

## Certificate of Financial Resources for Graduate Students

United States Students and Visitors Program regulations require that sufficient financial resources be available to meet a student's prospective educational and living expenses while in the U.S. Therefore, a guarantee of financial resources must be submitted by each applicant who expects to obtain or maintain Student (F-1) or Exchange Visitor (J-1) status. Applicants are required to submit financial documentation indicating available funds to equal or exceed one full year of expenses for their intended program of study. Financial certification adjustments cannot be made based on a student's individual circumstances. This estimate of expenses is based on 9 semester hours of graduate study for two semesters (one academic year) over the course of approximately 9 months. A Certificate of Eligibility (I-20 or DS 2019) will not be issued until the required information is provided.

Scholarships available to international students at the University of Central Oklahoma are limited, and thus students should not rely on them to finance their education. The amounts listed below are estimates derived from the actual cost figures for the current year. These amounts are subject to change without notice. Students could see adjustments in the figures listed on their Certificate of Eligibility (I-20 or DS 2019) to reflect estimated increases for the coming year.
