revoked at any time. Consent cannot be:

1. Given by an individual who:
   a. is asleep or is mentally or physically incapacitated either through the effect of drugs or alcohol or for any other reason, or

   b. Actually causes the person being followed or harassed to feel terrorized, frightened, intimidated, threatened, harassed, or molested..."

1.2.7. DESIGNATION OF COORDINATOR: Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681) prohibits discrimination on the basis of sex in educational programs and activities that receive federal financial assistance. In accordance with Title IX regulations, the University has designated the individual named below as the University's Title IX Coordinator. The Title IX Coordinator is charged with (1) monitoring compliance with these regulations; (2) coordinating compliance with this policy to insure a timely and complete investigation; and (3) resolution of complaints arising hereunder. You may contact them with any questions regarding Title IX, as well as concerns and complaints of discrimination or sexual harassment.

1.2.8. OPTIONS FOR REPORTING ALLEGED VIOLATIONS

The University respects the autonomy of Complainants to choose whether, and when they desire to report an incident of sexual harassment while recognizing its obligation to respond promptly and equitably to every allegation of sexual harassment of which the University has actual knowledge as defined by federal regulations. In light of these objectives, the University believes that its student and employee population is best served by encouraging students, faculty, and University staff to report incidents of sexual harassment of which they become aware to the Title IX Coordinator as promptly as possible. Employees are encouraged to report all relevant details about the alleged Prohibited Conduct shared by the reporting person. This report must include the names of the person who experienced the sexual misconduct, alleged perpetrator(s), any witnesses, and any other relevant facts, including the date, time and specific location of the alleged incident. Before an individual reveals information about alleged Prohibited Conduct to a University employee, the employee should advise the reporting individual of the employee’s reporting obligations under this policy. If the reporting individual expresses a desire to maintain their confidentiality or confidentiality of the involved persons, the employee should direct the reporting individual to available confidential resources.

This policy is intended to make students, faculty, staff, visitors, and any other individuals who have experienced sexual harassment aware of the various reporting options available to them. The University encourages individuals who have experienced Prohibited Conduct to talk to someone identified in one or more of these groups. Additionally, this policy is intended to make faculty and staff aware of their options when an individual discloses an incident of sexual misconduct. Questions about this policy and your responsibilities as an employee should be directed to your supervisor and/or a Title IX Coordinator.

A. Any employee, student, applicant for employment or admission, visitor, or other non-affiliated individual may report discrimination on the basis of sex or an incident of sexual harassment by contacting the University Title IX Coordinator:

Paul Goertemiller - Director of Student Conduct and Title IX Coordinator

Phone: (405) 974-5380
Fax: (405) 974-3817
Email: pgoertemiller@uco.edu or TitleIX@uco.edu

B. Reports of sexual harassment involving an employee may be initiated by contacting the Deputy Title IX Coordinator for Employees in the University's People and Culture Division:
C. Reports involving a student athlete, coach or athletic staff member, or gender equity in athletics may be initiated by contacting the Deputy Title IX Coordinator for Athletics:

Jeremy Rogers, Assistant Athletic Director for Compliance

Sports Performance Center, Room 212J
100 N. University Drive, Box 330
Edmond, OK 73034
Phone: (405) 974-2141
Fax (405) 974-3820
Email: jrogers42@uco.edu

D. To make a report after hours or when offices are closed for university holidays, the individual should contact the University Police Services at (405)974-2345.

E. Anonymous Reports: An anonymous report is an unofficial means to report an incident. This method has been developed to encourage reporting of Prohibited Conduct without the risk of identity exposure and the pressures of filing a report with University administration and/or filing criminal charges with a local law enforcement agency. The anonymous report will provide valuable information to University administration and/or University Police Services, which will allow for improved prevention programming and resources for the University campus community's future.

Anonymous reports involving students may be filed with the Office of Student Conduct, whether or not criminal Charges are filed at a later date. The Anonymous Reporting Form can be found and completed online at http://www.uco.edu/student-affairs/conduct/reportanincident/index.asp.

The Board of Regents of the Regional University System of Oklahoma, the University's governing body, established a "RUSO Tip Line” as one method for individuals to discreetly and confidentially report activities which they, in good faith, believe may be unethical, illegal or otherwise inappropriate behavior in violation of established policies. The RUSO Tip Line allows concerns to be submitted anonymously to a secure server administered by EthicsPoint.

Any person may report incidents online at www.ruso.ethkspoint.com or by calling toll-free to 866-898- 8438. An EthicsPoint Contact Center Specialists facilitates each
telephone call and compiles the required information. The information is forwarded to designated RUSO and University officials who then conduct an appropriate investigation and resolution.

The RUSO Tip Line allows for ongoing anonymous communication between the University and the reporting party. The reporting party is encouraged to participate in follow-up communication, as needed, in the event more information is needed to address the concern.

To keep information anonymous, do not include names of any person involved. If names are included, this is no longer considered an anonymous report and an investigation may be conducted.

Anonymous reports will remain confidential to the public, but may be shared with University Police Services and/or the Center for Counseling and Well-Being for statistical, programmatic, and/or referral purposes.

Since the anonymous reporting method is unofficial, the University may not be able to take disciplinary action in response to such a report.

**1.2.9 CONFIDENTIALITY**

If a person who experienced discrimination on the basis of sex or sexual harassment discloses an incident to a University official, but wishes to maintain confidentiality, the University will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination or any respondent, and any witness, except as may be permitted by FERPA, required by law, or as necessary to conduct the grievance process. Due to its obligations under federal law, the University will use its best efforts to meet its obligations while respecting the autonomy of the reporting individual but can make no guarantee of confidentiality of all aspects of a reported incident.

Different employees on campus have different abilities to maintain confidentiality of information related to an incident of Prohibited Conduct:

**A. PROFESSIONAL AND PASTORAL COUNSELORS.** Professional, licensed counselors and pastoral counselors who provide mental health counseling to members of the University community (and including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX Coordinator without permission of the individual making the disclosure.

Following is the contact information for these individuals:

Center for Counseling and Well-Being 405-974-2215
Nigh University Center, Room 402
B. NON-PROFESSIONAL COUNSELORS AND ADVOCATES. Individuals who work or volunteer in the on-campus Project SPEAK Office, including front desk staff and students, can generally talk to a person who has experienced sexual misconduct without being required to reveal any personally identifiable information about an incident to the University. A person who has experienced sexual misconduct can seek assistance and support from these individuals without triggering a University investigation that could reveal their identity.

To the extent that personally identifiable details are protected, these individuals or their office are encouraged to report the nature, date, time, and general location of an incident to the Title IX Coordinator. This limited report, which includes no information that would directly or indirectly identify the person who has experienced Prohibited Conduct, helps keep the Title IX Coordinator informed of the general extent and nature of Prohibited Conduct on campus so the coordinator can track patterns, evaluate the scope of the problem, and formulate appropriate campus-wide responses. Before reporting any information to the Title IX Coordinator, these individuals will consult with the person affected to ensure that no personally identifiable details are shared with the Title IX Coordinator.

Following is contact information for UCO non-professional counselors and advocates:

Project SPEAK 405-974-2224
Nigh University Center, Room 402

Individuals who elect to maintain confidentiality should be advised that the University will be unable to investigate the particular incident or pursue disciplinary action against the alleged perpetrator.

Individuals who initially request confidentiality may later decide to file a complaint with the University or report the incident to local law enforcement, thus requiring a full investigation. These counselors and advocates will provide assistance, if desired.

IMPORTANT NOTES: (1) While these professional and non-professional counselors and advocates may maintain confidentiality, they may have reporting or other reporting obligations under state or federal law, such as mandatory reporting of abuse to minors.
and the elderly, imminent harm to self or others, requirement to testify by court order in a criminal case, Campus Security Act statistics, etc. (2) If the University determines that the alleged perpetrator(s) pose a serious and immediate threat to the University community, the UCO Police Services may be called upon to issue a timely warning to the community. Any such warning will not include any personally identifiable information for the individual who experienced the sexual misconduct.

C. OFF CAMPUS COUNSELORS AND ADVOCATES. Off-campus counselors, advocates, and health care providers will also generally maintain confidentiality and not share information with the University unless the disclosure is requested.

Following is contact information for these off-campus resources:

YWCA Domestic Violence Hotline (405) 917-YWCA (9922)

Sexual Assault Hotline (405) 943-RAPE (7273)

Oklahoma & Statewide Safety Hotline 1-800-522-

SAFE (7233) National Information & Referral Hotline

Dial 2-1-1

IMPORTANT NOTE: While these off-campus counselors and advocates may not be required to report incidents to the University, they may have reporting or other obligations under state law, such as mandatory reporting of abuse to minors and the elderly, imminent harm to self or others, requirement to testify by court order in a criminal case, Campus Security Act statistics, etc.

1.2.10. REPORTING TIME LIMIT: No time limit exists for reporting Prohibited Conduct to the University under this policy; however, the University's ability to respond may diminish over time, as evidence may erode, memories may fade, and Respondents may no longer be affiliated with the University. If the Respondent is no longer affiliated with the University, the University will provide reasonably appropriate remedial measures, assist the Complainant in identifying external reporting options, and take reasonable steps to eliminate Prohibited Conduct, prevent its recurrence, and remedy its effects.

1.2.11. COMPLAINANT AMNESTY POLICY: The University encourages the reporting of alleged sexual misconduct. The University also recognizes that the potential for disciplinary action by the University may act as a deterrent to reporting. Therefore, the University has implemented an amnesty policy. In these incidents, the primary concern is the well-being, health, and safety of community members. The University will not pursue disciplinary action against Complainants for disclosure of illegal personal consumption of drugs or alcohol where such disclosures are made in connection with a good faith report or investigation of Prohibited Conduct.
The Code of Student Conduct includes additional information about amnesty for student witnesses of sexual misconduct and alcohol and drug medical emergencies, which is available online at: http://sites.uco.edu/student-affairs/conduct/files/codeofconduct-2018-19-printfile.pdf (see Section III. L.).

1.2.12 PREVENTION AND AWARENESS PROGRAMMING:

A. Project SPEAK (Support, Promote, Educate, Advocate for Knowledge): The goal of Project SPEAK is to spread knowledge and develop a campus culture that fosters healthy relationships. Through knowledge, UCO community members will not condone violence or victim-blaming, but will provide an environment that is conducive to every individual's success. In this program, students, staff and faculty are supported by providing a confidential assessment of their needs, free of charge. Project SPEAK promotes awareness of domestic and sexual violence, sexual assault, stalking and bullying are promoted via campus wide activities and class presentations and informs the campus community on the importance of being a proactive bystander as well as providing advocacy for those who need it, all while striving to assist everyone at UCO with a non-judgmental and compassionate demeanor at all times. Project SPEAK helps those who have lost their voice to find their voices again by empowering people to SPEAK and break the silence and informs those that have experienced sexual assault or some form of violence of all the services that are available to them and assists them in exploring the possible options to pursue.

Project SPEAK staff advocate for the individual as much, or as little, as is desired. Project SPEAK collaborates with agencies and partners to provide referrals to: obtain a VPO (Victims Protective Order), obtain counseling and additional support services, file a No Contact Order, file a police report on or off campus, assist in relocation within the dorms, assist with the student conduct process, address academic concerns, and assist with schedule changes, if desired.

D. **Information on Primary Prevention & Risk Reduction:** The University's campus culture fosters healthy relationships through supportive efforts, promotion, education, advocacy and knowledge. The University focuses on two key components, education and knowledge, to encourage campus community members to act as responsible, engaged and pro-active bystanders. UCO schedules numerous university events, programs and trainings to campus community members throughout the fiscal year to comprehensively and preventatively address different levels violence, including individual, relationship, community and society. Furthermore, the programming is designed to benefit everyone at UCO, regardless of gender identity, sexual orientation, or gender expression.

UCO acknowledges that sexual misconduct on college campuses is a serious issue that can have lasting harmful effects on those that experience it as well as their friends and family members. Thus, one goal of the University is to stop those that perpetrate violence on our campus by widely publishing grievance policies and educating about disciplinary and other options available to individuals who may have experienced sexual misconduct.

Another goal of the University is to decrease the number of individuals that experience sexual misconduct on campus. The risk of sexual misconduct is reduced by a variety of efforts which include, but are not limited to: promotion of SafeWalk, My SPEAK plan cards (an informative checklist to prevent sexual misconduct) and understanding consent including: affirmative language, self-defense seminars and bystander intervention techniques adapted from Bringing in the Bystander™ (BITB). UCO does not condone any form of violence or victim blaming and strives to provide an environment that is conducive to every individual's success. Project SPEAK, the Office of Student Conduct, the Title IX Coordinator, Athletics, and many other offices partner to provide ongoing education to students, faculty, and staff and comply with guidelines established by the reauthorization of the Violence Against Women Act and guidance issued by the Department of Education. In addition, trainings are supplemented with
educational presentations on topics including: dating violence, domestic violence, stalking, bullying, sexual assault, sexual harassment, bystander intervention, consent, healthy vs. unhealthy relationships, the conduct process, peer advocacy, rape culture/Victim blaming, how to support a survivor, and resources available at the university, state, and national level.

E. Bystander Intervention: Bystanders are individuals who witness emergencies, criminal events, or situations that could lead to criminal events or policy violations and by their presence may have the opportunity to provide assistance, do nothing, or contribute to the negative behavior. UCO promotes the development of proactive bystanders, individuals whose behaviors intervene in ways that influence the outcome positively. An active bystander can intervene before, during or after an act of violence or any misconduct has occurred. By being an active bystander, one can provide a positive social support system, which is essential in the resilience and recovery of the individual who has experienced a form of violence, coercion, intimidation, harassment, or any other treatment that causes distress. UCO develops active bystanders via campus-wide implementation of bystander intervention education programming adapted from Bringing in the Bystander™ (BITB™).

Bystanders have safe and positive options for intervening effectively. Bystanders can provide a positive social support system, which is essential in the resilience and recovery of the individual who experienced a form of violence, whether through force, coercion, intimidation or harassment.

Bystanders can also intervene before, during, or after an act of violence has taken place. There are effective measures an individual can take in order to preventing a risky situation from escalating, while at the same time keeping out of harm's way. Active bystanders must (1) notice the event, (2) interpret the incident as an emergency, (3) assume responsibility for intervening, and (4) have the bystander intervention skills to intervene effectively. UCO promotes the "4 D's of effective bystander intervention skills, including "Direct, Distract, Delegate, Delay".

F. Ongoing prevention and awareness campaigns: In furtherance of this policy, the University will host events, programs and training throughout the year to educate the campus and community about avoidance of discriminatory practices, sexual misconduct and sexual harassment.

1.3.13 Sanctions (Employees)

1.3.1 INTRODUCTION: The University of Central Oklahoma (the "University") is committed to providing a safe and non-discriminatory environment for all members of the University community. The University prohibits discrimination on the basis of sex including Sexual Harassment, Non-Consensual Sexual Contact, Non-Consensual Sexual Intercourse, Sexual Exploitation, Domestic Violence, Dating Violence, Stalking, Complicity and Retaliation (together, "Prohibited Conduct"). These forms of Prohibited Conduct are defined in the University of Central Oklahoma Policy Prohibiting Discrimination and Harassment as Defined, Including Sexual Misconduct (the "Policy", Section 1.2). This Section identifies the procedures (the "Procedures") the University follows when it receives a report alleging Prohibited Conduct by a University Employee or student. The University uses these Procedures to investigate and adjudicate any such allegations and to impose disciplinary sanctions against Employees and students found responsible for violating the Policy and implement directives to prevent and remedy affected individuals and communities, as appropriate.

1.3.2 INITIAL ASSESSMENT: Upon receipt of a report of Prohibited Conduct in a University education program or activity, the Title IX Coordinator will make an initial assessment of the reported information and respond to any immediate health or safety concerns raised by the report. In this initial assessment, the Title IX Coordinator will:

A. Assess the Complainant's safety and well-being and offer the University's immediate support and assistance;

B. Inform the Complainant of the right to seek medical treatment and explain the importance of obtaining and preserving forensic and other evidence;

C. Inform the Complainant of the right to contact law enforcement, decline to contact law enforcement, and/or seek a protective order;
D. Inform the Complainant about University supportive measures and community resources, including counseling, health, mental health, Victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other on- and off-campus services available. Individuals will be informed of and offered resources such as living situation support (room changes and on-campus housing relocation), academic support (such as tutoring and emergency absence notifications), transportation situation support, working situation support, and other supportive measures available to help ensure safety, as relevant. Additional rights that may be appropriate and available include protective measures such as a UCO No Contact Order, restraining order, Emergency Order of Protection or Victim's Protective Order. Information regarding how to access and/or request remedial and protective measures will be provided, as appropriate. Remedies or protective measures are provided if the individual requests them and if they are reasonably available, regardless of whether the Complainant chooses to report the crime to campus police or local law enforcement.

E. Inform the Complainant that the University will maintain as private any supportive measures provided, to the extent that maintaining such privacy does not impair the ability to provide the supportive measures.

F. Inform the Complainant of their option to seek resolution of the complaint through Informal Resolution (where available) or to file a Formal Complaint under these Procedures; ascertain the Complainant's expressed preference (if the Complainant has, at the time of the initial assessment, expressed a preference) for pursuing Informal Resolution, Formal Resolution, or neither; and discuss with the Complainant any concerns or barriers to participating in any University investigation and resolution under these Procedures;

G. Explain the University's prohibition against Retaliation and that the University will take prompt action in response to any act of Retaliation;

H. Assess the nature and circumstances of the report, including whether it provides the names and/or any other information that personally identifies the Complainant, the Respondent, any witness, and/or any other third party with knowledge of the reported incident;

I. Ascertaining the ages of the Complainant and the Respondent, if known, and, if either of the parties is a minor (under 18), whether to contact the Department of Human Services (DHS);

J. Communicate with appropriate University official(s) to determine whether the report triggers any Clery Act obligations, including entry of the report in the daily crime log and/or issuance of a timely warning, and take steps to meet those obligations; and

K. Provide notice of the complaint and an opportunity to respond to all persons alleged to have violated the University's policies regarding discrimination and/or harassment. NOTE: The investigation may otherwise involve meeting with the parties, interviewing witnesses, requesting written statements from the parties, and accepting relevant evidence.

L. Emergency Removals: The University may remove a Respondent from the University's education programs or activities on an emergency basis if the Respondent poses an immediate threat to anyone's physical health or safety. The University's Behavioral Assessment Team will make an individualized safety and risk analysis of the reported incident and make the final determination of whether the Respondent should be removed from all campus education programs or activities during the investigation. In such instances, the Respondent will be provided notice of and an opportunity to challenge the removal immediately following the removal in accordance with the Temporary Suspension policies described in the Student Code of Conduct, while complying with the requirements of Title IX regulations.

M. If the respondent is an employee of the university, the party may be placed on administrative leave during the investigation.
N. The Title IX Coordinator will promptly inform the Complainant of any action(s) undertaken by the University to respond to a health or safety threat to the Complainant or the University community, including the decision to proceed with an investigation where the Complainant may request confidentiality (see Section I.2.8.; “Requests for Confidentiality”). The Title IX Coordinator also will promptly inform the Respondent of any supportive measures available to the Respondent.

1.3.3 NOTICE OF ALLEGATIONS: Upon receipt of a formal complaint, the University will provide written notice to the parties who are known of the following information:

A. Notice of the allegations of sexual harassment as defined under federal regulations, or sexual misconduct, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview.
B. A link to the University's sexual harassment policy and the University's grievance procedures;
C. A link to the University’s informal resolution process;
D. A statement of the allegations of sexual harassment with sufficient details known at the time and with sufficient time to prepare a response before any interview;
E. The names of the parties involved in the incident, if known, the date(s) and location(s) of incident if known;
F. A statement that the Respondent is presumed not responsible for the alleged conduct until a determination of responsibility is made at the conclusion of the grievance process.
G. A statement that each party may have an advisor of their choice, who may be; but is not required to be, an attorney;
H. A statement that the parties may inspect and review evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, including the evidence upon which the University does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source;
I. A link or citation to the University Student Code of Conduct provisions prohibiting knowingly making false statements or submitting false information during the grievance process.

1.3.4 DISMISSAL:
A. If the sexual harassment or sexual misconduct alleged in the formal complaint would not constitute sexual harassment as defined under federal regulations and University policy, even if proved, did not occur in the University's education program or activity, or did not occur against a person in the United States, the University will dismiss the Title IX complaint with regard to such conduct. Dismissal of a Title IX complaint does not preclude University action under another provision of the University’s Code of Student Conduct.
B. The University may dismiss a formal complaint or any allegations in the complaint,

1. if at any time during the investigation, the complainant notifies the Title IX Coordinator in writing that the complainant wishes to withdraw the formal complaint or any of its allegations.;
2. if the respondent is no longer enrolled or employed by the University; or

3. if specific circumstances prevent the University from gathering evidence sufficient to reach a determination as to the formal complaint or allegations within such complaint.

C. Upon dismissal required or permitted above, the University will send notice of the dismissal and the reason(s) for such dismissal simultaneously to the parties.

D. A party may appeal the University's dismissal of the formal complaint or any allegations therein by filing an appeal in accordance with the appeal process described in Section 1.3.9 of this policy.

### 1.3.5 INFORMAL RESOLUTION:

A. At any time after the filing of a formal complaint of sexual harassment, the University may offer to facilitate an Informal Resolution process to the parties, provided the University:

1. Provides the parties a written notice describing the allegations, the requirements of the informal resolution process; and

2. Obtains the parties' voluntary, written consent to participate in an informal resolution process.

B. The University's informal resolution process is not available for the resolution of complaints alleging that an employee sexually harassed a student.

C. The University will not compel a Complainant or Respondent to engage in Informal Resolution, and will not compel a Complainant to directly confront the Respondent. Either party to an Informal Resolution process may withdraw at any time. Pursuing Informal Resolution does not preclude later use of Formal Resolution if the Informal Resolution fails to achieve a resolution acceptable to the parties and the University. However, an agreement reached during an Informal Resolution process will preclude the parties from resuming a formal complaint arising from the same allegations. Where the Complainant or the Respondent withdraws from Informal Resolution or where Informal Resolution is otherwise terminated for any reason, the University may consider any statements or disclosures made by the parties during the course of the Informal Resolution in a subsequent investigation and Formal Resolution.

D. Each party has the right to choose and consult with an advisor of their choosing. The advisor may be any person including an attorney, who is not otherwise a party or witness to the reported incident(s). Advisors may accompany their respective parties to any meeting or proceeding held as part of Informal Resolution. An advisor may provide support and advice to a party at any meeting and/or proceeding but may not speak on behalf of a party or otherwise participate in, or in any manner disrupt such meetings and/or proceedings.

E. Informal Resolution may involve individual and/or community remedies designed to address a report of Prohibited Conduct, such as:

1. **One-on-One Communication:** If a Complainant wishes to address a situation with a Respondent without the direct involvement of a third party, the Complainant may communicate directly with the Respondent in the absence of a No Contact Order. This form of Informal Resolution is appropriate only (1) if the Complainant does not feel threatened, (2) there is no risk of physical harm, and (3) the Complainant reasonably believes the Respondent will be receptive to the communication. Complainants are NOT required to engage in one-on-one communication before seeking third-party
assistance or other help.

2. **Resolution with the Assistance of a Third Party:** A Complainant may seek assistance in informally resolving a report of Prohibited Conduct from (1) the Complainant's supervisor, if the Complainant is an Employee; (2) the Respondent's supervisor (3) Human Resources; (4) Office of the Provost (Faculty); (5) the Title IX Coordinator; or (6) a trained mediator. The availability of this form of Informal Resolution, and any resolution reached through such form of Informal Resolution, is subject to the agreement of the Title IX Coordinator, the Complainant; and the Respondent. Any of the foregoing third parties must consult with the Title IX Coordinator before acting to resolve a report of Prohibited Conduct. This form of Informal Resolution may not be used where the allegation involves Non-Consensual Sexual Intercourse.

3. **Interventions and Remedies:** Informal Resolution agreements may involve a host of other interventions and remedies, such as: actions designed to maximize the Complainant's access to educational, extracurricular; and/or University employment activities; increased monitoring; supervision, and/or security at locations or activities where the Prohibited Conduct occurred or is likely to reoccur; targeted or broad-based educational programming or training for relevant individuals or groups; academic and/or University housing modifications for Student Complainants; workplace modifications for Employee Complainants; one or more of the restorative remedies or other sanctions described in these Procedures, including suspension and termination, in accordance with relevant disciplinary procedures; and/or any other remedial or protective measures that can be tailored to the involved individuals to achieve the goals of the Policy.

4. Any form of Informal Resolution and any combination of interventions and remedies may be utilized. If an acceptable agreement is reached among the parties through Informal Resolution; the University will implement the terms of the agreement and consider the matter resolved and closed. If an agreement is not reached, and the Title IX Coordinator determines that further action is necessary, or if a Respondent fails to comply with the terms of the Informal Resolution, the Title IX Coordinator may defer the matter to investigation and Formal Resolution under these Procedures.

1.3.6 **FORMAL RESOLUTION:**

A. **Investigation.** Whenever a formal complaint is received by the University, the Title IX Coordinator will designate one or more Investigators and/or an experienced external Investigator to conduct a prompt, thorough, fair, and impartial investigation. All Investigators will receive annual training on: (1) issues related to sexual and gender-based harassment, sexual assault, dating violence, domestic violence, and stalking and, (2) how to conduct fair and impartial investigations that; (a) is fair and impartial, provides parties with notice and a meaningful opportunity to be heard and, (b) protects the safety of Complainants and the University community while promoting accountability.

B. **Notice of Investigation.** The Title IX Coordinator will provide the written notice described in Section1.3.3 above to the Complainant and Respondent of the commencement of an investigation. If the respondent is an employee, The Title IX Coordinator may also provide written notice to the Respondent's supervisor and/or Human Resources that an investigation has been initiated. Such notice will inform these individuals that (1) the Title IX Coordinator received a report alleging that the Respondent engaged in Prohibited Conduct under the
Policy; (2) the University will investigate the report in accordance with these Procedures; (3) the supervisor and Human Resources are obliged to monitor the relevant environment, depending on the facts of the case, for Retaliation; and (4) the information related to the report, including the identity of the Complainant, is confidential and will only be shared as needed to either obtain information pertinent to the investigation or to facilitate fulfillment of the duty of the supervisor and/or Human Resources to address any concerns regarding safety or Retaliation.

C. Other Forms of Discriminatory and/or Harassing Conduct. If a report of Prohibited Conduct also implicates other forms of discriminatory and/or harassing conduct prohibited by the University's Discrimination and Harassment Policy, the Title IX Coordinator will evaluate all reported allegations to determine whether the alleged Prohibited Conduct and the alleged violation(s) may be appropriately investigated together without unduly delaying the resolution of the report of Prohibited Conduct. Where the Title IX Coordinator determines that a single investigation is appropriate, the determination of responsibility for the violation of University policy will be evaluated under the applicable policy, but the investigation and resolution will be conducted in accordance with these Procedures.

D. Presumption of Non-Responsibility. The investigation is a neutral, fact-gathering process. The Respondent is presumed "Not Responsible"; this presumption may be overcome only where there is sufficient evidence, by a Preponderance of the Evidence, to support a finding that the Respondent violated the Policy.

E. Evidentiary Standard. The preponderance of the evidence, or "weight of the evidence" standard, is used to determine what more than likely occurred. Formal rules of due process, procedure, and/or technical rules of evidence applied in criminal or civil court are not used in administrative proceedings.

F. Participation by the Parties. In the event one or more party(s) decline to participate in the investigation, the process will continue without the benefit of the respective party's participation.

G. Timeframe for Completion of Investigation; Extension for Good Cause: Typically, the period from commencement of an investigation through resolution (finding and sanction, if any and appeal) will not exceed sixty (60) calendar days. This timeframe may be extended for good cause, which may exist if additional time is necessary to ensure the fairness and accuracy of the process, including but not limited to: a need to comply with a request by external law enforcement for temporary delay; to gather evidence for a criminal investigation; to accommodate the availability of a party, their advisors(s), or witnesses; account for complexities of a case, including the number of witnesses and volume of information provided by the parties; or other good cause. The investigator will notify the parties in writing of any extension of this timeframe and the reason for such extension.

H. Overview of Investigation. During the investigation, the parties will have an equal opportunity to: be heard; submit information and corroborating evidence; and to present witnesses who may have relevant information. The Investigator will notify and seek to meet separately with the Complainant, the Respondent, and third-party witnesses, and will gather other available evidence and information, including, but not limited to, electronic or other records of communications between the parties or, witnesses (e.g. via voicemail, text message, email,
and social media sites); photographs (including those stored on computers and smart phones), and medical records (subject to the consent of the applicable party).

I. The University will provide written notice of the date, time, location, participants; and purpose of all hearings, interviews, or other meetings, at least three (3) business days prior to the meeting to enable sufficient time for the parties to prepare. The University will also provide equal opportunities for the parties and their advisers to inspect and review the evidence obtained by the Investigator or as part of their investigation, if the information is directly related to the allegations raised in the formal complaint. The University will give the parties a meaningful opportunity to respond to the evidence after the University has provided it.

J. Advisors. Throughout the investigation and complaint process, each party may choose to consult with an advisor of their choice. The advisor may be any person, including an attorney, who is not otherwise a party or witness involved in the investigation. Advisors may accompany their respective party to any meeting or proceeding related to the investigation and resolution of a report under these Procedures. Advisors may provide support and advice to their respective advisees at any meeting and/or proceeding and may participate in such meetings and/or proceedings as provided in Section 1.3.7 of these procedures.

K. Prior or Subsequent Conduct. Prior or subsequent conduct of the Respondent may be considered in determining pattern, knowledge; intent, motive, or absence of mistake. For example, evidence of a pattern of Prohibited Conduct by the Respondent, either before or after the incident in question, regardless of whether there has been a prior finding of a Policy violation, may be deemed relevant to the determination of responsibility for the Prohibited Conduct under investigation. The determination of relevance of pattern evidence will be based in an assessment of whether the previous or subsequent conduct was substantially similar to the conduct under investigation or indicates a pattern of similar Prohibited conduct. Such prior or subsequent conduct may also constitute a violation of the Policy and/or other University policy, in which case it may subject the Respondent to additional sanctions. The Investigator will determine the relevance of this information and both parties will be informed if evidence of prior or subsequent conduct is deemed relevant;

L. Prior Sexual History. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

M. Relevance. The Investigator will conduct an objective evaluation of all evidence directly related to the allegations- including inculpatory and exculpatory evidence. Credibility determinations cannot be made on the basis of a person's status as a complaint, respondent, or witness. The Investigator has the discretion to determine the relevance of any proffered evidence and to include or exclude certain types of evidence. In general, the Investigator will not consider statements of personal opinion, rather than direct observations or reasonable inferences from the facts, or statements as to any party's general reputation for any character trait.

N. Burden of proof. The burden of proof and the burden of gathering evidence sufficient to reach
a determination regarding responsibility rests on the University and not on the parties - provided that the University cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other professional or paraprofessional for the purpose of treatment to the party, unless the University obtains that party's voluntary, written consent to do so.

O. Site Visit(s). The Investigator may visit relevant sites or locations and record observations through written, photographic, or other means.

P. Expert Consultations. The Investigator may consult medical, forensic, technological, or other experts when expertise on a topic is needed in order to achieve a fuller understanding of the issues under investigation.

Q. Coordination with Law Enforcement. The Investigator will contact any law enforcement agency that is conducting its own investigation to: (1) inform that agency that a University investigation is also in progress; (2) ascertain the status of the criminal investigation; and (3) determine the extent to which any evidence collected by law enforcement may be available to the University in its investigation. At the request of law enforcement, the Investigator may delay the University investigation temporarily while an external law enforcement agency gathers evidence. The Investigator will promptly resume the University investigation when notified that law enforcement completed the evidence-gathering stage of its criminal investigation.

R. Investigation Report. Prior to completion of the investigative report, the Investigator will send to each party and their advisors, if any, the evidence subject to inspection and review in electronic format or a hard copy, and the parties will have at least ten (10) days to submit a written response, which the investigator will consider prior to completion of the investigative report. Following the receipt of the parties’ responses, if any, the Investigator will create an investigative report that fairly summarizes the relevant evidence and, and at least ten (10) days prior to a hearing {if a hearing is required or otherwise provided) or other time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or hard copy for their review and written response.

S. Acceptance of Responsibility. The Respondent may, at any time, elect to resolve the Formal complaint process by accepting responsibility for the Prohibited Conduct, in which case the Title IX Coordinator will refer the matter for imposition of sanction(s).

T. Decision Makers: After the passage of ten days for the parties to review the final investigative report and submit written responses, the University will appoint a Decision Maker or a panel of Decision Makers who will oversee a live hearing on the allegations in the Complaint and any response by the Respondent.

A. The University's decision-maker(s) will objectively evaluate the relevant evidence and reach conclusions about whether the Respondent is responsible for the alleged sexual harassment.

B. The University's decision-maker(s) will use independent judgment and may not be the same person who conducted the investigation, or the University's Title IX Coordinator.
C. Decision-makers will be free from conflicts or bias for or against complainants or respondents, and will receive special training about how to be impartial and how to decide what evidence is relevant.

D. The University's decision-maker(s) will weigh the relevant evidence and decide whether it meets the school's standard of evidence for sexual harassment allegations described in Section 1.3.6(E).

1.3.7 HEARING PROCEDURES: If an informal resolution option is declined by either party or by the University, a hearing will take place if there is still, after investigation, enough reasonable cause on which to hold a hearing. Whether or not a hearing occurs will not impede the supportive measures for complainant or respondent.

When a hearing is scheduled to take place, the University will provide to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate. Parties will continue to have access to all evidence, including evidence upon which the University does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence at the hearing including for purposes of cross-examination.

Hearing notification will occur at least five (5) days in advance and include the hearing date, time and location. Hearings will be scheduled around work or class schedules, and will not be postponed unless extraordinary circumstances exist.

Allegations of discrimination, harassment, or retaliation will be heard by the panel. The hearing includes opening statements, discussion of relevant parts of the investigation report, information about the incident or incidents, presentation of information by witnesses brought by the parties, cross-examination of the parties and witnesses, and closing statements. Each party is permitted to have an advisor of their choosing to accompany them throughout the hearing as an advisor. Their advisor may confer quietly with their party, exchange notes, clarify procedural questions, conduct cross-examination, and generally assist the party in all manner other than speaking for them on their behalf or to the panel on a substantive matter.

Cross-examination is sensitive and must take place in a phased process. Each party's advisor is permitted to ask the other party and any witnesses relevant questions and follow-up questions including that challenging credibility. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party or their advisor. Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the decision-maker(s) must first determine whether the question is relevant. Upon the oral recitation of each question there will be a brief pause for the Decision Maker(s) to make a determination as to the relevancy of the question or information sought by the question.
If a party does not have an advisor present at the live hearing, the University will provide without fee or charge to that party, an advisor of the University's choice, for the limited purpose of asking questions during cross examination. The questions may include questions drafted by the party. If a party or witness does not submit to cross-examination at the live hearing, the decision-maker(s) must not rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that the decision-maker(s) cannot draw an inference about the determination regarding responsibility based solely on a party’s or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

The hearing will be arranged with the parties located in separate rooms with technology enabling the decision-maker(s) and parties to simultaneously see and hear the party or the witness answering questions. The use of technology will enable parties to see and hear each other, other participants in the hearing including witnesses, the investigator(s), advisors and Decision Maker(s) and to ask questions to the parties and witnesses. Unruly repetitive character witnesses or any other types of witnesses include expert witnesses may be limited at the discretion of the Decision Maker(s). An audio or audiovisual recording or transcript of any live hearing will be created by the University and will be made available to the parties for inspection and review.

1.3.8 DETERMINATION REGARDING RESPONSIBILITY. The Decision Maker panel, who will not be the same person as the Title IX Coordinator or the investigator(s), will issue a written determination regarding responsibility. To reach this determination, the University will apply the evidentiary standard described in Section 1.3.6(E) above.

A. The written determination will be provided to the parties simultaneously and will include:
   1. Identification of the allegations potentially constituting sexual harassment as defined under federal law and the University’s policies or sexual misconduct;
   2. a description of the procedural steps that were taken by the University in reaching any conclusion;
   3. Findings of fact supporting the determination;
   4. Conclusions regarding the application of this policy or the University’s Student Code of Conduct to the facts;
   5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the University imposes on the respondent, and whether remedies designed to restore or preserve equal access to the University’s education program or activity will be provided by the University to the complainant; and
   6. The University’s procedures and permissible bases for the Complainant and Respondent to appeal.

B. Notice of When Results Become Final. All parties shall receive notice when the results are final which states that no appeal requests were received and/or granted. The process concludes, unless an appeal request is submitted and granted (see Section 1.3.3 (B) 6. “Appeal Requests”).

1.3.9 APPEALS

A. Either the Complainant or Respondent to a formal complaint may request an appeal of a determination regarding responsibility or from the University’s dismissal of a formal
complaint or any allegations therein on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination of responsibility or dismissal was made, that could affect the outcome of the matter; and
3. the Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

B. Appeal Request: A party requesting an appeal of the determination of the Decision Maker(s) must submit an appeal request to the appropriate Appellate Reviewer described herein within five (5) university days after receiving the Decision Maker(s) determination. The Appellate Reviewer will review the request to determine if the appeal request was (1) submitted within five (5) University days, and (2) whether it substantially articulates one (1) or more of the aforementioned grounds for appeal.

1. If the appeal request IS NOT received within five (5) University days and/or the appeal request DOES NOT substantially articulate one or more of the appeal grounds, then the Appellate Reviewer will notify the Title IX coordinator in writing of his or her decision to deny the appeal request and the rationale for the decision.

2. If the appeal request is deemed to be received within five (5) University days AND the appeal request DOES meet one (1) of the appeal grounds, then the Appellate Reviewer will notify the Title IX Coordinator in writing of his or her decision to grant the appeal request and the rationale for the decision.

3. Notice of Outcome of Appeal Request: The Title IX Coordinator will notify the Complainant and the Respondent, simultaneously, in writing (which may be via email) of the outcome of an appeal request. A granted appeal request shall proceed to an Appeal Review. A denied Appeal Request shall not proceed further and the process concludes.

C. Appeal Review. Every effort will be made to hear or resolve an appeal within fifteen (15) University days of the approval of an appeal request.

1. In cases involving complaints against faculty members the University Provost and Vice President for Academic Affairs shall serve as the Appellate Body.

2. In cases involving complaints against staff members, the Vice President of Finance shall serve as the Appellate Body.

3. The Appellate Body shall review the case and render a written decision to 1) uphold the decision of the decision-maker(s); 2) overturn the decision of the Managing Body; 3) modify the decision of the decision-maker(s); or, 4) remand the matter to the original or a new decision-maker(s) for the acceptance of more evidence or further investigation.
D. **Notice of Final Outcome.** The Appellate Body will notify the Title IX Coordinator in writing of his or her decision, outlining a rationale for the decision, any directive(s)/sanction(s) against the Respondent (or modification), the rationale for such directive(s)/sanction(s)(or modification), and any other remedial actions for the Complainant, the Respondent, and/or community to be implemented as a result of the finding. The Title IX Coordinator shall notify the Complainant and the Respondent, simultaneously, in writing (which may be via email) of the final outcome of the appeal. **The decision of the Appellate Body shall be final.**

E. **Pending Directions and/or Sanctions during Request and Review.** All directives and/or sanctions imposed by the Decision Maker(s) will be in effect during an appeal request and review. A request may be made to the Title IX Coordinator for a stay of directives or sanctions pending appeal, due to exigent circumstances, but the presumptive stance of the University is that the directives and/or sanctions will stand. Work, scholarship, travel, graduation, study abroad, internships, co-curricular activities, and athletic team involvement do not, in and of themselves, constitute exigent circumstances. Hence, employees and students may not be able to participate in certain activities during an appeal request and review. In cases whereby an appeal reviews results in a reinstatement to the University or of a return of previously lost privileges all reasonable attempts will be made to restore the employee or student to a prior status and assist with correspondence for missed work or coursework, while acknowledging that some opportunities may be lost in the short term. The University shall maintain safety as the first priority.

F. **Significant Newly Acquired Information.** In cases whereby newly acquired or discovered documentation, sufficient enough to alter the original decision is submitted as an appeal request beyond the expired appeal request deadline, the matter may be reviewed by the Appellate Body for consideration of re-opening the case. If the newly acquired or discovered documentation was not accessible during the original appeal deadline, then the Appellate Body may remand the case to the original investigator(s) or the Decision Maker(s) to allow reconsideration of the original determination. If the newly acquired or discovered documentation is not sufficient enough to alter the original decision, the appeal request may be denied. The decision of the Appellate Body shall be final.

**1.3.10 TIMELINES:** In order that complaints result in a timely decision, the following timelines are established:

A. Investigation by University investigator(s): Investigation conducted and final Investigation Report issued to the Complainant and Respondent within thirty-five calendar (35) days of receipt of the complaint.
B. Decision by Decision Maker(s): Rendered within five (5) days of completion of the hearing on the formal complaint.
C. Appeal to Appellate Body: Opportunity to request an appeal within five (5) days of receipt of Decision Maker(s) determination
D. Decision by Appellate Body within five (5) days.
E. Every effort will be made to resolve complaints, including appeals, in sixty (60) calendar
days absent unusual circumstances.

F. Under unusual circumstances, such as extremely complex issues requiring extensive research, witness unavailability, or situations when strict adherence to these timelines would detrimentally affect the quality of the process, the timelines may be extended upon written notice to the parties. The written notice shall state the reason for the delay and the anticipated date of completion of the relevant phase of proceedings.

1.3.11 RECORDS RETENTION: The University shall retain all records relating to a report of Prohibited Conduct, including investigation files and personnel record documentation of disciplinary or other personnel actions for a period of seven (7) years, in accordance with the University's Records Retention Guidelines. Please direct all questions regarding Records Retention to the Office Manager in Human Resources.

1.3.12 SANCTIONS (STUDENTS),

A. Sanctions for violations of University policies may include, but are not limited to, one (1) or more of the following:

1. **Warning** - A verbal and/or written notice to the student that the student is violating or has violated University regulations.

2. **Apology Letter** - A typed and signed apology letter by the respondent(s) acknowledging responsibility for the University violation(s) and providing a sincere expression of remorse to the victim(s) and/or stakeholders of the misconduct.

3. **Probation 1** - A written reprimand for violation of specified regulations and a loss of privilege from representing the University in on- or off-campus co-curricular academic, athletic, or other social functions sponsored by the University during the probationary period. Probation is for a designated period of time and includes the probability of more severe sanctions, such as suspension or expulsion, if the student is found responsible for violating any further institutional regulation(s) during the probationary period.

UCO policies and procedures require the publication of annual crime statistics. These statistics are compiled from information provided by Campus Security Authorities, Office of Student Conduct, Residence Life, UCO Police, City of Edmond Police and City of Oklahoma City Police as well as other sources as may be known and appropriate.

Statistical Information — Reported Crime and Disciplinary Referrals
Criminal Offense Definitions
The definitions that follow are provided for ease of reference when interpreting data included on the statistical summary that follows. Questions about crime data should be forwarded to UCO Police Services at 100 N. University Drive, Edmond, OK 73034, via telephone at (405) 974-2345, or via e-mail at police@uco.edu. Any disciplinary action taken by the institution in lieu of criminal prosecution is included as long as it meets the definitions of any of the above categories. Statistical Information — Location Definitions

The following definitions are used to determine locations for inclusion of reported incident statistics that follow in this document.

Campus:
Any building or property owned or controlled by UCO within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and, any building or property that is within or reasonably contiguous to the campus, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes.

Campus – Housing (Residential):
For the purposes of Clery Act regulations, as well as HEA fire safety and missing student notifications regulations, any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility.

Non-Campus Building or Property:
Any building or property owned or controlled by a student organization that is officially recognized by the institution; or, any building or property owned or controlled by UCO that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not
within the same reasonably contiguous geographic area of the institution. These include Greek student organization facilities and faith-based facilities near campus that exist to serve primarily students of the university.

**Public Property:**
All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Public property, as designated by the university includes streets surrounding campus property. UCO does not include statistics for crimes occurring inside a residential or business property such as burglary, unless the incident occurred in a location where the general public would have immediate and easy access such as public easements. For Public Property, UCO follows the Clery Act guidelines of “sidewalk – street – sidewalk” when evaluating reported crimes for inclusion in this section of the annual report.

**Separation of Statistics for 2020 Annual Report**
Statistics in each category (including Hate Crimes) are separated by their location as either occurring in a residential facility or non-residential facility if they occurred on campus property. The data sets for each category have been broken down by type and location, each having its own summary box for years 2017 through 2019. Statistics are broken down by location with each having its own statistics table. **Note: On-Campus statistics are the total of incidents known to the university that occurred in Residential Student Housing and all other areas of campus combined.**

**Statistical Caveats for 2020 Annual Report**
Data sources for the statistical summary that follows include the UCO Police Services, the City of Edmond Police Department, the City of Oklahoma City Police Department, the University of Central Oklahoma Division of Enrollment and Student Success, Office of Housing and Dining and other university sources (Campus Security Authorities).

UCO policy does not allow persons of any age to possess or consume alcoholic beverages on campus property. Persons referred for disciplinary action in regard to possession or consumption of alcoholic beverages that were 21 years old or older are not included in the statistical summary. The statistics shown in the tables on the following pages are submitted to the U.S. Department of Education — Office of Postsecondary Education as required by law.

Pursuant to Oklahoma Medical Marijuana laws, persons found to be in possession of marijuana or marijuana-related products who are properly licensed by the state and are not otherwise violating the law are not subject to disciplinary action or criminal prosecution and are therefore no such occurrences known to UCO are included in either arrest or disciplinary referral statistics.

Crime statistics shown reflect crimes and disciplinary violations that are known to the university. All persons are encouraged to report crimes that have occurred to UCO Police or the police agency having jurisdiction where the crime occurred.
